## III. EMERGENCIES

## IV. VISITORS

- A. A crew came and checked and rep-aired the electrical trouble in each barrack.  
A crew came from the Maintenance Dep t. and repaired the trouble in the boiler.  
A men from Block #3 came and borrowed, with the consent of the block gardener , a chemical sprayer used for vegetable garden.  
Mrs. Makayama of the Welfare Depat. came in to inquire about the Shigaki family. She claimed that Henry Kanegae reported to them that the Shigaki's are very low financially and wanted the Welfare Dept. to help these people out. Mrs. Nakayama suggested that I talk with them and without hurting their feeling in anyway, find out whether they really need help or not.

## V. MEMORANDUMS

## VI. REMARKS

I have found out that the Shigaki Familyare very low financially. Though his father is working as a janitor in this block and his oldest son working as kitchen helper, the cash advance these two receive is not enough to buy clothes and other necessity for their whole family of eight. The children's ages range from 1 to 16 years. I'm quite certain that what the Welfare Dept. could do to these people will really be appreciated .

## VIII. NOTES

The people in the block, especially those living with other families, seems to be very anxious about partitioning the two empty barracks. They ask me why is it that the material for partitioning the Rec. Hall for school purpose, and Ad. Build. are here but nothing seems to be done about the partitioning of the empty barracks. They all seems to believe that the housing is one of the most important situation, therefore should be taken care of first. I have noticed the past few weeks that there is a slight case of hostile feeling in these families living together and if something isn't done about it soon, I am afraid that the situation will become quite acute.

I went to see Dr. Pressman today concerning Hideo Shigaki who has been under the care of the Crippled Childrens Service of Calif. Hideo is the youngest son (about 2 years old) of Mr. & Mrs. Shigaki of 5-2-C. Due to an unfortunate accident he was burned on his face and hands, and since then till the evacuation he has been cared for by the Crippled Childrens Service at the Orange County Hospital. The O.C. Hospital recommends a plastic surgery, but since the hospital here in Poston haven't the equipment nor material for such cases, I have asked Doc. Pressman, in behalf of Hideo's mother, to do every thing he can to have Hideo sent out of this Camp to some specialist who can do something to alter his badly deformed face and hand.

2. Mrs. Nogawa suggested Mgr. ask Kitchen to prepare lunches for children who attend elementary school far from home.

VII. MISCELLANEOUS

VIII. NOTES

Mrs. Nogawa, who attended the Womens Society meeting today, brought the information that the young childrens attending schools away from this quad are dismissed from class so late that they have to run home for their lunch; and even then, they come in after the dinner bell. She asked if these childrens could be furnished with lunches so that they will not be rushed so much during noon hours. So I made arrangements with the kitchen, whereby, the mothers get together and make lunches for their childrens.

I know that soon these childrens would get tired of eating box lunches so I have wondered if a census could be taken of the pupils attending schools out of their own quad and some kind of arrangement be made so that these childrens could eat in the kitchens near the school.
