Poston, Arizona

January 19, 1944

Memo to: Mr. W. Wade Head
Project Director

From: James D. Crawford
Relocation Program Officer

Subject: Weekly Report
January 9 to 15 inclusive

*Make this a
lead*

There was considerable activity in all Unit Relocation Offices in preparation for the special two-coach departure on January 18.

Due to losing key personnel, some of the departments were handicapped and their reorganization has not been completed.

Our station wagon was turned over to the combined use of the Reports Division and Personnel Management Section.

Sergeant James W. Schneider of the Office of Strategic Services, Washington, D. C., visited Poston on January 10 and 11 for the purpose of reinterviewing individuals interested in government translation work. Several applicants were found well qualified and applications were submitted to him.

Some particularly fine family relocation offers were submitted from the eastern coastal areas.

At the weekly relocation staff meeting, plans were developed for a fourth kind of leave called "Interim Leave". This type of leave will grant additional privileges to individuals who wish to relocate in large families or family groups. These plans will be submitted to Washington soon.

A careful check of leave clearance hearings was made in order to reply to the Washington request for more information. It was found that 607 cases are yet to be sent to Washington.

January 24, 1944

Memo to: Mr. Moris Burge
Acting Project Director

From: James D. Crawford
Relocation Program Officer

Subject: Weekly Report
January 17 to 22 inclusive

47 leave dockets were received from Washington. 53 dockets were returned to Washington after hearings on the project. 75 hearings were held on the project.

The second special departure was held on the 18th at which time 73 left the project.

Final plans for Interim Leave were completed at the weekly Relocation Division heads' meeting. Dr. French, Community Analyst, and Dr. Balderston, Community Activities Supervisor, were participating visitors.

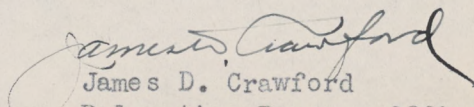

There was some confusion in the unit offices because the disbursing agent was not bonded and grants, subsistence and travels could not be paid.

The Personnel Management Section occupied their new quarters adjacent to the Relocation offices after much confusion caused by alterations of the rooms.

The mother of Edith Takahashi passed away Wednesday morning, January 19. Miss Takahashi is in charge of our hostel department.

16 visitors from Gila came and went during odd hours over the weekend, causing much confusion and unnecessary work in our Departure Station.

The Unit I office spent parts of two days laying their linoleum.

Jan. 31, 1944

Memo to: Duncan Mills
Acting Project Director

From: James D. Crawford
Relocation Program Officer

Subject: Weekly Report
Jan. 24 to 29 inclusive

We received 61 dockets from Washington. 50 dockets were returned to Washington after hearings on the project. 14 hearings were held on the project.

The third special departure was held on the 25th at which time 30 left the project.

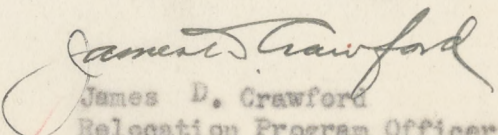

Final plans for Interim Leave were completed and forwarded to Washington. Our recommendations on short term and intermediate leave were also forwarded to Washington after special meetings were held for discussion with all division heads.

On January 27 some from our department attended one or more of the four meetings held with Mr. Head, Mr. Mills and Mr. Myer. We will miss the splendid support Mr. Head has given the Relocation Division. However, we feel that Mr. Mills will continue the relocation policy to the satisfaction of the residents. It was gratifying to know that 90% of the questions and comments were directed about relocation. Mr. Myer ably presented the present relocation plans.

Sergeant Porter from State Selective Service Headquarters brought to us some 300 letters of acceptance and denial of acceptance for American citizens. The machinery was set in operation to obtain every eligible selectee's address of local board.

A few departures were voluntarily cancelled after the radio announcements of the fall of Bataan.

During the week there were 20 short term leaves, 8 seasonal leaves and 9 indefinite leaves. We now have 2982 persons on indefinite leave.

