

Brand XX

The Associates of the Brand Library and Art Center and the City of Glendale Library Division are proud to present BRAND XX — a national competitive juried watercolor exhibition. These annual exhibitions have been made possible by the generous support of patrons and friends and the sustained work of the staff and volunteers. This year we are dedicating the exhibition to a person who stands out above all others — JANE FRIEND. She has volunteered to help organize each of the twenty BRAND events and in seventeen of these years has assumed the responsibility of chairperson or co-chairperson. A talented artist in her own right, she has provided the BRAND the creative and dedicated leadership that has insured the growth in quality and recognition of these annual exhibitions.

To this year's participating artists - our thanks - for the excellent quality of work entered. The juror was challenged by a wide variety of choices.

Home Savings of America, Glendale, has once again generously supported this program, and we are most grateful.

We extend a hearty thanks to all the patrons of Brand, whose contributions go towards prizes and awards.

The Gallery Director, Joseph Fuchs, provided direction and assistance. Also, we thank Cindy Cleary, Dick Bellanger, Betty Crosby and other docents of Brand who assisted with the jurying process and delivery of accepted paintings.

Stan Rosol deserves special credit for the quality and speed of photographing the show.

Lee Wexler, juror for Brand XX, has selected a show from many worthy entries, and has given us the benefit of his expertise and professional judgement.

The Executive Board of Brand Associates thanks all those who participated in any way toward helping to make the show a success.

JUROR'S STATEMENT:

I wish to express my appreciation for the opportunity to serve as juror for Brand XX, 1990. Five hundred or more slides were considered for their concept, content, form and innovative use of the medium; in that order of importance. I concentrated on each painting as objectively as possible always open to the intent of the artist. Some work may not seem as "dazzeling" in technique as others yet I found them to strong in concept and content. By doing this I hope to encourage artists to continue their search by meaningful involvement with content — beyond technique.

The sixty-one artists whose work hang in this exhibit represent the choice of one person. My objective was to bring together a balanced body of work without biased selections. I congratulate each artist who submitted their entries. I believe the Brand XX Exhibit reflects the best show from the work submitted. The most difficult part of this process is selecting the work to receive awards. I looked for the stimulating, fresh and unpredictable.

A handwritten signature in black ink, reading "LEE J. WEXLER" with a stylized flourish at the end.
