Biddle's movie speech all wet. ...rounding up all the
louzie Japs in America and shipping them back to Japan
where they belong. Let the dam Japs retaliate..all
Americans belong here defending the flag..No Jap should
be permitted to remain in America whether born here or
not, they are Japs at heart and always will be and are
despised by Americans whether you realize it or not.

Whole districts in L.A., both residential and business
are 100% Jap and no such opportunity as now exists may
ever again be presented to us, in all our future history
to ship them back to Japan....Every Jap ia always a Jap