DM 2/8

Memo to: Mr. Duncan Mills
Acting Project Director

From: James D. Crawford
Relocation Program Officer

Subject: Weekly Report
Jan. 31 to Feb. 5 inclusive

No dockets were received from Washington. 53 dockets were returned from Washington after hearings on the project. 43 hearings were held on the project.

The fourth special departure was held on February 1 at which time 44 left the project.

Three days were used by the painting crew to complete half of the Relocation Project Office. Considerable confusion resulted although our morale greatly increased as a result of the new work.

The Selective Service forms and questions arrived in all of our offices at an increasing rate. It has caused a great deal of plan changing and an additional counselling program.

Four part-time students for the vocational training course were assigned to our department. We expect to have several more assigned at a later date.

Bessie Shimono, Communications Supervisor, transferred to the Unit Employment Department. Francis Ando, messenger boy, left for induction at Camp Savage. Both of these positions will be hard to fill because they were employees of long service.

February 21, 1944

Memo to: Mr. Duncan Mills
Acting Project Director

From: James D. Crawford
Relocation Program Officer

Subject: Weekly Report
February 11 to February 19 inclusive

JM 7/23

Mr. Robert C. Cronin, Relocation Officer, Baltimore, Maryland, arrived on Tuesday, Feb. 16 on special detail to assist us in farming employment and group relocation opportunities. On Thursday, Feb. 17, Mr. Leo T. Simmons, Relocation Officer, St. Louis, Missouri, and Mr. Oscar Buttedahl of the Washington Reports Division arrived as the advanced members of the Relocation Team. On Friday morning all three men attended the regular block managers' meeting in Unit II and the special relocation staff meeting held at Unit II during the afternoon. They also attended the meeting Saturday morning with representatives of the unit council and other unit leaders. In the afternoon they attended the regular staff meeting with the appointed personnel.

We were informed on the 14th that our budget had to be prepared and submitted by the 15th. The quota for our department was reduced from 80 to 32. With many adjustments the budget was completed on time.

Gordon C. Wilson was employed as our second regular escort. He accompanied the Tuesday night special to Needles. On Friday both escorts left for Los Angeles.

On Saturday Captains Betterrum and Lawrence from the State Selective Service Headquarters in Phoenix arrived to set up the preinduction physical schedule. They conferred with Mr. Mills and Dr. Pressman and myself on the details of the procedure. A satisfactory working arrangement was approved and the necessary procedures outlined. The first induction has been scheduled for the 19th of March.

Some agitation was caused by the printing and distribution of the "Voice of the Nisei".

Two meetings were held with the 15 members of the Selective Service Advisory Committee. Many questions were asked and answers were obtained from Sergeant Porter. Forms were approved and procedures outlined.

Supplementing this report I am attaching a copy of the summary of our Relocation Division report for the week ending Feb. 19 which has just recently been completed in our department.

Mr. Burger

Jan. 31, 1944

Memo to: Duncan Mills
Acting Project Director

From: James D. Crawford
Relocation Program Officer

Subject: Weekly Report
Jan. 24 to 29 inclusive

jm 2/1

We received 61 dockets from Washington. 50 dockets were returned to Washington after hearings on the project. 14 hearings were held on the project.

The third special departure was held on the 25th at which time 30 left the project.

Final plans for Interim Leave were completed and forwarded to Washington. Our recommendations on short term and intermediate leave were also forwarded to Washington after special meetings were held for discussion with all division heads.

On January 27 some from our department attended one or more of the four meetings held with Mr. Head, Mr. Mills and Mr. Myer. We will miss the splendid support Mr. Head has given the Relocation Division. However, we feel that Mr. Mills will continue the relocation policy to the satisfaction of the residents. It was gratifying to know that 90% of the questions and comments were directed about relocation. Mr. Myer ably presented the present relocation plans.

Sergeant Porter from State Selective Service Headquarters brought to us some 300 letters of acceptance and denial of acceptance for American citizens. The machinery was set in operation to obtain every eligible selectee's address of local board.

A few departures were voluntarily cancelled after the radio announcements of the fall of Bataan.

During the week there were 20 short term leaves, 8 seasonal leaves and 9 indefinite leaves. We now have 2982 persons on indefinite leave.

