CENTRAL WARD MEETING - Tule Lake

September 8, 1942

The weekly meeting was called to order by Frank Furukawa, chairman, at 10:00 A. M., on Tuesday, September 8, 1942, at 1607-D. The reading of the minutes was dispensed as usual and approved. William Mayeda, Chairman of Ward III, was unable to attend this meeting because of a funeral in his block.

The meeting was opened with Mr. Kobayashi's talk on handyman of each block. He stated that there seems to be a confliction about having handymen under the pay-roll of the Construction Department. The Public Works Division is planning to turn these handymen to the Maintenance Department. He stated, "We are placing under the Maintenance Department, a supervisor to take over the handyman from the block managers. Whatever the minor repair should be, each block manager should report to the supervisor. Send handyman's requisitions in to Maintenance Department through Don Elberson. Handyman is not performing eight hours' duty. The Maintenance suggested that three handymen work for a Ward." This question was open for discussion.

All favored having the present set-up of one handyman to a block and getting more equipment for them. Mr. Kobayashi was requested to take this back to the Department.

A suggestion was made that a uniform statement be made for chimney sweepers' duties. Another suggestion was made to have a boilerman working later than 10:00 P. M. for the garbage crew, coal crew, etc. A check will be made on this.

At this time, a letter from Harry Mayeda, Assistant Supervisor of Community Activities, was read. He stated that the department would gladly be of service to the block managers whenever the occasion offers.

A move was made and seconded that the meeting time be changed from 9:30 A. M. to 1:30 P. M. on Tuesdays.

Since there were no further business, the meeting was adjourned at 12:00 o'clock noon.

Respectfully submitted,

MINUTES OF WARD FOUR BLOCK MANAGERS MEETING  
DECEMBER 3, 1942

The minutes of the previous meeting was read and approved.

Since all the block managers were present at the Central Committee Meeting the meeting was directed immediately to business on hand.

The chairman reported that the supply of blankets has been checked and found that there is at present insufficient supply in the warehouse to distribute to all the evacuees. Until there are enough shipped in it was requested that each Block Manager report the names of those who are in immediate need of blankets to Mr. Elbersen, who will see that they are requisitioned.

The chairman reported that he was unable to write to the Maintenance Dept. concerning shower valves alternation because he had been too busy. Requested that the Ward Secretary write the letter to the Maintenance Dept. concerning the matter.

The problems involved in the handling of Script Books was discussed. The problem of handling cash belonging to the Coop was deemed a great risk and the trouble involved in cashing checks, which meant the possession of cash on hand at all times was stressed. The keeping of records and the recording of same was stated to be a lot of trouble. A motion was made and passed that the chairman contact Mr. K. Takemoto to see if other means can be established to handle the sales of the Script Books

Mr. Takahashi asked the question of how the firing of shower heaters were taken care of in other blocks. It seemed that most blocks have arranged shifts among the firemen to care for the heaters.

The chairman announced that Payroll checks for Block Managers and their secretaries are now available at 1608. These checks are for duties performed for the month of October, 1942.

As there were no further discussions or business the meeting was adjourned at 4:00 p.m.

Respectfully submitted,

S. Tsuda, Ward Secretary.

## WARD II BLOCK MANAGERS' MEETING

The regular meeting of the Ward II block managers was called to order by Ward Chairman Peter Osuga on December 10, Thursday, 10:20 a.m., at 2507-D.

All managers were present, with the exception of Mr. George Sakai, Block 29. The minutes of the previous meeting were read and approved.

Mr. Osuga gave his report on the central committee meeting which was held at Block 27 on December 8.

There are enough blankets in the warehouse to allow one blanket to each person in each block. Mr. Ota has put in a requisition for the blankets to the housing commission. As soon as the blankets are obtained, they will be distributed fairly to each block.

Government issue clothing is now being sold at the warehouse by the WRA. Persons desiring to purchase clothing must present an o.k. from Mr. Paul Fleming before buying. Mr. Ota has the price list at his office.

Newborn babies should be reported to Mr. Ota for their clothing allowance.

There will be one home nurse assigned to each block to care for emergencies. The nurse will make a diagnosis and report to the base hospital. Miss Yamanaka, at the hospital, will answer any questions regarding visiting nurses and applications for nursing jobs. In case of any trouble with visiting nurses, they should be reported to Miss Yamanaka.

The Tulean Dispatch is establishing a "rumor clinic". Anyone hearing any rumors or agitation is to report to Mr. Ota, who will in turn report to the Dispatch.

There was a suggestion that the central committee meeting minutes be read more carefully so that errors would be overlooked.

Persons desiring to have snapshots taken are asked to contact Mr. Jacoby, who will take them if he approves. The pictures will be post card size. This will be a temporary personal service.

Mr. Ota suggested, in connection with the cooperative, that a list of persons 18 years of age and over be handed in to his office. Mr. Osuga suggested that extra copies of such a list be given to the coop representative in each block.

It was known that the reports to the Merit Board were two months behind. There was a proposal that the Ward Chairman, central committee secretary, and Mr. Ota mark the managers' respective merits.

Ward II Block Mgrs. Meeting

The last item on the committee minutes was the problem of mops and brooms. There are not enough of them to supply the needs of the colony, but the mops now in the warehouse will be distributed evenly to each block. This will be an average of two mops to a block.

Uniform office hours for block managers will be 8 a.m. to 6 p.m. Since Mr. Shirrell is soon leaving the colony, each manager will donate a sum toward presenting him with a gift.

Mr. Iwasaki then reported also on the central committee meeting.

Owing to a misunderstanding, there was a great deal of trouble in Ward III over the question of utility men and janitors. Messrs. Mitoma, Honda, and Ota, as a voluntary group, went to see Mr. Kobayashi to investigate and trouble, which was eventually cleared up. At the next central committee meeting in Ward II, a motion will be made to have Mr. Kobayashi, construction department supervisor, discharged due to unsatisfactory service and inefficiency.

Those managers with needy families in their blocks will contact Tom Maekawa, Block Manager #5, for Christmas toys.

Persons with property in other relocation centers which had been stored in Federal Reserve warehouses will be allowed to send for them providing that they pay expenses to the central warehouse. They must fill out four copies of the shipping order. Since the WRA is not responsible for damage in transit, goods will be shipped at the owners' risk. With that statement, Mr. Iwasaki concluded his report.

Old business brought up was the penny drive for the nursery school children. The money is to be turned in today to Miss Robinson. Mr. Iwasaki and Mr. Osuga will represent the block managers in making the presentation to Miss Robinson. As to the giving and receiving of Christmas gifts within a block, it will be left up to the respective block managers and the people.

Mr. Oshika, #37, reported that as yet he had received no pigeonholes for his mail. It is part of Mr. Kobayashi's job to see that each block manager receives what he should.

New business covered the coal situation. Mr. Oshima, Block #26, stated that trucks have been seen to unload half a load of coal at the boiler rooms and the other half being distributed to individual houses. All those present agreed that this should not be ~~ok~~ tolerated. At the next central committee meeting a motion will be made that every truckload of coal be checked before delivery to insure the full quota of boiler room coal. Ward Chairman Osuga and Mr. Oshim will investigate regarding the present coal situation.

There being no further business, the meeting was adjourned at 11:30 a.m.

Respectfully submitted,

Dorothy Sofye  
Acting Secretary
