AS IN THE PAST seven sessions of the State Legislature, labor and all of California suffered from a house-divided government: the Executive Office, Republican; the Legislature, Democratic.

Governor Wilson signed into law fifteen measures proposed by the California Labor Federation.

However, he vetoed twenty-four measures of state AFL-CIO backing.

Conspicuous in his veto acts were:

(1) AB 2867 (Juanita McDonald-D), our unemployment insurance bill which would have increased weekly benefits from \$230.00 to \$245.00;

(2) SB 2031 (David Roberti-D), which would have boosted unemployment insurance disability benefits from \$336.00 to \$406.00 per week;

(3) SB 1464 (Milton Marks-D), which would have outlawed employer usage of an unsafe job condition during the employer appeal of a Cal-OSHA prohibition.

In terms of defensive success, twenty Federation-opposed measures were rejected by the Legislature.

The continued vigor of Federation affiliates assured the basic protection of labor values.

With only marginal Democratic majorities in the Assembly and Senate, there was no possibility of over-riding the vetoes of Governor Wilson.

All of this reminds that success in the legislative area requires comparable success in the political theater.

Bluntly stated, our Assembly and Senate advocates are those who enjoy our ardent endorsement in the name of worker rights and the public good.

Contrariwise, those opposed to labor and the interests of the low and middle income millions are inevitably the candidates of Big Money.

It is a reminder, also, that collective bargaining success or failure rests largely upon the relevant laws of state and federal government.

Every AFL-CIO local union must indeed make political action a priority. Without that commitment labor stands in dread peril.

Fraternally yours,

John F. Henning
Executive Secretary-Treasurer