Poston, Arizona

February 28, 1944

Memo to: Mr. Duncan Mills
Acting Project Director

From: James D. Crawford
Relocation Program Officer

Subject: Weekly Report
February 21 to February 26, inclusive

Additional information about selective service procedures was received from State Headquarters and was, in turn, submitted to the press and to the 15 members of the Advisory Committee. A total of 150 names have been submitted to us for processing.

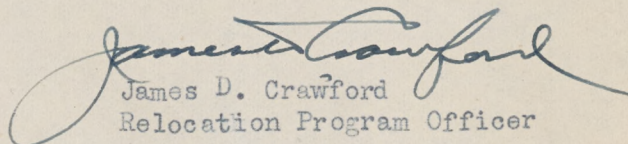

Mr. Robert Cronin, Relocation Officer, Baltimore, Maryland, continued with his meetings to assist our residents in group farming relocation opportunities. He spent a very busy week in all three units and we feel that he did have a good approach and good reception and we believe, will benefit our relocation program. He left the project Sunday morning, Feb. 27.

Mr. Buttedahl and Mr. Simmons left the project Wednesday morning for Kansas City, Missouri. There have been various comments made as to the effectiveness of their visit. However, we feel that the planning and work accomplished by them was beneficial to the relocation program. It was generally felt that they did accomplish the purpose of their visit.

Plans were started for a special car to go to Tule Lake with sick and special cases.

Harry Hayashi, one of our section heads, left for employment in Utah. We contributed four additional employees to outside relocation.

Attached is a copy of our section report for the week ending Feb. 26.

Colorado River Relocation Center
Poston, Arizona

March 6, 1944

Memorandum to: Mr. Duncan Mills
Acting Project Director

From: James D. Crawford
Relocation Program Officer

Subject: Weekly Report
February 28 to March 5

Messrs. Harold S. Fistere, Robert M. Cullum and Abe Fischler, member of the Relocation Team, arrived at 3:30 Monday morning, Feb. 28, on the delayed train from Phoenix. After an hour's sleep they attended a staff meeting in Acting Director Duncan Mills' office to start off their week's program.

During the week they attended six evening meetings, speaking to 2300 people. In addition he spoke to 300 high school students at four meetings and eight other meetings including relocation staff, appointed personnel, etc. During four days they met with individuals and families for relocation discussions.

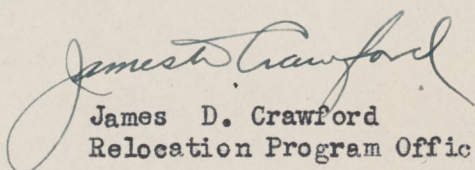

We have had many reactions to their work in Poston which are being submitted in a special report.

Selective service ground work was completed with all forms mimeographed and procedures established. Reports sent to Washington each week summarized our activities.

Mr. William Kir-Stimon from the Grand Rapids Relocation Office arrived to do follow-up work for the Relocation Team. Very little routine was accomplished in the Relocation Department because of the Relocation Team.

We regret very much to lose the services of Mr. Murray Stebbins who has spent the last two months in Unit III. We greatly appreciate having men of his caliber assigned to the relocation program and know that his assignment at Poston was not only beneficial to the project but was beneficial to the program in the field.

Attached is a copy of our section report for the week ending March 4.

James D. Crawford
Relocation Program Officer

Colorado River Relocation Center
Poston, Arizona

March 13, 1944

Memorandum to: Mr. Duncan Mills
Acting Project Director

From: James D. Crawford
Relocation Program Officer

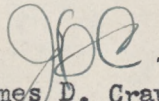

Subject: Weekly Report
March 6 to March 12

Mr. Crawford and Mr. Nossoff accompanied the Relocation Team to Phoenix in order to further discuss the relocation problem and the Poston problem in particular.

Mr. Nossoff was called to Phoenix for his preinduction physical examination, spending the last three days of the week there.

