Subject: Manual Release No. 31

Distribution: Business Enterprises

Attached is the Manual Section on Business Enterprises,  
Section

30.7.1 to 30.7.11

This supersedes Administrative Instruction No. 26 and  
all its supplements, which may now be destroyed.

Note that Section XIII of Administrative Instruction  
No. 26 (Supplement 5) is not incorporated into the  
Manual, since Government loans will no longer be re-  
quired for enterprises. Likewise, Section II of the  
Instruction (Temporary Enterprises) is omitted in the  
Manual as no longer applicable. Note the regulation  
on employment of enterprises staff, 30.7.8-B. Examin-  
ation of the enterprise accounts by the Project Direct-  
or (Section X of the Instruction) is no longer required,  
and the limitation to one enterprise at a center (Sec-  
tion III-B of the Instruction) has been lifted.

Leland Barrows (signed)  
Executive Officer

1. Business Enterprises are those enterprises at relocation centers which supply goods, wares, merchandise, personal services or entertainment to residents of the center. Such enterprises exist primarily to fill the needs of evacuees. They shall be operated by, and in the interest of, the evacuee population. Business Enterprises may produce, as an incident to their operation, materials and commodities used or sold in their businesses. The basic purposes of Business Enterprises may be stated as follows.

Purposes  
of  
Business  
Enterprises

- A. To aid evacuee residents of centers to obtain goods and services not provided by the War Relocation Authority.
- B. To enable evacuees to procure goods and services at as low a cost as possible.
- C. To provide a means whereby individual needs, desires, and tastes may be expressed and satisfied.

2. Business Enterprises may be organized at centers in the following forms.

- A. A Consumers' Cooperative is the form recommended for permanent business enterprises.
- B. Evacuees may elect to set up a Trust as an alternative to a consumers' cooperative. Trusts shall operate under the same rules and principles as cooperatives, except for the difference in form of organization. (See 30.7.10).
- C. Private enterprises for the sale at retail of consumers goods and services to center residents shall not be permitted.

Forms of  
Business  
Enterprises

3. Consumers' cooperative associations shall be operated according to the following principles.

- A. Unlimited voluntary membership available to all evacuees.
- B. Only one vote for each member, and no voting by proxy.
- C. Limited interest rates and restricted capital investment.
- D. The Board of Directors shall encourage members to plan expansion of services and the addition of new services, provided there is need for such expansions or additions in the community; and provided that they are planned and budgeted and that funds are available to support such activities.
- E. The various enterprises shall operate as departments or branches of the over-all association. There shall be kept in the central accounting and fiscal department for the entire association a separate, but complete, set of records for each department. The cost of maintaining the central accounting and fiscal department shall be shared equitably by all other departments.
- F. All enterprises may be patronized by non-members as well as by members.

Mandatory  
Principles  
for  
Cooperative  
Enterprises

4. The following policies are recommended for cooperative associations:
- A. Payment of patronage dividends wherever possible. This policy is especially recommended for enterprises engaged in the sale of goods, wares, merchandise and commodities.
  - B. No credit business;
  - C. Sales made at prevailing market prices;
  - D. Provision by the cooperative associations of proper informational programs so that members may be regularly informed as to the operation of their association.
- Recommended  
Principles  
for  
Cooperative  
Enterprises
5. The Board of Directors of a cooperative association shall conduct the Association's affairs in conformity with all applicable statutory requirements and the Association's Articles of Incorporation and By-laws. The following practices are recommended in the interest of efficient operation:
- A. Adequate records of all operations and meetings.
  - B. Bonding of all responsible managers and all other persons handling the association's funds.
  - C. Adequate insurance to protect the association from undue loss from any probable cause.
  - D. Audit of all records quarterly for the first twelve months of operations and at least semi-annually thereafter. This audit is for benefit of the association and should be in addition to the audit prescribed in Section 30.7.9, Paragraph C.
- Responsibilities  
of  
Cooperative  
Associations
6. Members of consumers' cooperative associations should have the following basic rights or responsibilities.
- A. Access to the records of the associations (including minutes of meeting and accounting records) at all reasonable times.
  - B. Right to a hearing and representation by counsel before any properly called regular or special membership meeting prior to expulsion from membership.
  - C. Proper notice of, and full voice with all other members in, membership meeting.
  - D. Eligibility for any office in the associations.
- Right of  
Members of  
Cooperative  
Enterprises
7. The WRA will render advisory and instructional assistance to the cooperative associations, but control of the associations will be vested in the members. This assistance shall include training in business and cooperative methods and advice and suggestions to the members and board of directors relative to efficient management and operation. Certain requirements upon the associations are laid down in this Manual, in Sections 30.7.3 and 30.7.9. Assistance rendered a cooperative association shall be contingent upon compliance by it with the requirements in Sections 30.7.3 and 30.7.9.
- Relations  
Between  
Cooperative  
Associations  
and WRA

