PROCEEDINGS
of the
1978 Pre-Primary Election Convention
of the
California Labor Federation, AFL-CIO
(COPE)

Thursday, April 6, 1978
Civic Auditorium
San Francisco, California

Call to Order

The 1978 Pre-Primary Election Convention of the California Labor Federation, AFL-CIO, was called to order by President Albin J. Gruhn at 10:28 a.m. in the Civic Auditorium.

President Gruhn then led the Convention delegates in the pledge of allegiance to the flag of the United States of America.

Invocation

Reverend Monsignor James B. Flynn
Chairman, Commission on Social Justice
of the Archdiocese of San Francisco,
St. Peter's Church

Monsignor James B. Flynn was introduced by President Gruhn for the purpose of giving the invocation.

Monsignor Flynn spoke as follows:

"In the name of the Father and of the Son and of the Holy Spirit. God of our fathers, we are gathered here today at a time when the hallelujahs of Easter still echo in our ears. We recall those events and those truths by which You made us free. We are gathered here in the exercise of that freedom. We glory in our country and the right which we enjoy to choose freely the leadership of our government, but with every right comes a duty to exercise that right responsibly and for the common good.

"Help us today as we deliberate to be responsible as well as free members of our community. Let our choices be guided not by narrow self interests, but by the needs of all our people. Let not our yardstick be, What can he or she do for me? but rather which candidate will work most

effectively for a society that is just, that is free, that gives equal opportunity to all.

"We ask this, Father, in the name of Your Son Jesus, Who died but rose again and now lives forever and ever.

"In the name of the Son and of the Holy Spirit."

Welcome to Delegates and Visitors

Albin J. Gruhn
President

California Labor Federation, AFL-CIO

President Gruhn, Chairman of the Convention, addressed the delegates and visitors:

"As I welcome the delegates and guests to this 1978 Pre-Primary Election Convention of the California Labor Federation of the AFL-CIO, I cannot help but reflect upon the vital and important contribution that organized labor has made to the political and legislative processes of our beloved country, our state and our local communities.

"Organized labor has been and must continue to be the 'Force for Progress' in the political and legislative arenas of our nation's free and democratic society. We cannot, we must not, fail in carrying out this trust, not only in behalf of our members and their families but also in behalf of all the people of this country. For after all, as President George Meany has said, 'Organized labor is truly the people's lobby.'

"It is therefore not surprising that our free and great trade union movement has been singled out for extinction by the anti-union, anti-people forces in this country.

The National Association of Manufacturers (you have all heard of it) is one of the biggest organizations of businessmen in this country. Well, the NAM recently started something. It launched what it calls the Council on a Unionfree Environment.

"Now think about that phrase: 'Union-free Environment'. What does it mean to you? When we talk about a pollution free environment, what do we mean? We mean, Get rid of pollution. That is exactly what the NAM means by 'Unionfree Environment': Get rid of unions!

"The goal isn't really a new one for the NAM. After all, it is the outfit that launched the infamous open shop drive at the turn of the century and fathered the so-called 'right to work' laws. The NAM and its professional consultants are attacking trade unionism at its roots. They want to bust unions and shred their contracts.

"The attack on unions is political as well. The last few years have seen a tremendous growth in right wing extremists, political activity, growth in funding, which far exceeds labor's financial input into politics.

"And the right wing is running registration campaigns among voters it has identified as supporters of right wing, anti-union causes and candidates. It sets up phone banks, handles publicity and media campaigns, provides printed materials, gets out the vote among its backers. This has never been done before on such a wide scale and in such a well organized manner by the right wing extremists. Their target is the trade union movement.

"We must also face up to the fact that there are now about 450 corporate political action committees and they will probably have around \$25 million to dole out to anti-labor candidates for the House and Senate this year. And putting it together with right wing money, it would make a political war chest of about \$50 million—almost all of it targeted for use in weakening labor's economic, political and legislative effectiveness on behalf of its members, their families and the people of this nation.

