PRAYER OF A STUDENT

Now I lay me down to sleep
 Thinking of tomorrow's test
 If I flunk instead of pass
 I wish the same for all the class

ABOUT THE TEACHERS

Ask Mr. Nakamura what kind of rocks are found at the bottom of the Colorado River. He'll tell you!

Miss Takata, you better hurry up and eat that apple

Loads of thanks goes to Mrs. Courage from many students. She has been getting school supplies in Parker for students through orders.

SCHOOL LIBRARY UNDERWAY

Books, books, and more books, and they will be for your use, students, when our school library will be opened sometime in the near future. The school library is located on our campus at Building 7 and will be there permanently. The first three sections of the library will be used for general reading, reference, and study rooms for the students. The last section will be reserved for the teachers, and text books.

Elementary books, maps, and other materials have been received and are now being distributed to the various classes.

Among the 32 letters sent out to the Works Progress Administration of the different states for library materials, several interesting articles have been received. From South Dakota, two original scrapbooks were sent, one on Abe Lincoln and the other Geo. Washington. There are also two volumes of Transcription of the British Colonial Office Records which was sent from Florida. These were bound into a volume after years of work and were accomplished through the work of microfilm. Both the scrapbooks and the volumes of Congressional Records will be on display in our library.

The library personnel now consists of Evelyn Onouye, head librarian; Hisako Yamashita, Sumiko Kusunoki, Katashi Oita, assistants; May Tsukamoto, Mari Hamamoto, and Tsugio Ikeda, student aides.

IN MEMORIAM

Today's issue of the "Campus Log" is dedicated in memory of the late Edward B. Davis, instructor of the Senior Core Studies Classes, a man who will be well remembered by all his friends and associates.

CORE OFFICERS MEET

Efforts are now being formulated for class and student body organizations. On Monday morning, November 9, core officers from the four high school classes met to discuss such plans.

Under the chairmanship of Core Instructor Kikuye Takata, the group gave suggestions as to how we should go about organizing our respective classes and student body.

Among the suggestions given were to have nominations by petitions, election by box ballots, and candidates should have certain qualifications.

Representatives were asked to give reports to their various Core Studies Classes concerning the meeting.