8. The WRA will render assistance to Business Enterprises at centers as follows.

Assistance  
to  
Cooperative  
Associations

- A. Upon request of center residents, the WRA, through the Project Director, will aid in the organization of associations. This may include drafting proposed articles of incorporation or by-laws; or plans for setting up the administrative structure; also advice on financing, accounting practices, purchasing, merchandising, personnel training, methods of encouraging membership participation; legal services; information; and advice on consumers' problems.

Organization

- B. WRA will furnish only subsistence to individual evacuees employed by a business enterprise. Cash allowances will be paid by the enterprise at the scale of wages and other compensation paid by the WRA to its evacuee employees. (See Section 50.5.9).

Subsistence  
to Employees

- C. Business enterprises may occupy buildings constructed at centers at Government expense, but shall be charged a fair rental. This rental will reflect the expenses that would ordinarily be elements in the cost of goods sold if the enterprise were operated by the WRA. The rental rates prescribed include reasonable compensation for depreciation, maintenance, utilities, and, unless otherwise mentioned, heating. All rentals are based on completed buildings, winterized and equipped with stoves; but do not include cabinets, etc. If in a particular case the Consumer Enterprise has borne the cost of maintaining the exterior of the buildings, the rental rate under the applicable plan given below may be reduced at the rate of \$.0625 per square foot per annum for the period involved. If a Consumer Enterprise has borne some part of the cost of winterizing or otherwise completing the buildings, the facts should be reported to the Project Director with a recommendation that the free use of the buildings by the enterprise be authorized for an appropriate period of months. This recommendation should not delay the execution of a license agreement as provided in paragraph D, below. The rental rates shall be as follows:

Buildings

- (1) For each barrack-type building utilized as stores, warehouse or for office space:

Plan "A" - including heat, power, water, rubbish disposal, depreciation and maintenance - 28½ cents per square foot per annum.

Plan "B" - same items as Plan "A" but excluding heat - 25½ cents per square foot per annum.

Rates  
of  
Building  
Rental

If desired, separate agreements may be negotiated under one plan for store space, under another plan for warehouses, etc.

- (2) For building constructed by the War Relocation Authority specifically as stores for the Consumer Enterprises, add six cents per square foot per annum to each of the rates quoted above for the barrack-type buildings.

These rental rates have been computed in accordance with the following table:

Rental Table for 100' x 20' Barrack-Type Building

	Plan "A"	Plan "B"
Depreciation and Maintenance	\$ 350	\$ 350
Power, water, and rubbish disposal	120	120
Heat	100	"
Rental per annum	\$ 570	\$ 470
Rental per sq. ft. per annum	28 $\frac{1}{2}$	23 $\frac{1}{2}$
Rental per month(2000 sq. ft.)	47.50	39.17

