TO ALL TEACHERS AND STUDENTS:

TO BE ANNOUNCED THIRD PERIOD:

Beginning tomorrow morning the school bell will be rung at 8:30 in addition to the other regular bells. This 8:30 bell should serve to remind students that they have half an hour to get to class.

\*\*\*\*\*

The Varsity football squad is having a scrimmage game with Delta this afternoon. Those students who were scheduled to go to Delta last Tuesday to play will be excused 5th and 6th periods today. No students are excused to see the scrimmage game today.

\*\*\*\*\*

Students interested in the organization of a School Drama Club meet in D.H. 32 at 4 P.M. today.

\*\*\*\*\*

Attention All Senior Hi Girls:

After school hockey will begin today. All girls interested please meet at Rec. 32 after school. Faculty women teachers are also invited to attend.

\*\*\*\*\*

TEACHERS:

Your attention is called to the following work schedule. You should be available at the school from:

8:45 A.M. to 12:45 P.M.

2:00 P.M. to 5:00 P.M.

Monday through Saturday (except Resident teachers on Saturday afternoon)

If school business requires you to leave at any time during this period you should notify your department head, the principal, or the principal's secretary. Otherwise you may find yourself in the embarrassing position of leaving to explain to a representative of the fiscal section on unauthorized absence from official station.

\*\*\*\*\*

This is a reminder about arrangements for substitute teachers agreed upon at Saturday's faculty meeting.

1. Teachers who know they will be unable to meet a class should get their rolls and assignments etc. to Mr. Goertzel as early as possible. If it is not possible for you to get the roll and assignments to school the principal's office will endeavor to send someone to the teacher's home.
2. Teachers are expected to make themselves available for substitute teaching in their free periods. This means that they are expected to be in 10-0 or the teachers library unless other arrangements are made with Mr. Goertzel.

TO ALL TEACHERS AND STUDENTS:

TO BE ANNOUNCED THIRD PERIOD:

I have a question to ask every student in this school. What has happened to the good manner, to the respect for property, to the respect for clean surroundings which the students of Topaz High School once had? The appearance of some rooms, the appearance of the latrines, is a disgrace which points directly at certain students of Topaz High School. Some of them apparently have no intention of making any efforts to cooperate in keeping the school looking as respectable as possible under the circumstances, therefore, making necessary a very drastic step by the high school administration. It will from this date on be considered cause for dismissal from school of any student found throwing mud, or in any way defacing the school buildings or furniture or maliciously acting in such a way as to cause the appearance of the school or school grounds to be made unsightly. This step has been made necessary only because there are certain students in the high school who seem to have lost their respect of decent surroundings. One student was dismissed last week for throwing rocks inside the building. We hope it is not necessary to take any further action of type.

Drayton B. Nuttall, Principal

SPECIAL BULLETIN

1. Beginning Tuesday, November 16, pencils will be issued to all students in the High School through their respective English core classes.
2. All English core teachers in the High School are requested to hand in their complete schedule of classes to the supply room by 5 P.M. ~~Monday~~, November 15. Pencils will not be issued to the students in any English core class if the teacher in charge fails to hand in their complete schedule.
3. Effective immediately, all High School class committees who wish to make use of general supplies will have to have the approval and signature of Mr. Drayton B. Nuttall, Principal. All requests for colored paper must be placed one full week in advance, otherwise their requests will not be filled by the supply room.
4. Once again, the High School supply room re-emphasizes the fact that thumb tacks or staples are no longer available for any decorating purposes.
5. The High School supply room asks the full cooperation of all the teachers and students in conserving the supply of paper that is being used for various class purposes, especially newsprint, all kinds of lined composition paper, colored paper, drawing paper, etc. The supply is extremely limited and it is vitally necessary we make what paper we have last as long as possible.

TOPAZ CITY HIGH SCHOOL BULLETIN  
November 19, 1943

Mr. L. S. Noble

TO ALL TEACHERS AND STUDENTS:

TO BE ANNOUNCED THIRD PERIOD:

There is in evidence among students of Topaz High School a spirit of sticking together which is in most cases a desirable thing, and in many cases beneficial to the group involved. Whether or not this is beneficial and desirable depends entirely upon the purpose at any particular time. We need school spirit, we need to have our students loyal to each other, but there is one form that this loyalty is taking at the present time and has occasionally in the past which might be questioned. It brings me to raise the question of how far any student's loyalty to a fellow classmate should go in upholding a fellow classmate in actions that are not for the best good of the entire group. I refer specifically to certain discipline problems that have arisen in some classrooms in school recently. Am I to infer that it is the unanimous opinion of the students of this school that in cases where a student must be disciplined by the teacher or some other member of the staff he should be upheld in such actions even to the extent of a class walking out of the classroom?

