MINUTES OF THE MOVING CONFERENCE

Thursday July 22, 1943 1:30 P.M.

PRESENT:

Ass't Project Director	Housing	Block Mgrs.
Mr. Roscoe Bell	Miss Altwater	Mr. J. Hirano
Evacuee Property	Public Works	
Mr. Morris	Mr. Taylor	Mr. H. Watson
	Mr. Higuchi	
Chairman		
G. G. Shimamoto		

The meeting was called to order by Mr. G. G. Shimamoto, Res. Sup't of Construction. Business began with the discussion of the solution of handling the moving within the Project, re-location, and segregation. The following points and decision dealing with the subject were brought up and made.

I MOVING WITHIN THE PROJECT.

- A. What constitutes the reason of moving.
  - 1. To be near relatives or parents.
  - 2. Trouble with neighbors, etc.
- B. Before officially moving, person must obtain approval from Housing Department.
  - 1. Block Manager concerned shall be notified by Housing Department.
  - 2. Housing Dept. shall prepare mimeograph form listing conditions and the person moving shall be required to sign.
  - 3. Trucks to pick up the furnitures etc.
  - 4. Room shall be checked by representative of Housing Department.
- C. Safe guarding of the permanent fixtures about the apartment.
  - 1. Protect vacant apartment for new comers.
  - 2. Windows closed and door locked (Key to be handed to Block Manager)
  - 3. Neighbors be asked to safe guard the apt. (By Blk. Mgr.)
  - 4. Sign to be prepared by Engineering Section to protect the property; both in English and Japanese.
  - 5. Information about returning government tools to be published in Topaz Times for guarding the government properties; both in English and Japanese.
  - 6. Each new comers shall be given through Public Works the materials to construct equivalent that he has left.

II RELOCATION

- A. Requisition of packing materials

1. Clearance from Leave Officers
  2. Request through Block Managers
  3. Resident will sign a form for freight.
  4. Crating to be by residents
- B. Safe guarding of the permanent fixtures  
Same as under moving within the Project

### III SEGREGATION

- A. Requisition of crating materials and other details shall be given in the near future, the materials will be available for crating.

### IV REGULATION FOR VISITORS

Mr. R. Bell will formulate suitable method so that all parties concerned shall be notified in time.

*Central  
Utah*

WAR RELOCATION AUTHORITY  
CENTRAL UTAH PROJECT  
TOPAZ, UTAH

HOUSING POLICY

November 18, 1943

I. RESPONSIBILITY

- A. To make the initial assignment of all resident apartments and to make all adjustments thereafter.
- B. To keep a current record of the location of all persons in the Center.
- C. To keep a current record of all vacancies.
- D. To always be cognizant of the population capacity of the Center.
- E. The Housing staff is directly responsible to the Junior Counselor in charge of the Housing Unit, who is directly responsible to the Chief of the Community Welfare Section.

II. AUTHORITY

- A. The Housing Unit is the sole authority for making moves within the Center. All other division, sections and individuals have the prerogative of making recommendations, but the Housing Unit is the only recognized authority for making assignments.
- B. The Housing Unit is authorized to refuse or delay transfers from other Centers or inductions if space is not available.
- C. The Housing Unit may freeze all moves in the Center whenever conditions warrant.

III. LARGE GROUP INDUCTIONS (50 or more persons)

Preparations for the reception and induction of all new residents is a primary responsibility of the Housing Unit of the Community Welfare Section. It would not be feasible to maintain a staff of sufficient size to service all phases, however, so certain responsibilities in large inductions are delegated to Divisions in which that type of service ordinarily is carried out. Such responsibilities are set down in this instruction:

A. Preparations for induction

To be in complete readiness at least three days before the scheduled induction day.

1. Analysis of Roster by the Housing Unit

Upon receipt of the Official Roster an analysis of the family compositions and of individual characteristics (such as age, sex, relatives, health, etc.) will be made by the Housing Unit. Forms necessary to the induction will be prepared:

## Housing Policy--2

- a. The Registration Form will be typed up for each family unit showing all available information. After being typed, the forms will be filed under these breakdowns: families of 7 or more; families of 5 or 6; families of 4; families of 2 or 3.