- D. The Project Director shall, with the assistance of the Project Attorney, negotiate and execute a license agreement with the business enterprise for space to be occupied by the enterprises. The executed originals of the agreement shall be forwarded to the Director for filing with the General Accounting Office. License Agreement
- E. The WRA shall be reimbursed for wages and other compensation paid employees of business enterprises prior to March 1, 1943. The enterprise shall also reimburse WRA for occupancy of government buildings prior to March 1, 1943, at the rates prescribed in paragraph C, above. If the enterprise is financially able, the entire payment should be made in cash. Otherwise, the obligations for rental attributable to the period prior to March 1, 1943, may be covered by a Loan Agreement executed by the enterprise on Form WRA-166, providing for liquidation of the obligation on or before March 1, 1944, and secured by a chattel mortgage pledging the assets of the enterprise as collateral for the loan. Interest at 3% per annum will be charged on the unpaid balance. The Project Director should also secure a promissory note on Form WRA-167 signed by appropriate officers of the business enterprise. Reimbursement for Prior Assistance
- F. Government materials other than structures will also be furnished business enterprises, when available, on the basis of a fair return to the Government, as follows: Other Government Material
- (1) Large equipment of a durable nature, such as barber equipment, shoe repair equipment, tailoring and laundry equipment, may be either sold or rented to business enterprises. Large Durable Equipment
  - (2) Small equipment and tools with depreciate readily or require continuous accountability because of issuance to individuals, or which may be lost or expended, should be sold. Small Equipment
  - (3) Equipment, fixtures and implements which are installed as permanent attachments or parts of a building, or whether through the nature of installation or attachment are rendered not readily salvageable without excessive loss of value, should be sold. Fixtures
  - (4) Expendable materials should be sold. Expendable Equipment
- G. The War Relocation Authority shall receive reasonable compensation for the repair or maintenance of both Business Enterprise-owned equipment and materials and such government-owned materials and equipment used by the Business Enterprises as shall have been made available to the enterprises pursuant to Paragraph F. Repair of Equipment

H. The rental of equipment should be accomplished through the negotiating of a lease-contract stipulating the rate and period of rental. The period of rental may be for the duration of the emergency or for a specific lesser time but the agreement shall provide that either party may terminate it upon giving 30 days' notice. The agreement shall contain conditions concerning (1) installation, (2) removal, (3) repair and maintenance, and (4) responsibility in the event of destruction, in order that the Government's interests will be protected. The agreement shall also provide that the property may not be sub-leased. The rate of rental shall be negotiated by the Project Director. Such rental charges should reflect (1) condition of equipment, and (2) rate of depreciation, considering appraised value and average longevity under normal usage. The value of equipment and materials for sale or rent, and of repair or maintenance furnished by the Authority, shall be determined by the Project Director. If the Project Director is of the opinion that the best interest of the Government warrants utilizing the specialized knowledge of a qualified, independent appraiser, such services should be secured from other government agencies if available. If not available, such service may be contracted for.

Rental  
Procedure

I. Income derived from the sale or rental of properties and materials shall be deposited as Miscellaneous Receipts.

Receipts

9. The following rules shall be observed by all Business Enterprises organized at Relocation Centers.

Requirements on  
All Business  
Enterprises

A. Evacuee employees of the enterprise shall be hired by the board of directors. Personnel Management may be requested by the board of directors to render assistance in recruiting employees. The enterprise shall pay its employees cash allowances in accordance with the scale of cash wages and other cash allowances established for WRA evacuee employees. Subsistence will be furnished Business Enterprise employees by the Authority. (See 50.5.9)

Employment

B. Under the terms of a special license issued by the Treasury Department, each cooperative enterprise must at once forward two of the copies of its audits to the appropriate Federal Reserve Bank.

Audits

C. A reserve fund of at least 30% of the total capital assets of the enterprise must be established. This reserve fund is to be accumulated by setting aside at least 10% of the net surplus - savings and earnings, until the fund reaches this percentage. Thereafter, the enterprise may continue to set aside 10% of its net surplus - savings and earnings as an additional reserve fund. If applicable State laws require larger reserves, such larger reserve shall be established. The cash position of all enterprises must be no lower than 2 to 1. That is, current assets must be twice the amount of current liabilities. Furthermore, patronage refunds paid out to members may not exceed 25% of the net operating profit until a rate of 3 to 1 has been established. This is necessary in order (1) to obtain merchandise, (2) to facilitate payments of equities to evacuees permanently leaving the Project, and (3) to place the business in a sound financial position.

Reserve  
Funds

Cash  
Position

- D. Reports shall be made monthly to the Director by the Project Director on the condition of the business enterprise in each center. These reports shall be made out by the Business Enterprises Superintendent on Forms WRA-233 and WRA-234, and must be placed in the mail not later than the 20th of each month for the month preceding. Reports
10. In the absence of a properly incorporated cooperative, a trust is acceptable as a means of administering a business enterprise. However, it shall be the policy of WRA to encourage formation of incorporated co-operatives and to regard a trust as an expedient to formalize temporary organizations. Trusts
11. Should the residents of a relocation center decide that a Credit Union is essential, necessary or convenient to the needs of residents, they may apply to the Project Director for assistance in its organization. The Washington office will assist Project Directors in this connection, upon request, with plans for organization, suggested articles of incorporation, by-laws, and procedures. Credit Unions

	B. Iida	(9)	F. Kosugi	(21)
	T. Hamai	(10)	Y. Kajitani	(27)

The blocks absent from Butte were: 29, 30, 33, 47, 52, 54, 55, 61, 63, and 74. From Canal were: 3, 5, 6, 7, 8, 16, 20, 22, 23, 24, 26, and 25. The percentage of members present: 57 per cent.

