We in the school office are very anxious to complete our Administrative Calendar. This calendar must include all events; meetings, both social and business; activities; and significant dates for the entire school year.

Please report to me in writing by ~~Friday, February 25~~ <sup>Friday, March 3</sup>, the dates and events that are planned between now and June 10. Please note that a complete report is desired, including not only social events but all activities such as class meetings, cabinet meetings, council meetings, Senior Week activities and the like.

There will be no time to send you a reminder to get this task done. A copy of the major events and activities that have already been determined is attached for your guidance. As soon as your requests and plans are in, decision will be made and Administrative Calendar will be published.

Peston I Elementary School  
Circular #9  
January 17, 1944

### ELEMENTARY SCHOOL CALENDAR (Weekly)

It seems desirable to use a "calendar" to notify teachers of all meetings that are to be held each week and of any special programs or activities of the elementary grades that are not included in the regular routine of the school day.

This calendar will be prepared each Friday for the following week. Teachers may get their copy of same when they come to the school office that afternoon. All notices of committee meetings or other activities that teachers wish to have appear on the "calendar" should be submitted to the school office before 5:00 P. M. each Thursday.

If our meetings accomplish the purposes for which they are planned, it is necessary to have in attendance all teachers concerned. It is hoped that by scheduling meetings in advance, all absences except that occasioned by illness can be avoided.

There may be emergencies when it will be necessary to call "special" meetings on very short notice, but for the most part, we shall try very hard to conform to the use of the "calendar" in notifying you of meetings you are expected to attend.

During the second half of our school year, it will be necessary to have more meetings of each grade group. As soon as the curriculum guides are ready for distribution there is much planning to be done with reference to their utilization on each grade level. These grade group meetings will provide opportunities for the committee representatives to present matters to the teachers they represent and to get expressions of opinions to take to their various committee meetings. This should be eliminate much of the need for the larger group meetings.

Notice to teachers:

The school assembly hall will be used by the high school each Monday and Wednesday all day (until 4:00 P. M.) and on Thursday mornings. In planning your practices, please take note of this.

All practices as well as programs involving the use of the assembly hall should be scheduled the preceding week so that they may appear on the weekly calendar.

Please hand in all notices that should appear on the calendar before 5:00 P. M. each Thursday.

The teachers' meeting next Saturday morning will be devoted to a discussion of our elementary school curriculum. We are hoping that Dr. Harris can be present and will give us orally the "Foreward" to the curriculum guides.

These guides will be ready for distribution Friday afternoon, February 4. That will give you an opportunity to sketch through your copy briefly before the meeting.

10:30 A. M. - Nature Study Field Trip and Picnic - Entire Elementary School Staff invited to go. Group will meet at Elementary School Office.

Announcements:

Next week we hope to announce definite times each week when the school assembly hall will be available exclusively for the use of the elementary school.

It is very important that elementary teachers schedule all practices involving the use of the school assembly hall so that these can appear on the calendar.

Reminders:

Mid-year reports were due in the school office Friday, February 4, 1944.

Holes are appearing in the concrete in front of some of the school rooms. Please discuss this matter with your students.

Janitors are still sweeping paper out of the school rooms. No room should be dismissed until all scraps of paper are picked up (if they must collect on the floors). Now that we have janitor service, let us train the students to appreciate it by being good housekeepers!

REMINDERS

As you will note, we are having a meeting of the teachers in grades 1-6 next Saturday morning <sup>with Miss Rood</sup> as it has been some time since she has met with us as a group and there are several things which should be discussed. Since the theme of our Junior Red Cross program for March is "Making Peston a More Healthful Place in Which to Live", this will be an excellent period during which to re-emphasize health education in our classrooms. I am sure Miss Rood can give us many helpful suggestions for making our program more effective.

\*\*\*\*\*

Please announce to your class that no elementary school student is to go to the clinic unless accompanied by one of the parents.