"There is much unfinished business on organized labor's 1978 legislative agenda. For example, the National AFL-CIO is sponsoring legislation which is designed to implement more effectively, rights guaranteed to workers by streamlining NLRB procedures to end long delays and to penalize employers who flout federal labor law;

and a revision of the Hatch Act to allow 2.8 million federal and postal workers the right to participate fully in the nation's political life by strengthening safeguards enjoyed by all other American citizens; and as Secretary-Treasurer Henning has pointed out in his report (I shall just mention a couple of issues in each case that are vitally important), the increasing in California of both unemployment insurance benefits and permanent partial disability benefits, and extending collective bargaining rights to state college and university employees.

"Let us, therefore, at this pre-primary endorsement convention resolve to fight back against the dastardly attack upon our free trade union movement. Let us all work together in unity to help strengthen our local, state and national COPE's.

"Voter registration of union members and their families and our friends, the issue of education of union members and their families as well as getting out the vote of union members and their families, must be given high priority in the days and months ahead.

"Organized labor can win this fight against the anti-union attacks of the NAM and the right wing extremists. But we have to work hard at it.

"Let us always remember that 'In unity there is strength' whether it be on the economic or the political front!

"Thank you."

Report and Recommendations of the Executive Council (Standing Committee on Political Education) to the PRE-PRIMARY ELECTION CONVENTION of the CALIFORNIA LABOR FEDERATION, AFL-CIO

San Francisco, April 6, 1978

Chairman Gruhn called on Secretary-Treasurer Henning for a report of the Standing Committee on Political Education.

Secretary-Treasurer Henning spoke as follows:

"The Executive Council of the California Labor Federation, AFL-CIO met in the Sheraton-Palace Hotel, San Francisco, Wednesday, April 5, 1978, to consider candidates for election to the offices of Governor, Lieutenant Governor, Secretary of State of California, State Controller, State Treasurer, State Attorney General, Superintendent of Public Instruction, positions on the 13 ballot propositions and local central body COPE recommendations for election to the House of Representatives, State Senate, State Assembly and State Board of Equalization on the June 6, 1978 primary election ballot.

"In certain instances where no recommendation was received for the office in a party (meaning that a local body would forget to make a recommendation one way or another for, say, the Republican Party after having recommended for the Democratic Party) from the local central body COPE or from the appropriate area or district political organization in such area, a recommendation has been made by the Executive Council, which recommendations are preceded by an asterisk (*).

"In certain instances recommendations of the local central body COPE or the appropriate area or district political organization were rejected by the Executive Council by at least a vote of two-thirds of the membership eligible to vote of said

Executive Council, and recommendations were then made by the Executive Council. These recommendations are preceded by a double asterisk (**).

"Now, we at this time have a declaration before we proceed with the specific recommendations from the General Counsel with respect to that unfortunate law that was four years ago proposed as Proposition No. 9."

Remarks of General Counsel

Charles P. Scully

General Counsel of the California Labor Federation, AFL-CIO, Charles P. Scully, made the following comments regarding the Political Reform Act of 1974:

"Thank you, Mr. Secretary. Mr. Chairman and delegates. As the Secretary-Treasurer has indicated, after the passage of Proposition 9 the Agency took the position that your elected officials could not participate in any COPE activity because they were registered lobbyists. Litigation ensued thereafter; and with the permission of the AFL-CIO an amendment was made to the Constitution and submitted to the Agency.

"It originally rejected the amendment as not being proper, but subsequently has withdrawn that rejection and has now approved the amendment and states we may act within the scope of that provision.

"The provision is found at Page 47 of the Constitution of the Federation; and since it involves not only the elected officials of the Federation but also the delegates, with

the permission of the chair I would like to read a portion of it. And I am reading from Page 47; Subparagraph (F), Political Recommendations and Endorsements, Section 1. And it reads:

“Officers of the Federation, members of the Executive Council and delegates to a Special Pre-Primary Election Convention and/or a Pre-General Election Convention who are ‘lobbyists’ within a meaning of the State of California Political Reform Act of 1974 shall have voice but no vote in the political recommendations and endorsement process relating to candidates for State and Local offices outlined in this Article.’”