The great number of absences is due to the fact that notices of this meeting were sent out 30 days in advance in accordance with the District of Columbia laws. It was suggested that in such event notices of reminder should be sent out to the delegates a few days prior to the meeting.

The minutes of the previous meeting of the Delegates held on the 26th of June were read both in English and Japanese, corrected and unanimously approved by the body.

After due discussion and consideration, the following amendment to the Articles of Incorporation of the Gila River Co-operative Enterprises, Inc. adding Subsection (k) to the Article III thereof duly proposed by the Board of Directors on the 23rd of June, 1943 and at least thirty days written notice thereof having been duly given in accordance with the District of Columbia laws, was duly moved, seconded and unanimously adopted by the body on behalf of the corporation.

ARTICLE III

(k) Anything in this Article and the succeeding Article to the contrary notwithstanding, the powers of this corporation under any license issued to it to transact business in the State of Arizona as a foreign corporation shall be limited to the sale of goods and commodities of all kinds and the furnishing of services of all types solely and exclusively within the area of the Gila River Relocation Center, near Sacaton, Arizona, as such area is or shall hereafter be defined by the United States, its departments and agencies, and such activities and operations shall continue in said area and State only so long as said Relocation Center shall be maintained and administered by the government of the United States primarily for the housing, subsistence, relocation, detention or maintenance of persons evacuated from restricted military zones as a war measure; and the foregoing voluntary limitation of powers shall not be deemed to prohibit the corporation from acquiring, by purchase or other lawful means, goods, wares, merchandise, commodities and materials or from doing all things necessary or appropriate to the selling of goods and furnishing of services at said Relocation Center during its administration by the United States Government or any branch or agency thereof.

Motion was made, seconded and unanimously passed that the President and Secretary of the corporation be authorized and instructed to forward the amendment to the Recorder of Deeds of the District of Columbia for filing and to obtain a certified copy thereof and file same with the Corporation Commission of the State of Arizona as soon as possible.

The following reports for the month of July were made:

1. Five per cent (5%) educational reserve, as approved by the delegates at their previous meeting, has been reduced to three per cent (3%). The reason for such move being for the benefit of this corporation particularly in relation to the State of Arizona.
2. The Miscellaneous License #25769 issued to this Corporation as provided in Section 44, D. C. Cooperative Association Act was received. Feb. 23, 1943 to Feb. 23, 1944 was the period issued.
3. The License (GRANTED UNDER THE AUTHORITY OF EXECUTIVE ORDER NO. 8389 of April 10, 1940, AS AMENDED AND THE REGULATIONS ISSUED THEREUNDER) No. W. 1992 effective July 3, 1943 issued to this corporation was received from the Treasury Department of the U.S.
4. Arizona State Corporation Commission has taken no action to cancel the state license of this corporation pending vote on the amendment to the Articles of Incorporation. Favorable decision may be given to this corporation.
5. The House Bill #187 although declared unconstitutional by the Superior Court in Maricopa County is still in effect. Hardware, ice, and other merchandise are not available in Arizona. Establishment of insurance service, dry cleaning service and other services are still pending.
6. The WRA requested this corporation to undertake freight and transportation service and chiropractic and other medical services but they were rejected by the Board.
7. Requests were made by the CAS for this corporation to take over certain "money involving" activities. The matter is under consideration; advice and suggestions were asked by the members.
8. The matter pertaining to the organization of the Sr. High Co-op by the student body is also pending and suggestions upon the matter was also requested.

The educational chairman reported upon his committee's extensive study group program. It was reported that Butte will be divided into four sections, namely one for the high school, three for blocks, and two for Canal blocks, the initial meeting to begin on August 2d. Delegates were asked to give full support.