Selective service was in full swing with the first members called for their preliminary examinations. The first day one person did not report because of delay in delivery of notice plus his misinterpretation. He appeared the second day. The second day two members did not appear but did take their preliminary subsequently. We received our first official preinduction notices from Sergeant Porter of State Headquarters.

Attached is a copy of our section report for the week ending March 11.

Colorado River Relocation Center
Poston, Arizona

March 20, 1944

Memorandum to: Mr. Duncan Mills
Acting Project Director

From: James D. Crawford
Relocation Program Officer

Subject: Weekly Report
March 13 to March 19

The weekly Selective Service report is as follows:

Number of names submitted to us from Arizona State Selective Service Headquarters for induction processing: 36, Number on project: 26, Number who have left the project: 10, Number notified to report preliminary physical examination to date: 184, Number notified to report for preinduction physical examination on March 19: 148, Number refusing to report for preinduction physical March 19: 9, Number rejected: 50.

Four Army Officers and eleven enlisted men came to Poston for the preinduction physical examinations. Dr. Pressman assisted the visiting team with seven doctors and additional laboratory technicians.

Because of the very great number of applications for expatriation it was decided that emergency hearings should be held in Unit III for all those who applied since January 20. Five new members of the board were appointed by the Acting Project Director. Emergency hearings were held on Tuesday afternoon and all day Wednesday before receiving word from Mr. Mills to discontinue until further notification. Five hearing boards met each half day during the above period.

Mr. William Kir-Stimon, Relocation Officer, Grand Rapids, Michigan, left the project on Thursday night after his visit in Poston. We have not been able to analyze the results of his activities on the project but from the personal reactions we have received, the indications are that his work was well accepted. He was particularly effected with the students in Unit III. We would like to have him again assigned to our project at any future time.

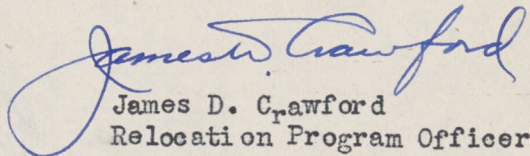

The following departures took place during the week: Short Term, Unit I - 20, Unit II - 1, Unit III 7, Total - 28; Indefinite, Unit I - 24, Unit II - 30, Unit III - 13, Total - 67; Death, Unit II - 2, Total - 2. Total Departures, Unit I - 44, Unit II - 33, Unit III - 20; Total - 97.

Page Two

We now have the following total on leave from the project:
Seasonal Leave - 280, Short Term Leave - 73, Indefinite Leave - 3322,
Former Arizona Res. - 102, Total Leave - 3777.

Cash grants and subsistence allowances were paid for the first time at the Departure Station on Tuesday night. Mrs. Grenier from the Fiscal Department was in charge of the payments. As it worked out very successfully, we expect to continue with this method from week to week.

The issuing of all transportation requests has been transferred from the Administrative Management Division to the Leave Section of the Relocation Division. We also feel that this is a forward step in the progression of our operations.

James D. Crawford
Relocation Program Officer

Colorado River Relocation Office
Poston, Arizona

March 27, 1944

MEMORANDUM TO: Mr. Duncan Mills
Acting Project Director

FROM: James D. Crawford
Relocation Program Officer

SUBJECT: Weekly Report
March 20 to March 26

JM 4/3

The weekly Selective Service report is as follows:

Number of names submitted to us from Arizona State Selective Service Headquarters for induction proceedings, 74; number on project, 52; number who have left the project, 22. On Saturday, March 24, the nine who refused to report for pre-induction physical examinations were taken from the project by the members of the FBI.

Several new policy changes were discussed at the Project Directors' meeting at Washington and information about them was given to the Relocation Division by Mr. Mills. The main changes were:

1. Pullman accommodations are authorized invalids and aged.
2. Reinstatement into the project after four or six months indefinite leave is now permissible.
3. Coach fare may be paid for exploratory trips under certain conditions.
4. Machinery and equipment up to five thousand pounds may be transported under certain conditions.
5. Three Welfare Counselor positions are to be transferred to the Relocation Division.

The announcement was made that Relocation Program Officers and Relocation Supervisors' joint meeting would be held in Chicago from the 18th to the 22nd of April inclusive. Plans are being made to attend this meeting.

