STUDENT RELOCATION NEWSHEET

Prepared by the
National Japanese American Student Relocation Council
Philadelphia, Pennsylvania

January 16 - 20, 1945

TRADE SCHOOLS - We have been unable to obtain adequate vocational and trade school information. As you know these schools do not have an accrediting agency, as do the colleges and universities, to evaluate their course offerings, faculty, and equipment. We are not able to give you a list of the best schools in the various fields. Consequently, we would like to suggest that you write or refer the students for this information to the WRA field offices or the YM-YWCA secretaries in the area where the student wishes to relocate. First hand information from someone who has investigated these schools is important, as we have discovered that not all of the schools are as pictured in their catalogs. A student should be cautioned not to pay the tuition fee until he has personally checked the school to make sure it offers the training he desires.

WONDERFUL WORK OPPORTUNITY IN HAVERFORD, PA.

1-13-45: Mrs. Frank D. Watson (M.D.) of 773 College Ave., Haverford, Pa., offers an opportunity for anyone wanting a part or full-time job in her home. She has had several excellent Nisei students who were attending Haverford College and is anxious to have a Nisei again. The person can work full-time until school starts or work elsewhere and work just part-time in the home. Does not necessarily have to be a student.

Note: Haverford is a lovely suburban residential area right outside of Philadelphia. Easy access to quick transportation into the city. Mrs. Watson particularly noted that anyone coming to her home would be considered part of the family. It's a wonderful opportunity for a student or someone wishing to work full-time and have a nice home.

OPPORTUNITY FOR ROOM AND BOARD AT THE UNIVERSITY OF NEW HAMPSHIRE FOR GRAD STUDENT

1-3-45: UNIVERSITY OF NEW HAMPSHIRE, Durham, New Hampshire - Letter from Mabel Sheldon, Counselor at Gila, tells us that a note has come from H. Akamatsu of 3997 Governour Ave., New York City 63, N.Y.
"I have a Caucasian friend who is Home Demonstration Agent in New Hampshire. I think she is the state director. She has been in Hawaii. She wants a Nisei girl to take care of her home. She has an apartment with two bedrooms. In return she will give the girl room and meals. Since the woman is out most of the time, the girl can work outside if she wants to. The rules of the Dean of Women of the Univ. of New Hampshire state that the girl would have to be at least 23 years of age and doing graduate work. (Probably means if girl wishes to attend U.N.H.) Can you find a girl to qualify and who will be interested? I can give you further information. I understand a couple of Nisei girls have made good at the Univ. of New Hampshire, so things should be easier. Please let me know if you can locate anyone."

Note: The Univ. of N.H. has one of the most beautiful campuses in New England and the town of Durham is delightful. Perhaps two sisters can arrange to go there - one can take a job in Durham while the other could attend the University. Then, I believe, there would be a good possibility that a student would be permitted to live away from the dormitory. If you can find a graduate student, that would be splendid. Both of the girls who were there speak of U.N.H. in glowing terms.

NEWS OF STUDENTS IN SCHOOLS ALL THE WAY ACROSS THE CONTINENT

1-5-45: UNIVERSITY OF WYOMING, Laramie, Wyoming - Letter from Helene K. Davis, for Registrar and Director of Admissions - JUNICHI ASAKURA ACCEPTED. "We have notified him at his Heart Mountain address that he is eligible for admission upon the basis of these recommendations and high school record."

Note: Although accepted this student did not enroll due to a change in plans.

- 1-4-45: IOWA STATE COLLEGE, Ames, Iowa - JUNICHI ASAKURA ACCEPTED and in attendance.
- 1-10-45: UNIVERSITY OF WYOMING - Letter from Irene Damme, Heart Mountain Counselor - KOJI TOMIKAWA ACCEPTED. "He is enrolled in classes for this winter quarter beginning January 8, 1945."
- 1-11-45: HAMLINE UNIVERSITY, St. Paul, Minnesota - card from MICHIKO KAMEI - ACCEPTED for the second semester beginning February 5.
- 1-6-45: JAMES ORMOND WILSON TEACHERS COLLEGE, Washington, D. C. - Letter from JULKO OHARA - ACCEPTED.
Note: This student has changed her plans and is not enrolled.
- 1-17-45: HUNTER COLLEGE, New York City - NATSU IKEDA starting classes in February '45. "As I do not meet their requirements, I will not be matriculated until I finish 12 units and intermediate algebra."

Note: This student had applied to the UNIV. OF CONNECTICUT, but was not accepted because of the acute shortage of housing for women students. Hunter College has accepted her as a non-matriculated student and when her deficiencies are made up she will be considered a regular student and receive credit for the college courses other than those she is making up.
- 1-10-45: UNIVERSITY OF MINNESOTA, Minneapolis - HIDEAKI ARAO ACCEPTED and attending the University since January.
- 1-16-45: OHIO STATE UNIVERSITY, Columbus, Ohio - Letter from Heizo Oshima. It appears that O.S.U. is now openly accepting J-A students. "One Nisei came in from Indiana (an evacuee and went through registration without a hitch, taking Chemistry also - from what he tells me there doesn't seem to be anything against us anymore." Heizo notes further - "Co-op houses for both men and women are very liberal and pretty swell - they fought for Nisei admittance to laboratory courses. Hope you are able to send students here and I will do all I can to help you if there is anything I can do...Incidentally, fraternities are sending invitations to Nisei for dinner, evenings, and lunches, etc." Address: Heizo Oshima, 1979 Toka, Columbus 1, Ohio. It may be good to refer interested students to him.

Note: There are 4 men and 3 women in attendance: Mitamura from Cleveland (frat man), Yamamoto (Kibei, medical discharge from Army), Kitayama from Indiana, and Heizo (from Gila and Cleveland). We note with interest from where these students have registered - all are evacuees. We are encouraging the students to make their contacts and set their roots deep enough to make their homes in the (future) in the areas where they are now attending school.

O.S.U. is one of the top ranking state universities. Offers Law, Medicine, Pharmacy, Engineering, Commerce, Journalism, Social Administration, Veterinary Medicine, and Optometry. Tuition: \$70 per quarter for non-residents.

Washington

STUDENT RELOCATION NEWSHEET

Prepared by the

National Japanese American Student Relocation Council
Philadelphia, Pennsylvania

January 16 - 20, 1945

We trust each of you has received our first mimeographed Newsheet. We hope that by this method it will reach more people who may find value in the information in helping both the students and others in relocation.

Please remember that much of this material is confidential and should not be quoted or reproduced. Feel free, however, to share it with your student friends -- it is partly to stimulate and encourage them that we circulate it.

It has been suggested that if the Counselors do not receive promptly procedural releases on student relocation and these Newsheets, they should check with Office Services, either personally or through the Superintendent of Education, and request that such material be routed directly to them.

JEROME STUDENTS - When transcripts are needed for students who may have graduated from the Jerome Relocation Center High School in Arkansas, they may be obtained by writing directly to the War Relocation Authority, Department of Interior, Barr Building, Washington 25, D. C. - Attention: Mr. E. Viles, Education Adviser.

IMPORTANT AND GOOD NEWS - WRA TRAVEL ASSISTANCE FOR STUDENTS

1-4-45: We understand the following teletype was sent to all Project Directors - "After January 2, STUDENTS ELIGIBLE RELOCATION ASSISTANCE GRANTS ON SAME BASIS AS OTHER RESIDENTS PROVIDED IT IS A FINAL RELOCATION PLAN. THEY WILL NOT BE ELIGIBLE TO RETURN TO A CENTER HOWEVER IF GRANTS ARE PROVIDED...."

PROMISING OFFER FOR WORTHY STUDENT

12-21-44: **BLACK MOUNTAIN COLLEGE**, Black Mountain, North Carolina - Letter from Theodore Dreier, Treasurer. "If you know of any other promising relocated second generation Japanese students whom you think might profit from coming to Black Mountain, I wonder whether you could help bring us together?"

NOTE: A Miss Chozuru Nakaji is now attending Black Mountain with a scholarship from the WSSF and a gentleman from Cambridge. This is an unusual school known particularly for its progressive system and development in the Arts.

JOB OFFER IN TENNESSEE

1-5-45: **TENNESSEE WESLEYAN COLLEGE**, Athens, Tennessee - has an opening for an experienced Dietician. Have anyone interested contact the school directly.

NOTE: This is a coeducational Junior College affiliated with the Methodist Church.

AWARDED SCHOLARSHIP

1-5-45: **IOWA WESLEYAN COLLEGE**, Mount Pleasant, Iowa - letter from Martha P. Hays, Poston III Counselor - Alyce Mizuki awarded scholarship to Iowa Wesleyan.

NOTE: We hope the Counselors will help the students try for the various scholarships offered at other colleges.

NURSING SCHOOL INFORMATION

1-12-45: **BRONSON METHODIST HOSPITAL**, Kalamazoo Michigan - Letter from Tomo Hamamura of Detroit - "Since I am pretty sure that I won't be able to enroll at Bronson's, I have asked Bishop Wade's permission if it would be O.K. to have you send a Methodist girl who would like to enroll there. Bishop Wade happens to be the President of the Board of Directors at that Hospital so he is very understanding and sincere about the whole situation. It is a highly accredited school with classes at Western Michigan College and Albion College. So I hope a well-liked top ranking

- 2 -

student could enroll there. If in case you do find someone, it would be nice to write to the Bishop as he can give you all the information as to the acceptance of the student."

NOTE: We would appreciate your keeping us informed of any applications made.

COLLEGE POLICY

- 1-4-45: FRANKLIN AND MARSHALL COLLEGE, Lancaster, Pennsylvania - Letter from J. Shoher Barr, Director of Admissions -
"The Executive Committee of the faculty considered your letter regarding national Japanese American students. The decision reached was that we are not in a position at the present time to cooperate in this venture."
NOTE: This school was receptive to J-A students until recently and we are trying to clear up the reason for this policy and any misunderstanding that they may have.

STUDENTS ACCEPTED FOR SPRING TERM

- 12-6-44: UNIVERSITY OF CHICAGO, Chicago, Illinois - Memo from Manzanar Counselor Michiko Mizumoto will enter the University either in January or April.
- 1-5-45: OHIO WESLEYAN UNIVERSITY, Delaware, Ohio - Mayo Oye ACCEPTED for semester beginning in March.
- 1-3-45: OHIO STATE UNIVERSITY, Columbus, Ohio - Letter from Ray Isamu Kitayama - ACCEPTED to O.S.U. for January 3rd term. Willing to help others who may wish to enter, or come to Columbus. His address is 104 - 15th Ave. Columbus.
- 1-1-45: UNIVERSITY OF ILLINOIS, Urbana, Illinois - Letter from Mitsugu Minami - ACCEPTED. Now in attendance and finds it most satisfying. Architecture major. "I have found the people of this community and the instructors to be very nice and friendly toward the Nisei."

West Coast Schools

- 12-14-44: UNIVERSITY OF CALIFORNIA AT LOS ANGELES, Westwood, California - Memo from Miss Suzuki, Counselor at Manzanar - Meriko Hoshiyama left for Los Angeles to enter U.C.L.A.
- 1-5-45: UNIVERSITY OF OREGON, Eugene, Oregon - Yuka Yasui, formerly of Hood River, registered at the University of Oregon on January 3rd.

STUDENT RELOCATION NEWSHEET

Prepared by the

National Japanese American Student Relocation Council
Philadelphia, Pennsylvania

February 1, 1945

SOME STATISTICS AND COUNSELING

We wonder if it wouldn't be valuable for you in your counseling to have some statistics on the number of Nisei majoring in various fields. The only study we have made is a survey taken in the summer of 1943. It was based on the 3,029 student questionnaires then in our files and does not include questionnaires received since then. Thus it covers the bulk of the Nisei students who were in college or were ready to attend college at the time of the evacuation but covers only a few graduates of Project High Schools. We have no statistics to show what changes have occurred since 1943. Perhaps some day another survey can be made covering the 1944 high school graduates who applied to us. Since not many of the 1945 graduates will file Student Relocation Questionnaires with us, it will not be possible from our records ever to do a survey covering them.

TECHNICAL FIELDS

Science major	236 men - 69 women - total 305 or 10%
Medical science*	306 men - 341 women - total 647 or 21%
Engineering	434 men - 1 woman - total 435 or 14%

SOCIAL SCIENCE

Liberal Arts	473 men - 360 women - total 833 or 27%
Other fields**	420 men - 389 women - total 809 or 27%

*Includes pharmacy, dentistry, optometry for the men, and nursing and lab. technicians for the women

**Includes commercial and vocational subjects

In wartime, study in the technical fields is considerably stepped up. The Army and Navy have trained thousands of men under the V-12 and A.S.T. Programs. It is true that at the present moment trained men in medicine and engineering are needed. But after the war the scientific fields may be crowded again and the technically trained Nisei may find themselves in intense competition with many other Americans.

In preparing for these specialized fields the course of study is concentrated. If a student wishes to change his major he oftentimes finds he doesn't have the prerequisites, especially for courses in the upper division; thereby he loses a year in changing majors. Furthermore, if these students do not already know it, a goodly portion of those starting in engineering in the lower division never finish in the College of Engineering, having been "rolled out" or having found it too difficult. It is the same in medicine and chemistry. Just an aptitude in math. or science is certainly not enough.

We are well aware of the student who is desirous of being a real part of the war effort and, recognizing the need for engineers and doctors, chooses these particular fields. If he's top-notch and knows what he's doing - he should be encouraged. There are many students who have a special aptitude for certain fields - but we cannot say that the percentage is as great as the foregoing statistics would indicate.

Because of the limitations on employment in California, the Nisei hesitated trying new fields. With dispersion and new horizons the imagination should be broadened and new fields suggested. For instance, we know of two top-notch students at Alfred University majoring in Ceramics. Tom Bodine, who worked in an insurance company in Hartford, suggests that students who like math take a look at the field of actuarial science.

If the Nisei wishes to go into a technical field, he might want to consider the less well known fields. Perhaps some might consider the specialized field of floriculture, the scientific raising of flowers. We wonder, too, if the Nisei should not be encouraged to consider the sociological fields. It is our impression that in the East and Midwest there have developed real opportunities for the Nisei in teaching and in social work of various kinds. There will presumably be a great need for trained social service personnel in the post-war period and not many Americans are studying in the field during wartime. It offers wide horizons.

NURSING SCHOOL INFORMATION

- 1-17-45: THE COLLEGE OF ST. CATHERINE, Nursing Units: ST. JOSEPH HOSPITAL, St. Paul; ST. MARY'S HOSPITAL, Minneapolis - letter from Director, Dept. of Nursing.
"We have the usual three-year U. S. Cadet Nurse Corps Program. We are admitting one student of Japanese American ancestry and will be glad to have Miss Tanabe in the class if she rates well on the University of Minnesota Nursing Aptitude Test which must be taken by all students entering schools of nursing in Minnesota. The test can be mailed to her and given by her high school superintendent, if she will give me his full name and address, and the fee of \$1.. If she will write me, I will be glad to send her an application blank."
- 1-23-45: HARTFORD HOSPITAL SCHOOL OF NURSING, Hartford, Connecticut
Will accept candidates on the same basis as others. Next class in September '45. Applicants for February class already completed.
Note: We would like to emphasize, again, the importance of making applications early.
There are two Nisei at Hartford Hospital now.
- 1-25-45: HARPER HOSPITAL, Detroit, Michigan - SHIZUKA FUKUDA is now enrolled at the School of Nursing as a U. S. Cadet Nurse. (From Amacho)
- 1-45: LANCKENAU HOSPITAL, Philadelphia, Pennsylvania - There is probably another place open at this School of Nursing as one of the students withdrew her application due to a change in plans. It is an excellent hospital, though small, and very popular with the Philadelphia Nisei.

STUDENTS ACCEPTED

- 1-16-45: FRANKLIN COLLEGE, Franklin, Indiana - Estelee Hinson, Counselor at Poston I reports that TAKAO USHIYAMA was ACCEPTED and is attending Franklin. "He is doing well and is very happy at Franklin."
- 1-17-45: UNIVERSITY OF TEXAS, Austin, Texas - TAKA INOUYE ENROLLED
- 1-16-45: MORNINGSIDE COLLEGE, Sioux City, Iowa - SAM OHO (Manzanar) ENROLLED.
"The four days which I have been here have been pleasant and I find the location and people very agreeable. Students and teachers have been introduced to me and they are really nice people. That goes for the people who rent us our room. The very minute we arrived they made us feel at home so I guess we will get along alright."

TEACHER TRAINING

- 1-26-45: RIVER FALLS STATE TEACHERS, River Falls, Wisconsin - Miss Joan Smith, formerly of Poston II, who is now working to help the Nisei right here in Philadelphia, tells us that Miss Irma Hathron, Dean of Women, is eager to have J-A students.
Note: River Falls is only 30 miles from St. Paul, Minnesota
The school is accredited and a student can transfer credits.

WAR RELOCATION AUTHORITY

Washington

STUDENT RELOCATION NEWSHEET

Prepared by the

National Japanese American Student Relocation Council
Philadelphia, Pennsylvania

February 5, 1945

At the Projects this NEWSHEET is being distributed by Office Services to the Assistant Project Director in charge of Community Management, the Superintendent of Education, the High School Principal, and the Student Relocation Counselor. We would like to suggest that each Student Relocation Counselor think through this distribution. It may be that the copies now going to the above-named could be shared by going also to the senior Home Room teachers in the High School or to the Family Relocation Counselors in Social Welfare and in the Relocation office. It is not possible to send more than four copies to each Project, except at Gila and Poston. We suggest that the Student Relocation Counselor decide on the best distribution and then tell Office Services her decision. We believe Office Services will be glad to cooperate.

A PLUG FOR SMALL SCHOOLS

Our Field Director points out - "Even though the large universities are now available, we hope that the Project high school graduates won't jump to the conclusion that a large campus is better for them. In the East and Middle West there are many advantages in going to a small school. On the West Coast it was different. There the best bet usually was the state university but in the East, particularly for the entering freshman, the small well accredited school has a lot to offer. Classes are small. The student receives individual attention. He has a chance to know his professors personally and meet them at home and around the soda fountain at the college store. But most important he gets to know the other students and they get to know him. On the large university campus where there are eight to twelve thousand students, there may be a tendency for the Nisei to be set off by themselves. Try going into a large campus and ask somebody if he knows Tom Tani or Suzi Suzuki, and he'll answer - 'Oh, you mean one of those Japanese-Americans - I guess you'll find them over there somewhere.' But on the small campus the answer is - 'Sure I know him; he lives down the corridor from me in the dorm.' The Nisei is accepted as an individual and not for what he's labeled."

From the experience of some 3,000 students who were relocated, we are prone to believe that those students who went to the small schools have gained a great deal more in warm fellowship with both students and faculty and were given the chance of giving a lot more of themselves. A higher education is certainly more than book learning and lectures. In a large university it is only by the extra effort of the individual that he becomes a real part of the many campus activities. While in a small school, the student body activities are usually natural group activities of everyone and therefore the Nisei becomes drawn into all of the activities with ease and naturalness. Where he has leadership qualities, these have come to the fore and we note several students were elected to the highest student body offices and a number of others to various other positions. We wonder for the total personality development and adjustment of some of the students, if it would not be wise for the Counselors to discuss with the student the advantages of going to a small school. (We are aware of the fact not all students are small school types.)

Some other reasons why we believe students should consider going to smaller schools -

- (1) Adjustment from High School to College easier - moreover adjustment from Camp-life to College-life, we think, won't be as hard.
- (2) With less competition - student able to make good grades - with well chosen courses, the student wishing technical training, can easily transfer to a larger institution in the upper division if necessary.
- (3) Many of the small institutions, denominationally supported, can help Nisei with scholarships.

OM-2139

FEB 12 1945

- (4) The more communities and states to which the Nisei go, the broader the dispersion will be and a wider group of Americans will come to know them, thus helping, perhaps in the adjustments in the post-war period. Kay Yamashita points out - "Maybe it isn't the technical education which will solve problems, but getting to know people and getting people to know us, in little communities which for the most part have never known Japanese-Americans or others of minority groups."

