I rode in a jeep one or two weeks ago to a wedding. It was a funny one, a man called to the groom to come from the front of the room. He went up, then when he called the bride to come, he walked slowly too slow, and didn't keep time with the piano. The bride's relatives always pull the bride dress up a little so she won't step on it. The groom found out that he had forgot to bring the ring so a lady went out and brought the ring to a man. after that we had dinner, it was a american dinner

Today is the 29th of Oct. and mom said that we going to go to Hong Kong on Nov. 5. The ship name is S.S. TJITJALENKA.

Mr. Sherman Gee

Dear Mr. Gee:

I want to compliment you on your scholastic performance during the past year and to extend my sincerest wishes that you will continue to maintain your excellent record during the balance of your stay at the University. You should feel a great sense of accomplishment in attaining your high grade-point standing in your engineering curriculum, especially in view of the keen competition which you experienced. It is my belief that those who are successful in their engineering studies will, in general, be equally successful in the engineering profession upon graduation.

I would like to have the pleasure of meeting you and discussing with you your experiences during the past year and your plans for the future. If you have the time and wish to do so, I suggest that you arrange an appointment with me by calling at Room 318 Engineering Building.

Again, my congratulations.

Sincerely yours,

J. A. Putnam

Mom says that you have to write
Sat. or Sun.

I heard you got a new bike
Mom says if you sell my old bike
for \$20, she will buy me a new
bike. We bought the bike for \$15
and we bought the fender and
bell our selves. add it all up
and the sum shall be the price
of the bike

Did you buy any new comics
yet? "I did" I bought Nyoko and Whiz.
some other guys gave me some too. I
lost one of the comics we bought in
Honolulu. How many comics you got,
I got about 14 of them.

Joseph is skinnier and I am stronger,
just like you I bet.

The wallet I lost on the ship had about
\$2 in it

You know how much currency is in
it don't you. Sherman Gee
