Tule Lake Cooperative Enterprises, Inc.
Newell, California

Gentlemen:

We have audited your books and records covering the last normal operating period July 1, 1945 to September 30, 1945 and October 1, 1945 to January 9, 1946 and present herewith our report as indexed on the next page.

Based on our examination and subject to the auditor's comments the Balance Sheet properly sets forth your financial condition on January 9, 1946 and the Operating and Liquidation Statement the correct results from operations for the period under review.

Respectfully submitted,

Jacobson, Jentsch, Rector & Co. 3

Newell, California

ORGANIZATION

Name: Tule Lake Cooperative Enterprises, Inc.

Address: Newell, California.

Purpose: To act as a cooperative association, to purchase, produce, manufacture commodities and render service to members.

Date Organized: October 20, 1942.

Organized Under: Laws of State of California.

Fiscal Year Ends On: June 30th.

Authorized Capital Stock: Memberships - 10,000 @ \$1.00 - \$10,000.00.

Charter Expires: Perpetual.

Dissolution: Ordered by W.R.A. to dissolve by January 15, 1946.

Board of Trustees:

Knoru Kimura - 1212-28th. St., Oakland, California.

Hisato Fujimoto - 1212-28th. St., Oakland, California.

Hiroshi Sakuma - 1212-28th. St., Oakland, California.

TULE LAKE COOPERATIVE ENTERPRISES, INC.

Newell, California

AUDITOR'S COMMENTS

I have completed the final audit of your cooperative and my report as indexed on a preceding page is presented herewith. The audit consisted of the verification and analysis of the remaining asset, liability and member equity accounts.

The report consists of three main reports. They are a Balance Sheet as at January 9, 1946; an Operating Statement covering the last normal operating period July 1, 1945 to September 30, 1945; and an Operating and Liquidation Statement, October 1, 1945 to January 9, 1946.

The stores and service shops were all closed on November 30, 1945. Sales and services for the period, October 1st. to November 30, 1945, have not been departmentalized but have been combined on the report. Bulk of the sales during the two month period were at reduced prices as is evidenced by the gross margin which is only 9.27%. Sales after December 1st. have been mostly to retailers and wholesalers and have not been included in the sales account, but have been deducted from the purchase cost. Losses resulting from sales of merchandise below cost amounts to \$14,121.93 as shown by the liquidation statement. However, a loss of \$9,323.80 from sales below cost during the last normal period have been absorbed by the savings made during the last normal period, and therefore this amount has to be taken into consideration in determining the total disposal loss of merchandise. In other words the total loss amounts to \$23,445.73. The main reason for such a large loss from merchandise alone is because the inventories had not been reduced earlier. The merchandise and supplies on hand on September 30th. amounted to \$88,548.56. On November 30th. when all the stores and shops were closed there was still \$19,113.14 worth of goods on hand.

Sales records covering the disposal of merchandise on hand have been checked and verified to my satisfaction.

A 5% cash patronage refund had been declared on the savings for the last normal period pending upon the results of the final audit. The audit disclosed that the refund is in order.

The final Operating and Liquidation Statement shows total expense and loss of \$43,220.69. The statement can be briefly explained as follows:

Gross Margin from Sales	\$15,084.61
Expenses:	\$39,878.76
(Includes Trustees Fees of \$2,000.00 and Bonus to Employees of \$5,800.00)	
Merchandise Disposal Loss	\$14,121.93
Less: Gain on Disposal of Fixed Assets	<u>8,695.19</u>
Total Expense and Losses	<u>5,426.74</u>
Plus: Provision for Trustees Expense and Contingent Liabilities	\$45,305.50
Total	<u>13,000.00</u> \$58,305.50

Continued on Next Page

	<u>Total (Brought Forward)</u>	\$58,905.50
Less: Gross Margin as Shown Above		<u>15,084.81</u>
<u>NET LIQUIDATION LOSS INCLUDING THE PROVISION FOR CONTINGENCIES</u>		
		\$13,820.69
The Balance Sheet as at January 9, 1946:		
Cash on Hand and In Bank		\$36,238.86
Freight Claims & Misc. Returned Receivable	\$ 3,976.97	
Less: Allowance for Bad Receivables	<u>750.00</u>	3,226.97
(See Schedule #2 for Comment)		
Accounts Receivable		3,356.75
(Consists Mainly of Accounts for Equipment and Merchandise Sold During Liquidation)		
New York Buying Office Claim with Falc (Confirmed by Letter)		650.00
Prepaid Insurance Premiums Receivable (See Footnote on Schedule #5)		2,250.00
Fire Insurance Claim (No Confirmation-Estimate on Movie Equipment Burned-Original Cost \$3,800.00)		1,000.00
Excess Profits Tax Refund Bonds (The Bonds became Payable 1-1-46)		737.51
Federal Income & Excess Profits Tax Refund Claim (Based on Taxes Paid and Letter Granting Exemption for all the Centers)		9,502.60
Watch Repair Supplies on Hand (Sold 1-10-46)		150.00
Furniture and Equipment (See Schedule #6)		1,133.50
Check Returned for Signature		<u>2.00</u>
<u>TOTAL ASSETS</u>		<u>\$58,248.19</u>

