At the time of evacuation and the signing of this sublease, the Hamamura Farms Co. turned over to Mr. Herg a considerable amount of farm machinery to be used in the operation of this farm and two trucks together with personal property belonging to Kakimoto.

The sublease also provided that the gross receipts from the sale of all crops and produce was to be divided share & share alike between Herg and the Hamamura Farms Co., and that Herg was to furnish to the Hamamura Farms Co. a complete written report of all receipts and financial transactions on the 1st day of each & every month covering the previous month's transactions on the 1st day of each and every month covering the previous month's transactions. The sublease also provided that if Herg failed to keep said ranch in good condition & did not live up to all of his obligations & duties

Kakimoto M.

thereunder that he was to vacate the ranch within 30 days after receiving notice to do so. This case first came to our attention in November 1942 at which time our investigation revealed the fact that Herz was not taking proper care of the ranch, had only furnished the Hanamuna Farms C^o with statements covering the first 2 months of his operations + had failed to pay the Hanamuna Farms C^o their portion of the proceeds from the ranch. Mr Herz was never officially notified of the cancellation of this lease previous to his death on Nov 13 1943. However, on December 4 1943, Mrs Paul H. Herz was so notified by registered letter + a few days later one of our investigators called at Mrs Herz's residence for the purpose of checking over all the personal property belonging to the Hanamuna Farms C^o + Kakimoto, Mr's.

Herz was very emphatic in her refusal to permit the investigator to perform this service. She also stated that she would not relinquish possession of the ownership certificates to the 2 trucks or any of the property belonging to the Hanamura Farms Co. or to Mr. Kadimoto. It will not be necessary that legal action be taken in order to gain possession of this property. A few days later it was necessary to take another trip to the Half Moon Bay area, at which time our investigator learned that Mrs. ~~Herz~~ Herz had attempted to trade off one of the Hanamura Farms Co. trucks for a pleasure car. Mrs. Herz was very belligerent at all times & refused to furnish any information as to what may have happened to the evacuee's property. It was also learned that during our investigation one of the Hanamura Farms truck, which was being driven by Mrs. Herz's daughter, had sustained considerable damage.

Kakimoto M.

as the result of a collision between the truck & another vehicle. After this accident the truck was left for over a month just off the highway near the accident occurred before being removed. You realize of course that some of the foregoing is ~~given to you in confidence~~ based on hearsay, but nevertheless all the information contained herein is considered by us to be accurate since it was obtained thru direct investigation by this office.

Letter from Kakimoto to C.W. Hatch Jan 27 1943 explaining his case: " I wish to do my share for this country to produce anything the country needs because I have been getting benefit & protection here while

I have been staying much longer years than I was in the old country, but I'm sorry that the present condition does not allow me to do so & only thing I can do that I express my hearty thanks to rely upon your thoughtful instructions.... You wrote Mr Herz is not popular in his district which is true. Several people informed me that way, but Mr Herz swore me by the name of God that he will do every thing with his best. I thought it is better to help him giving him a chance to reform him self to recover his reputation because this is a Christian way to treat others & decided to give him to sublease the ranch, but his conducts betrayed his promise.

Kakimoto, M.

Letter from Kakimoto to E.P. Browne from Melrose Park Illinois May 1944: "I and my wife moved from Bountiful to this place where we arrived yesterday. This place is ten miles out of Chicago having a pretty quite location. I will work for Premier Rose Garden Inc. They have 3 place A. B. and C. and this place is B. where 240,000 sq. feet of glass houses mostly roses and some ~~part~~ part gardenia. I try to stay here as long as I can and observe growing roses.."

Letter from E.P. Browne to Kakimoto June 8 1944 : "Check of 10 acres panted by Torre as follows, Plots: #1: only about half of plot now planted to baby calla lillies, #2: only about a 20 foot strip of King Alfreds, #3 King Alfreds O.K. About five rows of china lillies; #4 King Alfreds o.K. #5 No bulbs at all #6 Only 2 bulbs in the whole plot #7 a few pink Calla lillies; #8 a few yellow calla lillies; Lord Kitchen O.K. #10 Silver Star O.K. We aa also found a strip of Star of Bethlehem bulbs in a strip about 10 ft.

wide located eats of the Lord Kitchen bulbs. These are all of the bulbs of the Star of Bethlehem remaining on the property. This report will give you an idea of the way Herz negelated this property..... Mr. Torre deposited \$1178.30 in the Bank of America at half moon bay in your name as your share of the proceeds from the sale of the flowers. (March 7-May 26 1944). While we were in HalfMoon Bay we learned that Mrs. Herz had traded both of ~~my~~ your trucks to ~~an~~ an auto dealer in San Mateo for a passenger car. We immediately contacted the ~~dealer~~ dealer and warned him against attempting to dispose of these trucks. We also communicated with the motor vehicle department and were informed by them that an attempt had been made to transfer the title but that our previous letter to them was sufficient to prevent such a transfer.

Extension of lease for Torre to the cropping season of 1945, June 1944. Share crop deal plus \$250 cash rent

5/22/: area #12. Lease from H.E. Hoffman. \$60 per month April 41 - April 1946.

Bought equip from F. Okawa (now in Japan) for \$4000. Okawa has chattel mty; K. paid \$2000 on equip but nothing since. On Aug '41 sent a check to Okawa for \$1000⁰⁰ returned to him by U.S. authorities.

Purchased new equip on contract still owes \$500. Business dropped off after Dec 7 '41. Likes to sell but no one will pay any thing for a laundry business at this time. Had several buyers but \$500 was the most offered for business & equip. K. says still has enough business to make a living & to meet his current obligations provided he doesn't have to pay any thing to Okawa.

This office contacted the Calif. Laundry Co. & advised them
that we would in no wise prevent or interfere with
repossession ... nothing would be done to preclude
foreclosure. It is of course obvious that there
is a plethora of laundry equip for sale at the
present time. This fact coupled with the loss
of goodwill because of Japanese ownership has
diminished the price obtainable. In the writer's
opinion Kamiza should allow repossession because
of the equity which is marginal

H. Kamiya to FRB: 9/16/42

The star laundry was turned over to WCCA in
Chico when we were evacuated. We owed on 2 equip-
about \$290.4 we owed \$2000 on the mtg. Which we
could of taken care of very nicely if we wasn't
evacuated. On the mtg we had \$4,000 when we
bought the place + we paid \$2,000 of it, so we had
to owe all of it. The delinquency since June 1941 is
something I do not understand

Kataoka, Toshiko

and her brother Kazuo Kataoka are reported to be joint owners of a piece of property located at 1651 Post Street, San Francisco. The Alien Property Custodian had vested this property owing to the fact that her brother now is and has been a resident of Japan since 1936. Toshiko Kataoka requests that a ruling be obtained from the Alien Property Custodian as to the necessary procedure so that this property could be sold and she obtain her share of the proceedings from such a sale. The furnishing and personal property in this building were claimed by Toshiko to be her personal property.

The Alien Property Custodian, when contacted, expressed their willingness to cooperate in this transaction and informed us that they would follow their

prescribed procedure of advertising the property for sale and requesting bids. They stated they would call for separate bids covering the real property and the furnishing and will submit the bids through us for Miss Kataoka's approval. This information was conveyed to Miss Kataoka through the Project Director and they were requested to obtain from her WRA Form 153 authorizing the sale of this property. The case was closed when such an authorization was received.