NEWS FROM SOME SMALL SCHOOLS

- 1-11-45: MICHIGAN STATE NORMAL COLLEGE, Ypsilanti, Michigan - letter from Kusae Morinaka "The College is just swell. It's rather small college but the friendliness of the students and the personal interest the profs give us Nisei mean a lot more, especially when we're so far from home."
- 1-23-45: BLACKBURN COLLEGE, Carlinville, Illinois - Letter from the President. "We have two Japanese girls at Blackburn now and one whose father was Japanese. We should like very much to have more of these girls since we find them excellent students, good workers, and we have not had one word of criticism out of the town concerning the college having Japanese students."
- Note: This school is a low cost, self-help Junior College. The catalogue notes that - "Blackburn is a college for boys and girls who have everything but money -- character, brains, and good health, plus love of learning that they are willing to trade a little money (\$250 a year) and a lot of manual labor to get it."
\$250 pays for room, board and tuition for a whole year. The academic standards are high and we understand - Blackburnites go on, as many of them do, to the junior year of any four year college or university where they are accepted without examination."
We believe this school would be a wonderful place for a student to grow in the warm atmosphere of fellowship with students and faculty.
- 1-22-45: STERLING COLLEGE, Sterling, Kansas - Information comes to us from the Counselor at Minidoka that President Hugh A. Kelsey sends the following inquiry - "We are quite interested in these Japanese-American young people. We have had some of them here, and have one now, from the relocation camps; I am wondering whether there would be any there who are interested in college and eligible for entrance. As you know, the second semester opens January 15, if you know of any who would be interested and whom we might help, it will be a pleasure to do so. We have some financial help for students here and a bit of work. Perhaps some will care to correspond with me about it."
- Note: The school is an unaccredited United Presbyterian, coeducational institution. Offers excellent courses in Music (Piano and Voice) leading to a B.M. degree.
- 1-22-45: SIMPSON COLLEGE, Indianola, Iowa - GEORGE TAMURA (Hunt) on his way.
- 2-1-45: PARK COLLEGE, Parkville, Illinois - HIRONORI MIYAGAWA in attendance.
- 1-29-45: WESTERN UNION COLLEGE, Le Mars, Iowa - letter from Jessica Fumie Hoshino "I wish some one would carry on after I've gone. They are really swell - faculty and kids. Be sure they are friendly and Christian and neat. They'll find some hardship but it's worth it. I wouldn't recommend more than one Nisei however. You know how it gets."
- Note: There is some possibility of scholarship aid for those who might be attending schools affiliated with the Evangelical Church. Western Union College is an unaccredited, coeducational school.

National Japanese American Student Relocation Council
Philadelphia, Pennsylvania

February 9, 1945

PROJECTS RAISING THEIR OWN SCHOLARSHIP FUNDS

It is wonderful to know that there are several Projects where scholarship funds are being raised to assist Project High School graduates to enroll in colleges. We believe that the people in the Centers should be lauded for their spirit. Because the money is being raised amongst those who, themselves, have so little, it should be doubly meaningful to those who are being helped. These funds will be an important source for those graduating in June '45 - they will need much, immediate, encouragement and help.

Heart Mountain is raising its funds under the auspices of a Scholarship Committee with Mr. M. Tsunoki as chairman. They passed the \$1,000 mark last November and are presumably well en route to a second \$1,000 by now.

Poston I - The College Bound Club under the sponsorship of Ben Sanematsu has set a goal of \$2,000 and over \$700 has already been raised, with the campaign just now getting under way.

Topaz - A total of \$2,343.59 was raised for the 1944 graduates, 11 students were helped \$100 each and they are now adding to the funds to help the '45 graduates.

If there are other funds than these, we hope word will be sent to us about them.

COUNSELING NEEDED FOR THOSE WHO ARE INTERESTED IN DRESS DESIGN

Recent letters from several Counselors in New York and Chicago point out the need for more careful counseling and direction for students who express an interest in Dress Designing. In reference to a particular student Bill McKee of the A.F.S.C., 189 W. Madison Street, Chicago 2, points out - "I have raised the more basic question in her own mind why she wants to study dress designing and how she intends to make use of her training. I am a bit concerned with the large number of girls who choose this kind of course. If they simply want to be able to do their own dress designing, that is one thing, but the field of dress designing seems to me to be a highly specialized field which is terribly hard to break into. Most of the girls I have talked to here who are taking such a course have never looked into the vocational possibilities in the field and if they intend to enter the field commercially I am afraid they are due for some severe disillusionments. So I usually make a practice to raise this question with each person I run across, so they are more or less forced to think the thing through. Sometimes, too, I have discovered, that the girls are a little confused and go ahead and study dress designing and then enter the field of dress making. That is alright if they plan it that way and know what they are doing. They certainly all aren't going to be dress designers."

Jobu Yasumura of the American Baptist Home Mission Society, 212 Fifth Ave., N.Y. who is one of our Counselors in New York states in reference to a particular student who was having difficulty gaining entrance into a particular school - "Dean Rock of the School of Fashion Designing (Pratt Institute) who had an interview with....said that her interview....disclosed personality deficiencies that indicated that she could not secure the kind of jobs for which the courses were intended: that she was interested in one phase of designing only and that she did not have sufficient broader interests that would indicate nominal offers of employment in her field."

We refer students for counsel and assistance to these sincere and understanding people located on the "spot" where the students can get first hand counsel and direction based on the experiences of other Nisei.

CAUTION

1-45: TRAPHAGEN SCHOOL OF DESIGN, New York City - according to Toru Matsumoto of New York, the Traphagen School has been a bitter disappointment to the students who have gone there and all have left and transferred to other schools.

Note: It is apparent that the equipment, courses, and training do not warrant the high tuition cost. There are many, many other schools in the city and we would like to emphasize the fact that it is far better for a student to relocate and then after he is settled in the city investigate the schools on his own. A student should be cautioned not to pay his tuition fee until he is certain that the school offers the training he desires.

TUITION FEES FOR STUDENTS RETURNING TO CALIFORNIA STATE INSTITUTIONS

1-30-45: UNIVERSITY OF CALIFORNIA, Berkeley, Calif. - letter from Roger Unna of the U.C.Y.M.C.A. quotes a letter written by Dr. Monroe Deutsch to Yoshio Isono of Topaz regarding the question of non-residence - "As to legal residence the attorney for the Regents has stated that Americans of Japanese descent who were residents of California when they were evacuated, continued to be residents of California unless they have taken steps in some way to obtain residence in another state. An example of the latter is of course voting in the election of some state such as Idaho or Wisconsin; a second example is securing exemption from the non-resident fee of another state university. The general rule, however, is what I have stated."

COUNSELORS WHO ARE 'ON THE BALL'

We are pleased to know that some of the Counselors did receive our SPECIAL NEWSHEET and were able to act upon the offers -

1-29-45: MEREDITH COLLEGE, Raleigh, North Carolina - Miss Mataileen Ramsdell, Counselor at Rohwer was able to send records for several students upon receipt of the copy of the telegram from President Campbell - "Sent records....hope for the best...Neither of the girls can count on any financial help from their families but I believe that where a college wants students (instead of the other way around) there are always ways to manage finances...."

1-29-45: MCPHERSON COLLEGE, McPherson, Kansas - Mrs. Ramsdell writes - "McPherson College has written a most cordial letter to me concerning Kazumi Arata and as soon as she completes the process of making up her mind (which I am encouraging her to hasten) I hope to get her off. It is indeed a generous offer with a scholarship of \$25.00, a part-time job for \$40. to \$50. and the possibility of a grant of \$100. from a special fund which their students have established for Japanese-Americans!"

Note: Kazumi Arata for whom the Counselor sent records finally was not able to accept the offer after it came through because of family problems. Mrs. Ramsdell immediately explained the situation to the President and sent the records of another student who was equally qualified. We appreciate this sort of effort on the part of the Counselor - these offers are real and sincere ways through which various people and groups are trying to help the students. It is hoped that the very best advantage will be taken of them.

1-31-45: MCPHERSON COLLEGE, McPherson, Kansas - Counselor at Rohwer reports FUMI ASAKAWA ACCEPTED - expects to leave Rohwer Friday morning.

2-1-45: MCPHERSON COLLEGE - Miss Martha Hays, Counselor informs us "MASAKO NAKAMURA, mid-year graduate of Poston I High School, received a telegram and left last night for McPherson College."

OMITTED FROM PAGE ONE - PROJECT SCHOLARSHIP FUNDS

Poston III - Their College Bound Club also has a sizable fund, raised through benefit movies and other activities sponsored by the members.

Washington

STUDENT RELOCATION NEWSHEET

file

Prepared by the

National Japanese American Student Relocation Council
Philadelphia, Pennsylvania

February 12, 1945

PUBLICITY

The Counselor at Gila was successful in securing an excellent news write-up in The Gila News Courier based on information contained in this News-sheet. The article is headlined "More Nursing Schools Open Doors to Nisei" and contains not only news about nursing schools but also some information about Gila students now in college.

Some of the information contained in the NEWSHEET is confidential; however, there are some items which can be used, we believe, to stimulate an interest. We also think it might be helpful to paste favorable items, excerpted from the NEWSHEET, on the covers of the college catalogues, so that a student pulling out that catalogue will see at a glance what is the latest news at that school.

ACCOUNTING AND SECRETARIAL TRAINING

PAGE INSTITUTE, 225 Broadway, New York 7, N.Y. - provides instruction in preparation for the major occupations of business. These occupations include accountancy, marketing, advertising, selling, shorthand writing and secretarial practice, law stenography, and conference reporting.

The Institute, in addition, offers courses in preparation for the practice of accountancy and for the incidental examinations for the certificate as certified public accountant. (C. P. A.)

Note: Excellent concentrated courses are offered in Accounting.

POSSIBLE OPPORTUNITIES FOR THOSE TRAINED IN TEACHING

1-26-45: Letter from Miss Alice Murdock, Secretary of Missionary Personnel of the Board of Missions and Church Extension of the Methodist Church states - "May I say that there are many other situations in our missionary projects where Japanese Americans can be used? In most of our schools the teachers must meet the standards required by the state in which the school is located, and I would be happy to hear of any girls who would qualify for teaching positions in almost any subject."

WEST COAST SCHOOLS

1-12-45: UNIVERSITY OF CALIFORNIA, Berkeley, California - Eleanor Gerard, Counselor at Topaz reports the visit of seven California students to Topaz over the New Year holidays. - "Seven students (four men and three girls from the Univ. of California and two women students from the College of Pacific) /sponsored by the Student Christian Associations/ arrived Wednesday, Dec. 27....one of our outstanding Nisei teachers, Mr. Dave Tatsuno, spent several hours with the group giving them a history of the evacuation and an account of center life. We felt this to be necessary because the group had not been particularly well prepared for project conditions....the immediate reaction seems to be that students and parents are not so much interested in the immediate return to California or to the University there as they were in demonstration of goodwill which this student visit showed. It was wonderful morale-lifter for our young people and gave them a chance to see the actual reactions toward Nisei which people of good-will can be expected to also have on the 'outside'." Miss Gerard further reports - "of our January graduating class of which I am also sponsor, we have only two persons who are definitely going to college: this, out of a class of 38." There are 9 other students, at Topaz, who are definitely planning to attend U.C...8 of them will enroll this March.

12-26-44: COLLEGE OF THE PACIFIC AND STOCKTON JUNIOR COLLEGE, Stockton, California - Letter from Wilbur Choy, Chairman Nisei Relocation Committee of the Student Christian Association - "We of the student Christian Association of C.O.P. and Stockton J.C. (both institutions are on the same campus) feel that we, too, can help in your program. Many students from our campus were among those evacuated. Some of them, no doubt, are continuing their education in some other college or university.

Many other students, however, must be waiting to be placed. Is there a possibility of having two of them placed on our campus?.... Will you tell us how we can cooperate in your program of relocating Nisei students?"

Note: A sincere letter. We hope Counselors will advise students, who might be returning to Stockton, to get in touch with this S.C.A. and Wilbur Choy.

1-27-45: First hand information about the following schools comes from Walt Godfrey who is with the American Friends Service Committee of Southern California, in the interests of all minority groups, including the Japanese Americans and Student Relocation.

POMONA COLLEGE, Claremont, California -

"Summer session starts there the first week in May and there are no scholarships available for that.

"Fall semester will probably start in mid-August though the present catalogue indicates early September. Examinations for scholarships for next fall's entering class will be given on February 10, 1945, (We're sorry this date has passed.) and these will be sent to reliable people at different points. They would be sent to the centers. These scholarships are not awarded on the basis of need, but on the basis of merit only. Scholastic achievement is the only criteria. The chairman of the scholarship committee is F. Raymond Iredell, 1060 College Ave.

"Loans up to \$500, over the span of four years, are available. No interest. There are also work opportunities, though the college balks considerably at Freshman working. Standards are higher for girls than for boys since the competition is so much keener. Girls with straight "B" records may as well not apply; for those with half "A's" and half "B's" all right. The director for admissions is J. Edward Sanders."

SCRIPPS COLLEGE, Claremont, California - "Accredited women's college.

The total cost per year is an all inclusive fee of \$1200. The maximum scholarship is \$500. All girls live in the dorms. Maximum earning power for student work would be about \$250."

COMPTON JUNIOR COLLEGE, Compton, California -

"The President was cordial, though by no means enthusiastic. I have been given to understand that they were uncooperative at the meeting called by the State Supt. of Education, but if that is true pressures brought to bear on them have been sufficient to eliminate any such official attitude.

"In Compton the real estate people have put out quite a bit of incendiary material against having Japanese Americans in the community. The Youth Council at the Community Center, however, wrote a letter to the Adult Council affirming the policy of their organization as being one of equal treatment of all groups, regardless of race or creed, and suggesting that the Adult Council take, with them, a position of not mere tolerance but of acceptance."

UNIVERSITY OF CALIFORNIA AT SANTA BARBARA, Santa Barbara, California -

"Nick Korf, who has been working with American Friends Service Committee on minority programs in Los Angeles for the past six months - emphasis on matters pertaining to Negroes, will be at Santa Barbara State taking courses starting next week. He'd be a good contact for anyone going to that area."

2-45: CALIFORNIA INSTITUTE OF TECHNOLOGY, Pasadena, California -

Tom Bodine reports that Mrs. Ramsdell, Counselor at Rohwer has made arrangements for YOSHIKAZU SAKAKURA, who will graduate from Rohwer High in June to take entrance exams for California Tech in May. The chances are he will pass the exams and enroll at California Tech next Fall. He has been corresponding successfully with Miss Marjorie Noble, Friends of the American Way, 305 Kensington Place, Pasadena 3, about housing and employment.

National Japanese American Student Relocation Council
Philadelphia, Pennsylvania

February 19, 1945

POSSIBLE FINANCIAL ASSISTANCE FOR A WORTHY STUDENT

1-27-45: AUGUSTANA COLLEGE, Rock Island, Illinois - Letter from George Olson, a student at the College. "The Executive Committee and committee for financial assistance of our school have consented to cooperate with the students if a Japanese American student desires to attend Augustana. There are numerous opportunities for employment on the campus if a Japanese-American would wish to come to our college.

"Although we realize that the Japanese-American situation has improved in recent months, we Augustana students would still like to assist you in your work. If we must give more aid than I mentioned above, we students would try our best to obtain such aid. Please let us know whether or not there is anything else which we can do."

Note: A splendid opportunity! Augustana College and Theological Seminary is accredited by the American Association of Universities - it is known for its courses in Theology and outstanding Music courses. It is a good coeducational school with the regular liberal arts courses. We would suggest any of the Counselors writing directly to George Olson, who is apparently the chairman of the student committee, recommending a student for possible aid to attend Augustana College. We will be writing to Mr. Olson that he should expect to hear, directly, from the Counselors.

OUTSTANDING PREP SCHOOL OPPORTUNITY

1-26-45: FRIENDS' CENTRAL SCHOOL, Overbrook, Philadelphia, Pa. Letter from Mark F. Emerson, Registrar - "We are beginning to think about our classes for next year and are hoping that you can again suggest to us, two Japanese-American students to become members of our senior class. We have been delighted with Virginia and Mitsuo and trust that you will be able to find two others to take their places."

Note: Both Mitsuo and Virginia are graduating seniors. Mr. Emerson called to assure us that it was not necessary for the students to be Seniors, they would be glad to welcome students in any class.

The Friends' Central School is one of the outstanding Quaker Prep schools. (Private School with high standards), in the Philadelphia area. It has been very friendly to Philadelphia Nisei, even inviting them to use their grounds for a huge picnic. The school is located in a park area with a golf course surrounding a part of it. Overbrook is a lovely residential district right outside of Philadelphia. The two students who are now attending the school are working in a Quaker home for their board and room - the arrangement seems to be a happy and splendid one.

METHODIST CHURCH SCHOLARSHIPS

1-30-45: You may be interested in the following statement which the Board of Education of the Methodist Church has sent us regarding the financial assistance which is available to Nisei college students from the Methodist Church.

"Representatives of the Board of Missions and Church Extension, through the Division of Home Missions and Church Extension and the Woman's Division of Christian Service, and the Board of Education, through the Division of Educational Institutions, formed a joint committee of nine (three from each Division), and set up the following regulations governing financial assistance to students, preference to be given as groups are numbered:

First: - Assist Methodist students in Methodist institutions.

Second: - Assist Methodist students in non-Methodist institutions.

Third: - Assist Buddhist students.

"This classification was not set up on the basis of prejudice but according to the logical responsibility of the Methodist Church to the three groups mentioned. The joint committee made the three members from the Division of Educational Institutions responsible for placing students and administering available funds. The service has been rendered according to the regulations stated above."

ACCEPTANCES

- 1-13-45: COLORADO STATE COLLEGE OF EDUCATION, Greeley, Colorado - AILEEN YAMATE (Topaz) enrolled and in attendance. "Everyone is so kind that I feel at home already. I am so glad that I had chosen to come to this school ...the school here is nice and I am enjoying College life tremendously."
- 1-22-45: WAYNE UNIVERSITY, Detroit, Michigan - FRANK SASAKI and RAY KOMACHI (Hunt) to enroll for part-time or night classes while working full time.
- 1-22-45: NEW YORK UNIVERSITY, Washington Square Campus, New York City - WATSON ASABA (Hunt) to enroll.
- 1-7-45: IOWA STATE COLLEGE, Ames, Iowa - JAMES YADA (Heart Mountain-Denver) attending. "I am staying at a chapter house of a fraternity. The boys are one swell bunch."
Note: This boy was inducted into the Army after two weeks attendance. He writes - "I want to thank you for all I had you do for me. I got at least two weeks of college work done. At least I would know what college holds for me and what to expect when I get back from the war."
- 1-15-45: UNIVERSITY OF ROCHESTER, Rochester, New York - BEATRICE NAKAHARA (Topaz) enrolled.
- 1-29-45: KALAMAZOO COLLEGE, Kalamazoo, Michigan - MARY M. NAKAGAWA (Manzanar) accepted. Will enter in September '45.

CHANGE IN SCHEDULE

- 1-7-45: UNIVERSITY OF MARYLAND, College Park, Maryland - according to Roy Toda is returning to the two semester basis in the Fall '45 and therefore will only have two months summer vacation time.

HONORS WON

- 1-30-45: UNIVERSITY OF ILLINOIS, Urbana, Illinois - JAMES NAKADA elected to Phi Eta Sigma (freshman scholastic honor fraternity). Jim's average 4.70 on the basis of 5! The student entered in the summer of '44, then he was put into the A.S.T. Program and continued on for two more semesters in uniform. He is now on his way to take his basic training.

National Japanese American Student Relocation Council
Philadelphia, Pennsylvania

February 23, 1945

MEDICAL TECHNOLOGY

1-22-45: ROCHESTER GENERAL HOSPITAL, Medical Technology Course - Rochester, New York. The Counselor at Minidoka reports that - "We have the following communication from Milton G. Bohrod, M.D., Director of Laboratories: 'We require four years of college work for entrance into our course in Laboratory Technic, preferably with a B.S. degree. The course offered by the University of Rochester is very good and entirely adequate to meet requirement'."

Note: This is Laboratory training on a professional level. The opportunities in this field are fairly good now, for one who is well trained. High school graduates may wish to consider the Gradwohl School of Laboratory and X-Ray, St. Louis, Missouri - (there are undoubtedly many other schools of this type) or regular colleges and universities which offer training courses in Laboratory Technology

MEDICAL RESEARCH JOB OFFER

2-45: We just had a call a few days ago from Dr. Beckett of the Mahanemann Medical School here in Philadelphia for a person to work in Cancer Research - please contact us if there should be anyone interested. We are not certain if the person will have to be necessarily a professionally trained technologist.

TEACHERS COLLEGES WANT JAPANESE-AMERICAN STUDENTS

1-22-45: NEBRASKA STATE TEACHERS COLLEGE, Kearney, Nebraska - letter from President Herbert L. Cushing - "On several different occasions within the last two years we have indicated our willingness to accept students of Japanese origin, but to date we have never received a request for the admission of any Japanese students except those which normally come to us from this area.

"We have in the past had a number of Japanese students and our experience with them has been such that we do not hesitate to say we shall be happy to accept Japanese students without question."

1-30-45: STATE TEACHERS COLLEGE, Duluth, Minnesota - Information from Elmer Isaksen, Relocation Officer in Minneapolis regarding a letter to Mrs. Woodard Colby from Z. V. Harvalik, of the Dept. of Science at the Duluth Teachers College - "The Spring quarter will start on March 12, 1945. Dr. Sorenson would be very glad if we could get a few students, and you can be sure that he will do everything to make their affiliation with our college pleasant and worthwhile.