The appointment of Bunji Ikenoue as the new general manager was officially announced. He reported as follows:

1. In complying with the WRA recommendation, the peak of 310 employees has been reduced to 272 of whom 148 are being paid \$16 and 124 \$19 in contrast with the previous 174 \$19 class and 98 \$16 class employees.
2. With approval of the Board of Directors, cash register receipts will be issued from all service departments commencing August 2nd, simultaneously the barber service fee of \$ .15 will be increased to \$ .20.
3. Since the army does not permit any evacuee to operate cameras (this center together with Manzanar, Tulalake, and Poston are still in the military zone), from August all finishing will be done by evacuees. Taking of pictures and developing of negatives to be done by photographers in Phoenix. This new arrangement would cut the prices considerably.
4. Also with the approval of the Board, one dry goods buyer was sent to the Midwest. On the last trip less than \$400 was spent on

expense for the 50 days' buying trip. More than \$26,000 of goods were purchased.

The election of Kichigoro Reusaki as a new Board member succeeding Raihachi Esaki from Section II, Butte was officially announced.

General discussion followed thus:

question: Publication of monthly statements have been very irregular and late. Can you manage to put out each statement by the 15th of the following month?

answer: Yes, we shall do our best and you are reasonably assured that the process is being improved; however, some of the handicaps must be realized. First, the audited statement by the C.P.A. for March was not ready as late as June 26th although the books were kept up to date; hence, the statement could not be made. Second, almost all accountants including the chief accountant have relocated and they are extremely difficult to replace.

question: Why can't you declare cash dividends?

answer: This, we would like to do but at present this corporation owes some \$26,000 including advanced rents, clothing allowances, wages, equipments, etc. up to February 28, 1943 and which must be paid in full before cash dividends can be made. It is the WRA instruction. We feel that there is sufficient surplus at the end of the fiscal year, June 30th, to carry on the future business and any surplus accumulated after the fiscal year can be used for the payment of the loan. For that and many other legitimate reasons, dividends for this period have been declared to be 3% interest bearing revolving fund certificates.

question: What is a revolving fund certificate?

answer: It is the evidence of the corporation's indebtedness to the patrons who have turned in their cash register receipts. For example, if you are issued a revolving fund certificate of \$5.00 for your patronage dividend you are merely loaning your \$5.00 until the corporation will have enough funds to conduct its normal course of business. Realizing the approaching of segregation and the speeding up of relocation, it is the sincere intention of the Board to make possible the redemption of certificates as quickly as possible when financial condition permits it.

question: There are many complaints concerning sales clerks. Why don't you conduct a monthly meeting of employees, for instance, educate them about the status of employee and patron, courtesy, etc.?

answer: It is a very good suggestion. We will consider the matter immediately.

question: How are patronage refunds calculated and how long will it take?

answer: In the calculation of patronage amounts, it must be borne in mind that absolute accuracy in the totaling of each member's patronage receipts can be attained only by painstaking effort, patience and time. The next step involves the totaling of all purchases made by all patrons and this grand total is the basis from which the amount of your patronage refund will be calculated. Also, careful consideration must be made of that period prior to February during which time no cash register receipts were issued to patrons. The method of calculation of patronage refunds for this period will be based on the average monthly purchases since February and application of that average for each month the patron resided at this center prior to February. All these things are speedily being done but it may be another month before certificates can be issued.

question: Patrons complain that prices are high. Can they be reduced?

answer: It is our intention that goods and services be rendered as cheaply as possible and you are assured that everything will be done to meet your request. In the past sufficient working capital was required to conduct a course of business. It must be realized that now in comparison with the prewar period, cost of goods is much higher and frequently unbelievable. Due to the temporary setup of the relocation centers and also to the shortage of supplies, credit buying is almost impossible. Almost all goods must be purchased with cash and that requires a lot of money. Furthermore, practically all purchases must be made a month or two in advance in order to meet the constant demands. After the fiscal year, the adjustment of prices may be possible.

The treasurer released the financial statement for June 30, 1943 (see the attached mimeographed statement).

All other matters being discussed and cleared, the meeting was adjourned at 5:25 p.m.