The Registration Form will also be typed for single individuals and will be filed according to sex and age: under 20; 20 to 30; 30 to 40; 40 to 50; over 50.

- b. Housing assignment forms will be typed up for every available apartment and for each unit of available space in bachelor quarters. These forms will be filed under A-B and E-F combinations; A and F apartments; B and E apartments; C and D apartments; and further broken down by blocks.
- c. If possible, assignments of housing space will be made prior to induction, the completed forms described above matched and filed alphabetically to facilitate the actual induction process.

If in the analysis of the Roster it is discovered that individual or special medical care will be needed, a list of such persons will be sent to the Chief Medical Officer.

A list of families with small children, a list of motherless or fatherless families will be sent to the Head Counselor.

A list of school children will be sent to the Education Section.

## 2. Supplies.

The Housing Unit will send a list showing the number of incoming family units and individuals together with the list of vacancies in each block to the Property Control Section, and a duplicate copy of each list to the Chairman of the Block Managers. The Block Managers and the Property Control Section will work out the procedure for making cots, mattresses, and blankets available in the apartments to be occupied.

The Housing Unit will send a copy of the list of vacancies to the Operations Division and any information available regarding the condition of these apartments. The Operations Division will put the apartments in order for occupancy, and will work with the Block Managers so that the apartments may be repaired, cleaned, and furnished with cots and bedding by the time the new residents arrive.

## Housing Policy--3

The Block Managers will be ready to receive requests from new residents for lumber with which to put up shelves and build basic furniture.

### 3. Transportation

The Operations Division will ordinarily receive copies of the Official Roster and Baggage List with which to make arrangements for the transportation of new residents and their belongings. If a copy of the Roster is not received, the Housing Unit will furnish one.

Transportation should be planned so that adequate care can be given elderly persons, small children, pre-natal and post-natal cases, and persons who might have become ill during the trip.

Arrangements will be made for the orderly transportation of hand baggage from the station to the place of induction, and from the place of induction to assigned apartments.

### 4. Safety

The Internal Security Division will plan and carry out the details of safety, direct traffic, and supervise such inspection as may be in order.

### 5. Place of induction

The Deputy Project Director will designate a building or buildings of sufficient size and with facilities adequate to accommodate the functions of the induction. He will notify the Housing Unit of this designation as soon as possible. The Housing Unit will then notify all other Divisions or Sections of the space available for their work in the induction process.

### 6. Guide service

The Chief of Community Management will designate two groups to act as guides:

- a. One group will act as a reception committee and will arrange for seating accommodations for the new residents while they wait their turns to be registered. This group will make arrangements and carry out the details of entertainment and refreshments, if any, and will generally make the new residents feel welcome. (Suggested groups: Church organizations, YWCA, etc.)

## Housing Policy--4

- b. The second group will conduct the new residents to their apartments and assist them in becoming familiar with numbering of blocks, in locating their hand baggage, etc. (Suggested groups: Boy Scouts, etc.)

At the discretion of the Chief of the Operations Division, Carrier Service may be arranged.

### 7. Eating arrangements

The Housing Unit will notify the Project Steward of the approximate number of new residents to expect in each block so that adequate eating arrangements can be made.

### 8. Medical examination

The Medical Officer will set up an Examination and First Aid Station at or near the place of induction.

## B. Induction day

1. The inductees will be transported from the station to the place of induction in small groups, if possible.
2. The place of induction will be roped off into five sections:
  - (1) The Reception Section: The new residents will be received by the group described above under III-6.
  - (2) The Housing Assignment Section: Here, the heads of families and single individuals will register and receive apartment assignments.
  - (3) The Medical Examination Section: After induction, all new residents will report to the Medical Officer for examination.
  - (4) The Baggage Section: Hand and checkable baggage will be unloaded at this section where it will be identified and claimed by the new residents.
  - (5) The Transportation Section: Under the supervision of the Operations Division, new residents and their baggage will be transported to assigned quarters.