“That is the end of the reading.

“And so for the purpose of this convention the President, the Secretary-Treasurer and Vice President Finks will have voices in discussions on State and local issues, but will not participate in any vote. That does not mean that they cannot vote on the offices other than State and local.

“Any delegates who are ‘lobbyists’ are subject to the same restriction. And so while you may participate in the discussion with respect to State and local offices, you may not vote. That does not mean that you may not vote on ballot propositions, the congressional offices and so on.

“I hope that that complies, Mr. Secretary.”

Recommendations Announced

John F. Henning
Executive Secretary-Treasurer

Secretary-Treasurer Henning proceeded to announce the Executive Council's recommendations:

“The following recommendations are submitted by the Executive Council.

“The Executive Council of the California Labor Federation, AFL-CIO, together with the duly appointed advisory group, met in the Sheraton-Palace Hotel on April 3rd and 4th, 1978 to interview candidates for statewide office in the primary elections of June 6. On April 4 the advisory group made its recommendations to the Executive Council. The Executive Council then met in separate session April 5 and made the following recommendations to the Convention for statewide offices:”

Governor

The Executive Council recommended:

Democratic: **Edmund G. Brown, Jr.**
Republican: **No endorsement**

Secretary-Treasurer Henning moved adoption of the Executive Council's recommendation and his motion was seconded.

Delegate Ed Turner (Marine Cooks and Stewards, San Francisco) spoke in opposition to the Executive Council's recommendation.

Delegate Theodore Bikel (Actor's Equity Association, Hollywood) indicated he would abstain from voting on the motion.

Also speaking in opposition to the Executive Council's recommendation were delegates Warren Kessler (United Professors of California, Sacramento), Thomas Hunter (Plumbers and Steamfitters No. 467, Burlingame), Steve Harrington (Electrical Workers No. 11, Los Angeles), Stanley Smith (Building and Construction Trades Council, San Francisco) and Gary Weaver (Kern, Inyo and Mono Counties Central Labor Council, Bakersfield).

Delegate Weaver then moved the previous question and was ruled out of order by the Chairman because he had already spoken on the issue.

Speaking in support of the Executive Council's recommendation were delegates Hank Springer (United Teachers of Los Angeles, No. 1021), Wray Jacobs (Building Service Employees No. 87, San Francisco), William Robertson (Los Angeles County Federation of Labor, Los Angeles) and Scott Franklin (Los Angeles County Fire Fighters No. 1014, South Gate).

Delegate Larry Simcoe (Los Angeles County Fire Fighters No. 1014, South Gate) moved the previous question.

The motion was seconded and carried.

Division of the House

Delegate James Rotz (Plumbers and Steamfitters No. 447, Sacramento) requested a division of the house on the vote just taken.

The Sergeants-at-Arms counted those delegates in favor of the motion to close debate, and those opposed. Chairman Gruhn then announced that the motion carried by the necessary two-thirds majority.

Secretary-Treasurer Henning then spoke in support of the Executive Council's recommendation for the office of Governor.

Delegate Ed Turner (Marine Cooks and Stewards, San Francisco) requested a roll call vote.

Edmund G. Brown, Jr. Endorsed

The motion to adopt the Executive Coun-

cil's recommendation for the office of Governor was then carried.

Delegate Thomas Hunter (Plumbers and Steamfitters No. 467, Burlingame) raised a point of order and requested a roll call vote on the vote just taken.

Chairman Gruhn explained that the necessary 150 delegates requesting a roll call vote were not in evidence and then read the following:

"Delegates, I will just read this provision from the Rules of Order of Business that you adopted this morning:

"At the request of one hundred and fifty (150) delegates present and voting, any motion shall be voted on by roll call per capita vote of the delegates. When a roll call has been ordered, no adjournment shall take place until the result has been announced.'"