"I canvassed many people here in town, and their reaction to take students into their homes was very favorable. There are at least five families living in the neighborhood of the college who would like to have girls helping them in their homes, working for room and board plus a weekly allowance. As far as I was informed, there is a great chance to place male as well as female students in different stores on part time basis which would make it possible that they attend classes.

"During this survey, I found to my great satisfaction that the opposition to relocation of American Japanese into our community is considerably decreased, and that the prospective students will be accepted here not only as Americans among Americans, but also as victims of the very oppression we are fighting in this war.

"Dr. Sorenson therefore asked me to write to you to do everything possible to ascertain the relocation of good students who can continue or start college curriculum, preferably starting with our Spring quarter."

NEWS FROM HAPPILY RELOCATED STUDENTS

1-5-45: IOWA STATE COLLEGE, Ames, Iowa - letter from Yutaka Kobayashi, Senior student in Chemistry - (Topaz - Alfred University - Iowa State) "The people in Ames have been very warm and understanding. The students are very friendly to us Nisei and make us a part of their crowd. The

school itself has proven itself to be excellent for Chemistry and Engineering. Naturally, the Agriculture School is very strong, but I'm afraid that a Californian will be very unhappy here because the school is adapted to agriculture in Iowa. (WE THINK THAT IS ALL THE MORE REASON TO ATTEND SUCH A SCHOOL FOR PREPARATION FOR FARMING IN AREAS OTHER THAN CALIFORNIA) Dairy industry, poultry, corn, and wheat are the strong divisions. A truck gardener will be a misfit, in my opinion. I.S.C. is also one of the few schools with a veterinary college, and a darn good one at that. In case any women are interested, the college is supposed to be the best Home Economics school in the nation, (at least that's what they keep telling us!).

"Personally, I've found I.S.C. to be excellent for my undergraduate work. The Chem staff is good and my social contacts couldn't be better. I've been more than happy here, perhaps, too much so!"

1-30-45: NASSON COLLEGE, Springvale, Maine - YUKI TAMAKI ACCEPTED (Topaz-Philadelphia). Letter from President - "two of our students met her at the train and my girls appear to be very happy to have her with us and are making every effort to accept her as one of us. One of our finest Senior girls asked that she might have her as her Freshman sister.

"Rest assured that we shall do everything we can to make her stay with us both profitable and happy."

1-23-45: UNIVERSITY OF WISCONSIN, Madison, Wisconsin - letter from Katsumi Hirooka (Heart Mountain) - "The university is of course large and so I wouldn't have as much opportunity to mix socially with my friends as I would in a smaller college. Then too, working in a home does limit my time for extra-curricular activities, but life here is by no means dull...Comparing it with the kind of life I would have led if I had stayed in camp, I think this one is just too good to be true. And I shall always appreciate your patient efforts toward giving me this opportunity to grow."

2-2-45: UNIVERSITY OF TEXAS, Austin, Texas - letter from Yuriko Ishizuka (Crystal City) "The faculty and students are very friendly. I am having a wonderful time here. As for extra curricular activities I do not have much to say, but recently, I was recommended by a faculty member to join the I.M. Lewis Biological Society....I think I shall enjoy being a member."

GENERAL INFORMATION

12-21-44: SYRACUSE UNIVERSITY, Syracuse, New York - KIYOSHI NISHIKAWA (Topaz) Graduated with a B.S. in Chemistry. He was elected to Sigma Pi Sigma, National Physics Honor Society in October '44.

1-30-45: STATE TEACHERS COLLEGE, Tempe, Arizona - According to Miss Maxine Hagan, Counselor at Gila, the Tempe State Teachers College is very favorable and will accept more Nisei from Project schools. "Job opportunities are numerous for domestic work for students. Cannot be handled through the college, must be handled by personal contact by the student after registering at the college."

WAR RELOCATION AUTHORITY

Washington

STUDENT RELOCATION NEWSHEET

Prepared by the

National Japanese American Student Relocation Council
Philadelphia, Pennsylvania

February 28, 1945

WEST COAST SCHOOLS

2-19-45: UNIVERSITY OF REDLANDS, Redlands, California - letter from Marjorie Noble, Executive Secretary of the Friends of the American Way, 305 Kensington Place, Pasadena 3, Calif. - "the University of Redlands is extremely anxious to get some Nisei students. Their term starts the first week of March, and it seems too bad to have a school where there is so much interest have no Nisei students. There is a place waiting for two Nisei boys to live with another student. And a number of the Redlands girls put 'Nisei girl' as their roommate preference. Mr. Leslie Spelman of the faculty will work on scholarships..."

2-5-45: ARMSTRONG COLLEGE, Berkeley, California - letter from President Armstrong - "We had a fine group of Japanese students before they were placed in concentration camps. Naturally, we are hoping that they may be permitted to come back and complete their training with us."

Note: This is a fine college devoted strictly to all phases of business training.

2-7-45: FRESNO STATE COLLEGE, Fresno, California - letter from Wilma F. Wight, Registrar. "Fresno State College and the Fresno Junior College are under the same institution and the one catalogue serves for both. Every semester certain courses are designed as Junior College courses, and, if a student's program is chosen entirely from this list, he is a Junior College student and pays no tuition." (If resident of the state)

Note: There are many friendly people at Fresno State eager to help returning Nisei. Mrs. Wight once served as a volunteer in the Student Relocation office in Berkeley.

2-13-45: TECHNICAL AND VOCATIONAL SCHOOLS IN LOS ANGELES - letter from Walt Godfrey of the American Friends Service Committee in Pasadena - "Last week I talked with John Wys of the Theodore Roosevelt High School in Los Angeles. You probably know that the largest number of JA students from LA attended there. At the time of the evacuation I understand that Wys was guidance counselor for boys at the school. Talked with him about schools for vocational and technical training.

"Wys feels strongly there are no schools in the LA area which can give better training along those lines than the public school system. That is, for post high school training NOT on the university level.

"I suggest, then, that counselors in the centers who might be sending students back to the LA area for post high school training along technical and vocational lines be sure to have catalogues from: FRANK WIGGINS TRADE SCHOOL, the METROPOLITAN BUSINESS SCHOOL, LOS ANGELES CITY COLLEGE, PASADENA JUNIOR COLLEGE, COMPTON JUNIOR COLLEGE, SANTA MONICA JUNIOR COLLEGE and LONG BEACH JUNIOR COLLEGE. Sewing, dress-making, cosmetology, wood-work, metal-work, machine work, elementary engineering, etc. are covered in these schools. As well as business training."

Note: We believe it should be emphasized that there are public and private schools in other areas which offer this type of training too. Future vocational opportunities should be carefully considered and brought to the attention of the student.

2-17-45: CALIFORNIA POLYTECHNIC SCHOOL, San Luis Obispo, California - A State Technical College for Agriculture and Industry - letter from Eugene A. Egan, Registrar. "California Polytechnic offers instruction in the agricultural and industrial fields on three levels; namely, a two-year course which leads to a Vocational Certificate, a three-year course which leads to a Technical Certificate, and a four-year program which, when successfully completed, leads to a Bachelor of Science Degree in Agriculture or in Engineering....

"The program at this college is sometimes called an 'upside down' program of education. The idea in brief is that if a student completes the full four years leading to a Bachelor of Science Degree he will get a combination of courses approximating those which he might take at the typical Land Grant College. Our sequence of work, however, is considerably different in that during the first two years the emphasis is laid very definitely on the student securing the knowledge and skill required to make him as employable as possible. During the first two years and even to some extent in the third year the related physical, biological and social sciences are held to a minimum as compared to the usual college program. During the third year and particularly in the fourth year these related fields which might be considered primarily important because they 'broaden' the student and at the same time provide him with much of the 'why' in his education, are emphasized."

2-13-45: UNIVERSITY OF CALIFORNIA AT DAVIS, College of Agriculture, Davis California - letter from Office of the Recorder notes for us that there will be a two year practical course in Agriculture which will be available at Davis beginning next month.

GENERAL INFORMATION

1-6-45: UNIVERSITY OF MINNESOTA, School of Nursing, Minneapolis, Minnesota - EMIKO JANE MATSUMOTO ACCEPTED. - "It seems to me that I've finally reached something that I've been working for, for so long. I feel very happy about it. I still have about ten quarters of work in the Hospital and then three months at the end of the hospital training on campus again. It seems very long and remote, but I think it'll too, come before long."

Note: This student had much red-tape to hurdle before her acceptance. She is considered a technical alien having been born and lived in Japan for three months. We are particularly happy to note her acceptance into the U. S. Cadet Nurse Corps Program.

1-31-45: MICHIGAN STATE COLLEGE, East Lansing, Michigan - according to the Counselor at Rohwer - GEORGE NARITOKU ENROLLED (Rohwer) - "taking a two year terminal course in Agriculture under the 'G.I. Bill of Rights.' He has an honorable discharge and received prompt and courteous attention from the Veterans Administration and the College authorities."

1-45: DRAKE UNIVERSITY, Des Moines, Iowa - VICKIE HATA transfer student from Emmanuel Missionary College, Borien Springs, Michigan.

2-12-45: OBERLIN COLLEGE, Oberlin, Ohio - letter from MICHIKO MATSUSHIMA (Hunt) ACCEPTED for admission to the Spring term which begins on March 1st. "I was so thrilled and very happy about the whole thing. It seems that the V-12 unit moved out of Talcott Hall, one of the largest women's dorms of Oberlin College and thereby making it possible to admit a few more women."

2-8-45: INDIANA TECHNICAL COLLEGE, Fort Wayne, Indiana - JOE TODA (Rohwer graduate of Jan. '45) ACCEPTED.

NOTE ON WEST COAST COLLEGES

The National Japanese American Student Relocation Council has provided the following information concerning West Coast colleges and universities. While incomplete, it will serve as a guide to Nisei interested in enrolling in institutions of higher learning in the states of California, Oregon, and Washington. In general, the colleges listed are friendly to the program. In all cases where available, the Council has also supplied the name of a faculty member or other person on the campus to whom an interested Nisei might write concerning admission, housing, or part-time employment.

CHAPMAN COLLEGE Dean Rush M. Deskins. A school for ministerial students primarily.

COLLEGE OF THE PACIFIC and STOCKTON JUNIOR COLLEGE are on the same campus. Wilbur Choy, Chairman Nisei Relocation Committee, Student Christian Association. Dean James Corson, former Student Relocation Committee member. Irving Goldman, professor.

FRESNO STATE COLLEGE Dean Mary C. Baker and Registrar Wilma Wight are former Student Relocation Council workers. Dr. Hubert Phillips, professor. Terms: February 13; June 15.

LOYOLA UNIVERSITY OF LOS ANGELES

MILLS COLLEGE Mrs. E. V. Diller, philosophy professor, and wife of chaplain. Florence Koda is entering there in February, Joy Takayama perhaps in September.

OCCIDENTAL COLLEGE President Bird is former Chairman of Student Relocation Committee. Jobs and housing available. Terms: March 7, June 19.

POMONA COLLEGE Jean Learned, Chairman, SPAC. Dr. Charles Fitts, professor, former Student Relocation Committee worker. Frances St. Clair, student. Terms: January 9; April 30.

SAN DIEGO STATE COLLEGE Dean E. C. Peterson and Dean Mary Mendenhall. Patricia Henry, President Student YWCA. Terms: February 6; June 13.

SAN FRANCISCO STATE COLLEGE Dr. Alfred Fiske, professor, former Student Relocation Committee member.

SAN JOSE STATE COLLEGE Robert James, Executive Secretary, Student Christian Association. Muriel Waltz, Student Chairman, Race Relations Committee. Term: April 3 (Should apply by March 1)

STANFORD UNIVERSITY Patricia Davidson, Student YWCA. (Have large Japanese language school.)

SCRIPPS COLLEGE Dr. Isabel Smith, Admissions Committee. No midyear opening.

UNIVERSITY OF CALIFORNIA (Berkeley) Roger Unna, Chairman, Student YMCA Fair Play Committee. Virginia Wilson, president Student YWCA, Miss Leila Anderson, Secretary Student YWCA. Dean Alice Hoyt and Dean Edwin C. Voorheis. (Also Dr. Deutsch and Dr. Sproul.) Haruo Ishimaru, Joe Kamiya, the Hayashi sisters, and several others are enrolling in March.

UNIVERSITY OF CALIFORNIA (Los Angeles) Dean Gordon S. Watkins is Student Relocation Committee member. YWCA friendly. Several Nisei enrolling in March. Applications for March 6 term should be in by February 23. Next term thereafter June 23.

UNIVERSITY OF REDLANDS Leslie Spelman, professor, William Hanson, student. Willing to help on financial aid as well as jobs and housing.

UNIVERSITY OF SOUTHERN CALIFORNIA Dr. Walter Muelder and Dr. Emory Bogardus are former Student Relocation Committee members. Dean Helen Moreland. Terms: March 5, June 22.

CALIFORNIA INSTITUTE OF TECHNOLOGY President Millikan is honorary chairman, Pasadena Fair Play Committee. A Nisei from Rohwer has been accepted for September if he passes entrance exams to be given at Rohwer in June. Obtain details from Friends of American Way, 305 Kensington.

PACIFIC SCHOOL OF RELIGION

LOS ANGELES CITY COLLEGE Otis Richardson, professor, former Student Relocation Committee member.

OCEANSIDE-CARLSBAD JUNIOR COLLEGE

PASADENA JUNIOR COLLEGE Friends of American Way, 305 Kensington Place, Pasadena 3, have details.

SACRAMENTO JUNIOR COLLEGE Dr. Henry Tyler, vice president, Miss Jeannette Minard, former Student Relocation Committee member.

SALINAS JUNIOR COLLEGE President Lemos. Mrs. Hope Baxter, professor of Home Economics. Douglas Ewan, Methodist minister.

OREGON COLLEGES William Genne, Executive Secretary Student YMCA Northwest Region, 831 SW 6, Portland.

WASHINGTON COLLEGES Robert W. O'Brien, Assistant to the Dean, University of Washington, Seattle, or Floyd W. Schmoer, American Friends Service Committee, 3959 15th, NE, Seattle.

MAR 16 1945

WAR RELOCATION AUTHORITY
Washington

STUDENT RELOCATION NEWSHEET

Prepared by the National Japanese American Student Relocation Council
Philadelphia, Pennsylvania

March 12, 1945

CONFIDENTIAL*

*As you know the material in the Newsheet is confidential although it is to be shared freely with the students.

KAY YAMASHITA LEAVES COUNCIL

We regretfully announce that Kay Yamashita has left the Placement Department of the Student Relocation Council at the end of February to live with her family in Chicago. Her absence will not only be a great loss to the Council, but also to her many friends who have come to know her personally or by correspondence. We know that all of you join us in expressing our deepest appreciation to her for her untiring work with the Council since June of 1943 and in sending with her our warm good wishes for the future. Nao Takasugi, who has worked with the Council previously, is taking over Kay's work for the present.

GENERAL INFORMATION

2-5-45: UNIVERSITY OF CONNECTICUT, Storrs, Connecticut - This school has been one of the most popular among the Nisei and has done a fine job for them. The Nisei there have written us exuberant letters about the warmth, friendliness and complete acceptance they have experienced. Unfortunately, the University is seriously overcrowded and is having to turn down applications from long time residents of the State. Consequently they have recently decided not to accept any more applications from out-of-state students, including Japanese Americans. It may be that where a student's whole family settles permanently in Connecticut, the University would consider his application on the same basis as long-time residents of the State.

1-8-45: U. OF COLORADO OUT-OF-STATE TUITION POLICY: Excerpt from letter from Eric N. Rackham, Chairman of the Committee on Residence, to Miss Charlotte Iwata: "The Committee on Residence has ruled, however, that the residence status of your parents will be clarified one year after the Secretary of War's ruling which removed the restraint imposed upon American citizens of Japanese extraction. Should your parents later decide to make Colorado their permanent home you too will be considered a resident."

12-21-44: NOTICE TO STUDENT DIETICIANS: We have received from the American Dietetic Association, 620 N. Michigan Ave., Chicago, Illinois, a list of institutions offering courses for student dieticians. Among the schools approved are the U. of California Hospital; Stanford University; St. Mary's Hospital, Rochester, Minnesota; St. Luke's Hospital, New York City;

Mt. Sinai Hospital, Philadelphia, Pa. Sixty-two other institutions all over the country are also given. If more information is desired as to length of the courses, number in the courses, registration fees, maintenance provisions, and cash allowances, please write to the Council or directly to the American Dietetic Association at the above address.

2-20-45: COLLEGE OF PHYSICIANS AND SURGEONS, San Francisco, California - Dr. Ernest G. Sloman, Dean, says: "We began a first year class in dentistry on Jan. 15, 1945. Our next beginning date for first year students is October 9, 1945. We have two American born Japanese students in the first year class."

OPENINGS FOR NISEI STUDENTS

2-45: HUTCHINSON JUNIOR COLLEGE, Hutchinson, Kansas - Miss Ruth Lawrence, Youth Counselor of the First Methodist Church in Hutchinson, has contacted the Council several times regarding the possibility of a student attending Hutchinson J.C. "Still we seem to have no student for the Junior College here. We would still like to secure one for the coming semester or a girl to attend business college. Please let us know if there is some stone we have left unturned."

Note: Hutchinson J.C. is an unaccredited, city-controlled school. Miss Lawrence and the members of the church have been very interested in helping a Nisei student. Please contact Miss Lawrence directly at the Methodist church.

2-45: JAMES MILLIKIN UNIVERSITY, Decatur, Illinois - According to Perry Saito of Illinois Wesleyan University, who spoke to a gathering at James Millikin U., a Nisei student or students would be welcomed.

2-27-45: DUNBARTON COLLEGE OF HOLY CROSS, Washington, D. C. - Sister Mary Frederick, President of the College, informs us that "perhaps they can be of service to some Japanese-American student on the matter of receiving a liberal college education."

STUDENT SCHOLARSHIP-HELP DRIVES IN W.R.A. PROJECTS UNDER WAY

2-22-45: AMACHE ORGANIZES SCHOLARSHIP FUND SOCIETY: One of the most encouraging news items to come from the centers is the announcement from Amache of the formation of the AMACHE SCHOLARSHIP FUND SOCIETY to raise funds to aid students of the Granada project. It was organized "to foster and assist any student graduating or graduated from the Amache High School with his education at some American institution of higher learning." The following persons were elected to the executive committee which will handle all applications for grants: Herbert K. Walther, chairman; Tokuyoshi Kawasaki, vice-chairman; Grace G. Lewis, secretary; Dr. Takashi Terami, treasurer; Robbin Kaneko, auditor; and Yasutoshi Yoshizawa, publicity director. The membership of the society consists of representatives from every active organization in the center. MORE POWER TO YOU!!

2-24-45: POSTON COLLEGE BOUND CLUB: Letter from Ben Sanematsu, just before leaving for Berkeley, California, is full of enthusiasm: "The College Bound Club is still going strong. We have hit the thousand dollar mark and will probably have \$1200 after the movie today."

ACCEPTANCES AND ENROLLMENTS OF NISEI STUDENTS AND SOME OF THEIR IMPRESSIONS

2-9-45: MIAMI UNIVERSITY, Oxford, Ohio - Letter from DICK SHOICHI SAKURAI (Minidoka) stating that he arrived during exam week, but found that everyone was "really friendly."

2-12-45: LOYOLA UNIVERSITY, Chicago, Illinois - TERUMI YAMAGUCHI (Gila) ACCEPTED to College of Arts and Sciences for February 5 semester.

2-21-45: UNIVERSITY OF MINNESOTA, Minneapolis, Minnesota - ROBERT SHOJI UMEKUBO (Amache) is now in attendance.

2-5-45: UNIVERSITY OF CINCINNATI, Cincinnati, Ohio - Mrs. Mataileen L. Ramsdell, Counselor at Rohwer, reports that SHOJI TABUCHI is now enrolled.

KAHLER HOSPITAL SCHOOL OF NURSING, Rochester, Minnesota - Miss KIYO CHINO (Rohwer-Chicago) has been accepted and enrolled in this hospital.

2-19-45: GREELEY STATE TEACHERS COLLEGE, Greeley, Colorado - AILEEN YAMATE (Topaz), ENROLLED.

2-19-45: ELMHURST COLLEGE, Elmhurst, Illinois - NAOMI KITAGAKI (Topaz) ENROLLED.

2-19-45: NORTH CENTRAL COLLEGE, Naperville, Illinois - HARUMI KOJIMOTO (Topaz) ENROLLED.