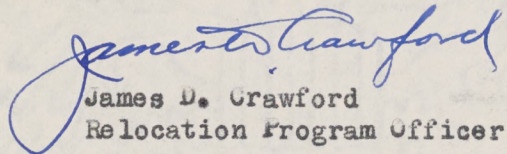

The bi-monthly Relocation Division meeting was held at the Unit 1 office. Several procedures were discussed. Mr. David French, Project Analyst, attended the meeting and brought out very interesting discussions in relationship between his department and the Relocation Division.

Seasonal job offers from companies and individuals are beginning to come into the project; however, no properly executed contracts have been received.

Second page

The Leave Hearing and Selective Service Sections are still requiring a great amount of detailed work. This, coupled with the fact that many employees in key positions have indicated their desire to soon relocate, has caused the Relocation Division to be somewhat behind in the normal activities.

Attached are the weekly statistical sectional reports.

Colorado River Relocation Center
Poston, Arizona

April 3, 1944

MEMORANDUM TO: Mr. Duncan Mills
Project Director

FROM: James D. Crawford
Relocation Program Officer

SUBJECT: Weekly Report
March 27, to April 2, 1944

DM 4/3

The Weekly Selective Service report is as follows:

Number of names submitted to us from Arizona State Selective Service Headquarters for induction proceedings, 102; number on project, 70; number who have left the project, 32. The nine who were taken from the project for refusal to report for Pre-induction Physical Examinations were each sentenced to three years in the state penitentiary.

The following personnel were away from the project part of the week: Edward Nossoff, Charles B. Olds, Allen Cushman, John Hunter, Gordon Wilson, and Lucille Barrett. *P* Material for the proposed agenda for the Relocation Conference in Chicago was submitted to our office for processing. Many interesting topics were included, and should all be discussed at the conference. It is felt that considerable benefit will be derived from the items.

Readjustment of quota and titles of positions were copied and submitted to Personnel Management. In addition, two positions were authorized for Selective Service.

The new counselling program was discussed with the Welfare Department and the transfer of three CAF 7 positions were initiated. Prospects for two or three positions are on the project.

The first three workers on approved seasonal leave contracts left the project. Many more offers have come to our Outside Employment Department and we feel that during the coming weeks, copied contracts will be filled.

Attached are the weekly statistical sectional reports.

Colorado River Relocation Center
Poston, Arizona

Mr. Bugger

April 10, 1944

MEMORANDUM TO: Mr. Duncan Mills
Project Director

FROM: James D. Crawford
Relocation Program Officer

SUBJECT: Weekly Report
April 3 to April 9, 1944

DM 4/13

The weekly Selective Service report is as follows: Number of names submitted to us from Arizona State Selective Service Headquarters for induction proceedings, 231; number on project, 162; the number who have left the project, 69. Number notified to report for preliminary physical examination to date, 74. Number notified to report for preinduction physical examination on April 16, 28. Word was received from Sergeant Porter that those individuals who have applied for expatriation after their acceptability through the Military Intelligence Division of the War Department will be subject to regular Selective Service procedures. This will mean a recall for examination of all those who were excused on the 19th of March, and will be scheduled on April 16.

The return to the project of many individuals directly or indirectly connected with Selective Service has brought about several problems of readmittance. They will also increase our induction number considerably.

It is gratifying to us to note that the Tuesday night departures are increasing in the number of complete family units, wives and children to join their husbands. We expect this increase to continue.

We are still short handed in both the appointed personnel and evacuee personnel. Due to the shortage, we have consolidated some of our sections into better working units. This change is expected to expedite our procedures. The Relocation Division members had an orientation course held jointly by the Welfare Section and Relocation Divisions. The Relocation Officer, the Assistant Relocation Officer, and Leave Officer, all took part in one or more of the discussions.

Attached are the weekly reports for the program, resettlement information, leave and field sections.

