Girl Scouts

Special Events:

1. Armistice Day Program
2. Mr. I. Nagahama's embroidery exhibit - November 15 - 22
3. Thanksgiving Parties

Total employees at the end of the month: 146

Considerable progress has been made during the last month in all phases of recreation program, with the exception of athletics. As weather has grown colder, activities of all types have had to be moved indoors. Of course, they

are crowded for space and all available indoor rooms are being used to capacity.

Construction of simple ice-skating rink has been started as well as the construction of areas for slides for sledding.

A number of hikes have been conducted and these hikes have various interests, such as geology, flowers, etc., which are to be emphasized.

Plans are underway for outstanding Christmas and New Year's program.

Requests have been made for CCC buildings to be used for the showing of movies and housing bowling alleys. These activities will be carried on cooperative basis with the Community Enterprise. CCC buildings have been requested also for space for such activities as Social Dancing, Judo and Sumo.

Our greatest handicap at present is the inability to secure materials, such as lumber and transportation. Transportation is needed very much at the present time because it is necessary to move benches into mess halls for showing of movies and holding parties of different types.

Another major problem is the scheduling of community activities in a limited space available. This includes meetings of churches, various organizations, block activities as well as organized recreational activities.

8. Salvage Project - \$118.30	
9. Schedule	223 Permits Issued

Grand Total: Activities - 95 Participants - 73,277

MONTH OF APRIL

PREVIOUS MONTH

Employees	192	208
Volunteers	345	424
Registered	11,112	9,761
Participants	73,277	91,358
Spectators	81,528	73,791

Visitors:

Mrs. C. Ridgeway who spoke before the Girl Scouts.
 Mr. Carrol Moon who spoke before the Y.M.C.A. and the Y.W.C.A.
 Mr. F. Brown, Mayor of Lovell, who spoke before the Boy Scouts.
 Mr. J. Goppert who spoke at the U.S.O. meeting.

The Community Activities department moved into the reassembled CCC buildings in Block 16-North. This arrangement accommodates all of the Community Activities Department offices under one roof except the USO and the Boy Scout Headquarters. The only problem under this arrangement is the lack of efficient communication with the administration offices.

✓
 The personnel of the department has suffered greatly due to resettlement of trained and experienced leaders. The solution to this problem may be the drafting of older people and the reorganization of the department.

The outstanding event of the month is the formation of a Community Activities Evacuee Board of Directors on April 5, to act as trustee for the funds made available to the department through the sale of salvage, donations and admission charges to motion pictures, etc. The Board is composed of seven members: Ricardo Ritchie, Chairman; Ben Murayama, Vice-chairman; Howard Nomura, Secretary-Treasurer; Shinji Fujimoto, Kaoru Inouye, Raymond Katagi, and David Yamakawa.

The Adult Department sewing activity has been dropped, terminating eighteen employees. The woodcarving exhibition proved a gratifying success and they received an invitation to exhibit in Cody.

The Athletic Department enjoyed many outstanding events: 3,000 spectators attended the opening of the sumo (wrestling) season; two weightlifting contests were held; the grade school kite-flying contest with prizes was enjoyed by the children; boxing continues under new leadership; the center-wide ping-pong tournament was a huge success; tractors are awaited for the leveling of grounds for sport events.

The Boys and Girls Department cooperated in the United States Army "Volunteers' Dinner"; some of the clubs have found it necessary to disband due to lack of leaders. The supervisor for the boys and girls clubs is to contact the superintendent of schools for better coordination of youth activities.

The Entertainment and Social Department enjoys continued success with the Hawaiian "Surf Riders" weekly broadcast from KPOW, and together with the dance band and the mandolin band, they have performed for several outside organizations. The music was provided for the Junior-Senior Prom in Thermopolis and for the Junior Chamber of Commerce in Lovell. The Sunday "Music Hour" is enjoyed by many center residents.

The Technical Department has increased its field of service to include religious organizations, additional "free" motion picture performances for the hospital patients and staff, the Sunday Music Hour and for the Education Department.

Monthly Report

April, 1943

The Maintenance and Supply Department has increased its service by making hurdles for the Education Department and has assembled and installed playground equipment.

The Schedule Department encounters difficulty in obtaining the use of mess halls, since the institution of the new mess hall managers went into effect. Some of the newly appointed managers will not sign the permit if the event to be held is not to their liking.