## C. Coordination

In order to coordinate all activities described under Part III of this instruction, it is necessary that each Division or Section mentioned be responsible for making arrangements to have on hand all necessary articles (chairs, tables, signs, drinking cups, etc.) that will be used in their part of a large group induction.

The Housing Unit will be responsible for planning the sequence of their operations, for overall coordination, and following through with each Section and Division.

#### IV. SMALL GROUP INDUCTIONS

##### A. Transfers

The Housing Unit shall be notified by the Special Services Unit of the Welfare Section as soon as it is known that a transfer will take place. The Housing Unit will then tentatively assign the space for the transferee. When the transferee arrives and is admitted to the Center, Internal Security will immediately notify the Housing Unit by the most expedient means available. Ordinarily this will be done by Carrier Service. The Housing staff member will fill out the registration forms and the space assignment forms and will conduct the transferee to his assigned quarters and contact the Block Manager. The Block Manager will issue cots and bedding and make arrangements for securing lumber with which to build closets, shelves, and basic furniture.

##### B. Re-inductions

The Housing Unit will be furnished with a copy of the approved Resident Permit (WRA-101) when an evacuee returns to the Project as a resident. The Housing Unit will then officially register the person(s) as described under Transfers, (IV-A).

##### C. Small group (under 50 persons) and individual inductees

For individual inductees, i.e. persons who are entering the Center for the first time and small groups of families and individuals, the procedure will be the same as described under Transfers (IV-A).

##### D. Night inductions

The same procedure will be followed for night inductions as described under Transfers, except that Internal Security will contact some designated member of the Housing staff at his home.

##### E. Visitors

Ordinarily visitors will be housed in their families' or friends' apartments. In cases where the visitor does not have such space available, Internal Security will notify the Housing Unit and space will be made available. A visitor's permit will be issued:

Original--Housing file  
Copy     --Visitor  
Copy     --Block Manager

## Housing Policy--6

### V. INDUCTIONS FORMS AND REPORTS

- A. The Registration form will contain the name, family and ID numbers, the sex, age, family composition, and the Housing Assignment.  
(Exhibit 1)

Distribution:

Original --Housing  
Copy --Statistics  
Copy --Hospital  
Copy --Block Manager of block where family or individual has been assigned

- B. Housing Form No. 7 will be issued showing the permanent address of the family. (Exhibit 2)

Distribution:

Original --to the family  
Copy --filed with the Registration Form in the Housing Unit

- C. Information regarding birthdate, birthplace, former residence, family head and who is being joined for the use of the Welfare Section in setting up case files.

- D. After each induction a list of new inductees will be made up in memorandum form and distributed as follows:

Original --Statistics  
Copy --Hospital  
Copy --Internal Security  
Copy --Front Gate  
Copy --Project Reports  
Copy --Post Office  
Copy --Express Warehouse  
Copy --Placement  
Copy --Welfare  
Copy --Fiscal  
Copy --Timekeepers  
Copy --Leave Office  
Copy --Housing File

- E. The new inductee will be requested to report as soon as possible to the Hospital for entrance physical examination, except in large group inductions when the examination takes place immediately upon arrival.

### VI. ADJUSTMENTS

- A. Applications for adjustments of housing assignments will be received from family heads, single individuals, the Welfare Section, Medical Section, or interested individuals and will be serviced by an Adjustment Counselor on the Housing Staff.

## Housing Policy--7

Adjustments will be made on the basis of the individual merit of the request. Requested adjustments involving separation of families will be referred to the Family Counseling Unit or the Youth Guidance Unit for recommendation before any adjustment is made.

- D. Priority will be given emergency adjustments based on social or medical recommendations.
- C. Single persons will be required to live in bachelor quarters. Individual rooms will not be assigned to single persons.
- D. The army standard of housing 3-6-5-5-6-3 will be used as the maximum. Wherever space permits, the maximum will be reduced. Special attention will be given families with small children between the ages of three and eight and teen-age children.