LWB

Colorado River Relocation Center
Poston, Arizona

April 18, 1944

MEMO TO: Mr. Duncan Mills
Project Director

SUBJECT: Weekly Report - Relocation Division
April 10 to April 16, 1944

The first use of Indefinite Leave Trial Period was issued to Ray Mori of Camp II who was approved by the Chicago office and this center. His difficulty was convincing his parents that he should leave on Indefinite at this time, and had it not been for the Trial Indefinite Leave, he would not have been able to leave. It was suggested that the Relocation Advisers write out a summary of the reasons for the use of the Trial Period rather than straight Indefinite Leave, and this procedure will be followed in the future before the Relocation Program Officer approves the arrangement.

The Welfare Orientation Program for the special counseling plan was continued with participation of the members of the Relocation Division. On Friday, April 14, the Emergency Instructions of March 22 and 24, regarding recording of counseling and summarization of relocation prospects were discussed. The Chief of the Community Management Division and some members of the Welfare staff maintained that the special counseling should not emphasize relocation, but handle relocation when it was mentioned by the individual or the family interviewed and also that no elaborate program of publicity be launched for fear it would create adverse reactions on the part of the community. The Relocation representative contended that special counseling should emphasize relocation in every case without exerting "pressure" on individuals to make a decision and that a complete program of information and cooperation with evacuee leaders should be launched before a program of counseling was carried forward. A meeting with the Project Director to settle the differences was suggested and it is to be held on Monday, April 17.

A request for certification of Mrs. Harriet Morgan Powell to the position of Relocation Interviewer was made to the Civil Service Commission. Arrangements were made to utilize the services of Ken Sato, Assistant Relocation Adviser in Camp II, in the Resettlement Information Section during the absence of Mr. James D. Crawford.

A greater need was seen for securing evacuee participation, coordination of the Administrative staff, and coordination of both activities on the part of the Relocation Division. It is hoped that the launching of the special counseling program will be the focal point for securing special participation and coordination.

Selective Service was made the responsibility of the Leave Officer prior to the departure of the Relocation Program Officer, April 14, for the Relocation Meeting in Chicago commencing April 17.

The weekly Selective Service report is as follows: Number of names submitted to us from Arizona State Selective Service Headquarters for induction proceedings, 237; number on project, 158; and number left project, 79. Number notified to report for preliminary physical examination for April 16 processing, 158. Number examined for preinduction physical examination April 16, 152. Number refusing to report examination, 1. Six residents did not appear for examination due to illness. The number rejected has not been reported by the Army. (One additional evacuee visitor who was notified to appear at Nampa, Idaho, was given the preinduction examination.)

Attached are the weekly reports for the program, resettlement information, leave and field sections.

Colorado River Relocation Center
Poston, Arizona

April 24, 1944

MEMO TO: Mr. Moris Burge
Acting Project Director

SUBJECT: Weekly Report - Relocation Division
April 17 to April 22, 1944

The decline to 35 indefinite leaves for the current week from 56 for the week ending April 15, was attributed by staff members to several factors, including the desire of young men to remain in the center until they are inducted rather than resettle and be taken into the Army from new homes; and a tendency to wait for seasonal leave opportunities which are arriving in a steady quantity. A brief check of pending indefinite leaves at weekend indicated there would be a slight increase next week.

To reach more residents for family relocation planning, efforts of the previous week to install the special counseling program were continued with the cooperation and support of the Project Director. The meeting of the Welfare Section and the Relocation Division planned earlier (Relocation Report, April 16) was held with Mr. Mills on April 17. The issues of interpretation and approach were resolved in his presence with an agreement that emphasis would be placed on relocation in conformance with the WRA policy and that the community would be informed through techniques developed by the participating divisions. A release for the Poston Chronicle prepared by Community Management was approved. Present at the meeting were Edward Nossoff and John G. Hunter, Relocation; John W. Powell, Chief of Community Management; Miss Lou E. Butler and Morton Adler, Welfare; and David French, Community Analysts.