WEST COAST INFORMATION:

2-19-45: TOPAZ SENDS OUT LARGE CONTINGENT TO SAN FRANCISCO AREA: Eleanor Gerard Advisor in Topaz, reports that the following have enrolled in school during January and February 1945:

SAN FRANCISCO JUNIOR COLLEGE: Robert Ichiro Ozawa, President of 1945 high school class.

UNIVERSITY OF CALIFORNIA AT BERKELEY: Seiko Akahoshi, Teiko Hideshima, Marion Onishi (transfer from Univ. of New Hampshire), Mary Tamaki, Miyeko Takita (transfer from Univ. of Montana), Yutaka Yoshida, Juro Hayashida, Shigeru Ishihara, Seiichi Kami (Berkeley High Graduate of '41), Yosh Takakuwa (transfer from New York Univ.), and Kiyoshi Kawahata (re-enrolling in U.C.) Also Etsuko Honnami.

2-45: TWO HOMES OFFERED TO NISEI GIRLS IN SEATTLE, WASHINGTON: Two excellent homes in Seattle, Washington, for girls wishing to attend the University of Washington, have been found by Mrs. Charles F. Ernst, formerly of Topaz. The people are old friends of Mrs. Ernst, and any interested person may write directly to Mrs. Harry Robbins of 1976 Shenandoah Drive, Seattle, Washington.

2-24-45: POSTON COLLEGE, POSTON, CALIFORNIA - MISS MIYAKO SASAKI of Poston has returned to Reedley, California, with her family and has enrolled in Reedley Junior College, according to Miss Martha Hays, Counselor.

2-27-45: REEDLEY JUNIOR COLLEGE, Reedley, California - MISS MIYAKO SASAKI of Poston has returned to Reedley, California, with her family and has enrolled in Reedley Junior College, according to Miss Martha Hays, Counselor.

2-45: SANTA MONICA JUNIOR COLLEGE, Santa Monica, California - Misses MARY OTA, KIMIKO OKANISHI, and SHIZUKO ARICHIYAMA have relocated to Santa Monica, California, and are attending Santa Monica Junior College.

2-2-45: UNIVERSITY OF CINCINNATI, Cincinnati, Ohio - Mrs. Mabel J. Yamashita, Director of Student Reports, reports that SHUJI TABUCHI is now enrolled.

2-2-45: UNIVERSITY OF WISCONSIN, Rochester, Minnesota - Miss KIYO CHINO (Rohrer-Chino) has been accepted and enrolled in this hospital.

2-19-45: BRADLEY STATE COLLEGE, Bradley, Colorado - ALLEN YAMATE (Yamamoto) enrolled.

2-19-45: BRADLEY STATE COLLEGE, Bradley, Colorado - MACHIKI KITAGAKI (Tobay) enrolled.

2-19-45: NORTH CENTRAL COLLEGE, Naperville, Illinois - HARUHI KOTIMOTO (Tobay) enrolled.

WEST COAST AREA:

2-19-45: TOPEKA STATE COLLEGE, Topeka, Kansas - KAZUO YAMAGUCHI, Advisor in Topeka, reports that the following have enrolled in school during January and February 1945:

2-19-45: TOPEKA STATE COLLEGE, Topeka, Kansas - President of 1945, this school class.

UNIVERSITY OF CALIFORNIA AT BERKELEY: SAKIKO AKAHOSHI, Tokyo, Japan; YUKIKO TAKIWA (transfer from Univ. of New Hampshire), Mary Takaki, Tokyo, Japan; YUKIKO TAKIWA (transfer from Univ. of Montana), Yukiko Yoshida, Tokyo, Japan; SHIGERU ISHIBASHI, Saitama, Japan; HOKKYO HIGH SCHOOL, Tokyo, Japan; (transfer from New York Univ.), and MITSUKO AKAHOSHI (transfer from U.C.), also Tokyo, Japan.

THE ROYAL CANADIAN MOUNTED POLICE (RCMP) has been assigned to the University of Washington, for their winter to spend the University of Washington, have been found by Mrs. Charles F. and formerly of Topeka. The people of old lineage of Mrs. and are interested in the old people of Topeka. Mrs. Hobbins of 1975 Sherman Drive, Topeka, Washington.

WAR RELOCATION AUTHORITY

Washington

STUDENT RELOCATION NEWSHEET

Prepared by the

National Japanese American Student Relocation Council
Philadelphia, Pennsylvania

March 12-17, 1945

JOHN NASON LEAVES COUNCIL; JOHN THOMAS NEW CHAIRMAN

John W. Nason, who has served as chairman since the Council was organized (May 29, 1942), has resigned as chairman but will continue as a member of the Executive Committee. As he explained to the Executive Committee on February 27, he leaves "with real regret and only because of his increased obligations to Swarthmore College at this time when the college is in the midst of making its adjustments for the post war world."

We are thrilled that another "John" has come "out of the wilderness" to lead us. John W. Thomas, who became Chairman of the Council on March 5, has worked long and arduously for the Nisei as Secretary of the Department of Cities of the Baptist Home Mission Society. We are delighted to welcome him and hope that at least some of you will learn to know him.

UNIVERSITY AND COLLEGE POLICIES:

2-26-45: OHIO STATE UNIVERSITY, Columbus, Ohio - Carl L. Spicer, WRA Relocation Officer in Columbus, Ohio, reports that although Ohio State University has not officially announced that the University is open to Nisei, the fact that 14 students have been accepted since 1943 seems to indicate that it has been accepting properly qualified students.

HEIZO OSHIMA, agriculture; RAY KITAYAMA, floriculture; FUSAYE YOKOMIZO, accounting; and HAZEL SUGAWARA, Secretarial, were enrolled on January 3, 1945, for the Winter term. Others are ENID OKAWARA*, social science; KENNETH OKAWARA*, Arts; KEO NAKAMA*, Arts; MASAO YAMAMOTO, pre-med.; AKIKO SHIOTANI, Arts; AKIO MITAMURA, agriculture; LAURA NAKAGAWA*, arts-science; MEMI ASAKURA, Twilight School. Those with asterisk have never been residents of relocation centers. HENRY KAWAHARA was accepted in the College of Optometry but changed his mind and entered another university.

1-23-45: UNIVERSITY OF KANSAS, Lawrence, Kansas - Mr. Laurence C. Woodruff, Registrar, to Thomas Tsutakawa of Minidoka: "I am sorry to inform you that we do not have the permission of our Board of Regents to admit Japanese American students to the University of Kansas."

NOTE: The policy of non-admittance for Nisei students has been followed consistently by the Board of Regents, the governing body of the University of Kansas. Their local Y.W.C.A. group inquired in January of 1944 about the possibility of securing Japanese-American students, but nothing came of it.

2-3-45: SWARTHMORE COLLEGE, Swarthmore, Pennsylvania - Dean Everett Hunt to Thomas Tsutakawa: "We have not admitted students who did not meet our language requirements and we have not admitted students who had not had at least enough language to warrant the belief that they could carry college work in language successfully."

NOTE: Swarthmore College is an excellent school in liberal arts and engineering. It maintains very high scholastic standards, has cooperated generously in the matter of scholarships, and President Nason has been the National Chairman of the Student Relocation Council.

TUITION AND COLLEGE JOBS

1-2-45: DUNWOODY INCREASES NON-RESIDENT TUITION: R. T. Craigo, Assistant Director of the William Hood Dunwoody Industrial Institute in Minneapolis, Minnesota, stated in a letter to Project Director Stafford of Minidoka: "I regret that it has been necessary to increase the tuition for non-residents of the State of Minnesota as is discussed and explained on the enclosed sheet. However, non-residents now in training at Dunwoody and those cases which have in effect been accepted as a matter of record will continue under the former lower non-resident tuition."

Undated: UNIVERSITY ILLINOIS: Letter from Takeo Toward Shirasawa to the Council: "Meal jobs are quite easy to find here on the campus, and I think the Student Employment Bureau can place students in other part-time jobs...The Dean of Students acts as a counselor for the Japanese American students here, and he is very nice to us. It is to our advantage to know the Dean, because he can do a great deal to help us. At the present, there are about 15 Nisei here. Three of them are Hawaiians who have been in the Midwest from before the war."

SEWING AND TRADE SCHOOLS

12-21-45: IN KANSAS CITY, MISSOURI: The following information is taken from letters in answer to an inquiry made by Mr. Stafford, project director at Minidoka, regarding schools offering dress designing and drafting in Independence and St. Louis, Missouri. The Jonnie Kay School of Fashion, 1612 West Walnut Street, Independence, Missouri, is conducted by Mrs. Margaurite Chambers who will furnish more details upon request. Individual lessons are offered from January through June in drafting, draping, tailoring, millinery, dress construction and color harmony. Independence is only a 45 minute trolley ride from the center of Kansas City.

IN ST. LOUIS: The Hadley Vocational School and Washington University offer both day and evening classes. Hadley is one of the public schools, and therefore, any charge they would make would be small. Washington University charges \$25 each semester and classes are held two evenings per week for two hours. The course includes fundamental study of the figure, principles of design as related to dress, pattern drafting, and making of costumes from original design. Last year Nisei girls were enrolled in both the schools. For further information please write to the directors of admission of these schools or to Dorothy N. Henschen, Acting Relocation Officer, 1415 Paul Brown Bldg., St. Louis, Missouri.

3-16-45: PHILADELPHIA WRA GATHERS INFORMATION ON TRADE SCHOOLS: We understand that the Philadelphia office of the WRA with the help of a subcommittee of the Citizens' Committee is planning to send to the Counselors in eight projects a kit of information about trade schools in Philadelphia. The first instalment of this kit with data on secretarial schools in this area is on its way now.

WEST COAST NEWS

3-45: "CALIFORNIA, HERE I COME" - Joe Kaniya (Amacho-Berkeley) writes that he is now happily settled in a student co-op house on the campus of the University of California and praises the student organizations which are directly helping the Nisei returnees. He goes on to say: "The attitudes that I have encountered have been without exception very favorable. Some of the students have done a lot of thinking about the Japanese evacuation and have formed proper attitudes for others to follow. Many students are participating in activities designed to help the returnees. To my knowledge, three groups are directly helping the Nisei return--the YM through Roger Unna mainly; the Berkeley Interracial Committee through Jane Davis and Doris Stanislawski, and the American Youth for Democracy (AYD). The three met jointly to avoid overlapping, and it was decided to leave the reception phase (meeting at trains, etc.) to the "Y", the rooming for non-working returnees to the AYD, and the room and board jobs to the Berkeley Interracial Committee. I have met the people of these committees, and I am taken aback by the great amount of work that each of them has done. The Nisei certainly have a lot to live up to now."

3-12-45: SUNNY SOUTHERN CALIFORNIA: The hum of activity comes this week from Southern California through Esther B. Rhoads of the Friends Service Committee in Pasadena, California: "Helen Brill got one girl back to Redlands. Twelve were listed for U.C.L.A. this term, and there are several at P.J.C. One of the girls at the Pasadena hostel is going to Frank Wiggins Trade School. Another is at Occidental, and we know of quite a number who are making plans to return next term."

3-6-45: FROM POSTON I TO BERKELEY: Ben Sanomatsu, formerly assistant counselor to Estelle Hinson, has been enrolled in the University of California at Berkeley, where he thinks that "the bunch (students) has been swell." Ben worked closely with the College Bound Club while in Poston and a vote of thanks goes to him for his part in the scholarship fund drive.

STUDENT RELOCATION NEWSHEET

Prepared by the

National Japanese American Student Relocation Council
Philadelphia, Pennsylvania

March 22, 1945

AMACHE SCHOLARSHIP FUND HITS \$770!

2-26-45: The Amache High School publication IT revealed that \$770 had already been received by the Amache Scholarship Fund Society and that "every effort is being made to increase it." "Students who have been accepted will receive \$50 or less and will be recommended to the National Student Relocation Office for aid."

NISEI WINS HONOR AT MOUNT HOLYOKE

3-17-45: A United Press dispatch from South Hadley, Massachusetts, announces honor won by a Nisei student: "Miss Hattie Kawahara, a Japanese-American student who came to college from a relocation center, was among twelve graduates at Mount Holyoke who received fellowships today for advanced study. She received the Bardwell Memorial Fellowship to work for a doctorate of philosophy at Radcliffe, or the University of Chicago."

"JOE BRUIN" AND "JOE BEAR" WELCOME BACK NISEI STUDENTS

2-9-45: The warm welcome extended returning Nisei students to the campuses of U.C.L.A. and U.C. at Berkeley is echoed in the following student publications:

From the Grins and Growls column of the DAILY BRUIN: "Dear Editor: Since its membership believes: That American-born Japanese, returning to the coast, have suffered as a result of race prejudice, and since it feels that it should do all in its power to help them re-enter the community and university life, Robinson Hall wishes to go on record as welcoming Nisei returning to U.C.L.A.; its doors will be wide open to them. JOSEPH MEDNICK, Secretary of the Robinson Board of Executives."

Note: Robison Hall is a men's co-operative dormitory on the campus of U.C.L.A.

3-45: The DAILY BRUIN carried a two-by-eleven inch article together with a picture of President Sproul under the headline: SPROUL ASSURES NISEI OF EQUAL OPPORTUNITIES. The news item is quoted in full: "Complete equality of opportunity and treatment in the University was assured to students of Japanese ancestry by Dr. Robert Gordon Sproul, president of the University, who arrives here today from the north for a month's stay, in a statement clarifying the administration's attitude towards returning Nisei:

'THE UNIVERSITY MAKES NO DISTINCTION AMONG STUDENTS BECAUSE OF THEIR RACE, RELIGION, OR NATIONALITY. THEREFORE, PERSONS OF JAPANESE ANCESTRY, WHO HAVE BEEN CLEARED BY THE WAR DEPARTMENT AND OTHER FEDERAL AUTHORITIES, AND WHO RETURN TO CALIFORNIA EITHER TO BEGIN OR TO RESUME THEIR STUDIES IN THE UNIVERSITY, WILL NOT BE TREATED DIFFERENTLY FROM OTHER FORMER STUDENTS OR APPLICANTS FOR ADMISSION. MOREOVER, SUCH PERSONS WILL BE RECEIVED BY THE ADMINISTRATION OF THE UNIVERSITY, AND BY THE FACULTY AND STUDENT BODY AS WELL, I AM SURE, IN A FRIENDLY AND CO-OPERATIVE MANNER, FOR THEY WILL HAVE BEEN CERTIFIED, IN EFFECT, TO HAVE PROVED THEMSELVES FREE FROM ANY BLEMISH OF DISLOYALTY EVEN UNDER THE STRESS OF MOST DISCRIMINATORY TREATMENT.'

With the residence ban lifted and a gradual return of the evacuees expected, applications for admission to the University by two Nisei have already been reported by the registrar's office. Several other American-born Japanese students have been taking Extension division correspondence courses since leaving campus."

3-1-45: THE DAILY CALIFORNIAN, U. of Calif., Berkeley, student newspaper, featured the following article:

"ELEVEN NISEI ENTER UNIVERSITY. Eleven Nisei from the Central Utah Relocation Center for persons of Japanese ancestry evacuated from the West Coast have been accepted for enrollment in the University this term.

Of the 11 students, eight were graduated from the Relocation center high school in Topaz, Utah, with scholastic averages of 90 or above and were prominent in extra-curricular activities. Three of the new students are transferring from other universities."

LOS ANGELES SCHOOLS EAGER TO HAVE NISEI

3-14-45: Miss KAZUKO SUZUKI, Student Relocation Counselor at Manzanar Relocation Project, just returned from an extensive trip to Los Angeles where she visited several schools in that area. Some of her observations and impressions from her letter to the Council are quoted in the hope that they may be valuable to other Counselors:

"All the Southern California schools are very eager to have Nisei back on their campus. At Los Angeles City College Dr. Ingalls, the Director, has stated that all Nisei will be accorded the same treatment as shown to other students entering this school. Mr. Otis Richardson, chairman of the English Department of LACC and a person very active among the minority groups, has extended an invitation to all Nisei that he would be glad to welcome them and would do all he can to find job opportunities for those who wish to work their way through school. The latest report I have from him is that he could place as many students as would be willing to come.

U.C.L.A. - "I think I need not say anything very much about UCLA. We all know their policies and we all know that they have been willing for over a year to accept returning Nisei students. The YWCA, the co-operatives, religious conference groups, as well as other student organizations are prepared to accept Japanese students. The YWCA has more board-and-room work opportunities for Nisei students than we could possibly fill. There is also a co-operative dormitory for men, and a cordial welcome is awaiting anyone who wishes to stay there. To date, we have four girls enrolled at UCLA and no boys. I wish we could somehow make the boys realize that they should go to school even for one semester before the Army calls them.

UNIVERSITY OF SOUTHERN CALIFORNIA - "President Rufus von KleinSmid told me that the University of Southern California will accept Japanese-American students who have been cleared by the Army. He has also stated that alien students cleared by the authorities will be accepted on the same basis as the citizens. At the time of my visit, neither the university nor the student organizations had done any extensive work toward accepting the Nisei students to their school. The attitude was somewhat cool and indifferent; but I am hoping that through the YWCA and YMCA groups, we may be able to create a friendlier feeling among the students.

FRANK WIGGINS TRADE SCHOOL - "Principal L. G. Stier of Frank Wiggins Trade School has written to say 'we accept applications from Japanese-American students; however, as you know, this school never enrolls a student without a personal interview. This has always been the policy of this school and has nothing to do with race or creed.'

HOUSING AND WORK SITUATION - "On the West Coast student relocation seems much easier than family relocation, since students do not seem to meet the housing shortage problem which faces family groups. Then, too, university communities have much more warmth and cordiality than is to be found at the present time in areas far from campus circles. I had an opportunity to talk to several groups who are interested in or are working for the returning evacuees. Their consensus also is that students will have no difficulty in meeting either the housing or the work problem, and these people are more than eager that by June, or at the latest, by the fall semester, they may have a fairly large number of students of Japanese ancestry back in their community and their school circles."

APPLICATIONS, ACCEPTANCES, AND ENROLLMENTS

3-15-45: Mrs. Mary Courage, Poston II Counselor, writes that Peter Kazuo Hironaka has been accepted at Miami University, Oxford, Ohio, and is planning to leave for school as soon as he finishes high school.

Note: MIAMI UNIVERSITY is an accredited State university offering courses in the Liberal Arts College, School of Business Administration, School of Fine Arts, and the School of Education. University fees are \$40 per semester, and non-resident fees amount to \$25 per semester. Several Nisei have been in attendance and have reported of its lovely campus.

3-19-45: Miss Michiko Kataoka left Manzanar on February 18 to enter U.C.L.A.

Miss Toshiko Nakamura relocated to Los Angeles from Manzanar on March 1, 1945. She is attending UCLA and living at the YWCA dormitory.

3-12-45: OHIO STATE UNIVERSITY, Columbus, Ohio - Estelle Hinson, Poston I Counselor, sends good news in that Hiroko Sakamoto has been ACCEPTED and will enter Ohio State University in the summer.

Washington

STUDENT RELOCATION NEWSHEET

Prepared by the

National Japanese American Student Relocation Council
Philadelphia, Pennsylvania

April 2, 1945

LEBANON VALLEY COLLEGE SEEKS NISEI

3-26-45: Lebanon Valley College, Annville, Pennsylvania (21 miles from Harrisburg, state capital), is interested in having some Japanese American students come to its campus. Scholarship aid at this college has been set aside especially for Japanese American students and work opportunities are available.

Note: Lebanon Valley College is a small, good liberal arts college of about 400 students. It maintains high scholastic standards, and is accredited by the Department of Public Instruction of Pennsylvania and by the Association of Colleges and Secondary Schools of the Middle Atlantic States and Maryland. It is a member of the Association of American Colleges and of the American Council on Education, and it has an excellent Conservatory of Music.

The minimum requirements include English, 4 units; foreign language, 2 units; mathematics, 2 units; science (laboratory), 1 unit; social studies, 1 unit. Counselors may correspond directly with Dr. Clyde A. Lynch, President.

WANT TO BE A SUMMER CAMP COUNSELOR?

3-3-45: A letter was received by the Philadelphia WRA from The Reverend William K. Russell, Rector of St. Stephen's Church, Wilkes-Barre, Pa., who is seeking one or two Japanese-American counselors this summer for the St. Stephen's Camp for Boys in Camp Great Neck. In outlining the type of counselors he wants, Reverend Russell says:

"Counselors for our work must be well chosen; they must be people for whom spiritual values are all important and who are concerned with the implications of the Christian religion in our common life...I am wondering whether you know of one or two men who might be interested in serving with our project...We have need, too, for a nurse. She, too, might well be of Japanese background...It is rather difficult at this point to say definitely, but I think we can pay \$150 plus maintenance for counselors and for the nurse."