- E. A Permit to Move will be issued and distributed:

- Original --Housing file
- Copy --Individual or family head
- Copy --Former Block Manager
- Copy --New Block Manager

- F. Change of address

A change of address list will be made up bi-weekly in memorandum form and distributed:

- Original --Statistics
- Copy --Hospital: (1) Record Room (2) Public Health
- Copy --Placement
- Copy --Post Office
- Copy --Project Reports
- Copy --Express Warehouse
- Copy --Welfare
- Copy --Leave Office
- Copy --Clothing
- Copy --Internal Security
- Copy --Timekeepers
- Copy --Fiscal
- Copy --Housing file

- G. Transportation

To facilitate the movement of persons from one apartment to another, the Housing Adjustment Counselor will set the date and the time for the movement and will notify the Trucking Service. The Trucking Service will report the completion of the move to the Housing Unit.

- H. Holding of space

A reserve of approximately 10% of the apartments available for residential housing will be held for possible emergencies. Families

## Housing Policy--8

who are on seasonal leave may retain their apartments if they so desire. Such families must assume responsibility for leaving personal effects in an apartment and must make their own care-taking arrangements. Space will be held for single individuals on seasonal leave, but the Housing Unit may use this space if necessary, and will assume responsibility for moving and safeguarding property left in the apartment. Personal effects or other property left in apartments by persons who have left the Center on indefinite leave may be removed by the Housing Unit and placed in the Warehouse for storage.

### VII. SERVICES

#### A. Partitions

The Housing Unit will receive requests for partitioning from the Block Managers, Hospital, Family Counseling Unit and heads of families. If after inspection the Housing Unit finds the request justified, a requisition for partitioning will be placed with the Operations Division. The requisition will be based upon plans B,C,D,E which have been standardized by the Operations Division. At all times the Housing Unit will keep in mind the restrictions of the War Production Board in using building material.

#### B. Inspections

The Housing Unit will make a monthly inspection of vacancies, reporting to the Operations Division any damage to apartments, any cleaning or other maintenance work necessary.

### VIII. RECORDS AND STATISTICS

#### A. The Housing Unit will maintain and keep up to date daily:

1. A card file directory showing the names, ages, sex, ID and family numbers of all families and individuals in the Center.
2. An individual card file on each apartment in the Center showing assignments, vacancies and condition.

#### B. The Housing Unit will receive:

1. From Internal Security a daily record of incoming persons which includes short-term leaves, seasonal leaves, indefinite leaves and visitors.
2. From the Hospital notices of births, deaths, entrances and discharges.
3. From the Leave Office lists of seasonal and indefinite leaves.

WAR RELOCATION AUTHORITY  
Central Utah Project  
Topaz, Utah

HOUSING POLICY & PROCEDURE

April 22, 1944

I RESPONSIBILITY

- A. To make the initial assignment of all apartments and to make all adjustments thereafter.
- B. To keep a current record of the location of all persons in the Center.
- C. To keep a current record of all vacancies.
- D. To always be cognizant of the population capacity of the Center.
- E. The Housing staff is directly responsible to the Chief of the Community Welfare Section.

II AUTHORITY

- A. The Housing Unit is the sole authority for making moves within the Center. All other divisions, section, block managers, and individuals have the prerogative of making recommendations, but the Housing Unit is the only recognized authority for making assignments.
- B. The Housing Unit is authorized to refuse or delay transfers from other Centers or inductions if space is not available.
- C. The Housing Unit may freeze all moves in the Center whenever conditions warrant.

III INDUCTIONS

- A. Types of inductions--All persons who are approved to take up residence in the Center are to be inducted, and eligible to have space assigned to them.
  - 1. Transfers This includes people coming directly from another Center, or those from another Center out on seasonal or short term leave coming here for the purpose of

taking up permanent residence. Applications for transfers to this Center are handled by the Personal Services Unit of the Welfare Section, and are referred to us for space availability. This does not mean that a reservation is made at the time. If the vacancy situation is favorable, Housing OK's the transfer, but no reservation is made on a specific apartment until a wire or official word is received from the Project Director of the other center stating the date of arrival. (This precaution is necessary because most transfers take months before actually completed, and vacancies cannot be tied up indefinitely for such a length of time.)