Chairman Gruhn next asked those delegates desiring a roll call vote to stand.

Chairman Gruhn indicated that there were not 150 delegates standing, therefore a roll call vote was not warranted.

Lieutenant Governor

The Executive Council recommended:

Democratic: **Mervyn M. Dymally**

Republican: **No Endorsement**

Secretary-Treasurer Henning moved adoption of the Executive Council's recommendation.

The motion was seconded and carried.

State Treasurer

The Executive Council recommended:

Republican: **No Endorsement**

The motion to adopt the Executive Council's recommendation was seconded and carried.

Secretary of State

The Executive Council recommended:

Democratic: **March Fong Eu**

Republican: **No Endorsement**

The motion to adopt the Executive Council's recommendation was seconded and carried.

Republican: **No Endorsement**

The motion to adopt the Executive Council's

recommendation was seconded and carried.

Attorney General

The Executive Council recommended:

Democratic: **Yvonne Brathwaite Burke**
and
Burt Pines

Republican: **No Endorsement**

Secretary-Treasurer Henning's motion to adopt the Executive Council's recommendation was seconded.

In answer to a question posed by Delegate Robert Morgan-Wilde (Office and Professional Employees No. 3, San Francisco), Secretary-Treasurer Henning explained the reason for the Executive Council's recommendation on the Democratic ticket for the office of Attorney General.

Delegate Timothy T. Nichols (Carpenters and Joiners No. 36, Oakland) discussed the endorsing process. Chairman Gruhn requested Delegate Nichols to discontinue his comments since they were not confined to the subject matter of the question.

Delegate Wray Jacobs (Building Service Employees No. 87, San Francisco) spoke in opposition to the Executive Council's recommendation.

Delegate William Waggoner (Operating Engineers No. 12, Los Angeles) moved the previous question. His motion, duly seconded, was carried.

Recommendation Adopted

The motion to adopt the Executive Council's recommendation for the office of Attorney-General was then carried.

Superintendent of Public Instruction

The Executive Council recommended:

Wilson Riles

The motion to adopt the Executive Council's recommendation was seconded and carried.

Endorsement Procedure

Chairman Gruhn explained the endorsement procedure the Convention would follow:

"As many of you recall from past conventions, the Secretary-Treasurer will read the recommendation of the Executive Council for each respective district; and if a question should arise concerning any recommendation, as the Secretary-Treasurer reads the recommendations, the delegate objecting should ask for recognition

from the Chairman and then request that the recommended endorsement be set aside to be taken up individually after the other recommended endorsements are acted upon. I call this to your attention.

"This will also be true as we go along in the other offices such as the State Assembly and the State Senate and Board of Equalization."

Chairman Gruhn called upon Secretary-Treasurer Henning for the Executive Council's recommendations.

Secretary-Treasurer Henning stated:

"Mr. Chairman and delegates, the Executive Council of the California Labor Federation, AFL-CIO in session at the Sheraton-Palace Hotel on April 5, 1978 to consider all COPE recommendations in the elections for United States Congress, State Assembly, State Senate and State Board of Equalization, made the following recommendations which are accordingly submitted by the Executive Council for the said offices. President Gruhn has explained the procedure."

Recommendation: Vote NO

Tax Limitation—Initiative Constitutional Amendment—Limits ad valorem taxes on real property to 1% of value except to pay indebtedness previously approved by voters. Establishes 1975-76 assessed valuation base for property tax purposes. Limits annual increases in value. Provides for reassessment after sale, transfer, or construction. Requires $\frac{2}{3}$ vote of Legislature to enact any change in state taxes designed to increase revenues. Prohibits imposition by state of new ad valorem, sales,

or transaction taxes on real property. Authorizes imposition of special taxes by local government (except on real property) by $\frac{2}{3}$ vote of qualified electors. Financial impact: Commencing with fiscal year beginning July 1, 1978, would result in annual losses of local government property tax revenues (approximately \$7 billion in 1978-79 fiscal year), reduction in annual state costs (approximately \$600 million in 1978-79 fiscal year), and restriction on future ability of local governments to finance capital construction by sale of general obligation bonds.