Note: Several Japanese-American boys between the ages of 8 and 15 attended Camp last year. St. Stephen's Church is of the Episcopal faith, but the camp had a number of Jewish refugee boys last year. For further information, direct your communication to Reverend Russell or to the Philadelphia WRA, 21 South 12th Street, Philadelphia 7.

COLLEGE EAGER TO HAVE A CATHOLIC GIRL

3-14-45: DUNBARTON COLLEGE OF HOLY CROSS in Washington, D. C., is anxious to have a Japanese-American girl of the Catholic faith. "Perhaps, later we may find it is possible to admit non-Catholic Japanese-American girls," states Sister Mary Frederick.

Note: Dunbarton College of Holy Cross is a women's college, of the Roman Catholic faith, and is accredited by the Middle States Association of Colleges.

ATTENTION, COUNSELORS! ADDITIONAL OPENING DATES

3-23-45: The following opening dates and information divisions of the academic year have just arrived. Will you please insert them and others that may later follow into your copy of the OPENING DATES LIST?

Boston University, Boston, Massachusetts...	Semester...	9/17/45	1/21/46	3/22/45
		7/2/45		
Northland College, Ashland, Wisconsin.....	Semester...	9/11/45	1/28/46	
Black Hills Teachers College, Spearfish, S. D....	Quarter basis.			

COUNSELORS HANDBOOK ON NURSING NOW AVAILABLE

3-23-45: A counselors handbook Nursing A Profession for College Women - 1945 has just been published by the Nursing Information Bureau of the American Nurses' Association. The pamphlet presents in some detail the opportunities in nursing, the preparation required for nursing and the types of programs offered by various kinds of nursing schools, and it also contains the names and addresses of the secretaries of the State Boards of Nurse Examiners for all the 48 states,

Washington, D.C., Hawaii, and Puerto Rico. We believe that this publication, which can be obtained for 25¢ from the Nursing Information Bureau, 1790 Broadway, New York 19, New York, would be helpful to you in counselling nursing applicants.

TOPAZ RAISES \$5798.64 IN TWO YEARS

3-15-45: Since the Topaz Student Aid Fund Committee was organized in April of 1943, it has raised a total sum of \$5798.64 from contributions, carnivals, movies, and other benefits, and it has granted 56 Topaz students \$100 each to help them with their college expenses. "The 1945 drive has already netted enough to aid two students with a \$100 scholarship each," states Mr. Sasato Yamato, who has been Chairman of the Student Aid Committee since its formation.

CORRECTION OF MISSTATEMENT ON TRAPHAGEN

3-15-45: In the February 9, 1945, issue of the Newsheet there appeared a statement on the Traphagen School of Design in New York City quoted from a Japanese American in New York. According to this friend the Nisei students at Traphagen had been dissatisfied and "all had left and transferred to other schools." We have since heard from an authoritative source that the following students are at present enrolled at Traphagen:

Marie FUJIMURA, Pearl HIRATA, Ryoko ICHIKAWA, Hideko KAI, Susan KUBOTA, Helen MATSUDA, Mary MAYEDA, Michi SAWATHA, Osame TAKAKI, Tomie KUNITSUGU, and Kay YOKOGAWA.

In addition the following students completed their courses in January, 1945: Nobuko CHIKUI, Ayako NAKAMURA, Mary NISHIMURA, Emiko WATANABE, Mickey MUSASHI, Sadako YAMACHIKA.

We regret very much the misstatement that appeared in the earlier Newsheet.

WEST COAST INFORMATION

3-5-45: SANTA BARBARA STATE COLLEGE, Santa Barbara, California - Walt Godfrey, formerly of the Friends Service Committee in Pasadena, California, visited the college and interviewed President Phelps and C. Douglas Woodhouse, Dean of Men. Some of his observations were:

"There are no living accommodations on campus, for either men or women."
"Dean C. Douglas Woodhouse is in charge of both part-time employment and assistance for housing, and inquiries should be addressed to him...Twenty hours per week is normally expected for room and board in a home."

"Taki Asakura (florist) is the first evacuee to return to the Santa Barbara Community." He lists the following people as being persons in the community who would be very helpful to those who return. Students could also correspond with them:

"Donald C. Peattie, 940 Mission Canyon Road, famous naturalist, is well known for upholding the rights of the Nisei and also knows many other friendly people.

Dr. Oliver Hart Bronson, 250 El Bosque, Presbyterian minister.

Miss Grace Southwick, 1425 Mission Ridge Road, night school superintendent.

Miss Laura McKean, 2345 Edgewater Way, social worker.

Fred D. Jackson, La Arcada Building, real estate man.

R. F. MacFarland, 22 West Figueroa, scout executive."

APPLICATIONS, ACCEPTANCES, and ENROLLMENTS

3-14-45: UNIVERSITY OF MICHIGAN HAS 22 NISEI STUDENTS: A memorandum prepared by Veda Scatterfield, WRA Associate Relocation Officer in Ann Arbor, Michigan, indicates that a total of 22 Japanese American students are in attendance at the University of Michigan. By divisions of the University, the enrollment is as follows: Graduate School, five; Liberal Arts, ten; Engineering, five; Pharmacy, one; Dentistry, one.

3-20-45: FIRST NISEI EVACUEE AT NEBRASKA STATE TEACHERS COLLEGE: Miss Ruth Toyama of Heart Mountain enrolled on January 23, 1945, at Nebraska State in Kearney, Nebraska. Her address is Eva J. Case Hall; perhaps, some of you may want to write to her and gain first hand information of the school. (See Newsheet, February 23, 1945, p.1.)

2-28-45: MINIDOKANS--COLLEGE BOUND

WAYNE UNIVERSITY, Detroit, Michigan - Ray Komachi and Frank Sasaki

UNIVERSITY OF ROCHESTER, Rochester, New York - Hope Ohashi

UNIVERSITY OF MINNESOTA, Minneapolis, Minnesota - Ben Yanagimoto

WESTERN MICHIGAN COLLEGE OF EDUCATION, Kalamazoo, Michigan - Thomas Nitta and Shig Kawahara

Washington

STUDENT RELOCATION NEWSHEET

Prepared by the

National Japanese American Student Relocation Council
Philadelphia, Pennsylvania

April 11, 1945

UNIVERSITY OF PITTSBURGH NOW ACCEPTS NISEI

3-29-45: The Pittsburgh War Relocation Authority office has written us that the ban on the admittance of American students of Japanese ancestry to the University of Pittsburgh was lifted as of October 1, 1944. Tetsu SUGI is now enrolled. The Chancellor of the University has written directly to the Council that registration for their fall semester is from September 18th - 22nd.

UNIVERSITY OF KANSAS CITY PLEASED WITH NISEI STUDENTS

4-6-45: The Kansas City War Relocation Authority office has sent us a letter from Dean Mortvedt of the University of Kansas City addressed to the WRA which reads: "Our policy in dealing with Japanese-American students is to follow the same rules as govern the admission of any other students. We try, of course, to clear the records through the Relocation Office. During the past few years, we have had about a dozen Japanese-American students on the campus, and we have found them to be good citizens and generally good students.

Note: To our knowledge, 21 Nisei students have been accepted by this university. A good many are now in attendance.

NEWS FROM HEART MOUNTAIN

3-27-45: Heart Mountain reports: "We have selected people to take the Army Specialized Training Reserve Program tests on April 12. Also we have acquainted the seniors with the Pepsi-Cola scholarship contest and had them choose the 11 students who are 'most likely to succeed.' according to the instructions given by the Pepsi-Cola Company. These 11 students will take the test on April 16."

Among those honored by the Heart Mountain Scholarship Fund are: Claire FUNABIKI, Evan OYAKAWA, Kayoshi MASUOKI and Tsuneo HIYAKE.

ANOTHER OPENING FOR SUMMER CAMP COUNSELORS

Camp Dark Waters and Camp Onas would like to have some Japanese American college students serve as counselors this summer. These two camps are located in eastern Pennsylvania just outside of Philadelphia. They are under the direction of Mr. and Mrs. John Parker, members of the Society of Friends. The Parkers are interested in having boys and/or girls to serve as general counselors. The salary for these positions would amount to \$100-\$150 depending on the student's qualifications. The camps also need a cook-dietitian and an assistant to a cook-dietitian; the first of these two positions would pay \$200 for the summer. The salary for the second is not yet fixed. These salaries would, of course, be over and above the students' expenses.

Any student interested in these openings should get in touch with Mr. John W. Parker, Westtown School, Westtown, Pennsylvania.

ACCEPTANCES AND ENROLLMENTS

3-31-45: OHIO STATE UNIVERSITY provisionally accepts two students. Mr. Ronald B. Thompson, the University Examiner, has written to the Poston I Student Relocation Counselor as follows: "We have accepted both Miss Sakamoto and Miss Taniguchi on the basis of their high school certificate and the satisfactory completion of the high school course and we shall complete their admissions upon receipt of the supplementary transcripts which you say will be sent us at the end of the semester. There are no tests that need to be taken to complete their entrance. All students take placement tests after they are enrolled in order that they may be placed in the appropriate sections."

4-5-45: STUDENT ACCEPTED BY INSTITUTE FOR FISHERIES RESEARCH: Dr. A. S. Hazzard, the Director of the Institute has written in regard to Kiyoshi George FUKANO'S application: "We are considering him for employment with our Institute and trust that it may be possible for him to continue with his doctorate studies here."

4-6-45: ANOTHER STUDENT ACCEPTED BY MIAMI UNIVERSITY: Kazuo HIRONAKA of Poston II has written that he has been accepted by Miami University in Oxford, Ohio, and has been informed that he can easily work for his room and board at the University.

4-6-45: LEBANON VALLEY COLLEGE NOW HAS JAPANESE STUDENT: Kenjiro IKEDA, a non-evacuee who was born in Japan has written that he is now studying at Lebanon Valley College.

Note: Lebanon Valley College is still eager to have some Nisei students come to its campus.

HEART MOUNTAIN ENROLLMENTS

3-27-45: UNIVERSITY OF CALIFORNIA AT LOS ANGELES, Los Angeles, California. Evan OYAKAWA enrolled for the spring quarter. He is living in a cooperative dormitory and is rooming with two Caucasian students. The Heart Mountain Counselor writes that one of Evan's friends reports that Evan "has been treated very well by people in Los Angeles and all in all, he seems to be getting along fine and is happy. He says that one forgets the color of his face when he is with college fellows."

3-27-45: NEBRASKA STATE TEACHERS COLLEGE, Kearney, Nebraska. Ruth TOYAMA enrolled in January. According to the Heart Mountain Counselor, Ruth writes that "She is getting along fine. People have been kind to her and she is glad she chose this school."

STUDENT RELOCATION NEWSHEET

Prepared by the

National Japanese American Student Relocation Council
Philadelphia, Pennsylvania

February 5, 1945

At the Projects this NEWSHEET is being distributed by Office Services to the Assistant Project Director in charge of Community Management, the Superintendent of Education, the High School Principal, and the Student Relocation Counselor. We would like to suggest that each Student Relocation Counselor think through this distribution. It may be that the copies now going to the above-named could be shared by going also to the senior Home Room teachers in the High School or to the Family Relocation Counselors in Social Welfare and in the Relocation office. It is not possible to send more than four copies to each Project, except at Gila and Poston. We suggest that the Student Relocation Counselor decide on the best distribution and then tell Office Services her decision. We believe Office Services will be glad to cooperate.

A PLUG FOR SMALL SCHOOLS

Our Field Director points out -- "Even though the large universities are now available, we hope that the Project high school graduates won't jump to the conclusion that a large campus is better for them. In the East and Middle West there are many advantages in going to a small school. On the West Coast it was different. There the best bet usually was the state university but in the East, particularly for the entering freshman, the small well accredited school has a lot to offer. Classes are small. The student receives individual attention. He has a chance to know his professors personally and meet them at home and around the soda fountain at the college store. But most important he gets to know the other students and they get to know him. On the large university campus where there are eight to twelve thousand students, there may be a tendency for the Nisei to be set off by themselves. Try going into a large campus and ask somebody if he knows Tom Tani or Suzi Suzuki, and he'll answer -- 'Oh, you mean one of those Japanese-Americans -- I guess you'll find them over there somewhere.' But on the small campus the answer is -- 'Sure I know him; he lives down the corridor from me in the dorm.' The Nisei is accepted as an individual and not for what he's labeled."

From the experience of some 3,000 students who were relocated, we are prone to believe that those students who went to the small schools have gained a great deal more in warm fellowship with both students and faculty and were given the chance of giving a lot more of themselves. A higher education is certainly more than book learning and lectures. In a large university it is only by the extra effort of the individual that he becomes a real part of the many campus activities. While in a small school, the student body activities are usually natural group activities of everyone and therefore the Nisei becomes drawn into all of the activities with ease and naturalness. Where he has leadership qualities, these have come to the fore and we note several students were elected to the highest student body offices and a number of others to various other positions. We wonder for the total personality development and adjustment of some of the students, if it would not be wise for the Counselors to discuss with the student the advantages of going to a small school. (We are aware of the fact not all students are small school types.)

Some other reasons why we believe students should consider going to smaller schools --

- (1) Adjustment from High School to College easier -- moreover adjustment from Camp-life to College-life, we think, won't be as hard.
- (2) With less competition -- student able to make good grades -- with well chosen courses, the student wishing technical training, can easily transfer to a larger institution in the upper division if necessary.
- (3) Many of the small institutions, denominationally supported, can help Nisei with scholarships.

- (4) The more communities and states to which the Nisei go, the broader the dispersion will be and a wider group of Americans will come to know them, thus helping, perhaps in the adjustments in the post-war period. Kay Yamashita points out - "Maybe it isn't the technical education which will solve problems, but getting to know people and getting people to know us, in little communities which for the most part have never known Japanese-Americans or others of minority groups."

NEWS FROM SOME SMALL SCHOOLS

1-11-45: MICHIGAN STATE NORMAL COLLEGE, Ypsilanti, Michigan - letter from Kusae Morinaka "The College is just swell. It's rather small college but the friendliness of the students and the personal interest the profs give us Nisei mean a lot more, especially when we're so far from home."

1-23-45: BLACKBURN COLLEGE, Carlinville, Illinois - Letter from the President. "We have two Japanese girls at Blackburn now and one whose father was Japanese. We should like very much to have more of these girls since we find them excellent students, good workers, and we have not had one word of criticism out of the town concerning the college having Japanese students."

Note: This school is a low cost, self-help Junior College. The catalogue notes that - "Blackburn is a college for boys and girls who have everything but money -- character, brains, and good health, plus love of learning that they are willing to trade a little money (\$250 a year) and a lot of manual labor to get it."

\$250 pays for room, board and tuition for a whole year. The academic standards are high and we understand - Blackburnites go on, as many of them do, to the junior year of any four year college or university where they are accepted without examination."

We believe this school would be a wonderful place for a student to grow in the warm atmosphere of fellowship with students and faculty.

1-22-45: STERLING COLLEGE, Sterling, Kansas - Information comes to us from the Counselor at Minidoka that President Hugh A. Kelsey sends the following inquiry - "We are quite interested in these Japanese-American young people. We have had some of them here, and have one now, from the relocation camps; I am wondering whether there would be any there who are interested in college and eligible for entrance. As you know, the second semester opens January 15, if you know of any who would be interested and whom we might help, it will be a pleasure to do so. We have some financial help for students here and a bit of work. Perhaps some will care to correspond with me about it."

Note: The school is an unaccredited United Presbyterian, coeducational institution. Offers excellent courses in Music (Piano and Voice) leading to a B.M. degree.

1-22-45: SIMPSON COLLEGE, Indianola, Iowa - GEORGE TAMURA (Hunt) on his way.

2-1-45: PARK COLLEGE, Parkville, Illinois - HIRONORI MIYAGAWA in attendance.

1-29-45: WESTERN UNION COLLEGE, Le Mars, Iowa - letter from Jessica Fumie Hoshino "I wish some one would carry on after I've gone. They are really swell - faculty and kids. Be sure they are friendly and Christian and neat. They'll find some hardship but it's worth it. I wouldn't recommend more than one Nisei however. You know how it gets."

Note: There is some possibility of scholarship-aid for those who might be attending schools affiliated with the Evangelical Church. Western Union College is an unaccredited, coeducational school.

Washington

STUDENT RELOCATION NEWSHEET

Prepared by the

National Japanese American Student Relocation Council
Philadelphia, Pennsylvania

April 19, 1945

PRATT ACCEPTS NISEI ON SAME BASIS

4-3-45 Mr. Alfred D. Donovan, the Registrar of Pratt Institute, Brooklyn, New York, wrote Mr. Jobu Yasumura of the American Baptist Home Mission Society on April 3 as follows: "You have our assurance that our requirements for admission for students of Japanese descent are precisely the same as they are for all other applicants, and Japanese students will be considered for admission on the same basis as any other applicant."

Note: There are a number of Nisei students now enrolled at Pratt. We know of two studying costume designing: Chieko FUKUOKA and a Miss Shimata. Miyoko FUSE was a class officer in 1943-44.

A WARM WELCOME AT THE UNIVERSITY OF CALIFORNIA

3-25-45: Ben SANEMATSU who formerly worked in the Student Relocation office at Poston I and is now attending UC writes: "As far as the Berkeley campus is concerned, I believe there are 22 Nisei enrolled. Yesterday through the efforts of Dr. Chapman, we had a swell get-acquainted party. The reception here in Berkeley has been excellent."

ACCEPTANCES AND ENROLLMENTS

4-9-45: TOPAZ STUDENTS. Miss Eleanor Gerard, Student Relocation Counselor at Topaz, reports on the following students: Miyoko ISHIYAMA has entered George Williams College, Chicago, Illinois. Florence M. GANO has been accepted at Bates College, Lewiston, Maine. (Will enroll in September.)

4-15-45: MEDICAL STUDENT ACCEPTED AT BUFFALO. Bill SUGIYAMA has written the Council as follows: "Just two days ago, after many discouraging weeks, I was blessed with an acceptance into the University of Buffalo Medical School. The Medical School begins on October 1. I have saved all my correspondence with the schools to which I have applied. If you feel that they may help other students entering medical schools, I shall gladly sum up the situation or actually send the letters themselves."

Note: We are writing Bill for a summary of his experiences in making application to medical schools. We also suggest that other prospective medical students contact him at the City of Detroit Receiving Hospital, Detroit, 26, Michigan.

4-16-45: NURSING SCHOOL STUDENT ENROLLED AT MOTHER C. BRINI HOSPITAL, CHICAGO, ILLINOIS. Margaret Tazuko MIYAKE entered training at this hospital on March 1. She writes: "I find it quite pleasant as to work and people concerned."

ADDITIONAL OPENING DATES

The following information has recently been received. We suggest that that you insert these colleges into your copies of the Opening Dates List:

Winona State Teachers College, Winona, Minnesota--Quarter--9-4-45; 12-3-45; 3-11-46
Walla Walla College, College Place, Washington--Quarter--9-12-45
California School of Mech. Arts, 2250 17th St., San Francisco, Calif.--Semester--
9-17-45; 2-1-46
Kilgore College, Kilgore, Texas--Semester--9-10-45; 2-1-46; 6-6-46
Polytechnic Institute of Brooklyn, 99 Livingston St., Brooklyn, N.Y.--after
12-1-45 semester only--12-1-45; 2-2-46; 4-2-45; 6-25-45
Wittenberg College, Springfield, Ohio--Semester--9-10-45; 1-28-46; Summer session--
first term, 6-10; second term, 7-15; third term, 8-19

WEST COAST COLLEGE INFORMATION

Replies have begun to come in from a questionnaire we asked friends of ours to send to friends of theirs at all the colleges and universities on the West Coast. We hope this information will be valuable to you as you

answer students' questions about the attitude of West Coast institutions. We plan to pass this information along to you through the Newsheet each week. SUGGESTIONS: 1) For convenience in counseling students you may wish to insert a short summary on each school alongside the name of that school in your Educational Directory. 2) To encourage and reassure your evacuee friends, you may wish to post selections from this information on a Bulletin Board. 3) You may wish to paste a copy of this data on the cover of the college catalogue concerned.

BAKERSFIELD JUNIOR COLLEGE, Bakersfield, California. Opening dates: 9-1; 1-23. Miss Grace Bird, Director of the college, has sent us the following information: Living Accommodations: "Since this is not a 'residence college' students who do not live at home or with relatives find housing in private homes. We may assume, I think, that some of these homes will accept and some will refuse Japanese Americans." Employment Opportunities: "Present rate of pay from 45¢ to 75¢ per hour; 15 to 20 hours a week are expected in return for room and board in a home. For men, the few jobs available on the campus will be open to the equal consideration of Japanese Americans and all other students. We have not yet had experience in attempting to place any returned Japanese American men students in employment off the campus. We know that some employers, however, are not yet ready to give them an equivalent opportunity with white students. This situation existed before the war also." The same applies to employment opportunities for women. "We have had experience in trying to place a returned evacuee, however, and realize that there will be difficulty in finding employment." Scholarship Aid: The only expense incurred in attendance at Bakersfield is the cost of textbooks. Short time loans are available for this purpose. Japanese Americans will be considered on the same basis as others for this assistance. One Nisei now enrolled: Phyllis KINOSHITA will graduate in June, 1945. College Contacts for Nisei: Miss Bird suggests that Nisei applicants write the Dean of Women, Miss Margaret Levinson, or the Acting Dean of Men, Leonard McKaig, regarding housing, employment, etc.