- ✓ 2. New Inductions--This includes people who have never been in a WRA center before. Cases of this kind are also referred to us by the Personal Services Unit. Parolees from internment camps belong in this group.
- ✓ 3. Reinductions--This includes people who have been out of this or any other WRA center on indefinite leave, whose application for establishing residence has been approved by the local leave office. The Housing Unit will be notified by the Internal Security in their daily arrival reports of all approvals, after which this Unit will proceed to register the person.

#### B. How to House and Register

1. When a wire or official notice is received telling of the date of arrival, prepare 3 copies of the Housing Assignment forms. See attached samples.

Original--Housing file

Copy-----To block Manager of assigned block, so that cots and bedding can be readied.

Copy-----To Internal Security Pass Headquarters to be picked up by inductee, so that he can proceed directly to his apartment.

2. When inductee arrives, he should come to Housing for induction. Five (5) copies are made. See samples.

Original--To statistics

Copy-----Housing file

Copy-----To Block Manager of assigned block

Copy-----To Hospital

Copy-----To Welfare

3. Instruct all new residents to report to the Hospital Clinic for routine physical examination during clinic hours.

4. Prepare notices of induction. Send to following::

Original--	Statistics	
Copy-----	Hospital	
"	Clothing	
"	Welfare	
"	Leave Office	
"	Placement	
"	Post Office	
"	Mr. Potter--c/o Post office	
"	Project Reports	
"	Internal Security	
"	Timekeepers' Office	
"	Block Managers' Hdqtrs.	Rec. 33
"	Express	
"	Housing file	

IV MASS INDUCTIONS (See policy of November, 1943)

V VISITORS

Ordinarily visitors will be housed in their families' or friends' apartments. In cases where the visitor does not have such space available, reservations may be made for them a few days in advance by their friends or relatives. A visitors' permit will be issued. See sample.

Original----	Housing file
Copy-----	Visitor (To be routed to Internal Security Pass Headquarters for visitor to pick up)
Copy-----	To block manager of assigned block, so that cots and bedding may be put in apartment.

VI ADJUSTMENTS AND SPACE ASSIGNMENT

A. Space allotment

20x16 apartments	2 persons minimum
20x20 "	3 " "
20x24 "	4 " "
20x28 "	5 " "
Combination apts.	6 " "

B. Adjustments--recording

Adjustment applications are received and recorded on the INTERVIEW-REQUEST forms. Two copies are made:  
 Original--filed alphabetically  
 copy-----filed according to room size required

C. Adjustment of overhoused apartments

At present, there is no immediate need of making forced moves of families who are overhoused by only one person.

For instance, a family of 3 living in a 20x24 apartment as a result of a family member relocating, is not being asked to move to smaller quarters, but a family of 2 in the same size apartment is asked to move to an A or F apartment when such a room is open in the block. It is always easier to move families within the block. If such families refuse to move, make it very clear that when an emergency occurs, they will probably have to move into a strange block. The residents should be made to realize the advantage in moving within the block when such an opportunity occurs.

When a family holding two apartments drops to four in the two rooms, they may either give up one room, or move into one B or E apartment.

#### D. Adjustment of single people

Bachelor and single women's adjustments are made within already established single people's quarters. No adjustments are made using vacancies, as there are already too many such quarters not filled to capacity, and we cannot afford to spread these quarters.

#### E. Adjustment of Medical and Welfare cases

Special cases involving welfare problems are considered only upon recommendation from the Welfare Section. Where residents claim special adjustment is necessary because of medical reasons, the Housing Unit is authorized to ask the recommendation of the Medical Social Service. Individual recommendations of doctors are not accepted.

#### F. Moving Permits

Moving permits are issued to persons holding residential status only. When a visitor wishes to change apartments, a new visitor's permit is made. No moves can be made without proper authorization from the Housing Unit. The permits are made in quadruplicate (4) when the move is from one block to another, and in triplicate (3) when the move occurs within the block. Signatures of the block managers concerned must be obtained on the resident's copy before the move is made.

Original--Housing file  
Copy-----New block Manager  
Copy-----Old " " (Not needed when within block)  
Copy-----Resident

#### G. As soon as a request is disposed of, either by move to a new apartment or by cancellation, write up a history of

the case, and file together with any papers connected with the adjustment.