In any solid group of people, in cases where disciplinary action must be taken, such action generally involves one or a very few individuals and may be taken care of either by the group or by some outside authority. In the case in point I wish to call the attention of the students of this high school that they as a group can, if they so desire, bring about a considerable improvement in the discipline of the school and the general feeling and attitude that exists, or they can leave such action to the teachers and Principal of the school. It has not been my experience that this group of students are desirous of letting one of a small group upset the school, and it is not my intention to permit this. The point I wish to suggest now is that student pressure be placed upon those individuals who are out of line so that their actions can not in any possible way reflect back upon the balance of the student body.

It has been necessary this week to suspend seven students from certain classes, who by the steps they took made a bad situation worse, a situation which they had for the most part created. I think it wise for the balance of the student body to realize that at times it may become necessary to penalize some students in this way, and if the necessity arises you will rest assured that it will be taken care of.

It is extremely unfortunate when potentially worthwhile students deliberately choose to subject themselves to failure and public disgrace in this unthinking fashion. In order that no other student may thoughtlessly find himself in the same predicament it is necessary to state arbitrarily, as a matter of school policy, that ANY STUDENT WHO LEAVES A CLASS WITHOUT PERMISSION IS NO LONGER A MEMBER OF THAT CLASS.

November 19, 1943

Regular schedule today. Next week there will be no classes Thursday and Friday. Thanksgiving vacation.

#### ELIGIBILITY REQUIREMENTS

At the faculty meeting last Saturday, the following rules were voted as standards of requirements for Topaz High. We will conform to the State requirements which are as follows:

Students must be less than 19 years old, be regularly enrolled, and have passing grades.

We have interpreted these as follows:

Regularly enrolled will be those students carrying four or more units.

Passing grades means no F's, not more than one D, and unsatisfactory from not more than one teacher.

The requirements concerning post-graduate students is that they are ineligible for inter-school competitive activities. This would mean that they would be ineligible for activities where we are competing with other schools, in a game that would effect the standing of the team in the State Association.

In addition to these rules, we have set up an advisory board. The advisory board will consist of the guidance director, one teacher appointed by the principal, and a student, the chairman of the Student Affairs Committee. The principal has appointed Miss Eiko Hosoi as the faculty member. This board of three will advise any student who has been declared ineligible on how he may become eligible. The board may interpret the terms regularly enrolled, and passing grades, as they see fit. The eligible requirements for student body officers as stated in the school constitution, is not affected by these rules.

TO BE ANNOUNCED THIRD PERIOD

THE HONOR RATING SYSTEM AT TOPAZ CITY HIGH SCHOOL

Every student in school will be rated twice each semester--as soon after report cards are issued as possible. The top 10% of each class will be published alphabetically as the Honor Roll. The next 40% of each class will also be published alphabetically.

Honor rating points will be assigned as follows:

1. Achievement -- Grade point average times 20  
A=3, B=2, C=1, D=0, F=-1. Maximum 60
2. Teachers' rating -- Based upon teachers' average report card marks for cooperation with teacher, cooperation with students, initiative, and study habits.  
E=2, S=1, U=-1. Maximum 20
3. Others -- Regular participation in organized athletic activities=5; Active club participation=5; Active in student body or class government=5; Unusual activities certified by the Principal=5.

Thus the maximum number of points that may be earned is 100. We believe it will be almost impossible to earn 100 points.

Tuesday 9:00 a.m. general faculty meeting. Further departmental meeting at the discretion of the department heads. This will apply for Tuesday, Wednesday, and Thursday.

Friday departmental meeting of all departments at 9:00 a.m.

General faculty meeting for summarization of work done during the week at 11:00 a.m.

All teachers who are to be on pay basis on these days are expected to be in attendance at the meetings with which they are concerned, and will be expected to participate and contribute in the preparation of the statements and outlines which are to be prepared. Especially those of you who began teaching recently will require the value of having in printed form the program and outlines which should develop from this education conference. They will be expected that the philosophy and goals expressed shall be consistent and up-to-date in educational plans and thinking, and that the educational plan which you propose to meet these goals shall be consistent with the philosophy and goals set up. With your cooperation, we shall be able to do a good job.