TAFT JUNIOR COLLEGE, Taft, California. Opening date: 9-10-45
Mr. Eugene M. Johnston, District Superintendent has sent us the following information: Living Accommodations: "Rooms in private homes" for both men and women. Employment Opportunities: 60¢ on campus; 75¢-\$1.00 per hour off campus for both men and women. Scholarship Aid: "No expense to attending." Number enrolled: None. College Contact: Mr. J. Wendell Howe, Taft Junior College, Taft, California.

VISALIA JUNIOR COLLEGE, Visalia, California. Opening dates: 9-17-45; 6-7-46. Mrs. Ethel Wallace Bryant, Dean of Women has sent us the following information: Living Accommodations: "Probably only with their families." This applies to both men and women. Employment Opportunities: "Current rates" for both men and women, "21 hours or 28 hours, dependent on number of meals per day" are usually expected in return for room and board in a home. Scholarship Aid: "One loan fund for small loans of immediate necessity" is available for entering freshmen. Japanese Americans will be considered for scholarship aid on the same basis as all other applicants. Number enrolled: None. College Contacts: Dean of Men or Dean of Women. Additional Comments: "Because the general sentiment of people in this area is opposed to the immediate return of Japanese American families, it may be inadvisable for these students to plan to come to Visalia Junior College next year. The policy of the school, however, will be one of cooperation with the regulations permitting these people to return to the state."

CENTRALIA JUNIOR COLLEGE, Centralia, Washington. Opening Date: 9-10-45
Arthur W. Shret, Registrar, has sent us the following information: Living Accommodations: "Most likely - none." (for both men and women). Employment Opportunities: "None." Scholarship Aid: "Scholarship to Valedictorian or Salutatorian from high school of Lewis County, Washington." "Doubtful" if Japanese Americans will be considered for scholarship aid on the same basis as all other applicants.

CALIFORNIA INSTITUTE OF TECHNOLOGY, Pasadena, California. Opening dates: 7-3-45; 11-6-45
Paul Ackerman, Y Secretary, 1201 East California, Pasadena, 4, California, has sent us the following information: Living Accommodations: "Student 'Y' Co-op house available for Nisei men. Tech accepts no women students." Employment Opportunities: "Good possibility to serve meals - work for room and board, gardening, work on Tech projects, etc. - Rate 65 - 85¢ hour." Hours of work expected in return for room and board in a home "varies a great deal - about 2 hours a day plus full day Saturday - this is maximum." Scholarship Aid: "Some scholarship funds through school." Deadline for freshmen scholarship or loan applications is "about a month prior to opening term (June 1)." Japanese Americans will be considered for scholarship aid on same basis as all others. There are no special funds for Japanese Americans. "However, I believe there are people in Pasadena who might be willing to help in this project." College Contacts: (Student) Robert Sensibaugh U.S.N., 1201 E. Calif., Pasadena and Paul Ackerman, same address. Additional Comments: "Two Japanese Americans are working in projects on campus. Official policy of Institute is to bar no one on basis of Race or Creed—we have Dr. Millikan's word for this."

Wiston

WAR RELOCATION AUTHORITY

Washington

STUDENT RELOCATION NEWSHEET

Prepared by the

National Japanese American Student Relocation Council
Philadelphia, Pennsylvania

April 24, 1945

FORMER COUNCIL DIRECTOR SENDS NEWS ON:

4-17-45: UNIVERSITY OF WISCONSIN, Madison, Wisconsin. Mr. C. V. Hibbard, former Director of the Council, writes in regard to room and board jobs and scholarships at the University of Wisconsin: "If any of these students want to work in homes for room and board and attend the University of Wisconsin, I think we can help them. In the same way, I think we might be able to help with tuition scholarships if we have sufficient advance notice."

4-17-45: STATE TEACHERS COLLEGE, Milwaukee, Wisconsin. "In general, I think Nisei beginning college will be well advised to go to Milwaukee State Teachers College and establish themselves in Milwaukee. It will be easier to establish their families there and for at least two years they can get as good training in the Milwaukee State Teachers College as anywhere and at a minimum tuition expense."

CAMP JOB FOR A REGISTERED NURSE

4-13-45: Dr. J. Earl Fowler of the National Council of the Protestant Episcopal Church has written that Camp Great Neck, Tunkhannock, Pennsylvania, would like to have a Japanese American registered nurse for the camp season this summer. "Camp Great Neck is run by St. Stephen's Episcopal Church, Wilkes-Barre, Pennsylvania. It is a very fine camp and has been running for over forty years. I sent several Nisei boys to camp there last summer on scholarships and expect to send about eight this summer. I am also trying to get a Japanese counselor for the camp. The job will pay \$150.00 and maintenance for the eight week period, July 1st to near the end of August. Should the individual have young sons arrangements could be made for them to attend the camp."

HAMPTON INSTITUTE FARM CAMP FOR COLLEGE WOMEN

4-13-45: President Ralph P. Bridgman of Hampton Institute, a Negro college in Hampton, Virginia, has written that there will again be a farm camp held at the Institute this summer. There will be two terms with 15 campers each term. This inter-racial camp divides its program between four to seven hours a day of farm work, recreation and cultural opportunities, such as lectures, concerts and seminars at the Institute. Campers earn their living expenses and last year were able to earn considerably more. For further information, write to Miss Anne Cooke, Hampton Institute, Hampton, Virginia.

ENTHUSIASTIC REPORT FROM STATE COLLEGE OF WASHINGTON

4-18-45: Miss Irene Damme, Student Relocation Counselor at Heart Mountain, writes that Frank HIRAHARA who enrolled at the State College of Washington, Pullman, Washington at the beginning of the second semester of this year is studying electrical engineering and is "very enthusiastic about his work at the State College of Washington and he says that the students and faculty are grand to the Nisei. He thinks it is a swell place. It does sound as though he is getting along fine and is not experiencing any prejudice whatsoever."

ACCEPTANCES AND ENROLLMENTS

4-18-45: CENTRAL COLLEGE OF TECHNOLOGY, Chicago, Illinois. Ada KOSUGI of Heart Mountain has, Miss Irene Damme writes, enrolled in Central College of Technology in Chicago.

4-18-45: OHIO STATE UNIVERSITY, Columbus, Ohio. Kayoshi MASUOKA of Heart Mountain has, Miss Irene Damme writes, been accepted by Ohio State University. He has written Miss Damme, "for any body who doesn't know much about Ohio State University and goes to Columbus, I think it would be best to go first to the WRA office there."

4-20-45: EVANGELICAL DEACONESS HOSPITAL, Milwaukee, Wisconsin. Miyoko ENOKIDA writes that she has been accepted for the next semester which will probably start the latter part of August.

ADDITIONAL OPENING DATES

- 4-21-45: DICKINSON COLLEGE, Carlisle, Pennsylvania--Session--6/11/45; 10/3/45; 2/4/46
- 4-23-45: UNIVERSITY OF REDLANDS, Redlands, Calif.--Term (16 Wk.)--7/2/45; 11/1/45; 3/1/46 (approx.)

INFORMATION FROM NORTHERN CALIFORNIA COLLEGES

UNIVERSITY OF CALIFORNIA, Berkeley, California. Mary B. Davidson, Dean of Women has sent us the following information: Opening Dates: "Summer: Registration June 28-30; Instruction begins July 2; Final examinations October 15-20; Fall term: Registration October 25-27; Instruction begins October 29; Final Examinations February 18-23; Spring term: Registration February 28-March 2." Living Accommodations: For Women: A very complete approved list of living accommodations for women students is available from the Dean of Women, 201 Administration Building. For Men: "The Dean of Students office, 201 Administration Building is prepared to make available the same information on housing that is available to all undergraduate men at the University. Mrs. Jane Davis, 2634 LeConte Avenue, Berkeley 4, Executive Secretary for the Berkeley Inter-Racial Committee, is also assisting Japanese Americans in making housing arrangements. Applications for International House may be obtained by writing directly to International House at 2335 Piedmont Avenue, Berkeley." "Mrs. Davis, mentioned above, will assist Japanese American women also. Berkeley is overpopulated. There is really nothing certain except room and board jobs in private homes." Employment Possibilities: (Men and Women) "Opportunities off the campus for both men and women vary depending upon the time a student has available, however. The number of hours and the wages paid vary with individual employers. Gardening in abundance is available for men at \$1.00 per hr. (equivalent to \$1.20 since there are no tax deductions) provided they have some knowledge of the work. P. Work opportunities for students on the campus are limited as we try to operate the campus with full-time help. The prevailing hourly rate for women is 60¢, for men 75¢, although the minimum for men is 60¢. P. Japanese Americans wanting positions should write to our Bureau of Occupations, South Hall Annex, University of California. Positions cannot be arranged by mail, so students should plan for a personal interview with a representative of the bureau. The United States Employment Service at 2461 Shattuck Avenue, will also assist in job placement." "Students work an equivalent of 18 hours per week for room and board and \$10.00 per month." Scholarship Aid: "There are no loan funds available for entering freshmen." Approximately 300 scholarships are available by UC to undergraduates; about 50 of these are allotted to entering freshmen. Awards are made on a competitive basis. The Dean of Students and Dean of Women will be glad to answer any further questions. "The last date for filing scholarship applications for 1945-46 was Feb. 15, 1945." Japanese Americans will be considered on the same basis as all others. "We have at the present writing no special funds for Japanese Americans. There is one fund for student 'dislocated by the present war' which seems especially appropriate to their needs." Nisei students now enrolled: Mark Munoyuki HAYASHI, Juro HAYASHIDA, S. ISHIHARA, Seiichi KAMI, Joe KAMIYA, Kiyoshi KAWAHATA, Stanley Takashi MARUBAYASHI, Ben Demichiro SAHEMATSU, Yoshio TAKAKUWA, Yutaka YOSHIDA, Edward Hideto MATSUOKA, Seiko AKAHOSHI, Keiko Kay IRIKI, Shigayo Jane HAYASHI, Yukiyo HAYASHI, Teiko HIDEISHIMA, Etsuko HONNAMI, Marion Taniko OISHI, Miyoko TAKITA, Mary Y. TAMAKI and Junko Mary TAMA. University Contacts: For housing: Dean of Students (men) and Dean of Women (women). For employment: Bureau of Occupations. Additional Comments: "I regret to sound discouraging regarding living conditions in the Bay Area, but this is a defense area as well as a point of embarkation for the Armed Services, and we have been faced with an ever increasing housing shortage. We feel strongly, therefore, that it is not advisable for students to come the long distance to the University of California unless they have definite living arrangements planned before they come. P. The Berkeley Inter-Racial Committee, Executive Secretary, Mrs. Jane Davis, 2634 LeConte Ave., Berkeley 4, The University Y.W.C.A., Union and Allston Sts., Berkeley 4, the University Y.M.C.A., 2227 Union St., are all prepared to correspond with Japanese Americans who wish to come to the University and to give every assistance."

MILLS COLLEGE, Oakland, 13, California. Miss Doris Dozier, Recorder and Director of Placement has sent us the following information: Opening Dates: September 14, 1945 to June 2, 1946. Living Accommodations: Men: "None. The undergraduate division is for women only. The graduate division is co-educational, but men are not housed on campus except in six weeks summer session." Women: "Dormitory arrangements with board. Single rooms and double rooms same price \$330 each sem. or \$660 for the academic year." Employment Opportunities: "Good for waitresses in campus dining halls and trained office people. Typists and stenographers. Women may secure Saturday employment in downtown stores. Work for board and room in private homes near the campus or in faculty homes is possible. Slight remuneration. Twenty-one hours of work each week in exchange for board and room. Includes cooking, cleaning, care of children. Heavy washing and ironing not permitted. Inspection of homes before placement if other than with faculty family. Approval of family required (student's) and clear record of health." Scholarship Aid: "Freshmen competitive Scholarships in amounts from \$100 to \$400. Must live in residence to obtain these. Loan funds are not available to freshmen. Applications must be received on or before March 15th each year." Nisei students will be considered on same basis. There are no special funds set aside for Japanese Ameri-

cans. Nisei Now Enrolled: One. "Florence Koda entered in February, 1945. She is interested in music. Applications are being received for admission in September, 1945." College Contacts: "Japanese American women students should apply for admission to the Office of Admission, Mills College 13, California. They should apply to the Director of Placement, who is also Chairman of the Financial Awards Committee for financial assistance in entering college. Scholarship applicants should apply to the Chairman of the Scholarship Committee. Questions regarding social adjustment and room assignments will be answered by the Dean of Students." Additional Comments: "Mills has a very generous work and study program. Students working for board and room in private homes may attend as non-resident students. The maximum aid a nonresident student may attain is \$200. P. Total expense of attending Mills College is \$1200. Personal allowance, clothes, and travel expense is over and above this basic expense. The nonresident student saves \$660 of this amount (board and room on campus). P. Address general inquiries to the Recorder, Mills College. P. We would suggest that any student applying contact either Tom Hunt, Executive Secretary, Institute of International Relations, or Jean McKenzie in order that one of these two can check and see that a fair consideration is given by the persons and departments suggested on the application to the student wishing to come to Mills."

COLLEGE OF PHARMACY UNIVERSITY OF CALIFORNIA, San Francisco, California.

Miss Mary Jean Kennedy, Secretary, Japanese American Committee, American Friends Service Committee, 1830 Sutter Street, San Francisco, California has sent us the following information: Opening Dates: October 28, 1945; February 28, 1946. Living Accommodations: For Men and Women: "During first year, on Berkeley campus, eligible for housing units maintained by University, in San Francisco for three succeeding years, must obtain own housing accommodations." Employment Opportunities: "Personnel office, University of California Medical Center, can help with employment, on and off campus. Averages 75¢ to \$1.00 an hour," for both men and women. "Eighteen hours as an average, sometimes less," a week are usually expected in return for room and board in a home. Scholarship Aid: "None for entering freshmen, some made for more advanced students." Nisei students will be considered for scholarship aid on same basis. There are no special funds for Japanese Americans. Nisei now enrolled: Katsuki ISHIDA. College Contacts: Dr. John J. Eiler, 3003 Life Science Bldg., University of California, Berkeley, Calif.

UNIVERSITY OF CALIFORNIA SCHOOL OF NURSING, San Francisco, California.

Miss Kennedy has sent us the following information also: Opening Dates: July 2, 1945; October 29, 1945; March 4, 1946. Living Accommodations: "Men not enrolled." "Living accommodations are arranged for all women accepted in School of Nursing." Employment Opportunities: "Employment not encouraged for students in nursing school. Cadet Nurse Corps offers best chance for expenses." Scholarship Aid: "Cadet Nurse Corps. Some loans made on basis of special need." "Acceptance from School of Nursing necessary before application made for Cadet Nurse Corps." Nisei students will be considered on same basis. Enrollments: One has applied. College Contact: Miss Margaret Tracy, Dean, School of Nursing, University of California, 5rd & Parnassus Aves., San Francisco, California. Additional Comments: "Sixty young women have applied for the next term, only 33 can be accepted. The prospective student should be well-qualified to apply here."

COLLEGE OF DENTISTRY UNIVERSITY OF CALIFORNIA, San Francisco, California.

Miss Kennedy has also sent the following information: Opening Date: October, 1945. Living Accommodations: "None provided by University, except during first year on Berkeley campus, when eligible for university housing units." Same is true with women. "Students would have to make own arrangements." Employment Opportunity: "Not encouraged to do outside work during first year, as schedule is from 8-5 daily. Later possible jobs at Medical Center, paying 50¢ to \$1.00 an hour, depending on skills used." Same for women. Scholarship Aid: "None available for entering freshmen. Loans made to second, third and fourth year students in cases of special need." Nisei enrolled: James NAKAMURA, George YAMAMOTO. College Contacts: Dr. W. C. Fleming, Dean, College of Dentistry, University of California, Parnassus & Third Avenues, San Francisco, California. Additional Comments: "This is an expensive school, expenses averaging \$300 a semester beside room and board. The Dean's office felt it advisable for every student to have enough to carry himself through first year without necessity of working. Housing continues to be a serious problem in this Bay Area, and it will be extremely difficult to locate suitable accommodations."

UNIVERSITY OF CALIFORNIA MEDICAL SCHOOL, San Francisco, California. Miss

Kennedy also sends the following information: Opening Dates: November, 1945; February, 1946. Living Accommodations: "None provided by university. Students must obtain own housing, in Berkeley or San Francisco, though accommodations avail. in Berkeley for first year medical students thru college." For women, "same, except that some dormitories available in Berkeley for first year medical students." Employment Possibilities: "No employment service, but good chances for hospital jobs, offering room, board and salary for medical students." Same for women. It would be difficult for a student to under-take a room and board job if in medical school. Scholarship Aid: "None for entering freshmen. Scholarships are available for second, third and fourth year students." Number enrolled: None. College Contact: Mrs. James Bennett, 1463 - Fourth Avenue, San Francisco

California. (President, Medical School Student Body). Additional Comments: "For qualified students, this would probably be an excellent school. At present there are more applicants than can be accepted in the school. Finances are a serious consideration, and it would be desirable for first year medical students to have enough to carry them through."

WILLIAMS COLLEGE, Berkeley, California. John W. Hopkins, President, has sent us the following information: Opening Dates: Summer semester: May 5; Fall semester: Sept. 15; Spring semester: Jan. 26, 1946. Living Accommodations: "Admissions Office will locate satisfactory residences if necessary" for both men and women. Employment Opportunity: "Much part time work in Bay Area for all students at very high rates of pay. Only take full time students, however, so employment could not exceed 10 hours per week." Scholarship Aid: "The College does not have gift scholarships to offer at the present time." College Contact: John W. Hopkins, Admission's Dean, Williams College, Berkeley, 7, California. Additional Comments: "All Japanese American applicants to the college would have to fulfill the same entrance requirements as all other matriculants at Williams. A catalog containing entrance requirements is being mailed under separate cover to the Northern California Branch of the American Friends Service Committee. There are no race barriers in the admission policy here. All applicants to the college should come to the Admission's Office for a personal interview to determine eligibility or if that is inconvenient write to this office for application blanks from which material given will determine eligibility."

UNIVERSITY OF SAN FRANCISCO, San Francisco, California. Miss Kennedy sent the following information: Opening Dates: July 2, 1945, Summer session; August 13, 1945, Summer Session; October 1, 1945. Living Accommodations: "No dormitories. Students would have to obtain private housing in the community." No women students. Employment Opportunities: "No employment office. Pay scale from \$1.00 to \$1.30 an hour. Japanese Americans would have more difficulty in obtaining work in the community." Scholarship Aid: "No loan funds, and no scholarships. Tuition approximates \$100 per semester." College Contact: Father James Lyons, S.J., Student Counselor, University of San Francisco, 2130 Fulton Street, San Francisco, Calif. Additional Comments: "In discussion with the Dean of Admissions, Father Feeley, emphasis was made that the University has a policy of tolerance toward individuals of all races. There are a number of Negro students here. However, the Dean felt that the city was not very accepting of Japanese Americans at the present time, and did not encourage their return for schooling here at this time."

SAN FRANCISCO STATE COLLEGE, San Francisco, California. Walter J. Homan, Dean of Lower Division, Professor Philosophy and Education, has sent us the following information: Opening Dates: First Semester - Sept. 11 to Jan. 25. Second Semester about Jan. 25th to June 1, 1945. Living Accommodations: "We have no dormitories. Do have a house for a very limited number of men. A Japanese would have same chance as any other student." For women: "No dormitories. Our Dean of Women keeps a list of acceptable rooms and would help a girl to be located." Employment Opportunities: For men: "75¢ to \$1.00 per hour. Dean of Men cares for this item. One should not generalize, nor be too optimistic about the acceptance of Japanese employment. Each case will have to be handled individually." For women: "75¢ to \$1.00 an hour. Dean of Women cares for this item." See statement for men above. Scholarship Aid: "Very little. Short time emergency loans. Tuition is \$21.00 per year." There is no 'deadline' for loan applications. "Apply when help is needed." Japanese Americans will be considered for loans on same basis. Enrollments: "None, at present. No applications. In regular times, we had a rather large number, and hope to have them again." College Contacts: Dr. Alfred Fisk, San Francisco State College, San Francisco; Miss Florence Vance, Registrar, S. F. State College; Dr. Walter J. Homan, Dean, S. F. State College.