#### H. Trucking Service

To facilitate the movement of persons from one apartment to another, the services of the Motor Pool is available to the Housing Unit. Requisitions for such service must be made to the Motor Pool not less than 24 hours in advance.

#### I. Change of Address

Change of address notices are made weekly, and are distributed to the following:

Original--	Statistics
Copy----	Hospital
"	Hospital, Public Health
"	Clothing
"	Welfare
"	Placement
"	Leave Office
"	Express
"	Project Reports
"	Internal Security
"	Post Office
"	Timekeepers Office
"	Mr. Potter, c/O Post Office
"	Housing file

### VII HOLDING OF APARTMENTS BY SEASONAL WORKERS

Entire families on seasonal work may retain their apartment if they so desire, with the understanding that Housing may ask for release of same in cases of emergency. It is recommended that bachelors on seasonal leave appoint a responsible friend to take over their baggage, or have the block manager make arrangements to have their belongings stored in the Project warehouse. As far as permissible, bachelors will be permitted to hold space, provided there are others remaining in the apartment.

### VIII SERVICES

#### A. Partitioning Materials

Partitioning materials are requisitioned for families with adolescent children, invalids, and for those cases where one room is shared by more than one family unit. The purpose of partitions is to provide privacy only, and only the basic needs will be considered.

B. Calcimine

Apartments in need of renovation may be issued calcimine, the work, as in the case of partitions, to be done by the resident.

C. Other needed repairs or renovation--Fumigation

When walls are cut through to make adjoining rooms for large families, and another separate family must be placed in one of the apartment, the Public Works is asked to do the work, through the use of the form, "request for maintenance work".

Requests for fumigation are addressed to the Chief Medical Officer in memorandum form.

IX RECORDS AND STATISTICS

A. The Housing Unit will maintain and keep up to date daily:

1. A card file directory showing the names, ages, sex, and family numbers of all families and individuals in the Center.
2. An individual card file on each apartment in the Center showing assignments, vacancies, and condition.
3. Charts by blocks, showing assignments and vacancies.

B. Housing Unit will receive:

1. From Internal Security a daily record of incoming and outgoing persons which includes short-term leave, seasonal leave, indefinite leaves.
2. From the Hospital notices of births, deaths, entrances and discharges.
3. From the Leave Office lists of seasonal and indefinite leaves.

WAR RELOCATION AUTHORITY

*Statistics*

Washington

January 15, 1945

INSTRUCTIONS FOR THE USE OF REPORT FORM WRA-244 (REV)

EVACUEE HOUSING

This report shall be prepared for the three months period ending 3/31/45 and quarterly thereafter by the Housing Unit at each relocation center. An original and three copies shall be submitted to the Center Statistician not later than the second day of the month following the end of the quarter for which the report is prepared. The Statistician, after appropriate checks have been made, will refer the report to the Project Director by the 4th of that month. (Statistics Handbook 50.8.8B and Manual 20.10.22B)

All parts of the report apply to the number of rooms, by size, which were originally constructed for resident housing or which have been subsequently modified to accommodate resident housing.

Rooms which have been divided by partitions will be counted as two or more rooms of the dimensions existing after the alteration by partitioning.

Centers having rooms of a size not described in the room dimensions listed will insert these dimensions in the blank columns at the right.

In Parts A and B, enter totals, both horizontally and vertically, between the double lines; if there, so indicate.

Part A

Give the number of rooms, by size and by number of occupants, which are occupied by residents or are reserved for residents who are temporarily away from the center. Enter totals between double lines. The number of residents obtained by multiplying Col. I (number in each room) by Col. III (total rooms) when added, should equal Col. II, the resident population as reported on WRA-176 Rev. for the effective day of the report plus those persons temporarily away from the center for whom housing is being reserved.

If a group has been assigned to and has the use of more than one room, the number of persons allocated to each room for the purpose of this tabulation shall be determined by the Housing Unit.

Part B

Give the number of rooms, by size, originally constructed for resident housing or subsequently modified for resident housing which

are now used for other purposes.

If rooms are now used for purposes other than to house residents and if a satisfactory classification has not been listed (i.e., school, church, etc.) enter the use in the blank spaces (for example: fire department, warehouse) and indicate the number of rooms by size which are used.