It is very doubtful if all the freight claims and receivables for merchandise can be collected and, therefore, an allowance was made for bad receivables. The allowance based on disputed accounts and age of freight claims. The freight and express companies should be immediately contacted and the validity of all the old claims determined. The other assets subject to notes are considered 100% good.

Liabilities:

Accounts Payable (Includes WRA December Account and an estimated January Charges and Tel. Bill)	\$ 100.00
Accrued Wages (Estimated for January pluss Bonus Voted by the Board)	7,768.04
Payroll Taxes (Based upon the Above Estimates)	468.00
Board of Directors Expense (Expense Incurred during Course of Liquidation)	341.25
Trustees Fees Voted by Membership	2,000.00
Patronage Refunds Payable 7-1 to 9-30-45 (Total \$14,543.28 less Payments \$7,521.32)	7,021.96

Continued on Next Page

Liabilities: (Continued)	
Memberships Outstanding	\$ 1,549.00
Certificates of Outstanding	3,742.50
Provision for Trustees Expense and Contingent Liabil.	13,000.00
Final Allocation to Patrons	<u>22,257.44</u>
TOTAL LIABILITIES	\$58,248.19

Portion of the certificates of Indebtedness outstanding are for patrons who have moved away and cannot be located. It is reasonable to estimate that approximately 50% of these certificates will remain unpaid due to this situation. The reason for the large provision for trustees expense and contingent liabilities is that the date of the collection of the Income Tax claim could not be determined. The Board wished to make the final allocation at the center because large portion of the patrons are still there and all the necessary records and data are on hand. Therefore, the final allocation had to be based on the assets that can be converted into cash with the least possible delay. Otherwise if the checks and payments for the final allocation were based on a larger return the trustees would find themselves in a position where they would not have sufficient cash to meet the payments.

The final allocation could have been deferred until the payment date of the Income Tax would be ascertained, but this might take several months or even a year, and the expense involved in hiring help outside and straighten out all the patronage records after they have been shipped from the center, locating the patrons, etc., would absorb the additional funds that would be available for distribution at that time.

It was, therefore, considered wise to make the final allocation immediately although a somewhat larger provision for expense and contingencies had to be set up due to the circumstances.

General

I have compiled a combined operating Statement from May 28, 1942 to January 9, 1946, the date of the final audit. In brief this statement can be summarized as follows:

Total Sales	\$ 5,001,710.07
Less: Cost of Goods Sold	<u>4,050,045.07</u>
<u>Gross Margin</u>	\$ 951,665.00 19.02%
Operating Expenses (Includes Non-Operating Income and Expense)	<u>468,788.19</u> 9.37%
<u>Returned to Patrons as a Patronage Refund on a Patronage Basis</u>	\$ 482,876.81 9.65%

The operating expenses include all the charges that have been made against the savings through surplus account and also all of the liquidation expense. Therefore, the \$482,876.81 represents the actual amount paid back to the patrons or in process of payment. For every dollar spent to the cooperative by the patrons a little better than 9½¢ is returned back.

A comparison with other centers, Poston and Manzanar, your total return is approximately .01.4¢ more than at these centers.

In closing I wish to state, and I am sure that the Board and the membership will agree with me, that the cooperative way of distribution of needs in the form of merchandise and services has benefited the evacuees. It is to be understood that your cooperative has followed prevailing prices on merchandise and that the above return is not due to higher retail prices. In fact, the service shops, has followed much lower charges than is charged for the same services on the outside. Therefore, it can be stated that the cooperative has saved the patrons approximately 10 cents on each sales dollar.

The cooperative has also offered practical experience to many of the young and older people that have been in the key positions in the accounting, management and other offices.

I wish to take this opportunity to express my appreciations to the Board of Directors, Management and Office Staff for the splendid cooperation and courtesies extended during the several audit engagements.

Respectfully submitted,

Henry Tienan
