Dear Mr. Collins:

As the Field Representative for the new Congressman from our Third Congressional District, it was a pleasure to be of assistance to one of the plaintiffs in contesting renunciation cases in the Federal Courts.

Mr. Masao Ioka is a friend of mine whom I have known for at least three years. This afternoon I accompanied him to the U. S. Immigration Branch Office in the Post Office Building, followed your instructions faithfully in the presence of Mr. C. A. Christianson---one of the interviewers---signed both forms, and attached one form to the "Alien Registration Card" which we then left with the clerk at the "Inquiry" window of the Post Office.

Very truly yours,

*Carson P. Sheetz*

Note: The Immigration Officials would not permit Mr. Ioka to be fingerprinted. They maintained that he must have been fingerprinted at the time of residence in the War Relocation Camp or at the time of his renunciation of citizenship. They recommended that he apply for a duplicate "Alien Registration Card" in view of the fact that he doesn't have one. For that matter he can't remember of ever having had such a card. . . If for any reason he should not apply for the duplicate registration card, please notify him or notify me at once. His address: Mr. Masao Ioka, 1515 - 6th Street, Sacramento.

TO: The Attorney General of the United States; and the Department of Justice, Immigration and Naturalization Service.

Under the provisions of the Alien Registration Act of 1940, as amended, Sections 262(a), 264(b), 264(c), 264(e) and 265 of the Immigration and Nationality Act, 1952, (Public Law 414, 82nd Congress, 2nd Session), and regulations adopted pursuant thereto, the undersigned, under protest, submits to registration, fingerprinting and the giving of notice of his/her current address and any future changes in address for his/her own protection and asserts and claims as follows:

(1) I do not believe and I deny that I am subject to registration and fingerprinting and the giving of the above-mentioned notices of my current address and any future changes in my address under the provisions of the above-mentioned laws but, for my own protection and under protest, I submit to registration and being fingerprinted thereunder and hereafter will notify the Attorney General, in writing, of my current address and of any changes in my address, as thereby provided;

(2) I deny that I am an alien, a foreigner or a stateless person;

(3) I claim and assert that continuously since my birth in the United States I have been and now am a citizen of the United States by birth;

(4) In 1944 or 1945 during the late war I involuntarily executed a purported application for renunciation and purportedly renounced U. S. nationality under the provisions of Title 8 U. S. Code, Section 801(i), while I was detained illegally in a U. S. War Relocation or Segregation Center and was held in duress by authority of the U. S. Government and was subjected to duress and coercion which caused me to sign said renunciation application and make such purported renunciation;

(5) I am a party plaintiff in mass class equity suits, Consolidated Nos. 25294 and 25295, entitled Abo, et al., v. McGranery, et al., and Furuya, et al., v. McGranery, et al., presently pending in the U. S. District Court for the Northern District of California, Southern Division, at San Francisco, California, brought on November 13, 1945, to have my said renunciation application, renunciation and the order of the Attorney General approving said renunciation cancelled, invalidated and voided as having been involuntary and the product of fear induced by coercion and duress and for contravening the U. S. Constitution;

(6) I assert and claim that I did not become, by reason of my said purported renunciation of U. S. nationality, so made, either an "alien", a "foreigner" or a "stateless" person;

(7) I assert and claim that my said renunciation is invalid and void ab initio; and

(8) I assert and claim I still am a national and citizen of the United States by birth.