If a room is used for two or more purposes (i.e., recreation and church) include this room under the use to which the room is put for the largest percent of the time.

Buildings and rooms which were originally constructed for other than resident housing (warehouses, appointed personnel quarters, etc.) should not be included in this Section or in any other Section of this report unless now occupied by residents for housing, in which case they should be considered under "Narrative Report" only.

Enter totals between double lines.

#### Part C

Give the number of rooms, by size, originally constructed for resident housing or subsequently modified for resident housing, which are not used for housing purposes at the present time and which have not been included in Parts A and B. Rooms which have been divided into two or more rooms by partitions should be listed as two or more rooms. Two rooms which have been joined by having doors cut through partitions should be counted as two rooms.

#### Part D

Give the total number of rooms, by size, originally constructed or subsequently modified for resident housing. Include such rooms which are now used for resident housing (Part A), those which were intended for resident housing but which are now used for other purposes (Part B) and those which are now vacant (Part C). Do not include rooms which were originally constructed for other than resident housing (warehouses, appointed personnel quarters, etc.).

The sum of Parts A, B, and C, for rooms of each size and for total rooms, shall equal Part D, i.e., the total number of rooms, by size, constructed or modified for housing.

Note that although the form was originally designed for submission monthly its use is now prescribed only quarterly. The title may be changed to "Quarterly Report" if the center wishes.

*Personal Staff Bureau* H. 5. 71

June 1, 1944

MEMORANDUM TO: Gilbert L. Niesse  
Acting Assistant Project Director

SUBJECT: Staff Housing Recreation Area

The following recommendations are made for a recreational area for the children of the appointive staff:

A. Children up to the age of six:

- 1 Sandbox 15 x 18
- 4 Teeter-tatters
- 6 Swings
- 1 Merry-go-round

These items to be located in the area between buildings 205, 206, 208, and 209. It is recommended that a windbreak to the south of the sandpile be erected over it. The roof and windbreak to be made of willows. *with hatched roof plank*

- 1 Sandbox 6 x 12 to be located near buildings 202 and 203
- 1 Sandbox 6 x 12 near building 213

B. Children over six:

- 1 Sandbox 12 x 12
- 3 Teeter-tatters
- 4 Swings

These items to be located south of buildings 207 and 208.

- 1 Baseball diamond
- 1 Half-size basketball court

These to be located south of Crystal Avenue directly opposite the above area.

These recommendations are being submitted for your presentation to the Planning Board.

July 10, 1944

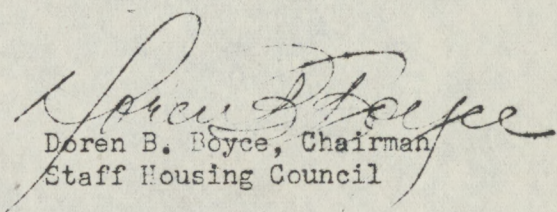

MEMORANDUM TO: The Staff Housing Occupants

SUBJECT: Election of Representatives

At the regular Staff Housing Council meeting on July 7, it was decided that a new election of the members of the Staff Housing Council be held. It is desired that a representative be appointed from each of the Staff Housing apartments, from each of the dormitories and one representative from block two. These elections are to be completed by July 15. The present building representative will conduct the election. If you do not have a representative or do not know who that representative is, please arrange among yourselves prior to Friday evening to complete the necessary election.

This will also give you a chance to get acquainted(?) with your next door neighbor.

The election results should be turned into the present chairman no later than Monday, July 17.

  
Doren B. Boyce, Chairman  
Staff Housing Council

MEMORANDUM TO: STAFF HOUSING OCCUPANTS

SUBJECT: Use of Washing Machines

A meeting has been arranged for Tuesday evening, July 11 at 8:30 p.m. for all the people living in Staff Housing and the dormitories who use the washing machines in the Staff Housing laundry. This will include both men (?) and women.

This meeting will be conducted by Mr. Henry Watson and members of his staff who will instruct us in the mysteries of operating washing machines.

