Fujinaka, Tamiyo

Feb 18, '44

Memo to Ray D. Johnston, Project Director, Rohwer, from Hatch: "We have recently received word from Mr. Henry Batch that he has collected 26 lug boxes and a trailer from Mr. Bender. This was in accordance to the Power of Atty. issued by Miss Fujinaka to Mr. Bender. We understand that Miss Fujinaka had many more lug boxes than were collected, and unless this evacuee can furnish us with definite proof of the exact number, we fear that it will be difficult to collect any more of the lug boxes."

Letter to Chester W. Hatch, Oct. 14, 1943 from Henry Batch, Acampo, Calif.:
"I received your letter stating whether Mr. Eugene Bender delivered the boxes and trailer belonging to Miss Tamiyo Fujinaka or not. When I took the lease over on Dec. 1, 1942, Miss Tamiyo Fujinaka wrote and told me to get the trailer and boxes. So, I went to see Mr. Eugene Bender and he told me he has nothing to do with the boxes and the trailer, Mr. Bender said: "It is up to my son (Francis Bender) whether or not he will take those boxes and trailer back or not. So I went to see Francis Bender and he promptly refused me to deliver it back to Miss Tamiyo Fujinaka's ranch. Francis Bender also told me that he was going to use Miss Fujinaka's property for the duration of the war. He said he has the legal right to use it. Then I wrote and let Miss Fujinaka know the situation. That is possibly all the information I can give you."

Letter to Hatch from Ray D. Johnston, Project Director, Mar. 26, 1943: Regarding certain equipment owned by Miss Tamiyo Fujinaka, it is true that lease agreement covered farm equipment and other personal property on the real property being leased. Mrs. Bender, however, expected to use this equipment not only on her property, but on another farm being operated by her. Miss Fujinaka refused and it was agreed equipment was to be removed. Trailer was priced for sale to the Benders, but they did not wish to buy it. Then they were told they could use it as long as they were in possession of the Fujinaka farm as tenants and so long as they were cultivating it. Was never any agreement that the Benders might use the trailer until the Fujinakas returned, unless they continued as lessees of the Fujinaka property. Miss F. does not desire to sell the trailer but is willing to do so if the Benders are willing to pay \$110. for it. Grape boxes referred to by Miss F. are stored in a barn on the Bender property according to her information. Fujinakas deny allegations that crops were not in excellent condition up to time of evacuation. They even helped the Benders and other tenants to plant future crops, such as tomatoes.

Seems evident that the Benders are trying to take advantage of Miss Fujinaka. It is clear from terms of the lease that lease year was to end Dec. 1 of each year. However, the Benders insisted that the year did not expire until May 1 and that they were entitled to the possession of the house until that time..

Letter to Mr. Russell T. Robinson, Chief, Evacuee Property Division, S.F. from Ray D. Johnston Feb. 20, 1943: Lessee, Francis Bender has returned all the lessor's property with the exception of a trailer and a number of grape boxes, which has been estimated at \$200. Present tenant is Henry Batch, whose address is Rt. 1, Bx 408, Acampo, Calif. Bender admits having possession of the boxes and the trailer, but contends that he is entitled to retain possession of them until after the war and to make use of them himself. It is the desire of Miss Fujinaka that his property be turned over to the present tenant, Mr. Batch.

Theatre Case

Case involved leasing of 3 theatre bldgs located in
Concoran, Hanford & Sanger, & in the purchase of the
theatre equipment located in these bldgs for \$93,000
Hanford Theatre condemned & closed by State Fire
Marshall because theatre failed to comply with State
Fire Regulations. Owing to this fact, theatre people
refused to comply with their contract to lease theatre
& purchase fixtures involving some \$15,000 of original
consideration. Attorney for evacuees requested that evacuees
be permitted to return to that area to effect a compromise
in order to prevent legal action to cancel this phase of

the contract. Both the theatre people and the Fire Marshal were contacted & after considerable negotiations the theatre people were prevailed upon to make the necessary alterations to the theatre to comply with the Fire Marshal's demand & reopen the theatre.

The theatre people have since brought the payments on the original contracts up to date. These negotiations saved the taxpayers about \$15,000 & probably prevented extensive & expensive litigation.

3/24: Above has lease 30 acs. only 2 acs in crops (cabbage).

