SERVICES FOR NEW ARRIVALS IN LOS ANGELES

Hostels in Los Angeles Area

A tangible expression of hospitality for the evacuees returning to the Los Angeles Area is evidenced in the number of hostels opened since February, 1945. Schools, churches, private homes and institutions have been converted into temporary housing centers by church groups, individuals and evacuee property owners living in the district. WRA has given close cooperation, when needed and requested, to the hostel sponsors in making available essential equipment (beds, mattresses, blankets, etc.) on a loan basis.

Hostel sponsors and directors have formed an association which meets regularly to discuss common purposes and plans affecting the welfare of guests and efficient administration.

Plan of Operation

The inexpensive accommodations and numerous services available at the hostels are made possible because of a cooperative work plan. Each guest is expected to share in the work by taking care of his own room, helping to care for dormitories, washing dishes, doing laundry and preparing meals. It is estimated that if each guest spends an average of thirty to forty minutes a day in helping, the work of the hostel can be carried out without undue hardship on any individual.

Cost

Uniform rates have been established by members of the hostel association for each person as follows:

For first ten days	\$1.00
After ten days	1.50
Children	.50
Employed persons	2.00

When meal service is not furnished by the hostel, rates are:

First ten days	.50
After ten days	.75
Employed persons	1.00

Each guest is asked to bring his own sheets, pillowcases and towels. A charge of twenty-five cents is made for those who find it impossible to bring their own sheets.

### Ration Points

Ration points for food will be collected in proportion to the number of days a guest stays in the hostel. Ration books should be obtained in the center whether for Terminal Departure or Short Term Pass.

### Length of Stay in Hostels

This is determined by the real needs of guests in investigating and securing employment and housing, and, attending to other matters of business. Consideration for those who are on the hostel waiting list should limit the stay of guests to a minimum period. Single persons should plan to secure accommodations at hotels or rooming houses if financially able to do so, as soon as employment is secured.

### Reservations

Requests for hostel accommodations should be sent directly to hostels rather than through the WRA district offices. Requests should be received at the hostel at least one week in advance of departure from the center in order that hostel directors may confirm or refuse reservations by letter or telegram. If sent on shorter notice, the answer may be by telegram collect. Efforts will be made to find space at other hostels in the event that the hostel addressed is full.

### Hospitality Committee

A committee, organized by the Congregational Conference and civic groups, will meet special buses and trains when advance notice has been sent by the Project Director to the WRA office in Los Angeles. The committee does not provide transportation but taxis and public carriers are available to local destinations. In the event of emergencies or very late arrivals, the Travelers Aid Office in bus and railroad stations should be contacted. The Station Master or police officers will be helpful in obtaining information or other services.

### Hostels and Other Rooming Accommodations

Attached is a list of hostels now in operation in the Los Angeles area. Names of other hostels will be sent as soon as opening dates are announced. Also attached is a partial list of hotels and furnished rooms available to persons of Japanese ancestry. This does not mean a recommendation by WRA, but is merely a partial list made for the information and convenience of new arrivals.

# FARM JOBS & HOUSES

A M E R I C A N - J A P A N E S E

W A N T E D

Here is a good opportunity for Nisei and Issei who want to operate either singly, or as a group, to farm 1,000 acres of land in the Camarillo Valley (near the Coast, south of Ventura, and about 50 miles north of Los Angeles.)

This land is controlled by the WEST COAST PACKING Co., 1687 West Water St., Long Beach, California.

Mr. Ricca of that company is anxious to find a number of returnees who would like to farm this acreage for them, raising tomatoes and other vegetables. (The Packing Company cans tomato sauce as well as fish; that is why they have this land.)

Of the 1,000 acres, 700 acres are dry-farming, and 300 acres irrigated.

Low rental.

Plenty of housing, the West Coast Packing Co. says. (For families or singles.)

See Mr. Ricca at the Packing Co., or else contact:

You are guests of CBS. Half-hour.

7:00 PM -- Go four blocks west on Sunset Blvd. to Cahuenga St. -- the Hollywood U.S.O. is just off Sunset to the right half a block or so. From 7 PM to 11 PM there will be special doings at U. S. AROUND MIDNITE -- Sleep at U.S.O. They are reserving one entire dormitory (200 beds) for the men of the 442d. Usually they charge 50¢, but it appears they are going to be good enough to waive the charge for you -- it's on the house.

NEXT MORNING -- Breakfast where you wish. The U.S.O. is only about a block from Hollywood Blvd. and two blocks more to corner of Hollywood and Vine. We've tried to arrange some motion picture studio tours, but right now all the studios are behind on production due to the recent strike, and practically no one is permitted in any studio. # YOU CAN DO SOMETHING ABOUT IT

HERE'S WHY -- More than 100,000 persons of Japanese ancestry who were in no way responsible for the acts of the Japanese War Lords were uprooted from their homes in 1942 and placed in Relocation Centers. 65% of them were U. S. citizens. The Centers are now closed. Thousands of these displaced persons need jobs, homes, friends. They are not seeking charity!  
Will you help solve this American problem in the American way?

## HERE'S HOW YOU CAN HELP

1. HELP OTHERS KNOW THE FACTS. Many false rumors and erroneous reports are in circulation. Meet prejudice with accurate information. Stop rumors, halt discrimination. Recognize the "professional patriots" for what they are. Speak out for the Japanese-Americans if the opportunity arises.
2. PLAN FORUMS FOR YOUR GROUP. Our world has become a neighborhood. A knowledge of minority problems and race relations is essential if our democracy is to go forward. Replace disinterest with understanding. Work with your neighbors. Help inform youth.
3. SEE THAT A COMMITTEE IS FORMED IN YOUR GROUP OR COMMUNITY. The process of integration is one which must be accomplished locally, or it will not be done at all. Bring returnees to your group. Encourage returnees to take an active part in church, civic and club life.
4. BE ON THE ALERT FOR SITUATIONS OR TENSIONS THAT MAY LEAD TO UNFORTUNATE EVENTS. Enlist the interest and help of your leaders, your newspapers. Use your bulletin boards, your church and club publications, for favorable publicity.
5. PLAN THINGS TOGETHER. Remember these people may feel they are strangers. Invite them to your homes, your churches, your clubs, your lodges. Become acquainted.
6. HELP FIND JOBS AND HOMES. These people have many skills. They have an enviable reputation for honesty and industry. They need homes in which to live.
7. BE FAIR AT ALL TIMES. "Incidents" may begin with some slight act of race antagonism. "Americanism is not and never was a matter of race or ancestry. Americanism is a matter of mind and heart." Lead by example.

## JAPANESE AMERICANS

ANSWERING COMMON MISCONCEPTIONS

ABOUT AMERICANS OF JAPANESE ANCESTRY...

"All through 1944, and to some extent through 1945, WRA has been plagued by myths which gained currency until some people began to accept them as established fact.

"There have been a great variety of myths. Many of them were manufactured 40 years ago. Some are vicious, some almost incredible, some just plain ridiculous. They are identical in that they are false and in that they have been repeatedly challenged both by WRA and by many thinking and interested people outside of WRA.

"But some of these myths still persist through the efforts of far-sighted enemies of the American Bill of Rights who wish to prolong their present economic opportunities. Or they remain involuntarily in the minds of other people who have been led by continuous repetition into believing them."

— Dillon S. Myer,  
Director,  
WAR RELOCATION AUTHORITY  
U. S. Dept. of Interior.
