Honorable Francis P. Healey  
District Attorney of Contra Costa County  
Martinez, California

Dear Sir:

I desire to acknowledge receipt of both pages of the two-page map of your County which was sent to you in connection with the Alien Land Law survey being carried on by this office. Your courtesy and cooperation in connection with the completion and return of these maps are greatly appreciated.

As yet, Richmond is the only City map which I have received from you. I realize that the preparation of these maps is a tedious task, but we are finding more and more use for them every day. I will greatly appreciate anything which you can do to get the maps of the other cities in your County in my hands at an early date.

I presume that there will probably be material changes in connection with the maps of your County which reflect the location of Japanese thereon. If, at any time, any changes seem sufficiently important, I would appreciate it very much if you would advise me of these changes so that I can make the proper notations on the maps which I have here in this office. If you should deem it advisable, I will be very glad to return to you all or a part of the maps which you previously sent in to me, and thus give you an opportunity to make any changes, corrections or additions which may be necessary.

Very truly yours,

EARL WARREN, Attorney General

Dear Mr. Halbert:

Your letter of March 9th, requesting the alien citizens maps of cities other than Richmond in this county, received.

Our Deputy County Surveyor, who has been handling this for us, is ill with the flu, and the matter has escaped my attention. He will, no doubt, be back in a few days, and I will send the maps to you.

Yours very truly,

FRANCIS P. HEALEY