\*\*\*\*\*

There are still some pitch pipes which may be requisitioned by the teachers.

\*\*\*\*\*

We have just received a copy of the Perry Picture catalogue which may be borrowed from the school office.

\* \* \* \*

Teachers in the adobe buildings will please lock their class rooms when they leave in the afternoons. Each room (except #5) now has two keys.

We are hoping to have the professional books on the elementary school level moved to Adobe 37 (Teachers' Conference Room) in the very near future. Our professional reading for the next few months should center around problems of teaching reading. We have several good references on teaching reading and the teachers' manuals accompanying our basic readers.

We now have 25 speedball pens which teachers may requisition if desired. These are in assorted sizes and types.

### REMINDERS

At our meeting last Saturday, time did not permit the discussion of several matters on the agenda that should have been taken up. Some of these will be held over until the meeting next Saturday (March 25).

In the meantime, your attention is called to the following:

We now have curtains that can be easily hung in room 37 thus providing a dark room. The balopticon is to be kept in the school office. Any time you wish to show pictures to your class, you may arrange with Miss Masui to use the room. She or Miss Matsubara will also be glad to assist you in using the machine. High school classes also use the balopticon in this room occasionally so it will be necessary for you to make your arrangements in advance.

Please send is written requests to have broken chairs removed from your class rooms. These requests should include the height and number of the chair. You will find these numbers on the lower side of the seat of the chair.

Miss Reed has sent over a box of health materials for your reference. They are in the new text book depository in the library.

The chart for testing eyes and also the yarn for testing color vision may be borrowed at any time from the school office. These will be loaned in the order in which they are requested.

REMINDERS

The elementary teachers' professional library has been moved to Adobe 37 and is now ready for use. A self-checking out system is being tried. Please feel free to use this library when you have time. The key to the book cabinet may be obtained in the school office.

\*\*\*\*\*

Spring house cleaning is in order! Let's try to improve the appearance of our classrooms in every way possible.

\*\*\*\*\*

Paint brushes are very scarce and expensive. Please see that they are taken care of properly when not in use.

ELEMENTARY SCHOOL CALENDAR  
Poston I

Week of April 3 - April 8, 1944

This "calendar" is designed to include all activities of the elementary school not included in the regular routine of the school day.

Monday, April 3

School population check: Each teacher will find out from her students how many are planning to leave Poston before the opening of another school year. This will give us only a rough estimate of our next year's school population, but will help in planning for next year.

Tuesday, April 4

The third quarter ends today. Students are dismissed for the remainder of the week. This will give time for preparing quarterly reports and holding conferences on plans for the last quarter.

Please announce to your students that the report cards will be given out at the close of school on Monday, April 10.

### REMINDERS

As you will note on the calendar, some changes have been made in the times of meeting of the various grade groups. This was necessitated by some problems with reference to these meetings that we did not foresee in the executive committee meeting last Tuesday. The major purpose of these meetings is to check upon the grade level attainments reached thus far.

When not in these grade group meetings, teachers will be free to work in their classrooms or in the library on their unit plans and evaluation of those units that have been completed.

The scales have been moved from Ward 7 to Adobe 40 (our school "clinic" room) and may be used at the teachers' convenience. Please report to Miss Matsubara when you wish to use them so that there will not be more than one room trying to use them at the same time. Miss Matsubara will assist you in recording the weights. Please do not send students to the office to be weighed. All students must be accompanied by their teachers.

Intermediate Teachers are reminded that "Personal and Family Information" forms were due in the school office last Friday, March 31.

Primary teachers will get the "Personal and Family Information" forms for their students from the school office if they have not already done so. These are to be filled out and handed in not later than Saturday, April 15. You may have access to the forms that have been submitted by the intermediate teachers in those cases where your students have brothers and sisters in the intermediate grades. That should simplify your problem a great deal in getting the information called for on these forms.

Jr. Red Cross Theme for April: "Making Poston a more attractive place in which to live." This theme should be emphasized in each classroom. Each classroom should be an example of cleanliness and orderliness as these are the first requisites of attractiveness.

