THE SPEAKER

With the wage-price freeze creating uncertainty and confusion in many areas of our society, the I.R. Alumni Association is pleased to present Fred H. Schmidt, who will speak on the topic "JOBS VERSUS PRICES - THE NEW ECONOMIC POLICY." Mr. Schmidt has had a distinguished career as a teacher, trade union official, and public employee. Before coming to UCLA eight years ago, he was a congressional administrative assistant, and prior to that he was secretary-treasurer of the Texas AFL-CIO for six years. He has published many articles and papers on industrial relations and manpower problems, and is an excellent speaker who "tells it as it is."

We urge you to attend and bring a guest to this first meeting of the new season, at a new location: Olympian Hotel, 1903 W. Olympic Blvd., and on a new date, the second Wednesday of the month.

NEW I.R. GRADUATES: Nineteen persons have been awarded the Certificate in Industrial Relations during the spring 1971 University Extension program. We are pleased to announce that the new graduates will be our guests of honor at this meeting. This is a special occasion for all members to welcome them.