Secretary-Treasurer Henning moved adoption of the Executive Council's recommendation for Proposition No. 13. His motion was seconded.

Delegate Virginia F. Mulrooney (American Federation of Teachers College Guild No. 1521, Los Angeles) spoke in support of the Executive Council's recommendation.

Delegate Mary Curtin (San Bernardino-Riverside Counties Central Labor Council, Riverside) moved the previous question.

Her motion was seconded and carried.

Recommendation Adopted

The motion to adopt the Executive Council's recommendation of NO on Proposition No. 13 was then carried.

Authorization to Alter Endorsements

Secretary-Treasurer Henning made the following motions in respect to the endorsements:

"Mr. Chairman and delegates, I move that whenever and wherever an office is left open on the action of this convention, the Secretary-Treasurer, subject to the approval of the Executive Council, shall be given full power to act and make endorsements after consultation with the local COPEs anywhere they exist."

The motion, duly seconded, was carried. He then continued:

"Mr. Chairman and delegates, I move that the Executive Council be authorized to withdraw the endorsement of any candidate should his or her actions be detrimental to the labor movement."

The motion, duly seconded, was carried.

"NO" on Proposition 13 Bumper Strips Distributed

The availability of bumper strips and pamphlets was announced to the delegates by Secretary-Treasurer Henning:

"I would ask Glenn Martin of our staff to distribute the bumper strips.

"Just a word on the pamphlets that you have. We will ship those in bulk to the local COPEs and we will have a letter out on this that you will get in the mail next week. You go to the local Central Labor Council to get your copies of the pamphlet for distribution to your members.

"We also have a bumper strip out that will be distributed to you at the present time—and bumper strips will also be available upon audit."

Chairman Gruhn next called upon Loretta Mahoney, Chairwoman of the Credentials Committee for a final report.

REPORT OF SECRETARY-TREASURER

To the 1978 Pre-Primary COPE Endorsement Convention of the California Labor Federation, AFL-CIO:

GREETINGS:

The 1978 Pre-Primary COPE Convention of the California Labor Federation comes at a time when conservative anti-worker forces in California and throughout the nation are gearing up for a major attempt to recapture some of the political power they amassed during the Nixon-Ford years but lost in the wake of the Water-gate scandal and Nixon's resignation from the presidency.

The forthcoming primary election campaign is expected to be the first real test for the newly-formed corporate political action committees — an estimated 450 of them — that are expected to have some \$25 million this year to contribute to candidates who support dismemberment of the Occupational Safety and Health Administration and giveaway tax and trade laws that would benefit private corporations and the wealthy while imposing an ever-increasing tax burden on middle and lower income workers and accelerating the export of U.S. jobs.

Recent action by the National Association of Manufacturers, which has launched what it calls a "Council on a Union-Free Environment" whose primary purpose is to deny workers their right to organize unions and bargain collectively, appears to dovetail with the other corporate political action directed against U.S. workers.

These forces, along with mushrooming right wing extremist organizations, are expected to have a total of some \$50 million to pour into the 1978 election campaigns.

The rise of this new coalition of corporate, right wing and anti-worker forces has been a major factor in the rise of conservative power in Sacramento and the growing timidity revealed by some would-be liberal legislators both in Sacramento and Washington.

To turn back this concerted assault on workers' rights will require the active participation of trade unionists and friends of organized labor throughout the state.

This means we must strengthen the tra-

ditional coalition between labor, minority groups, consumers, women workers, students and senior citizens.

Acting together in registration, education and get-out-the-vote efforts, we can—and must—elect representatives at both the federal and state levels who will support programs of action to spur the creation of jobs for the jobless.

This requires candidates dedicated to the fiscal and monetary policies of growth, not of restriction.

