WASHINGTON

October 28, 1944

Dr. Dorothy Swaine Thomas
Evacuation and Resettlement Study
207 Giannini Hall
Berkeley 4, California

Dear Doctor Thomas:

Within a day or two the duplicates of our material will be on the way to you by freight, collect. If they do not arrive within a reasonable length of time, please let me know.

I wanted to send you an itemized list of the contents but do not have the personnel available to get it done in any reasonable length of time. Our recording system consists in putting a mark on all of the originals for which there is a corresponding carbon and consequently a compilation of the complete list would take some time. I am, however, enclosing for such use as you may have for it a partial list. If in going through the material you make out a complete list for your own purposes I would be very glad to have a copy.

Sincerely yours,

A. H. Leighton