SAN FRANCISCO JUNIOR COLLEGE, San Francisco, California. Miss Kennedy sends the following information: Opening Dates: June 25, 1945, Oct. 8, 1945, Feb. 28, 1946. Living Accommodations: For men: "There are no dormitories. The men would have to secure private housing in the community, which is intensely crowded now." For women: "No dormitories. The same chance as the men." Employment Opportunities: For Men: "There is an appointment office which helps college students obtain employment. The pay scale is probably 80¢ to \$1.00 an hour. However, there may be some difficulty for Japanese Americans in obtaining employment - depends on individual employer." For women: "The same as for men, except that women can obtain domestic employment easily, and are better accepted by the community. 60¢ to \$1.00 an hour, depending on the type of work." Room and board job: "Eight to ten hours a week as a minimum, possibly fifteen." Scholarship Aid: "There is no tuition at this school, and no scholarships or loan funds for entering freshmen. There are special funds available in some individual cases." Nisei now Enrolled: Robert HAYASHI and Robert OZAWA. College Contacts: Dean Edward Sandys, Dean of Men, San Francisco Junior College, Ocean and Phelan Aves., San Francisco 12, California (or to Dean of Women). Additional Comments: "The problem for most Japanese Americans will be housing. The city is badly crowded now, and to find a place to live, it will probably be necessary to take a wage-home position, where the student helps in the household for room and board."

STUDENT RELOCATION NEWSHEET

Prepared by the
National Japanese American Student Relocation Council
Philadelphia, Pennsylvania
May 1, 1945

INFORMATION FROM WASHINGTON COLLEGES

UNIVERSITY OF WASHINGTON, Seattle, Washington. May Dunn Ward, Counselor for Women, Office of Student Affairs, has sent us the following information: Opening Dates: November 1, 1945, March 4, 1946, and July 1, 1946. Living Accommodations: For men: "There is space available at the YMCA, International Students' House, as well as in private homes." For women: "We maintain a list of private homes wishing to take Nisei women. The Wesley House can provide one or two places if applicants write early." Employment Opportunity: For men: "In addition to the WRA Seattle office, the Friends Service Committee, and the University Employment office are available to help locate jobs. There are some jobs being 'saved' for Nisei and the University has hired at least one returned student already. Jobs pay 50% to \$1.00 per hour." For women: "Same as for men plus room and board opportunities in private homes. Students are advised to correspond directly for jobs." Room and Board: "There are several work schedules. The most frequent are twelve and eighteen hours. Less frequently twenty-four hours or more are used. Pay varies with the work hours. Evening hours when the student can study are not counted within these hours." Scholarship Aid: "We have only two or three freshmen scholarships. Loan funds are available only after one semester's residence. All students are considered on an equal basis without racial discrimination." Nisei Now Enrolled: Mrs. Hannah MCGRATH, Home Economics major, non-evacuee; Meriko SEGIMOTO, home economics major, Rivers, Arizona; Isako TAKAHASHI, pre-education, Minidoka, Idaho. College Contacts: Office of Student Affairs, 204 Clark Hall. Additional Comments: "While the University handles all students on an equal basis, it makes special provision for any group facing special difficulties. This is true at present for returned veterans and for members of minority groups. First contact for the Japanese-Americans should be through the Office of Student Affairs. This Office functions in place of an Office of Dean of Men and Dean of Women. Counselors for both men and women are on this staff."

WESTERN WASHINGTON COLLEGE OF EDUCATION, Bellingham, Washington. F. S. Kuder, Registrar, has sent the following information: Opening dates: . Living Accommodations: For men: "Boarding houses, homes in town. The college does not have a dormitory for men." For women: "Dormitory, homes in town." Employment Opportunities: "Bellingham is an industrial city. There are plenty of opportunities for employment." For women: "In industry and homes at usual rates." About 25 hours of work a week are usually expected in return for room and board in a home. Scholarship Aid: "Some \$50 scholarships are available for freshmen. Loans of \$75 available for freshman year." Japanese-Americans will be considered for scholarship aid on the same basis as all other applicants. College contact: Dr. M. S. Kuder, Registrar. Additional Comments: "The College has adopted a policy of nondiscrimination."

COLLEGE OF PUGET SOUND, Tacoma, Washington. John D. Regester, Dean, has sent us the following information: Opening Dates: Summer Session - June 11, and July 23 to August 29. Fall Semester - September 17, 1945. Living Accommodations: "There is one college house which accommodates twelve men. One returned Japanese-American is now living there. These students will be accommodated on the same basis as others. After the house is filled we would have to depend upon private homes." For women: "The women's dormitories would be open to them on the same basis as to other women." Employment Opportunities: For men and women: "On campus, at current rates for the type of work - 50% to 75% an hour. Off campus, it is hard to say. Some work could be found not dealing with the public." Twenty-one hours a week are usually expected in return for room and board in a home. Scholarship Aid: "There are about thirty scholarships available annually to entering freshmen. These are granted on the basis of the high school record." The deadline for freshmen scholarships: "Normally, May 1. Some may be granted after that, if all the scholarships are not assigned or any are relinquished." Loans are available at any time. All applicants for scholarship aid will be considered on the same basis. There is no special fund for Japanese-Americans at the present, "but there is prospect we will have such a fund." Nisei Now Enrolled: Tsuyoshi HORIKE. College Contacts: At the college: Dean John D. Regester. In the community: C. J. Shaw, Y.M.C.A. Secretary and Ella Bennett, Y.W.C.A. Secretary.

EVERETT JUNIOR COLLEGE, Everett, Washington. J. F. Marvin Buechel, Dean of College, has sent the following information: Opening Dates: September 10, 1945. January 2, 1946. March 18, 1946. Additional Comments: "The Everett Junior College does not have any accommodations for housing of students. If the students desire housing, we direct them to private homes that are not under our supervision. There are no scholarships available to entering freshmen and any loans for students are made through local banking institutions."

GRAYS HARBOR JUNIOR COLLEGE, Aberdeen, Washington. Lewis C. Tidball, President, has sent us the following information: Opening Dates: September 20, 1945; December 10, 1945; March 15, 1946. Living Accommodations: For men: None on campus. For women: Dorms. Employment Opportunities: For men: "Part-time work at prevailing wages available." For women: "Part-time work in homes for board and room, or in other occupations." Four or five hours daily are usually expected in return for room and board in a home. Scholarship Aid: "None except for local graduates (h.s.)." College Contacts: Reverend R. A. Anderson of Methodist Church is interested. Additional Comments: "The college makes no distinction on account of color or race. I doubt if the community would, but am not sure."

CENTRAL WASHINGTON COLLEGE OF EDUCATION, Ellensburg, Washington. President Robert E. McConnell has sent the following information: Living Accommodations: One dormitory for men and two dormitories for women. Employment Opportunities: "Same as for other students, exact information not available." Eighteen hours of work a week are usually expected in return for room and board in a home. Scholarship Aid: No scholarship or loan funds are available. College Contacts: Dr. E. E. Samuelson, Director of Student Personnel and Mrs. Annette Hitchcock, Dean of Women. Additional Comments: "We have had very few Japanese students in this institution, none at the present time."

INFORMATION FROM SOUTHERN CALIFORNIA COLLEGES

UNIVERSITY OF SOUTHERN CALIFORNIA, Los Angeles, California. Helen Hall Moreland, Dean of Women has sent us the following information: Opening Dates: November 1, 1945. March 1, 1946. Living Accommodations: For men and women: Dormitories, private homes. Employment Opportunities: For men: "We have only the usual opportunities offered in a large city; we have a bureau of employment which is glad to assist students in securing part-time employment." For women: "Work for room and board (21 hours usually) and \$10 for 21 hours' work per week; taking care of children at 50¢ per hour." Scholarship Aid: "No loan funds: We have withdrawn our national scholarships for the duration of the war. The few scholarships available are for local students." Nisei Now Enrolled: Harry OSAKI. College Contacts: Dean Helen Hall Moreland, Dean of Women; Dean Francis Bacon, Counselor of Men; Dr. Emory Bogardus, Department of Sociology.

CHAPMAN COLLEGE, Whittier, California. Mrs. Evelyn Campbell, Secretary to President Reeves, has sent the following information: Opening Dates: September 5, 1945. Living Accommodations: Men's and Women's dormitories. Employment Opportunities: For men: "On campus at regular rates of pay, off campus as opportunity offers. Regular rate of pay about 75¢ or 80¢ per hour." For women: "Some work on campus at same rate of pay as ordinarily prevails. Off campus considerable housework (we expect) and other work probably. We do not know just how much off campus work there will be. Our campus is in a thickly populated area and we believe there will be work opportunities." Scholarship Aid: "Loan funds are not available for freshmen, there are work scholarships available. Application for scholarship should accompany application for admission." "All students entering Chapman College will be considered for all scholarships on the same basis." College Contacts: Miss Lois Rose, 520 East Philadelphia, Whittier, California. Miss Rose is our student secretary. She is a freshman this year. Professor Bert C. Williams, 520 East Philadelphia, Whittier, California. Professor Williams is in charge of admissions and will counsel entering students. Additional Comments: "The Chapman College student body is remarkably open-minded regarding the Japanese-American problem."

CLAREMONT COLLEGE, Claremont, California. F. Theodore Perkins, Associate Professor of Psychology, has sent us the following information: Opening Dates: September 17, 1945. Living Accommodations: For men: "Claremont Graduate School does not maintain dormitories for any students." Employment Opportunities: "There are numerous part-time jobs available for both men and women in library work, secretarial

assistance, etc." Scholarship Aid: "There are scholarships and loan funds available for graduate students." "Scholarships are not designated for any particular nationality group."

PASADENA JUNIOR COLLEGE, Pasadena, California. Walt A. Raitt, Executive Secretary of Student Christian Association, Pasadena J. C., has sent the following information: Opening Dates: September 10, 1945; January 28, 1946. Living Accommodations: "No resident quarters--small coop house sponsored by Student YMCA, California Inst. of Technology." Employment opportunities: "Some house work, gardening, etc.," for both men and women. Scholarship Aid: "No tuition; no scholarship." Nisei now enrolled: Esther Takoi, Ted Kajiya, Toshi Ogura, Mary Aoto, Frank Maruyama, Joe Uchida, Shig Honda, Ruth Kosaka and Akiko Nakagawa. College Contacts: "Miss Florence Brubaker, Counselor's Office, P.J.C. and Miss Katherine Fanning (for housing and employment)" Additional Comments: "Tend to have rather heavy returns here, comparatively speaking, due to publicity and friendly welcome. Not too wise, I believe to encourage too many more non-Pasadenans for a while--that, a majority (formerly) of students so far returning were not originally from Pasadena and we need to have some of such."

SANTA ANA JUNIOR COLLEGE, Santa Ana, California. John H. McCoy, Director, has sent the following information: Opening dates: September 10, 1945. Living Accommodations: None. "Do not have dormitories." Employment Opportunities: "Even before the war, we had difficulty placing any Japanese in employment in this community. They were usually employed in agriculture. Except for occasional jobs in domestic service, this community has never offered employment to Japanese women." Scholarship Aid: "None" College Contact: Miss Agnes Todd Miller, Dean of Women.

SANTA MONICA JUNIOR COLLEGE, Santa Monica, California. Edward T. Ruonitz, Assistant Director, has sent the following information: Opening Dates: 9/10/45 (approx.) Employment Opportunities: "Impossible to state at this time." Living Accommodations: "The college does not operate any dormitories. Privately operated boarding houses are nearby." Scholarship Aid: "Our A.S.B. Fee is \$5.00. Lab. Fee (refundable) is \$3.00. These costs are so nominal that few students apply for loans through our student loan fund." Nisei will be considered on same basis. Nisei Now Enrolled: Chizuko ARICHIYAMA, Kimiko OKANISHI, Mary N. OTA. College Contacts: Miss Pearl Hamlin, Dean of Women, Santa Monica City College, Santa Monica, California. Miss Carrie Reynolds, General Secretary, YWCA, Santa Monica, California.

GLENDALE JUNIOR COLLEGE, Glendale, California, B. H. Peterson, Director, sends the following information: Opening Dates: Summer Term, 6/18/45; Fall semester, 9/10/45; Spring semester, 1/28/46. The mid-term (10 weeks courses) will begin 10/22/45, and 3/18/46. Living Accommodations: For men and women: Homes or rooming houses of the community. Employment Possibilities: "We maintain a student employment bureau under the direction of one of our counselors. Rates of pay: 50¢ per hour to 80¢ per hour." Scholarship Aid: "We have no scholarships available to entering freshmen. We do have loan funds available for students enrolled in school who need small sums of money to meet necessary expenses." "Japanese-Americans would receive the same consideration as other students in making awards. A limited number of scholarships are awarded each year to regularly enrolled students. The amount of money being \$25 each." College Contacts: Men: Mr. Eugene Wolfe, Glendale College, Glendale 8, California. Women: Miss Elizabeth Rowley, Dean of Women, Glendale College.

SANTA MARIA JUNIOR COLLEGE, Santa Maria, California. Harry E. Tyler, Dist. Supt. and Principal, has sent the following information: "There is considerable ill feeling at the present time toward persons of Japanese ancestry, due to the economic situation here. I would hesitate to suggest any Nisei returning in any numbers at the present time."

OPENING DATES

Correction of misstatement in April 19th Newssheet:
POLYTECHNIC INSTITUTE OF BROOKLYN, 99 Livingston Street, Brooklyn, New York--after October 1, 1945 (not December) semester only--10/1/45; 2/2/46; 4/2/45; 6/25/45 (summer term).

GETTYSBURG COLLEGE, Gettysburg, Pa.--semester--9/20/45/ 1/29/46
LAFAYETTE COLLEGE, Easton, Pa.--semester--7/9/45 (summer); 9/25/45; 2/4/46

CENTRAL MICHIGAN COLLEGE OF EDUCATION, Mt. Pleasant, Michigan--semester--7/2/45 (summer); 10/29/45; 3/4/46.

ARMSTRONG COLLEGE EXPECTING A JAPANESE-AMERICAN STUDENT

4-16-45: Mr. Ray Harker, Principal, Hunt, High School at Minidoka writes that the President of Armstrong College in Berkeley, California was expecting one Japanese-American student to enroll at the beginning of the spring quarter, March 26th, and "will be very happy to take care of any Japanese-Americans who may be interested in using our facilities."

QUOTA OF OUT-OF-STATE GIRLS FILLED AT THE UNIVERSITY OF NEW HAMPSHIRE

4-25-45: Miss Irene Dame, Student Relocation Counselor at Heart Mountain, quotes from a letter received from the University of New Hampshire in reply to an application for Fumi YAMAGISAWA: "We must reduce the number of freshman girls admitted this year in order to make room for the men now in military service who are expected to return to college within the next two or three years. To do this, we have been forced to admit fewer than a third as many out-of-state freshman girls as were admitted in 1944. The quota allowed by the University administration already has been filled, so that we are unable to accept any further application. In addition to those already admitted, we have a long waiting list of candidates who are very well prepared for college work. We do not expect to admit any freshman girls in February, 1946." Fumi is now applying to Bates College, Lewiston, Maine.

ROOM AND BOARD JOB AT OHIO STATE

3-29-45: Mr. Carl L. Spicer, Relocation Officer, Columbus, Ohio has written: "Professor Alice Robinson, 1607 Perry Street, Columbus, Ohio, who is with the Fine Arts Department of Ohio State University, has informed this office that she is interested in providing room and board for a Nisei student in exchange for part-time work in her home."

ACCEPTANCES AND ENROLLMENTS

4-16-45: Mr. Ray Harker of Minidoka writes that Kikuo Ruth KUMATA has been accepted by Augustana College, Sioux Falls, South Dakota for the 1945 school year.

4-17-45: STANFORD UNIVERSITY, Stanford University, California, Mr. James E. Edmiston, Relocation Officer, San Jose, California, reports that the following students have enrolled: Madoka SHIBUYA, Alice SHIKIMURA, Albert M. Susaki, Nobuko KUEAMOTO and Herbert NISHINO. Makoko SHIBUYA has entered the School of Medicine.

4-17-45: SAN JOSE STATE COLLEGE, San Jose, California. Mr. James E. Edmiston, Relocation Officer, San Jose, California reports that Tamye TAKESAKI is planning to enter this college.

HONORS WON BY NISEI STUDENTS

Haruo ISHIMARU from Gila River will graduate from Yankton College, Yankton, South Dakota in 30 months, "the shortest time in the history of the institution." Haruo is the chairman of the college's forensics squad which won the South Dakota Forensics Tournament this year. He also won first place in the recent State Peace oratory contest and was adjudged the winner of the Pi Kappa Delta provincial tournament. Haruo has been awarded a graduate fellowship to the University of Chicago.

David OKADA, former Sacramento, California resident, has been awarded the Marshall Field Fellowship by the University of Chicago. Dave graduated "summa cum laude" from Oberlin in 1944.

William OSHIMA of Tonawanda has been awarded a \$100 scholarship by the campus YMCA at Muskingum. He belongs to Alban House at Muskingum.

Mitsuru KADAYAMA of Minidoka is one of the six top ranking students in a freshman class of 172 at North Central College, Naperville, Ill.

Arthur HORIUCHI of Minidoka has made an honor record at Loras College, Dubuque, Iowa.

Frank Hideo KAWAHARA of Minidoka was elected Treasurer of the Student Council at St. Louis University, St. Louis, Missouri, Frank is now on his way into the Army.

STUDENT RELOCATION NEWSHEET

Prepared by the
National Japanese American Student Relocation Council
Philadelphia, Pennsylvania

May 11, 1945

INFORMATION FROM OREGON COLLEGES

EASTERN OREGON COLLEGE OF EDUCATION, LaGrande, Oregon. Roben J. Maaske, President, has sent us the following information: Opening Date: Sept. 24, 1945. Living Accommodations: "No men's dormitory. Housing only in private homes, which might be a bit difficult to secure." For women: "Our present dormitory is filled with civilian and Cadet Nurse Corps students, with some civilian students living in private homes." Employment Opportunities: "Difficult to ascertain at present." Scholarship Aid: "The Nisei will be considered for scholarship aid on the same basis as all other applicants depending upon curricular interests. Teacher Training scholarships candidates given priority." College Contact: Registrar's Office.

LEWIS AND CLARK COLLEGE, 0615 S.W. Palatine Hill Road, Portland, Oregon. Morgan S. Odell, President, has sent us the following information: Opening Dates: Sept. 24, 1945; Febr. 4, 1946. Living Accommodations: For men: "Our men's dormitory will house only 12 persons. As far as the accommodations are available they would go to Japanese American students as well as others applying--in order." For women: "Our dormitory for women is limited to some 35 students. Japanese American girls would be placed there subject to the same controlling principles applying to other girls entering the college." Employment Opportunities: For men: "We have a great need for help on a spacious campus as well as janitorial help. There are many work opportunities normally in Portland which might be somewhat limited by the immediate tensions of the moment. Rates of pay--50¢ to 80¢ an hour on a part-time basis." For women: "We have a number of appropriate work opportunities for women on the campus, some of them secretarial, some in the library, some in the dining room. There are demands for child care from neighborhood homes--from 40¢ to 75¢ an hour." "From 12 to 15 hours of work a week would represent fair service for board and room, which costs from \$20 to \$30 a month to provide." Scholarship Aid: "Honor scholarships valued at \$75 a year against tuition costs of \$250 are available to academically qualified persons. Because our honor scholarships go to those who are in the upper 10% of their graduating class, we have no deadline on freshman scholarships." The Nisei will be considered for scholarship aid on the same basis as all other applicants. College Contacts: Dr. Charles W. Howard, Dean of the College; Dr. L. O. McAfee, Registrar; Miss Fredda O. Hartzfeld, Dean of Women.

LINFIELD COLLEGE, McMinnville, Oregon. Harry L. Dillin, President, has sent us the following information: Opening Dates: Sept. 25, 1945 and Febr. 2, 1946. Living Accommodations: Dormitories for both men and women. Sorority houses are also available for women. Employment Opportunities: "There are many jobs at 45¢ to 65¢ per hour." Fifteen hours are usually expected in a week in return for room and board in a home. Scholarship Aid: "\$75 to \$125 per year are available for freshmen. The deadline for freshman scholarship applications is Aug. 15, 1945." Japanese Americans will be considered for scholarship aid on the same basis as all other applicants. College Contacts: Dean L. B. Anderson and Dr. Avarad Whitman. Additional Comments: "We should welcome some good Japanese students."

