Dear Mr. Collins.

I sent you a telegram, when I recieved a notice from the Philadelphia immigration dept; my hearing for suspension of deportation to Peru was reopened.

I was at the hearing, the immigration officer closed the hearing and said he would give me more time to get better information + advise. The immigration officer said that I may have an attorney or counsel present at the hearing.

Can you please recommend someone in Philadelphia or send me detailed instructions to help me thru the hearing?

This is very important to me as I am now married and will have a child this winter.

Yours truly

Dear Mr. Yakabi:

In reply to your recent inquiry, I wish to inform you that the applications of the various qualified Peruvian aliens and their family members for a suspension of deportation either have been or soon will be granted. Thereafter, individual hearings will be held on those applications in Philadelphia.

Obviously, it will be impossible for me to appear and represent the respective families at the said hearings. In addition thereto, I deem it to be unnecessary for an attorney to represent any of you at said hearings. You may obtain friends to represent you thereat or merely appear in person and produce the documentary evidence and give the oral testimony that is required in connection with the application for suspension of deportation.

Mr. Harold S. Fistere, Personnel Director at Seabrook Farms Company, already has volunteered to act as the representative of Roshiro Mukoyama. It is likely that he also will be perfectly willing to assist the remaining Peruvians who are eligible for a like suspension of deportation. In the event that the application of any individual should for any reason be denied, I shall intervene on the behalf of such person or persons. In consequence, I would thank you to keep me informed as to the progress of your application for suspension of deportation.

Very truly yours,

From the evidence adduced, I conclude that the respondent, Shinei Yakabi:

(1) IS SUBJECT TO DEPORTATION, as follows:

Under the Passport Act approved May 22, 1918, as amended, and the Act of Feb. 5, 1917, on the ground that, at the time of entry, he did not present an unexpired passport or official document in the nature of a passport issued by the government of the country to which he owes allegiance or other travel document showing his origin and identity, as required by Executive Order in effect at time of entry; and

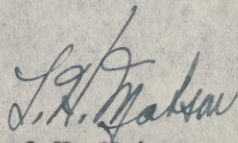

Under Sections 13 and 14 of the Immigration Act of May 26, 1924, on the ground that, at the time of entry, he was an immigrant not in possession of a valid immigration visa and not exempted from the presentation thereof by said Act or regulations made thereunder; and

Under Sections 13 and 14 of the Immigration Act of May 26, 1924, on the ground that he is an alien ineligible to citizenship and was not entitled to enter the United States under any exception of Paragraph (c), Section 13 thereof.

(2) IS ELIGIBLE FOR SUSPENSION OF DEPORTATION under Section 19(c)(2) of the Immigration Act of February 5, 1917, as amended.

Upon the basis of the entire record, I recommend that deportation of the respondent be suspended.

IN DEPORTATION PROCEEDINGS

IN BEHALF OF RESPONDENT: Wayne Collins, Esquire
American Civil Liberties Union
San Francisco, California

CHARGES:

Warrant: Act of 1918 - No passport
Act of 1924 - No immigration visa
Act of 1924 - Ineligible to citizenship

Lodged: None

APPLICATION: Suspension of deportation - Economic detriment

DETENTION STATUS: Released on own recognizance

DISCUSSION AS TO DEPORTABILITY: The record relates to a 27-year-old married male, a native of Peru and citizen of Japan, who last entered the United States at San Francisco, California on June 15, 1943. He was denied admission by a Board of Special Inquiry on the grounds that he was an immigrant alien not in possession of a valid immigration visa, that he was an alien ineligible to citizenship and not entitled to enter the United States under any exception under paragraph 13(c) of the Immigration Act of May 26, 1924, and that he was not in possession of an unexpired passport or official document in the nature of a passport as required by the Passport Act of May 22, 1918, as amended. He was thereupon interned as an enemy alien until August 16, 1946 when he was paroled. He has never received permission to remain permanently in the United States. He has resided here continuously since the date of his entry. He is deportable on the grounds shown in the warrant.

DISCUSSION AS TO ELIGIBILITY FOR SUSPENSION OF DEPORTATION: The record shows that the respondent married a native born citizen of the United States at Bridgeton, New Jersey on November 6, 1948. Respondent and

his wife had known each other as co-workers for a period of about one year prior to the marriage. They are both of the Japanese race. The marriage has not been terminated. There are no children of the marriage, although, at the time of the hearing, a medical certificate was received indicating that respondent's wife was then pregnant and would give birth about December 30, 1949. Respondent and his wife reside together at Seabrook Farms, New Jersey where the husband is a laborer in a cannery, earning about \$45 per week. Until pregnancy interfered respondent's wife was also employed at the same place, earning about the same salary. She intends to return to work as soon after the birth of her child as possible. Their joint assets total more than \$1,500. Deportation of respondent would deprive him of employment and require the maintenance of separate households. It would substantially reduce the income now available to the citizen wife for her support. It is apparent that the alien's deportation would result in a serious economic detriment to his citizen wife. Affidavits, documents, and other evidence have established that respondent has been a person of good moral character for the preceding five years. A check of the appropriate local and federal records has failed to reveal an arrest or criminal record. Investigation has not disclosed any evidence of subversive activity. On the record, the alien has established his eligibility for suspension of deportation.

RECOMMENDATION: It is recommended that the deportation of the alien be suspended under the provisions of Section 19(c)(2)(a) of the Immigration Act of 1917, as amended.

IT IS FURTHER RECOMMENDED that if Congress approves the suspension of the alien's deportation, the proceedings be cancelled, and the alien, a nonquota immigrant, be not charged to any quota.

Dear Mr. Collins

Several years ago I wrote and asked you for advise about my marrying a young Peruvian man. Your answer was very nice & I did marry him. I am very happy with him and my two girls.

My husband has come a long hard way but from now on the future is bright and clear for us all. He is a permanent resident now and will soon become a citizen.

We ~~are~~ are all caught up with our many papers and bills, and so this year we were able to send you \$200. thru our spokesman here in Seabrook. I know this is not nearly enough for all you had to put up with.

I don't know the proper words, but I thank you for my husband & his people.

Best wishes for the holiday season.

Sincerely,

ARTHUR SHINEI