Operational and theoretical phases of the counseling program were discussed at the regular Relocation staff meeting, April 19, in Block 27 with the Welfare staff participating. Emphasis on establishing rapport with the residents in interviews was stressed. Mrs. John W. Powell, former Welfare Counselor, was hired as Interviewer on April 19, to assist Mr. Hunter in the Block 27 Relocation Office. Mr. Herbert W. Carter was certified to a similar position and his services are expected to be available as soon as he can be released from his duties in the Disbursing Office, probably by May 1. Prospects for the third position were contacted in Phoenix, at Evanston, Illinois, and the Washington staff notified Mr. James D. Crawford at Chicago, it would recruit from applicants in its files.

The approach to community leaders was being developed by the Community Management and Relocation Divisions. The formal relationship between administration and community government creates difficulties when cooperation is desired. No administrative staff member maintains a working relationship with the council and block managers. An analysis of channeling requests is being made, as well as the background and relocation attitude

of each representative, individually, and at meetings. The Director's letter of April 11, on recent developments in the relocation program is scheduled to be presented to the Acting Chairman of the Council, Itaro Kubota, on April 24, as a concrete approach to community leaders. Departing early Monday morning for a sixty-day tour of relocation districts including Salt Lake City, Utah, Twin Falls, Idaho, Havre, Montana, Minneapolis, Minnesota, Chicago, Illinois, Grand Rapids, Michigan, Detroit, Michigan, Toledo, Ohio, Cleveland, Ohio, Buffalo, New York, Boston, Massachusetts, New York, New York, Philadelphia, Pennsylvania, Washington, D. C., Cincinnati, Ohio, Indianapolis, Indiana, St. Louis, Missouri, Kansas City, Missouri, Des Moines, Iowa, Omaha, Nebraska, and Denver, Colorado, Thomas Masuda, Assistant Project Attorney, was unaware of his election that day to the chairmanship of the Council. He was accompanied by George Nishita.

Additional cooperation in publicizing the relocation program as a whole was secured from the Reports Officer. Two relocation columns were initiated in the Chronicle's English section, a column of relocation opportunities in the Japanese section was established and the number of relocation stories increased, including one headlined "Survey Reveals Residents Intend to Remain in Center". The Relocation Opportunities Bulletin supervised by Ken Sato from Camp II was issued four times this week, and the Reports Officer has agreed to secure a Japanese translation of at least one bulletin each week. In the past, we have had several bulletins in Japanese, but it has not been a regular feature. A suggestion was made to and favorably received by the Reports Officer and the Community Enterprises adviser to attempt to add the non-hate-mongering Los Angeles Daily News to newspapers, the Los Angeles Examiner and Times, now on sale in the Enterprise stores.

Word was received that Ray Tanaka, formerly of Poston, would arrive at the center April 24, to recruit 300 men for the Cache County, Utah Farm Labor Committee for seasonal work. A representative of the War Food Administration will be in the Poston center shortly after May 1, to complete negotiations and arrangements for those who wish to go to Cache County. Other seasonal offers requesting smaller groups have been received and are usually filled within a week after arrival of the contracts, showing a marked interest in seasonal leaves.

To recruit mechanics, auto washers, and service men, Robert C. Freedman, President of the Sun Cab Company, Baltimore, is scheduled to arrive April 23, and stay until April 25.

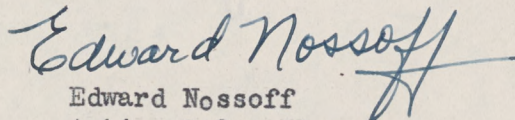

Allowing evacuee visitors to use their ration books in the recently opened Community Enterprise personnel store was protested by the Parker Ration Board. The Chairman of the Store Committee, Community Enterprise representatives, and the Leave Officer conferred on the matter and are planning to work out a plan to allow evacuee visitors to use their legally held ration books, with permission of the Ration Board.

Kenneth Yamamoto, former resident of 6-5-C, Poston, who was working for the National Wild Life Service in Washington, D. C., has been visiting the project for several weeks and contacting high school students who wish to attend school outside the center. He has held 13 meetings in the three camps and is following up the work of Tom Bodine of the National Student Relocation Council. He reports that a large number of students are interested, but that few are able to make definite plans because of family reasons and other deterrents similar to those experienced by the Relocation Division.

