COLORADO RIVER RELOCATION CENTER
Poston, Arizona

May 31, 1945

MEMO TO: Duncan Mills

SUBJECT: April 15, 1945 Census population by blocks

There is appended hereto a copy of the block population as determined by the April 15 Census, together with the net decrease in population between April 15 and May 19, and the resultant center population as of May 19.

It will be noted that this reconciliation in center population data results in an increase of some 71 persons over the population reported on the Daily Evacuee Population Summary for May 19, 1945.

Margie Miller

Due to an error in the April 15th census, Block 46 was reported as having 44 more individuals than were actually in residence at that time. For this reason, the current population figure for Block 46 is actually 44 less than the figure shown in this report. The figure for Camp I and for the Center as a whole is therefore 44 less than shown. This error will be corrected on the population report when the June 30th census has been analyzed, at which time the weekly telegraphic report will also be corrected.

POPULATION OF COLORADO RIVER BY CAMPS AND BY BLOCKS
JUNE 9, 1945 - JUNE 16, 1945

Note: Includes persons in residence and on short-term as of June 9; departures of a terminal nature and admissions between June 9, and June 16; and resultant population as of June 16. Population data does not include visitors.

a Failure on the part of Field Officers to report extensions resulted in our granting two conversions in error on June 11; both individuals returned from short-term leave on June 25.

Harry Gage

Due to an error in the April 15th Census, Block 46 was reported as having 44 more individuals than were actually in residence at that time. For this reason, the current population figure for Block 46 is actually 44 less than the figure shown in this report. The figure for Camp I and for the Center as a whole is therefore 44 less than shown. This error will be corrected on the population report when the June 30th Census has been analyzed, at which time the weekly telegraphic report will also be corrected.

POPULATION OF COLORADO RIVER BY CAMPS AND BY BLOCKS
JUNE 30, 1945- JULY 7, 1945

Includes persons in residence and on Short-term as of June 30; departures of a terminal nature and admissions between June 30 and July 7; and resultant population as of July 7. Population data does not include visitors.

Due to an error in the April 15th Census, Block 46 was reported as having 44 more individuals than were actually in residence at that time. For this reason, the current population figure for Block 46 is actually 44 less than the figure shown in this report. The figure for Camp I and for the Center as a whole is therefore 44 less than shown. This error will be corrected on the population report when the June 30th Census has been analyzed, at which time the weekly telegraphic report will also be corrected.

POPULATION OF COLORADO RIVER BY CAMPS AND BY BLOCKS
JULY 21, 1945 - JULY 28, 1945

Includes persons in residence and Short-term as of July 21; departures of a terminal nature and admissions between July 21 and July 28; and resultant population as of July 28. Population data does not include visitors

- a) Failure on the part of Relocation field officers to report extensions of short-term leave caused the issuance in error of two changes of status to residents of Block 16 on August 10th. These individuals subsequently returned from short-term leave.
- b) Due to an error in leave processing a visitor in Block 326 departed on terminal leave on August 2nd.

- a) Population changes other than net decrease were caused by incorrect block address on previous departure.
- b) Population changes other than net decrease are due to families moving from Units II and III to Unit I. At the present time there is no record of where 11 persons in Unit I are residing.

Mr. Mills