Please make a special effort to be in attendance as we feel this instruction will be very beneficial and informative.

  
Doren B. Boyce, Chairman  
Staff Housing Council

MEMORANDUM TO: The Staff Housing Occupants

SUBJECT: Election of Representatives

At the regular Staff Housing Council meeting on July 7, it was decided that a new election of the members of the Staff Housing Council be held. It is desired that a representative be appointed from each of the Staff Housing apartments, from each of the dormitories and one representative from block two. These elections are to be completed by July 15. The present building representative will conduct the election. If you do not have a representative or do not know who that representative is, please arrange among yourselves prior to Friday evening to complete the necessary election.

This will also give you a chance to get acquainted(?) with your next door neighbor.

The election results should be turned into the present chairman no later than Monday, July 17.

  
Doren B. Boyce, Chairman  
Staff Housing Council

MEMORANDUM TO: Staff Housing Council

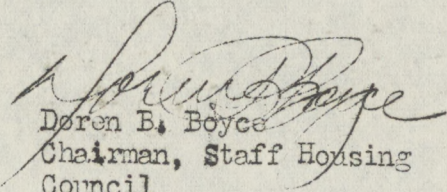

SUBJECT: Monthly Meeting

You are hereby reminded that the regular monthly meeting of the Staff Housing Council will be held Friday, July 7, at 8 p.m. at the Administrative Rec Hall.

At this particular meeting it is planned to prepare a reorganization of the Staff Housing Council and to make various suggestions for a more efficient operating program.

Plans will be suggested for further utilization of the Administrative Rec Hall.

Please make it a point to be in attendance to this meeting. If you are unable to be present, please see that your building or dormitory is represented.

  
Doren B. Boyce  
Chairman, Staff Housing  
Council

P.S. Refreshments will be served.

January 6, 1944

MEMORANDUM TO: Residents of the Dormitories  
SUBJECT: Accounting for Government Property

From time to time we have received complaints that residents of the dormitories are transferring the furnishings from one room to another or between buildings without permission or the use of Property Transfer Forms. This has occurred most frequently when a member of the staff has vacated one of the rooms and another resident of the dormitory has appropriated an item of furniture without authority.

Let us understand clearly that this practice is to be discontinued at once and any person who takes an item of furnishing in this manner will be held personally accountable to this office.

We are willing to accept your request for any needed items of furnishings but actions of this kind will have to be handled through the usual property channels. You should make the request to the Personnel Management Section so that a transfer can be made and recorded in our property accounting files.

  
J.F. Hughes  
Deputy Project Director

WAR RELOCATION AUTHORITY  
Central Utah Project

MONTHLY SUMMARY REPORT  
February 27, 1945

I. PRINCIPAL ACTIVITIES

These consist of taking requests and making adjustments, assigning space for new residents, and keeping count of the number of people assigned to every apartment in the Project. Notification of Induction and Change of Address are sent regularly to twelve other offices, plus one to Co-op making the total of thirteen copies. Families needing Calcimine for renovating their apartments are issued through Public Works.

II. NEW OR UNUSUAL FUNCTIONS -- None

III. TRANSACTIONS HANDLED

a.	Adjustments.....	11
	Completed.....	9
	Cancelled.....	1
	In Process.....	1
b.	Requisitions to Public Works.....	11
	For Calcimine.....	10
	For Misc.....	1

IV. PROBLEMS OR SUGGESTIONS

We have had many residents asking for large apartments since we have 164 vacant apartments. Single person wants to live alone.

V. PROJECTED ACTIVITIES -- None

VI. RELATIONSHIP WITH OTHER DIVISIONS OR SECTIONS -- None

VII. GENERAL REMARKS -- None

March 6, 1945

MEMORANDUM TO: Mr. I. Sugiyama

FROM: Claud H. Pratt  
Head Counselor

I notice in your monthly report for February that you make mention of the large number of single persons who are requesting apartments so that they might live alone. There is no change in our housing policy and we should continue to follow our policy housing two or more together unless there are unusual circumstances which would necessitate their living alone. In such cases please discuss the matter with me.

I thank you for your cooperation.

Claud H. Pratt  
Head Counselor
