We would like to have you send us 100 each of the following:

A Balance Sheet on Japanese Evacuation	($6.00)
The Test of a Free Country	3.00
The Displaced Japanese-Americans	3.00
Statement of Principles	?

Sent 12/6/44

We shall be glad to remit upon the receipt of the literature and a statement. Where do you get "The Displaced Americans?" Is the charge to cover handling and postage?

When we were in Santa Barbara Mr. Rundquist was telling of the latest difficulties of Ben Kuroki and the solution enabling him to go as a member of the B-29 crew. Mr. Hagedorn has interested Jack DeWitt, "a brilliant newspaper man in possibly doing a story about him." Therefore will you please send to Mr. Hermann Hagedorn (17 East Carrillo Street, S.B.) "all the material you can get on Sgt. Ben Kuroki." I'd be glad for a copy so far as that is feasible.

Mrs. Kaplan has explained to you the project to sent out packets of material to particular people - the first one being to Y.M.C.A.'s. The "Y" are ready to send out 70 as soon as we provide them. Since I'm writing it may be well to add a word about this. Our thought is that we can have regular filing folders printed with some sort of title - maybe 500. It might be something like the lettering on the enclosed sheet. By cutting off the index tab they will go in large envelopes for mailing, with all the material. Suggested contents are listed on the back of the sheet. We think it well not to put any committee's name on the folder but let each committee or the Council of Churches stamp on their name and address.

You will see that most of the material will be sent from your office. (A revised copy as a sample of our "70,000" is enclosed.) I do not mean that you will mail this material but that it is to be supplied by your office. An adjustment for the cost can be made if that is desirable.

Things here are moving along. Rundquist was real help.

I have recently had an order for your pamphlet "The Displaced Japanese American". Unfortunately I haven't a copy at hand to refer to so don't know the price but would like to order at least three copies. Perhaps you may have something you consider better than this that gives a summary of this subject. I would also like some more of your leaflets telling the nature and purpose of the Committee.

Dear Miss Halliday:

I am enclosing herewith the $6.00 for the "Ben Kuroki" pamphlets.

Most of them have been passed out and practically all of the other materials I have received from the Committee on American Principles and Fair Play as well as that received from the War Relocation Board.

I am told that people are beginning to ask for the materials from those sympathetic persons to whom I gave the literature. It appears at this writing that we are to have an organization meeting tomorrow evening. It is my sincere hope that we shall be able to perfect a group strong enough to dispell the pernicious propaganda that has been so lavishly distributed during the past several months and awaken again a profound beleive in 'American Principles and Fair Play. If any work that I have done will bring about such results I shall feel that I have accomplished a genuine patriotic duty.

Dear Mrs. Kingman,

Several months ago I wrote the Readers Digest asking for several reprints of the article, 'Hail our Japanese-American G.I's.' which appeared in the July issue of the Readers Digest. They informed me that they were unable to fill my order but sent me your address and said you might be able to fill my request. If you could spare two or three copies of that article I would appreciate it very much.

I have been following the activities of the various committees quite closely and I want you to know how much we doughboys appreciate your work. At times reading of your activities was our biggest inspiration.

Berkeley, Calif.

Gentlemen:

I have been informed that last year a Japanese Aif-Force Sergeant delivered a most moving and effective speech to the Commonwealth Club in San Francisco on the subject of inter-racial relations. If there is a copy of that speech available, I am wondering ifu you could send it to me. We could use material of that type in some of our units of study.

Yours truly,