And it requires candidates who will support social insurance and workers' compensation programs that will place the needs of the people above the demands made by insurance companies and other special interests for ever-higher profits.

We must also elect candidates who will stand up for the right of all public employees to legislation to assure them full collective bargaining rights.

The first critical step toward these and many other social and economic goals will be taken in California at the June 6 Primary Election.

A LOOK AT THE '76 ELECTIONS

Less than two years ago, in the June 1976 Primary Elections, 107 of the 117 California AFL-CIO endorsed candidates—or 91.4 percent were winners and the state's voters rejected by a two-to-one margin a California AFL-CIO opposed measure (Proposition 15) aimed at forcing a moratorium on the development of nuclear power in California despite the growing energy shortage.

In the November 1976 General Election, California AFL-CIO COPE endorsed 140 candidates and 100—or 71.4 percent—won.

The great central reality of the November 1976 election, of course, was the election of Jimmy Carter, a President who supports the pending Labor Law Reform Bill, enactment of an effective National Health Care Program and the Humphrey-Hawkins Full Employment and Balanced Growth Act.

In addition to the active involvement of thousands of AFL-CIO trade unionists in the California AFL-CIO campaign in behalf of the Carter-Mondale ticket, State COPE printed and distributed more than 1.2 million California endorsement pamphlets in 27 regional variations and also distributed 1,375,000 Carter-Mondale display cards.

Despite a minimal amount of campaigning by Carter in California, the state fell into the Ford column by a margin of only 139,960 votes out of a total of 7,624,528 cast for the two major party presidential candidates. On a percentage basis, Ford polled 49.7 percent to 48 percent for Carter.

On the plus side, the victories of California AFL-CIO backed candidates strengthened California's Congressional delegation as well as the liberal margin in both houses of the State Legislature.

On the minus side, S. I. Hayakawa defeated John Tunney in the U.S. Senate race and the Farm Labor initiative (Proposition 14) was rejected.

In Congressional races where the California AFL-CIO endorsed 41 candidates and left two seats open, 28 labor-backed candidates—or 68.2 percent—won.

In the State Senate, 20 COPE-endorsed candidates were endorsed and 11 — or 55 percent were elected.

In the Assembly the California AFL-CIO endorsed 76 candidates, left three seats "open," and made "no endorsement" in one district. Fifty-nine of these candidates—or 77.6 percent—were victorious.

The results in both Congressional and State Legislative contests confirmed the validity of the California AFL-CIO's policy of concentrating its efforts on marginal districts rather than diminishing its impact by entering all races.

Absolutely essential to the 1976 victories—as it will be again this year—was the voluntary investment of time and energy by trade unionists throughout the state in conducting the voter registration, education and get-out-the-vote campaigns in local communities.

A major contribution to those efforts was also made by the State Federation's use of its supportive services in the black, brown and youth communities through the field coordinators for the A. Philip Randolph Institute, the Labor Council for Latin American Advancement, Frontlash, and the Women's Activities Department. Since then the Federation has also added a Re-

tired Members Department headed by James Patton, former president of the National Farmers Union.

As always, the dedication of local union and central body officials throughout the state was essential to the success of labor-backed candidates.

SOME KEY ISSUES

To assist local, county, district and area COPE organizations throughout the state in interviewing candidates for the 1978 primary election, the California Labor Federation sent a list of suggested questions to be put to Congressional and State Legislative candidates in the course of interviewing sessions at those levels.

Among other things, the list suggested that candidates for the State Assembly or State Senate should be questioned on their views on (1) Increasing both unemployment insurance benefits and (2) Permanent partial disability benefits, (3) Extending collective bargaining rights to state college and university employees, (4) Prohibiting compulsory overtime, (5) Approving the Sundersert Nuclear Power project, (6) Requiring social and economic factors to be included in environmental impact statements, and (7) Opposing land-use proposals that ignore the need for balanced economic growth.