Oily dust cloths must be kept in covered tin cans. Otherwise they are fire hazards.

#### NOTES ON LAST WEEK'S ACTIVITIES

As an outcome of the grade group conferences last week the following changes have been made:

The organizing theme for Grade III has been changed to Our Community and Other Present Day American Communities.

The theme for Grade IV is Exploration; Primitive and Pioneer Communities.

These changes seem justifiable in order that we may use our basic text and reference books to the best advantage and on grade levels where they are on the students' reading ability level.

The following changes were made in the allocation of text books:

Books to be transferred from Grade II to Grade III:

"Dean and Don at the Dairy"  
"To Market We Go"  
"Jimmy the Groceryman"  
"Susan's Neighbors"

Books to be transferred to Grade IV from Grade III

"Without Machinery"

It is likely that other changes in allocations will be made before another school year. Please be thinking about this matter and talk over with your text book committee representative such changes as you think are desirable.

I am sure we all feel deeply indebted to Dr. Bartlett for the splendid talk she gave us last Saturday morning on Mental Hygiene.

The following committee has been named to plan for the end-of-June entertainment to be put on by the elementary school units:

Miss Youngdahl, chairman  
Miss Huey  
Miss Kinoshita

Mrs. Girdler  
Miss Nakasaki

This entertainment is to be our major summer activity, and I trust that it can be made a pleasurable activity for both teachers and students and the elements of drudgery eliminated in so far as possible.

If you have not already done so, please hand in as soon as possible your reports on number of students in your room who say there is a possibility of their re-locating before another school year. Please do not send written questionnaires to the homes. These reports are being called for only to get a very general idea as to the possible decrease in numbers that we may expect.

Note to Teachers

The picture library is now ready for circulation. It is kept in the text book room of the library. Pictures may be checked out on the same plan as library books.

(Over)

As you will note on the calendar, the spring group testing begins this week. General ability tests will be given first, and achievement tests will be deferred as late in the school year as is possible.

Plans and suggestive outlines for end-of-the-year curricular reports will be presented at our next general meeting on Saturday, May 6.

It is necessary to submit as soon as possible our supply requests for the first quarter of the next school year. Please confer with your supply committee representative before Saturday, April 29 and suggest supplies that you would like to have for next year that you have not had this year. Also please suggest the elimination of any supplies you feel are not necessary.

Hereafter Miss Nakasaki will represent the pre-school on the Supplies Committee.

Miss Breeze

## NOTES TO TEACHERS

The grade group meetings during the past week have covered in general the following points:

1. Arranging times for taking final action on teachers' retention or acceleration recommendations
2. Preparing lists of students in each room who are badly in need of some remedial work but who for other reasons should go on into the next grade.
3. Final weighing and measuring: This is to be done some time after May 20.

Groups in the recreation halls will weigh in the mornings and those in the adobes in the afternoons.

Please be sure that the scales are balanced properly before weighing students. One of the office girls will be glad to assist you if you request it.

4. ~~End of the year~~ standard test schedules arranged: These will appear on the calendar each week.
5. Decision as to the type of sample of student's work to be put into his permanent folder.
6. Bases for promotions were discussed on each grade level.
7. Date for giving out report cards: Friday P. M. June 9.
8. Office letter to parents outlining plans for the summer.

We now have enough films to make two pictures of each room. Please let me know when you wish to do this or have us do it. We are using a borrowed kodak and I hope we can finish with it before too long.

S. O. S.

Will the teachers who still have out copies of the Gates Manual please return same at once?

NOTES TO TEACHERS

There will be an exhibit of class material from the physiology, biology, and general science high school classes in Adobe 26, Saturday May 20, from 2:00 P. M. to 4:00 P. M. You are all invited to attend this exhibit.

(Over)

There will be an exhibit of work done by adults in Camp I on May 20 and 21. This exhibit is to be held in the school auditorium and you are all invited to attend.

