### **Richard M. Clayberg Collection of 35mm slides**

This collection of 1,018 35mm slides was donated to the UC Berkeley Department of Architecture in 1987 by the estate of Richard M. Clayberg.

The scans in this document consist of a two page overview of the slides, produced at the time of donation in 1987, and 52 pages of digital contact sheets of the slides in their archival sleeves.

This document is only intended to serve as a visual reference guide to the collection. Some, but not all, of the slides depicted in this document have been digitized individually and are available with full cataloging and at high resolution via the UC Shared Images Collection accessible through the ARTstor digital Image database. Any desire for full-resolution scans of any particular image should be directed to the staff of the CED Visual Resources Center.