然し今では帳簿も整理されましたから今後の月次會計報告は迅速に発表する事が出来ると思ひます。

(二) 質問 何故に購買者に對し現金の割戻金をしないのですか  
答 現金の割戻しは本組合の希望する処であります。が左記の

ニ三の理由の為め現金の割戻しは出来ないのであります。

其一は組合のWRAに對する負債即ちWRAが振替へて居る給料、被服料、家賃等計万六千餘円を全部返済する迄は現金の割戻しは出来ないと云ふWRA本部より指令が来て居るからです。

其二は、今度の會計年度に於て割戻金として発表致しました純所得金は凡てを現金にて代表するものではありません。其内には高田器具及現金が公口まわして居るのであります。

然かも其現金は現在の処本組合の運轉資金として是非なくてはならぬものであります。今言し現金割戻しを實行せんとすれば営業を停止し解散の手續を取らねばならぬと云ふ事になります。

前記の故に今度は年三歩利子附運賃資金証券(通常會社の社債と同じ)を發行致します。

六月三十日の會計報告によれば組合の現金在高は組合に必要なる運轉資金として充分であります。から今後は運轉資金以上の剩餘金ある場合には第一にWRAの負債を返済し其後の剩餘金は順次運轉資金証券仕拂に充て當てる事になると思ひます。

質問。運轉資金とはどんなものですか  
答。運轉資金証券は購買者に現金割戻しの代りに發行する社債であります。購買者に對する一時的負債の証券券であります。例へばあなたが五円の運轉資金証券を所有して居られる事は組合が運轉資金証券仕拂に充分なる剩餘金を有するに至るまで組合に暫らく貸して置かれると云ふ事でありませう。

質問組合の高田君が横着であるとか不親切であるとかの不満が組合の間に非常に多いですか。かまは毎一度位は店員を集めて店員の心得には教育しないのですか。

答それには誠によい注意と思ひます。直に実行する事に致しなすよ  
賃同購買者に對する割戻金は如何に計算されますか而していつ迄まで  
かかりますか

答 第一番に右購買者の購買高を正確にし次に全購買者の総額を計  
算致します。又には非常なる努力と忍耐と多くの時日を要します。  
更に特別の考慮を注意を要する事は今年の二月次前の買物に對

今年の二月中旬までの購買者に對する割戻金の基準は  
本年の二月中旬より六月三十日までの各購買者の一ヶ月間の平均購

The annual audit report for the fiscal year July 1, 1943 to June 30, 1944 was completed. Enough printed copies of the reports were ordered for each Delegate. The copies will be available around the 15th of September.

The examination showed:

Very healthy financial condition.  
 Current ratio of 4.66 to 1 - for the previous fiscal year, the ratio was 2.38 to 1.  
 Cash in bank was \$94,615.  
 Total amount of adjustment made - \$1,938  
 Cash overage of \$8,114 was found due to:

1. Checks held for collection may not have been recorded.

MINUTES FOR THE MEETING OF THE MANAGING COMMITTEE

June 4, 1943

SUBJECT: Dry Cleaning

The meeting of the Managing Committee was called to order by Raihachi Esaki, chairman of the committee, at 9:30 a.m. June 4th at 69-15. The purpose of the meeting was to obtain information from experts to formulate definite plans to establish a pressing plant in the center. Each member present introduced himself as follows:

Board of Directors: Raihachi Esaki, Taihei Matsunaga, Shinpei Tanaka, Yuhe Ohshima, Yoriyuki Sato, and Ken Kitagako, Education Chairman.

Management: Bunji Ikenoue, Fred Suzuki, and S. Matsumura.

Guest Dry Cleaners: Messrs. Sameshima, I. Amano, Morito Nakano, A. Azuma, Takeshi Suzuki, I. Okude, T. Inbuye, S. Shimazu, Hayashida, and Mrs. Monji.

The chairman of the committee briefly stated the purpose of the meeting.

Mr. Ikenoue reported that a number of cleaning wholesalers in Phoenix have been contacted and as a result the Delux Dry Cleaning Company, 706 S. 3rd Street and the Baltimore Dry Cleaning Company, 908 N. 7th Street have agreed to handle all washing provided pressing facilities are set up in this center. Of an estimated 2,000 pieces of suits and dresses at 85¢, \$700 would go to wholesalers and \$1,000 would remain as gross earnings.