If each grade group will hand in its weighing schedule at least one week in advance, it will help a great deal in avoiding the confusing in using the scales.

The Junior Red Cross sponsors met last Wednesday afternoon and made final plans for spending the \$50.00 for books that was donated to us by the Pasadena Junior Red Cross. They decided to place both the primary and intermediate subscription for the Junior Literary Guild book each month and pay for that during the first four months out of this fund. We hope by that time to find enough money to continue the subscription. The rest of the money was divided evenly among the seven groups and each group submitted a list of books to cover its apportionment. These books will be bought in Phoenix next week if in stock, and if not, orders will be placed for same.

Please remember the party for the Junior Red Cross <sup>representatives</sup> ~~sponsors~~ at 2:00 P. M. next Friday in the school auditorium.

Please remember to get in your recommendations for acceleration and retardation at least three days before the meeting is called to consider these cases. It will take sometime to assemble that much data in the school office.

## NOTES TO TEACHERS

If you have not already done so, please arrange for the final weighing and measuring of your class and schedule same with Miss Masui.

The following notice is being sent to all high school teachers by Mr. Girdler:

There is now a teacher key for every room in the adobe buildings. **THESE MUST NOT BE LOST!!**

The following procedure MUST be adopted: when a teacher leaves her room at night, she MUST close every window and fasten all of those provided with catches. She MUST then lock the door.

There is no other way that teachers can free themselves from the responsibility for lost or stolen property. After the teacher has locked the door, her responsibility ceases. It is only by a careful observation of this simple procedure that teachers can be freed from the responsibility for equipment in their rooms. I, personally, will not defend any teacher who does not comply with these regulations.

(Signed) John Girdler, Principal

We shall adopt the same procedure with reference to the elementary school. May I emphasize the MUSTS on this notice.

Please turn in to the school office before noon Tuesday, May 30 the orders for all pictures that have already been finished. All orders should be accompanied by the correct change to avoid complicated bookkeeping. Miss Nimura is in charge of these orders. As soon as the pictures are received, they will be sent to your class room for distribution. A later order will be sent for those rooms which have not yet received their sample prints.

All requests for terminations must be presented in writing at least seven days before they are to become effective. This is in compliance with the Project Director's request. If you can possibly do so, I trust that you will give us even a longer notification than this. We are so limited in the number of employees we may carry that we have no reserves and on account of the scarcity of available people now in camp, it is necessary for us to plan ahead in filling vacancies to protect the best interests of our school pupils.

We have a form for these notifications of terminations. If you care to use same, ask Miss Nimura for a blank.

The elementary school may now use the school assembly hall every morning from 8:00 A. M. until 11:00 A. M.

#### NOTES TO TEACHERS:

Please announce to your pupils that they are not to check out any library books from the school library next week, (June 5-10) but they may begin checking out again on Monday, June 12. Also announce to them that they are to return to the school library next week any books that they now have out.

Next week you will receive definite instructions with reference to the checking in of your textbooks and school supplies. Those teachers who are leaving at the close of the regular session will also arrange with Miss Masui, property clerk, to have classroom equipment checked.

No regular school supplies will be issued after this week except in the case of emergency.

Please turn in to the school office copies of your weight-height record as soon as you have weighed and measured the pupils. Miss Rood will transfer these to her records and then return them to us so that they can be recorded on to the student's permanent record.

Please bear in mind that the report cards for those students who are conditioned and to attend remedial classes in June are not to be given out next Friday. But these conditioned students will be given letters to take home. Please explain to them that they will receive their report cards on June 30.

Appointed personnel please note the memo on the bulletin board from the personnel office with reference to "Leave without pay." Also please note the memo from Mr. Mills with reference to the "Registration of Qualified Voters."

This will be the last issue of the "Weekly Calendar" until August. Please watch the bulletin board in the school office for notices with reference to summer activities.