A letter of April 17, was received from Sergeant R. L. Porter that Harumi Bill Nakasaki, 6-9-D, who refused to take the physical examination on April 16, will receive his order to report for immediate induction from his local board. If, upon receipt of order to report for induction, Mr. Nakasaki has changed his mind and decides to submit to induction, he will be given an opportunity to do so. If he still refuses to cooperate with the Selective Service System, he will be reported immediately to the United States Attorney for appropriate action.

Mr. Crawford was in Chicago this week attending the relocation conference. Roy Yoshida, our Executive Assistant Leave Officer, departed April 19, for Philadelphia. His desk was taken over by Miss Edith Takahashi.

Attached are the weekly report for the progress, resettlement information, leave and field sections.

Colorado River Relocation Center
Poston, Arizona

April 29, 1944

MEMO TO: Mr. Moris Burge
Acting Project Director

SUBJECT: Weekly Report - Relocation Division
April 24 to April 29, 1944

Indefinite leaves showed an increase from the 35 for the previous week to 55 this week. The family counseling program was under way with the help of Mrs. John W. Powell and Tsunezo Tanaka in the Block 27 office. We have not yet secured the services of the other two Interviewers of the appointed staff, but expect them within a week as we have been wired that a social caseworker from Rochester, New York, Myrtle Leslie, will soon arrive here.

Mr. Robert C. Freedman, President of the Sun Cab Company of Baltimore, Maryland, left the project on Tuesday morning, April 25, after spending Monday recruiting maintenance men. He secured 7 interested prospects, but was a little taken back by the cynical attitude of the other young men toward relocation. He had flown to Phoenix from Baltimore and spent April 23, at Gila talking to applicants there. He flew back to Baltimore from Phoenix on April 25.

Over 50 workers signed seasonal contracts, and a WFA Representative, A. B. Chavez, arrived April 28, to make arrangements for their transportation to the work area around Nampa, Idaho. Ray Tanaka of Cache County, Utah was recruiting laborers for the north eastern corner of the Mormon state and reported that he had over 50 workers interested. Another representative of WRA, Lawrence Lee, is due Monday, May 1, to make final arrangements for transportation of the Utah workers. Chester L. Mink, Relocation Officer at Twin Falls, reported that farmers in south central Idaho were interested in Poston workers and was notified that approximately 75 would be interested.

Additional Civil Service appointments were in prospect April 25, when Fritz T. Borchardt arrived to investigate Yoshiharu Scotty Matsumoto, Mary Mitsuko Okubo, Tayeko Kitahata Umade, and Hideko Hoshizaki. A Civil Service examination for clerk-typists and stenographers was announced for May 6.

Evacuee participation in the relocation program was elicited at a meeting with Itaru Kubota, Acting Chairman of the Council. Also present at the meeting were John W. Powell, Assistant Project Director; Fred Okamoto, Relocation Coordination Assistant, and the undersigned. The April 15 letter on recent developments on the relocation program from the Director was discussed at this meeting and a Japanese translation was secured by the Relocation Division. A conference was held with Walter Balderston, Supervisor of Community Activities, on the part his section would play in the relocation program, especially with organization of nisei, kibe groups and public forums.

The weekly Selective Service report is as follows: Number of names submitted to us from Arizona State Selective Service Headquarters for induction proceedings, 50; number on project, 32; and number who have left the project, 18. William Harumi Nakasaki of 6-9-D, who was the only person to refuse to appear for his examination in the second pre-induction physical examination on April 16, was taken to Phoenix early this week by FBI agents, the office of Internal Security reported.

Attached are the weekly reports for the program, resettlement information, leave and field sections.

Colorado River Relocation Center

RELOCATION DIVISION REPORT

From April 24 to April 29, 1944 (inclusive)

This report is to be made at the end of the working week. If the month ends during the middle of a week, an additional report is to be made on the last day of the month for the period of the week elapsed. The report for the remainder of the week is to be made at the end of the week. Reports are due at the Relocation Program Office not later than the noon of the first working day after the period covered.
