**MSS 11: ROCKWELL DENNIS HUNT PAPERS**

Rockwell Dennis Hunt was born in Sacramento (1868), attended Napa College (B.A. 1890) and John Hopkins University, receiving a Ph.D. in Economic History in 1895. He then taught History and Economics at the University of the Pacific for six years, leaving to become principal of San Jose High School (1902-1907) and a professor of economics at the University of Southern California (1908-1920). In 1920 Hunt was named Dean of the Graduate School at USC and remained in that position until retiring (1945).

In the following year he became Director of the California History Foundation at the University of the Pacific. California Governor Goodwin Knight subsequently named Dr. Hunt "Mr. California" in recognition of his many contributions to the study of California history. Hunt remained active in local historical society activities until his death (1966).

During the course of his long career Hunt wrote numerous books and articles, many of these dealing with California History. His works include: *California the Golden*, a biography of John Bidwell, *California's Stately Hall of Fame*, *History of the College of the Pacific*, and an autobiography.

The Hunt papers are arranged in four series as follows:

- I. Personal and Family History [including diaries of Hunt's world trips, school papers and notes, memorabilia, and family photographs]
- II. Personal & Business Correspondence (1890-1966)
- III. Writings [including manuscripts, notes and published articles]