After discussion, the following inquiries were answered:

1. How much dry cleaning would be done if this facility is established?
2. Answer: First three months would be extremely busy and probably would require a rationing system. After that period demand for older people would decrease and for younger people it would be constant.
2. How many suits can be handled?  
Answer: Based upon a \$19 a month salary and two shifts of 4 hrs. each, the average number of suits pressed per individual would be about four. If press machines are set up, 160 suits per day and 960 pieces per week would be pressed.
3. If 5 machines are set up, what personnel would be required?  
Answer: 10 pressers - 2 shifts of 4 hours each  
2 markers and counters  
2 menders  
2 ironers  
1 cashier  
1 driver to Phoenix which is already provided  
1 checker
4. What space would be required?  
Answer: about half of a barrack or 12 beams.

Bunji Ikencue asked if any of the members present has a pressing machines to rent or to sale to the cooperative. Mr. Sameshima (28-9-A) said that five out of ten machines leased to wholesalers in Los Angeles are known to be unused at present. He said that he would be glad to make arrangements to get them if he could. Mr. Hayashida (33-13-B) said that he has one machine in storage which may be available.

The following committee men were appointed by the chairman of the committee to investigate the availability of pressing machines among the residents; that is, to find out specifically who has machines to rent or to sell: Messrs. O. Matsumura, I. Amano, and S. Sameshima.

The meeting was adjourned at 10:45 a.m.

MINUTES FOR THE SPECIAL COMMITTEE MEETING  
ON THE APPOINTED PERSONEL STORE  
December 22, 1943

The Special committee meeting was called to order by the Chairman of the committee of the staff store, Bunji Ikenoue, on December 22, 1943 at 10:30 a.m. at the Board of Directors Office at 69-15.

Those present were Mr. Wolter, Mrs. Brown, Mr. Taylor, Mr. Thomas, and Mr. Ott, representing the staff members; Mr. Matsunaga, Mr. Ikenoue, Mr. Kono, Mr. Mori, and Kato, representing the Gila River Cooperative Enterprises, Inc.

Mr. Ikenoue, the Chairman explained the delay on the opening of the staff store as follows:

- 1-The W.R.A. has not as yet furnished the equipments necessary to open the store.
- 2-Probably due to lack of clarifications between the W.R.A. and the cooperative, lumbers and other materials could not be obtained until recently.

He, however, assured the body that carpenters are speedily building shelves and counters, and making necessary re-modelings. Most of the merchandises have been ordered and due to arrive within a few days, that the store may be opened before the end of this year.

Mr. Ikenoue reported further as follows:

- 1-In order to meet the initial cost and expenses of the opening of the store, all rationed goods will be sold at or near the ceiling prices. All other non-rationed and other goods that are being sold in the canteens will be sold at prevailing market prices or equal to the prices charged at the canteens.
- 2-Orders for fresh meat and fish will be taken Mondays and Wednesdays at the staff store. These orders will be filled on the following Wednesdays and Fridays respectively. Form will be provided asking each patron to designate first, second, or third choice in order to assure satisfactory services.
- 3-As soon as refrigerators are provided by the W.R.A. the cooperative will do its utmost to carry *spiced* meats, milk, butter, and cheese if available and other similar foods in the store.
- 4-For the benefit of the staff members, who reside in Canal, some arrangements may be worked out whereby they may phone in

orders so that these may be delivered to canteen #1 or another designated place.

The Secretary of the corporation also made the following reports regarding the issuance of the membership certificates to the prospective staff patrons:

1-In accordance with the By-laws any resident, evacuee or appointed personnel 16 years of age or over, is entitled to become a member of this corporation. However, in order to eliminate unnecessary bookkeeping and the payments of the extremely high taxes on membership certificates issued, it is appreciated that one person or the responsible member of each family becomes a member of the corporation.

2-Membership Certificates may be issued individually by paying \$1.00 membership fee, or collectively by furnishing us the list of names and addresses together with their membership fees.

After discussion and consideration, Mrs. Brown was unanimously appointed to prepare the list from which membership certificates may be issued.

Mr. Wolter reported the appointment of the committee members as follows:

Mrs. Brown - - - - - Public Relation  
Mr. Taylor - - - - - Management  
Mr. Thomas and Mr. Ott - - - - Equipments and Supplies

Mr. Ott and Mr. Thomas assured the body that they would try all means to furnish refrigerators for the staff store.

After due discussion and consideration the body unanimously approved the rental charge of \$30.00 per month payable to the W.R.A. for the warehouse 69-5 to be occupied by the staff store.

