By October 1 temporary Block Managers had been appointed to assist in the organization of the Blocks. A permanent Block organization is now being worked out and an election of permanent Block Managers was held on Thursday, October 29. The first steps in the formation of the Community Government in this Center have just been taken. An election of representatives of the temporary Council will be held on Wednesday, November 11. Announcements of this election, together with regulations governing it, are being distributed to Block Managers at this time.

Funds for public Assistance Grant only became available in December. As indicated above, fifteen family units received grants in December, a total sum of \$70.50 being paid out. Other major activities during December included issuance of clothing to 59 families. During the past month, Welfare Department changed its name to Social Service Department, inasmuch as it is felt that the new name would have better effect on the people of the community through removing part of stigma of "relief".

At the present time, the department is attempting to build up a better case work service and Training Course has commenced.

GENERAL COMMENT: (Discuss briefly major activity and developments in Public Welfare field this month; also plans, problems, expected developments in near future; suggestions and recommendations.)

The \$890.00 includes grants for clothing. Money was first available the latter part of December.

Major activity in January was improving the quality of case records, as the department reached the point where the quantitative aspects could be readily handled.

Resolutions adopted for the month of  
January 1943

1. Request Project Director to use all his power to provide Center with shade trees and recommend that this matter be given early attention inasmuch as the end of the dormant season for deciduous trees is nearly over.
2. Council go on record opposing granting of permits to any groups or individuals to offer for sale, any merchandise directly to people of this Center except through regular channels.
3. That Project Director do all in his power to facilitate standard recognition of the Community Hospital and also the Public Schools in order that proper student credit may be obtained.
4. That the Medical Department, so far as possible, complete a physical check-up of all personnel employed where they might endanger the health of the community.
5. Council go on record, recommending that Councilmen be put on the payroll, retroactive to January 1, 1943.
6. Recommend to proper authorities that concrete walks be provided at entrance and exits of mess halls where necessary, for sanitary purposes.

The past month witnessed a substantial increase in the number of cases in which the Welfare Department paid for broken glasses. The case apparently has reached a plateau of around 160-170 cases for Butte Community. Effective March 1, Clothing Allowance Section, Housing Section and Evacuee Property Section were transferred to come within the scope of Welfare Section. On March 1, a Caucasian was appointed as Assistant Counselor to have direct supervision of Housing, Evacuee Property and Clothing problems.

Chief development in public welfare activity this month lay in the field of supplying glasses and denture needs. The Welfare staff devised a scale objectively to define a need. Biggest expected development is in the problem of resettlement. Welfare Department plans to change from assigning cases to workers by type to the concept of assigning a certain areas to case workers. Much counseling will be done to assist family to plan for resettlement.

The chief development during April consisted of payments for Assistance to families for resettlement purposes. This endeavor was begun April 10 and approximately 55 families were given such aid. In connection with this the department has commenced its program of having a social worker interview families resettling to assist in planning, giving information about cost of living, giving attention to any special problems ~~xxx~~ the family might have.

The resettlement program is draining providers of family units, thereby increasing the number of public assistance cases until material aid comes from the resettled member or until the remainder members are called. The first contingent of 15 evacuee families left the project May 24 to join interned fathers and husbands in Crystal City, Family Camp. Owing to the rise in juvenile delinquency problems, a probation officer has been added to the Social Service Staff in conjunction with the newly organized Juvenile Guidance Council.

GENERAL COMMENT: (Discuss briefly major activity and developments in Public Welfare field this month; also plans, problems, expected developments in near future; suggestions and recommendations.)

The trend of an increased caseload in public assistance continues. The increase in June as against May was greater than previous gains. The reasons for this can be found in the number of workers who do seasonal labor on a contract basis leaving their families here and need of aid. Toward the end of June also, for the first time on this project some employable workers were unable to receive job. This will be increased in July due to general reduction in personnel. With regard to the new Probation Department of the Welfare Section only one new case of delinquency came up during the month. It is probably too early to say that the Guidance Council and Probation Department have succeeded in decreasing the delinquency rate. An increase can be looked for during the summer with the closing of the regular school term. Assistance for resettlement first granted in May \$32,000.00 increased in June to \$42,233.98.

Our outstanding event during this month was an Educational Moving Picture "Men of the F.B.I. showing their training, problems and a hypothetical sabotage case. In addition to the picture a lecture by Special Agent Edward Smart was given dealing with the importance of evidence and citing cases where the offender was arrested and convicted on chains of circumstantial evidence. The show and lecture was enjoyed and I believe was beneficial to the police of both our communities.

Through this month a campaign was instituted to prevent traffic violations and accidents. Numerous drivers have been stopped and warned and stronger discipline is anticipated if educational efforts are of no avail.

It is becoming extremely difficult to keep our ranks filled with competent personnel which is understandable due to the fact that our police are relocating which we are constantly advising them to do. It is felt that at this time additional appointed personnel will be necessary in the near future.

Our traffic campaign is progressing very satisfactorily. Several licenses have been revoked but so far no other disciplinary action has been enforced.

All other phases of our police work are more or less normal and well under control. We are experiencing difficulty in obtaining the service of competent personnel for our Police ranks.

We have had 18 terminations on our Internal Security force in the past month. All of these except one are due to relocation.

We are having a little unrest in the community at the present time, this is probably due to the closing of the Centers. It seems at the present time that it may get worse as it gets closer to the time when all the people will have to leave, we are taking steps at the present time to control the younger people and hope that nothing serious will present itself before the closing date.