On the Congressional level, the California AFL-CIO suggested that candidates for Congress should be questioned on their willingness to (1) Support the Labor Law Reform Bill (S. 2467), which is expected to be taken up on the Senate floor this month, (2) The Humphrey-Hawkins Full Employment Bill (S. 50 and HR 50), (3) Provide political freedom for federal employees through revision of the Hatch Act, (4) Support common situs picketing legislation, (5) Oppose de-regulation of natural gas, (6) Require special preference for U.S. ships transporting oil cargo, and (7) Support the strict enforcement of the 160-acre limitation called for by the 1902 Federal Reclamation Act.

SPECIAL ELECTIONS

In the three special elections held since the 1976 general election, California AFL-CIO endorsed candidates were victorious in all three.

On March 8, 1977, veteran Democratic Assemblyman Alan Sieroty polled 55.7 percent of the vote in a special primary election against a conservative Democrat and a Republican, eliminating the need for a run-off election.

On June 21, 1977 Michael Roos, a California AFL-CIO COPE endorsed Democrat, polled 62.9 percent of the vote cast in a special election in the 46th Assembly District to defeat his Republican opponent

for the seat vacated when Democrat Charles Warren resigned to accept a post in the Carter Administration in Washington, D.C.

On June 28, 1977, Meldon E. (Mel) Levine, won a special election to succeed Sieroty in the 44th Assembly District by polling 56.4 percent of the vote against 43.6 percent for his Republican opponent.

OTHER SERVICES TO LOCAL COPEs

The State Labor Federation also provided assistance to local central bodies for non-partisan voter registration, education and get-out-the-vote campaigns.

It has also sought to assist local and district COPEs by acquiring quantities of state publications like the various reports on voter registration, statements of votes and election calendars and distributing these to COPE jurisdictions throughout the state.

In addition, it has, as always, made its research and information services available to local COPEs and maintained a library of films available to local unions and COPEs throughout the state.

In this connection it should be noted that the California AFL-CIO's film library recently acquired a copy of "Right Wing Machine," a new film depicting the anti-union activities and goals of the ultra-conservative political movement. This COPE-produced 16 mm color film runs 23 minutes and provides a close look at the newly unified right wing political organizations that will confront liberal candidates in this year's elections.

It also provides a look at the anti-worker rights campaigns that are being pushed or supported by the National Association of Manufacturers, the U.S. Chamber of Commerce, the U.S. Industrial Council, the Contractors' Associations, the National Farm Bureau Federation and other organizations that devote much of their time in pushing for legislation to minimize workers' rights.

Federation affiliates may make arrangements to use this film by contacting the California Labor Federation's film library

at 995 Market St., Suite 310, San Francisco, CA 94103 (415) 986-3585.

The only cost to affiliates is the cost of returning the film to the California AFL-CIO film library within 24 hours after its use via Greyhound.

CONCLUSION

As we prepare for the 1978 election battles we will all be well advised to recognize that we're in a new political age, an age dominated by new polling methods, an extensive computer technology and sophisticated television techniques that can be used for either good or evil—either to benefit the public welfare or to benefit private greed.

The conservative forces are organized as never before.

Moreover, the liberal majorities in California's Congressional delegation as well as the State Legislature in California are the highest level in history and it's a so-called off-year election when the party in power traditionally loses ground.

But we all know from the bitter lessons of the past that we'll never win enactment of the Kennedy-Corman National Health Security Bill or a full employment law or a fairer tax system or effective reform of the nation's labor laws to protect workers' rights or bold fiscal and monetary policies to spur economic growth and curb the present intolerable levels of unemployment if we elect conservatives.

The record clearly shows they've opposed social progress every step of the way.

So it's going to be an uphill battle and we must pledge now to give both our time and our talents between now and November to elect liberal forward-looking men and women to our top state government posts, to Congress and the State Legislature, representatives whose hearts are nurtured by the conviction that we as a nation have both the capacity and the will to meet the real needs of our people fairly and effectively.

Fraternally submitted,

John F. Henning

Executive Secretary-Treasurer