And also after due discussion and consideration, it was agreed and adopted with unanimous consent of the body that the store to provide the necessary needs and services to the appointed personnel and their families be operated on a self supporting basis. That the rental charges, the initial investment expenses, and all other maintenance and operating expense of the establishing, maintaining, and operating the said store shall be charged to this particular store.

Regarding the patronage refunds for the appointed personnel, there was some indication that some part of the refunds declared to them might be donated for community use.

With unanimous approval of the body, Mr. Wolter and Mr. Ikenoue were designated contacting men for the staff and the corporation respectively regarding matters relating to the staff store.

All matters being discussed and cleared, the meeting was adjourned by unanimous consent at 12:30 p.m.

MEETING OF APPOINTED STAFF MEMBERS  
OF COMMUNITY COOPERATIVE

Place: Staff Recreational Hall  
Chairman: Hugo W. Wolter

The meeting was called for 7:30 p.m. but was not called to order until 8:00 p.m. Present: 12 members; in addition, Mr. Gordon Brown as representing the Cooperative Management.

Mr. Wolter, Chairman, opened with a general talk in which he explained briefly that this meeting was called to discuss coordination between patrons among the Appointed Personnel and the Cooperative Management. On behalf of the membership, he expressed thanks to the Committee which has acted up to date on the excellent organization and coordination which it had performed.

Mrs. Brown stated that a permanent committee was necessary. There had arisen a number of factors causing dissatisfaction with the services rendered by Store No. 4. For example, the supply of vegetables was scanty and unsatisfactory. The supply of meat was suspended because of lack of refrigeration. A number of factors, including unexpected purchases by the resident community of certain articles, rendered it difficult to rely upon the store for certain household necessities.

It was also necessary to elect a delegate to the Cooperative Congress of Delegates. Ideally, it would be correct to elect two delegates from the Appointed Personnel, one from Butte and one from Canal, but the Secretary of the Cooperative had explained that it would be advisable to elect one only for the time being.

The Chairman called for nominations for the delegate for the Cooperative Congress of Delegates. Mrs. B.F. Runyan and Mrs. Gordon Brown were nominated. Voting was by ballot and Mrs. Brown was elected.

It was moved and seconded that an assistant and/or alternate to the elected delegate be also elected with the further proviso that this assistant

and/or alternate be a resident of Canal. The motion was carried. Mrs. McVey was nominated. No further nominations were made. It was moved, seconded, and carried that the nominations be closed. Mrs. McVey was, therefore, elected unanimously.

It was moved and seconded to elect a committee of three from Butte to take up matters from the point of view of patrons with the Cooperative Management. The delegate and the alternate were to sit on this committee ex officio.

As an amendment to the above motion, it was moved that a Committee of three be elected without reference to place of residence and that the delegate and alternate be ex officio members of this committee. The amendment further moved that this committee could be expanded at the wish of the members.

The amendment was carried. As it was, in fact, a substitute motion, it was declared a motion and replaced the original motion.

Nominations for the Committee were then called for by the Chairman. The following were nominated: Mrs. McAlpine, Mrs. Nichol, Mrs. Runyan, Mrs. Jackson, and Mrs. Strickland. The election was by ballot and the following were elected: Mrs. McAlpine, Mrs. Runyan, and Mrs. Jackson.

It was moved, seconded, and carried that the terms of the delegate, the alternate, and the Committee members run concurrently with the term of the regular delegates of the Community Cooperative.

These elections created bodies to carry on the work of the previous Committee which was accordingly declared dissolved.

It was moved, seconded and carried that the Committee arrange for regular meetings with the General Manager of the Cooperative and with the Manager of Store No. 4. It was further moved that these meetings be arranged weekly because of the present dissatisfactions of patrons; and was further moved that these weekly meetings could be reduced to fortnightly meetings when and as the difficulties

were reduced, at the discretion of the committee. The motion also instructed the Committee to arrange the first meeting in the very near future.

Discussion disclosed that the intent of the above motion was to insure continuous coordination of patrons' needs and Cooperative services until everything was running smoothly, and that even when matters were running smoothly, that the meetings be not discontinued, but the intervals could be longer.

As there was no further business, the meeting was declared adjourned.

Respectfully submitted,

G. Gordon Brown  
Acting Secretary
