Dear Sir:

We have your letter of September 17th. We are at a loss to try to figure out what sort of a Baseball League you refer to as having in mind of organizing, therefore can we ask for further additional information. Is it your intention to apply for membership in professional baseball? This, we do not think is your idea, as you know the cities that you mention- Los Angeles, San Diego, San Francisco, Oakland, Portland and Seattle- all have ball clubs in Professional leagues at this time.

Your representative, Mr. Harris, if he was the gentlemen who spoke to me on the phone while I was in Oakland, will tell you we did not go into the subject at any great length for the reason ~~at~~ both times he talked to the writer, was at a time where we were very busy on our League matters and unfortunately we were not able to arrange for a personal contact, therefore we are not able to tell just what is on your mind in regard to a baseball league.

Awaiting further information, we are

Respectfully,

Clarence Rowland
