Gentlemen:

I am a person of Japanese ancestry brought to this country against my wishes from Peru in June 1943. I understand that there is a deportation order against me and I now wish to be deported to Japan. Please make the necessary arrangements so that I may go to Japan.

My Alien Registration Receipt Card No. is 5977621.

I have been represented in all legal actions taken either by the government or instituted by me by Mr. Wayne Collins, Mills Tower, 220 Bush Street, San Francisco 4, California.

Very truly yours,

Dear Mr. Nakamura:

I received the copy of your letter of April 15th addressed to the Immigration Service in Philadelphia which contains your request for deportation to Japan.

Inasmuch as you first arrived in the United States in June of 1943, you will have resided in the United States for a period of seven years by June of this year and you will be entitled to apply for a suspension of deportation and permanent residence status in the U.S. If you wish to apply for that suspension and residence status, both will be granted to you after a hearing by the Immigration Service and the approval of the Attorney General and Congress. That would enable you thereafter to visit Japan for a maximum period of one year whereupon you could return to the United States and thereafter visit Japan when and as you saw fit.

If you depart from the U. S. without first having obtained a suspension of deportation and been granted permanent residence status in this country, you would not be permitted to return to the U. S. in the future except as a temporary visitor when Congress authorizes Japanese aliens to visit the U. S.

It is my suggestion to you that before you make your final decision to return to Japan you should apply for a suspension of deportation and a permanent residence status in this country and thereafter you would be enabled to visit Japan.

I suggest you discuss the matter thoroughly with Mr. Yasuhiko Ohashi before you decide to go to Japan.

Very truly yours,

Dear Mr. Nakamura:

Enclosed find copy of letter of June 20, 1950, sent to me by Richard H. Hawkins, Jr., First Secretary of U. S. Embassy at Lima.

Each of the Peruvian groups who now is desirous of returning to Peru should obtain an assurance from some responsible person in Peru guaranteeing work and food to each Peruvian who returns to Peru. It is likely that the persons in Peru who are to act as the guarantors for the intended repatriates can apply direct to the Foreign Minister at Lima to ascertain whether or not any special forms will be required to be filled out by the guarantors.

The Peruvian Government wishes to be certain that repatriates will be employed in Peru and will have food and shelter so that none of them will fall upon relief rolls in Peru.

The Immigration Service, pursuant to my understanding had with them several years ago, will provide the free transportation of repatriates to Peru from the agreed point of embarkation.

If you wish to change your mind about returning to Japan and desire to remain permanently in this country, you may apply for discretionary relief. My suggestion to you again is that you reconsider the matter. It seems to me that unless you are assured of employment in Japan that you would do better by remaining in the United States.

In addition thereto, if you have sponsors in Peru, it is now possible for you to return to Peru if you so desire. You should consult Mr. Murono immediately on the steps which you can take to be restored to Peru. Your sponsors can apply direct to the Minister of Foreign Affairs and fill out the necessary application form and affidavits that are required by that office.

Very truly yours,

Dear Mr. Collins:

I have received your letter dated July 18<sup>th</sup> concerning Mr. Gitsunichi Kunihiko and Mr. Yukio Nakamura. As I had been worked night shift (go in at 5.30 in the evening and go home at 6.30 in the next morning) last two weeks, I had no time to see them, and I feel very sorry that got too late sending this answer to you.

I tried very hard to change their minds talking your kind suggestion at this opportunity but both of them wish finally to be deported to Japan. So I would thank you to take step that their deportation to Japan be expedited.

Yours very truly,  
Ginzo Murono

Dear Sir:

In connection with arrangements being made for your return to Japan, it is expected transportation will be by military transport and it will, therefore, be necessary that you be vaccinated against smallpox and inoculated against cholera and typhus.

Please take immediate steps to have the above service performed and furnish this office with medical certificate, in duplicate, covering the vaccination and inoculations.

If you desire, you may call at this office between 8:30 a. m. and 3:00 p. m. this week and arrangements will be made to have you vaccinated and inoculated by the U. S. Public Health Service. This method, however, will involve three trips to Philadelphia.

The foregoing matter should be given your prompt attention.