Has 25 H.P. Motor that will require a standing charge of
\$125⁰⁰. There will be no chance to do anything unless some measure
is taken to overcome expense. owns 16 a.

A7. Contacted P.G. & E. did not get any more satisfaction than
that M. Hamanishi would have to dispose of his 25 H.P.

motor & get a smaller motor. It would appear that P.G. & E.

has had other similar problems presented, but I wonder if the FRB should not contact PGE to give a ruling ~~and~~ which would allow this f. to use the larger motor during this emergency & thus save 2 a. of cabbage.

Suitable arrangements for management of his autos in process with Clyde Williams. H. contemplating to sell 16 a.

3/28: Dorly mgr of B. of America called me to discuss property of above Geo + Edward H. minors under guardianship of (Alvin) Kematsu H. Bank has a mtg.

4/3: Selling 16 a. on reasonable terms. \$3,200 cash \$800. Unpaid balance on tractor \$275 assumed by buyer. Payable \$525 5% at end of first year. Payable \$800^{10%} annually thereafter until paid.

H. owes Bank \$831⁵⁰ to be liquidated when deal completed.

4/13: Advised H. to go to Capital C? & see if they will assume management of the ranch since Title C? will not give insurance & sale seems impossible

Hamanisli George (continued)

4/24: Land now favored by Arthur Starr. M^r. Maxwell is helping clear title by petition to court to name M^r. Flannery guardian & thus facilitate a sale to Starr who has placed money in escrow with Brook Real Estate Agency.

4/27. optional plan. If above not completed H. will give P/A to B. of America to manage ranch. This case is obviously not closed but everything that can be done is done at present. The legal processes will probably run the date of actual closing past the date of evacuation. I am placing it in my closed files as there is an optional plan.

5/3: New guardian M^r. Flannery appointed. Probably take about a month to arrive at deed.

(H. Johnson)

7/24: Letter FRB to Clyde Williams Chevrolet agency, Marysville. re: a return^{on} premium for insurance on a GMC truck (about \$32) due him from this agency.

7/27 Clyde Williams Agency to FRB:

on April 21 1942. H ~~sent~~ paid us $\$318\frac{13}{100}$. to be sent to Commercial Discount Co. & they in turn advised us that this amt was quoted as net pay off in error in as much as they could not cancell ~~holding~~ insurance policies for that. An addit check for $\$32.05$ was sent them by H. on April 27. It was our understanding that the refund check should have been sent direct to H. from the Com. Dis. Co. But this Co. has now closed its Sacto. office. Writing them to their LA office.

7/29 refund of $\$23.03$ made

8/1: FRB (H. Johnson) to Com. Disct. Co. would like the difference between $\$32.05$ & $\$23.03$

8/4: Com. Disct Co. to FRB: cannot arrive at figure of $\$32\frac{05}{100}$

8/5: Property being sold.

8/12: FRB (H. Johnson) to Clyde Williams. H. accepted $\$23.03$

Letter to WRA from Francis M. Arnoldy, May 11, 1944: R e; WASANO, I. and
HARADA, KIYOKO

The above matter has been going on for nearly seven months at the present time, and at the outset we wish to assure you that my client is most anxious to pay over the share to the Japanese interests provided the proper legal clearance is given to him to do so from various Federal Agencies involved. You said in a letter that "the agents with whom you are dealing represent a person who now resides in Japan" and you suggest that I communicate with the Alien Property Custodian and clear the matter through his office. In order to save time and space, briefly, I can say that the ensuing months I have been in communication with the Alien Property Custodian through their S. F. office and that organization has in turn referred me to the Foreign Funds Division of the Federal Reserve Bank and the Alien Property Custodian has referred the matter to their Washington office relative to the possibility of said Custodian to vest himself with title to the real property involved. For any of the details of the agreement under which my client operates, and incidentally, all of said agreements have been approved at the time of their execution by the Evacuation Agent, F.S.A., W.C.C.A. and are in possession of your S. F. office, also the Alien Property Custodian and, I believe, my file with the Federal Foreign Funds Control would be there, for frankly, I feel that my client and I have communicated with with practically every agency in existence and at the present time I cannot see any reasonable reason why we should now start the entire matter again with what is apparently a branch office of an agency with whom I thought I was dealing with their principal attorney, and as I have previously pointed out, a portion of this matter is being referred to Washington.
