### **Photograph Collection Inventory: Ministries Series**

#### **Description:**

Since arriving in San Francisco, California in 1854, the reach of Presentation Sisters' ministries extended throughout California, Washington, New Mexico, and countries in Latin America. The photographs in the Ministries series document the sisters' educational ministries since 1854; their work in parishes; their ministries to the poor, women, and immigrants; and the missions they established in Latin America.

#### **Arrangement:**

This inventory lists the names of ministries alphabetically, i.e. by school name, or a specific ministry. To see the complete Photograph Inventory that contains description notes, or to inquire about viewing photographs and requesting reproductions, please contact Presentation Archives.

#### **Access**

The photograph collection is open for historical research by contacting Presentation Archives to request a Researcher Form.

#### **Copyright Notice**

Copyright ownership of the photographs in the collection has not been entirely assigned to the Sisters of the Presentation, San Francisco. To request the use of photographs for publication purposes, researchers must obtain permission from the copyright holder.
