Dearest Yo -

Thank you so much for  
"The Rooster Who Understood Japanese."

It is such a thrill for us  
when your books come out. I  
know that you must be pleased  
too.

This book is so enjoyable  
to read, Yo. It has much  
humor and warmth. I always  
love the wonderful way you  
have of solving problems.

Thoughts are positive - "Everything  
is looking up" - and the  
future, bright. Korn and I

both love it.

It was a surprise that  
you had mentioned a mixed  
marriage in your book. It was  
done in such a beautiful way -  
It was great!

These wonderful stories can  
only be written by such a person  
as you.

Thanks again and  
congratulations

Love

Dearest Yo:

Just a short  
note to tell you that  
I thought the write-up  
in the Tribune was  
very good - and the  
picture was so nice -  
(you have "class," yo)  
I sent it down to  
Janice, I know that  
she will enjoy reading it -  
Thanks so much for  
sending her the graduation

There were several girls  
who did not graduate,  
as they became so  
involved in political  
affairs - I understand  
that this happened in  
many schools - I'll  
tell you all about ~~this~~ it,  
and also Peggy Fleming's  
fabulous wedding -  
maybe we'll be fortunate  
enough to have Carol  
join ~~us~~ <sup>us</sup> for lunch soon -

Love

Chie

Say hello to Kay

Carol - it was so sweet  
of you to remember -  
The Commencement exercises  
at Scripps was very  
nice - simple and very  
informal. It took place  
on Sunday afternoon  
at 4:30, outdoors, under  
the Elm Trees. The weather  
was just perfect. The  
only speaker was  
Dr. Margaret Mead, which  
was just perfect. She  
is such a marvelous  
woman - I just love her.