PACIFIC UNIVERSITY, Forest Grove, Oregon. President W. C. Giersbach has OK'd the following information: Opening Dates: Summer session - June 11, 1945; 1st semester - Sept. 17, 1945; 2nd semester - Jan. 28, 1946. Living Accommodations: For men: "Dormitory accommodations at Knight Hall, the men's dormitory. Board at the University Dining Hall in McCormick for both men and women. For women: "Dormitory accommodations at Herrick Hall or McCormick Hall, the women's dorms." Employment Opportunities: "Campus work in the clerical, stenographic, janitor and meal service fields on the campus at about 40¢ an hour. We have no information about availability of off campus work. Some may be available." Number of hours of work a week in return for room and board "varies greatly depending on the home." Scholarship Aid: "Regular University scholarships of \$800 payable over 4 years of college work. \$3,500 of loan funds available to freshmen." The deadline for freshman scholarship or loan applications is Sept. 10, 1945. College Contact: Dr. M. O. Skarston, Director of Admissions, Pacific University, Forest Grove, Oregon. Additional Comments: "We are solicitous concerning the possible return of Japanese Americans and will give applicants every encouragement for our past relationships with them have been most desirable."

SOUTHERN OREGON COLLEGE OF EDUCATION, Ashland, Oregon. Walter Redford, President, has sent the following information: Opening Date: Sept. 24, 1945. Living Accommodations: Board and room in approved private homes would be available for Nisei students. Employment Opportunities: For men: "Our city is small and

work is not plentiful." For women: "some work in private homes." Usually 20 hours are expected in return for room and board job. Scholarship Aid: Japanese Americans will be considered for scholarship aid on the same basis as all other applicants. "Loan funds are available up to \$100 per student."

UNIVERSITY OF OREGON, Eugene, Oregon. Karl W. Onthank, Dean of Personnel Administration, has sent the following information: Opening Dates: "Fall term, Freshman Week begins Sept. 17, classes Sept. 24; Winter term registration, Jan. 2; Spring term, April 1." Living Accommodations: For men and women: "Same as other students, specifically dormitories, Co-ops and especially for working students, rooms about town." Employment Opportunities: Great variety of job opportunities depending on skills and time offered." Rates of pay for men: "75¢ per hour and up." For women: "50¢ and up." Hours expected in return for room and board in a home: "Three hours a day for board, half day for room is standard here!" Scholarship Aid: "Loan funds are ample, but loans rarely made to students in first term of residence. Scholarships are now being awarded, hence for students just entering none will be available unless vacancy in present awards should occur. However, some small scholarships are offered during year for new students." Applications for loans may be made out at any time." Nisei Now Enrolled: Uyka Yasui. College Contact: Dean Karl W. Onthank, Personnel Administration. Additional Comments: "Japanese Americans will be received here without discrimination. Those who are residents of the State will be admitted like any other residents. Those who are residents elsewhere will doubtless be considered non-residents and charged additional (non-resident) fee, but evacuation to center will not be construed as change of residence. However, if the family leaves the center and establishes residence elsewhere this will doubtless be considered as a change of residence."

WILLAMETTE UNIVERSITY, Salem, Oregon. Dr. G. Herbert Smith, President, has sent the following information: Opening Dates: "Summer semester, July 2; Fall semester, Nov. 5; Spring semester, March 4." Living Accommodations: "Willamette has no men's dormitory but may have student houses available by fall. Women housed in University dormitory." Employment Opportunities: To men and women "Salem offers a variety of work opportunities with salary ranging up to 75¢ per hr. Campus rate of pay is 40¢ per hr." "90 to 100 hours a month" are usually expected in return for room and board job. Scholarship Aid: "The University has a limited number of freshman scholarships." "Candidates are now under consideration for scholarships. Awards will be made the middle of May." College Contact: "All correspondence should be addressed to the Director of Admissions, Willamette Univ."

INFORMATION FROM YAKIMA VALLEY JUNIOR COLLEGE, Yakima, Washington. Elizabeth Prior, President, has sent the following information: Opening Dates: "Approximately: Oct. 8, Jan. 2, March 26." Living Accommodations: "We have no dormitories for students." Employment Opportunities: "Cannot determine at this time." Scholarship Aid: "None except those granted at graduation from high school. No applications are made. The scholarships are awarded by the high schools."

INFORMATION FROM NORTHERN CALIFORNIA COLLEGE

CHICO STATE COLLEGE, Chico, California. Miss Jacqueline Osor has sent the following information: Opening Dates: Sept. 17, 1945 - Jan. 28, 1946. Jan. 28, 1946 - June 6, 1946. Living Accommodations: Same for men and women: "In private homes, apartments doubtful, no dormitories." Employment Opportunities: Mainly odd jobs in private homes - housework, gardening, etc." at "Around 60 or 65¢ an hour, perhaps more." Board and Room: "No set standard - worked out by individuals concerned." Scholarship Aid: "A few small loan funds supported by campus sororities, fraternities, and other special groups. A list can be obtained from the college." "It is extremely doubtful if they (Japanese Americans) would be considered on the same basis. Chances for Japanese Americans to benefit from any loan funds are very poor." College Contact: Miss Anna Louise Barney, Dean of Women, Chico State College, 430 W. Third St., Chico, Calif. Additional Comments: "The above may appear discouraging, but I believe that Chico State College would be willing to assimilate Japanese American students to as great a degree as any other college on the coast. The opportunities scholastically are rather limited-- it is mainly a teachers' college. The problem of social integration would not be as great as in many communities. Housing, however, is a rather acute problem for all students."

INFORMATION FROM CENTRAL CALIFORNIA COLLEGES

COALINGA JUNIOR COLLEGE, Coalinga, California. Harold T. L. Frasier, Director of Liberal Arts, has sent the following information: Living Accommodations: "None that I know of. We have no dormitory." Employment Opportunities: "None to be expected. Even the Japanese families formerly here are being advised by their friends to remain away, although they were good people." Scholarship Aid: "Loans of \$5 or \$10 for fees only. No tuition, no residence. Books and paper supplied by the college." College Contact: "Rev. Richard Halverson, Presbyterian Church, if you think it would do any good." Additional Comments: "I hate

to write like this, but I have consulted about 25 citizens of various occupations and interests, and I believe none of them would persecute a Japanese. All assured me that there are irresponsible elements who would make any Japanese but the most familiar, most unwelcome. I can only add that I hope other states will be more kind."

REEDLEY JUNIOR COLLEGE, Reedley, California. Elliott J. Taylor, Acting Dean, has sent the following information: Opening Dates: "Sept. 24 or Oct. 1, 1945, for 1st semester; Febr. 4 or 11, 1946, 2nd semester." Living Accommodations: The school has no dormitories. Some accommodations might be secured in the community but they are limited." Employment Opportunities: "Good work opportunities during the summer in agriculture. Limited opportunities otherwise. Pay varies now from 65¢ - 90¢ per hour. These opportunities would not be easily obtained by Japanese Americans at first because of feelings." Room and Board: 20-30 hours are expected in return. Nisei Now Enrolled: Miyako Sasaki and Yoshiyo Takano. College Contacts: Miss Elsie Granlich, 24 Friesow Ave.; Dr. W. V. Evans, P. O. Box 25; Elliott J. Taylor, Reedley Junior College.

BAKERSFIELD JUNIOR COLLEGE, Bakersfield, Calif. Excerpts of editorial taken from school paper issued on March 15, 1945. "Probably a tendency to feel bitter toward all persons of Japanese descent is natural, but we must learn to accept loyal Americans as loyal Americans, regardless of their ancestry. If we, as individuals, sponsor and cultivate this tendency, it will finally diffuse and affect the nation as a whole."

"For examples of good loyal Americans with Japanese ancestry, let us remember the former BJC students Yoshio Fujii, Kingo Nagasaka, and George Morikane, who are Americans now serving in our American armed forces. These are only a few of the many."

STUDENTS FACULTY RAISE \$100 FOR NISEI GIRL

4-20-45: We believe that this is one of the most exciting articles to be printed in the Nowshoot! The students and faculty of JAMES HILLIKIN UNIVERSITY in Decatur, Illinois, have gone "all out" to help bring a Nisei girl or girls to their campus and have just raised a \$100 scholarship for some "top-notch" student. Let's let Acting President Miller tell you more about it: "I am happy to report that the students and faculty of the James Hillikin University have raised \$100 to aid a Japanese American girl who might wish to attend the University next year. In addition to this amount the University will have available some scholarship-loan money... I feel certain there would be no objection to one or two Japanese American girls, particularly if they are of the top-notch type. I am sure students and faculty would be unusually cordial."

Scholarship loans are awarded to capable and deserving students on a yearly basis and subject to renewal upon the maintenance of a satisfactory scholastic average. Students, on receiving their degrees from James Hillikin University, have 15% of their scholarship-loans cancelled, and if 80% of the balance is paid within 3 years from the date of graduation, the remaining 20% is also cancelled. This means that when all requirements are met, 32% of the total amount received by any student becomes a free scholarship.

We know that many of you Counselors will want to refer this generous offer to your students. We will be interested to know whom you recommend for the scholarship when you correspond directly with Dean C. L. Miller, Acting President. The school is accredited by the Association of American Universities and the North Central Association of Colleges. The school is coeducational, and it is situated about 120 miles south of Chicago and approximately 35 miles east of Springfield.

FREE ROOM AND BOARD IN PROFESSOR'S HOME (NEW YORK)

5-9-45: Peter S. Aoki, JAAC (Eastern Office), New York City, has referred to us an offer for free board and room in the home of Mr. and Mrs. Wood, who both teach at Brooklyn College, Brooklyn, New York. They are interested in securing a girl who might attend Brooklyn College and who would be treated as one of the family. Professor Wood is a member of the committee on admission at the college, and as a former Californian is making this offer as "his share in making amends for the injustices of the evacuation."

We suggest that you write directly to Mr. Aoki, J.A.C.L. (Eastern Office), Room 1109, 299 Madison Avenue, New York 17, New York.

FREE TRAINING IN APPROVED PHYSICAL THERAPY SCHOOLS

5-2-45: Free training is now available to those who have the prerequisite training for education in physical therapy. The National Foundation for Infantile Paralysis has allocated over \$1,250,000 to train some 1,000 new physical therapists at once,

and the scholarships to qualified candidates, both men and women, include tuition at approved physical therapy schools, as well as maintenance, books, and transportation if necessary. A scholarship blank may be had upon request to the American Physiotherapy Association, 1790 Broadway, New York 19, New York, or to the National Foundation for Infantile Paralysis, 120 Broadway, New York 5, N.Y.

File

HOME OPENING FOR PROSPECTIVE WESTERN MICHIGAN COLLEGE STUDENT

5-5-45: Mrs. Eric Brown of Kalamazoo, Michigan, is looking for a Nisei girl to take the place of Fujiko Kobayashi in her home who is transferring from Western Michigan College of Education. She states her offer in this manner:

"Fujiko leaves August 15. Western College's semester begins Nov. 1. Perhaps a girl would like to come in August and work until November to earn something towards tuition (\$50 for each of the three semesters a year at Western). Fujiko feels that the college is very receptive to the Nisei. This community seems to have received them well and Fujiko has made many friends. There are not more than 50 to 60 Nisei in Kalamazoo now. For her room and board and \$5 a week, Fujiko has been helping us about 25 hours a week with the housework and with the care of our two small boys. She has been very satisfactory in every way and delightful to have in our home."

Counselors may correspond directly with Mrs. Brown. Her address is 2336 Edgewood Place, Kalamazoo, Michigan.

OPENING FOR GRADUATE STUDENT AT U. OF NORTH CAROLINA

4-16-45: Miss Nello Morton, General Secretary of the Fellowship of Southern Churchmen, writes: "The Council on Religion in Life here at the University (North Carolina) has asked me to see what possibilities there would be of getting a Japanese-American student here in the Sociology Department, provided a tuition scholarship in the Graduate School of Sociology would still be open for such a student. Also, what possibilities are there of getting a student in any other department. If you would let us know specifically they would make approaches to see if scholarship would be offered." Miss Morton may be reached at P.O. Box 577, Chapel Hill, North Carolina.

ACCEPTANCES AND ENROLLMENTS

4-30-45: TOLEDO UNIVERSITY, Toledo, Ohio - Miss Toru Kawamoto (Gila) now enrolled.

4-25-45: IOWA STATE COLLEGE OF A & M ARTS, Ames, Iowa - Mr. Roy Oda and Mr. Frank Miya, both of Amache.

UNIVERSITY OF MINNESOTA, Minneapolis, Minnesota - Mick Kitahara and Robert Umekubo, both of Amache.

DULUTH STATE TEACHERS COLLEGE, Duluth, Minn. - Lily Inouye (Amache).

UNIVERSITY OF DENVER, Denver, Colo. - Naomi Ota (Amache).

5-4-45: CITY OF DETROIT RECEIVING HOSPITAL, Detroit, Michigan - Harvov Itano, First student to be relocated by the Student Council, has just been appointed to an internship at this hospital. Graduated with the highest scholastic honors in the U. of California at Berkeley, class of '42, Harvov received his medical training at the U. of St. Louis School of Medicine.

FIVE STUDENT LEADERS VISIT MINIDOKA

4-16-45: Mr. Ray Harter, Principal of the Hunt High School, writes: "This week the Young People's Christian Conference has brought to the project five leaders who have aroused considerable interest. Among them is Bill Gonne who works with College YMCA's in Washington, Oregon, Idaho, and Montana.

"Thursday night the College Bound Club held a 'bull session' in the living room of one of the teachers' dormitories. Bill Gonne and Reverend E. M. Whaley, a Negro leader from Vapport, that phenomenal defense city near Portland, Oregon, were there. Most of these youngsters have had very little opportunity for such intellectual gymnastics and were deeply impressed to realize that such conversation would not be unusual on a college campus. We also feel that such gatherings provide an opportunity to gain poise and self-confidence for the social situations they will meet in college."

STUDENT RELOCATION NEWSHEET

Prepared by the

National Japanese American Student Relocation Council
Philadelphia, Pennsylvania

May 15, 1945

*GI BILL OF RIGHTS - EDUCATION

5-16-45: Here are three questions with appropriate answers concerning the educational and training benefits available to the discharged veterans under the GI Bill of Rights:

What Education and Training Will the Government Provide?

Honorably discharged veterans are entitled to one year of education and training or the equivalent in continuous part-time study. In addition, those who are not over 25 years of age at the time of entrance into the service or whose education was interrupted or impeded by that event may receive as much as three additional years of education and training if they complete the first year of instruction to the satisfaction of the schools where they study. This additional training may not last longer than the time spent in active service from September 16, 1940 to the end of the war. Veterans may take any course they themselves desire and they may enroll at any approved school that will accept their qualifications.

Need I Pay the School Anything if I Enroll Under this Program?

No. The Veterans' Administration pays all tuition costs, library, health, infirmary and similar customary fees; the cost of books, supplies, equipment and other necessary expenses outside of board, lodging, other living expenses and travel. However, the Veterans' Administration may not pay more than \$500 per year for such expenses for a student.

What About Food and Board and Living Expenses While I'm Training?

You will be allowed \$50 each month if you have no dependents and \$75 each month if you have one or more dependents. If you're working, though, and taking a part-time course you will not receive this allowance but may be granted a smaller sum, as the Administrator may decide.

NORTHWESTERN CONSIDERS NISEI APPLICANTS

5-3-45: Bill McKee of the Friends Service Committee in Chicago, Illinois, tells us that Northwestern University has considered a Nisei boy who was not admitted because he had failed in the entrance examination.

Bill makes a good suggestion that a good student with a strong scholastic record and ability apply to the school and take the entrance examination. Do you know of a capable Senior boy or girl who might want to apply to Northwestern for admission? As far as we know, there is no Nisei enrolled in the University, and we feel that the University might now admit a properly qualified student.

CATHOLIC COLLEGES SEEK NISEI

5-9-45: Mr. Peter Aoki, Room 1109, 299 Madison Avenue, New York 17, New York, mentions the possibilities of securing scholarships for Nisei Catholics in Catholic colleges in New York City: "Have you any Nisei students on your list, preferably Catholic, whose records we could use to obtain a few scholarships, interested in attending a Catholic college in New York? Or do you know of any Nisei student who is anxious to transfer to a college in New York?" Note: Counselors may write directly to Mr. Aoki.

WEST COAST COLLEGE INFORMATION

UNIVERSITY OF CALIFORNIA AT LOS ANGELES, Los Angeles, California. This information is sent in by Earl J. Miller, Dean of Undergraduates, 405 Hilgard Avenue, Los Angeles, 24, California: Opening Dates: Nov. 1, 1945; March 1, 1946; July 2, 1945. Living Accommodations: "Unfortunately, we do not have adequate, satisfactory living accommodations for Japanese American men or women in

the neighborhood of the University. We have had considerable difficulty in placing them satisfactorily. Employment Opportunities: For men: "Gardening, bus-boy, stock clerk, laboratory assistant. Pay rates from 50¢ to \$1.00 per hour. For women: Taking care of children, general clerical, or lab. asst. on campus; serving or housework. 35¢ to 75¢ per hour. 21 hours per week for room and board plus \$15 to \$20 per month (salary depends on experience.)" Scholarship Aid: "Our scholarships and loan funds for entering freshmen are very limited and of a specialized character. For the purposes indicated by this questionnaire, I do not believe they would be available to any significant extent." The Nisei will be considered for scholarship aid on the same basis as all other applicants. "We have a number of scholarships available for students after they have been in the University a while and we have extensive loan funds which are available to students after they have completed one semester in the University." There is no special funds for Japanese Americans. College Contacts: Dean Helen M. Laughlin, Dean of Women, for women students; Earl J. Miller, Dean of Undergraduates, for men students.

TAFT JUNIOR COLLEGE, Taft, California. Mr. Eugene M. Johnston, District Superintendent of Taft Junior College, Taft California, sends us the following: Opening Dates: Sept. 10, 1945. Living Accommodations: "Rooms in private homes." Employment Opportunities: "60¢ on campus; 75¢-\$1.00 per hour off campus." Scholarship Aid: "No expense to attending." There are no special funds for the use of Japanese-Americans. College Contact: Mr. J. Wendell Howe, Taft Junior College, Taft, California.

MORE OPENING DATES

We hope that the additional opening dates sent to us by colleges and universities are helpful to you as you insert them in your Opening Dates List. We recently have received the following:

<u>Name</u>	<u>Fall</u>	<u>Winter</u>	<u>Spring</u>	<u>Summer</u>
Chico State College, Chico, California	9/17/45		1/28/46	6/24/46
University of California (L.A.) L.A., Calif.	11/ 1/45		3/ 1/46	7/ 2/45
University of Maine, Orono, Maine	9/24/45		2/ 9/46	
Bethel Junior College, St. Paul, Minn.	9/10/45	12/ 3/45	3/11/46	
Mississippi College, Clinton, Mississippi	8/27/45	11/22/45	2/25/	7/ 2/45
Missouri Valley College, Marshall, Mo.	9/17/45			6/25/45
Northern Montana College, Havre, Montana	10/ 1/45	1/ 7/46	3/25/46	6/17/46
Colgate-Rochester Divinity School, Rochester, N.Y.	9/ 5/45	11/27/46	2/25/46	
University of South, Swannoc, Tennessee	9/25/45	2/11/46		
East Carolina Teachers College, Greenville, N. C.	9/25/45	1/ 1/46	3/20/46	6/ 6/46
Hardin-Simmons University, Abilene, Texas	9/18/45		1/30/46	6/ 4/46
Lawrence College, Appleton, Wisconsin	9/13/45		2/ 4/46	

APPLICATION, ACCEPTANCES, & ENROLLMENTS

4-23-45: Mr. Ben Sanematsu (Poston) Tells us that Miss Ruth Iseyama is now enrolled in the University of California at Berkeley. It seems that the tribe of Nisei Bears are now increasing.

MORE HONORS FOR NISEI

Takako Mary Yagi, writing us from Muskingum College, New Concord, Ohio, reports: "We had class elections today and Harold Shirakawa was elected president for next year's Senior class and he was also elected president of his men's social club which I think is wonderful. The kids are just crazy about him. He is noted as the best alligator hop-cat in school and he frequently entertains the student body with his ever light, dancing feet. He is a wonderful tap-dancer. He told me the other day that he is preparing for a career in the medical mission field and I am proud of him. He's in my Human Physiology class and is definitely a whiz.

"Kinji Hiramoto was recently tapped for the O.O.O.O. Senior Men's Honorary. Harold is also a member of that too. Kinji is out for baseball this year and is thrilling the crowds with his athletic prowess. And Bill Oshima, the singer in the crowd is on the college social committee, representing the dormitory. I guess I'm the only dud in the place."

May 23, 1945

TOM BODINE LEAVES COUNCIL, SAILS FOR FRANCE

Tom Bodine, Field Director of the Student Relocation Council, sailed Saturday, May 19, for France; he received an appointment through the American Friends Service Committee for work in France under Secours Quaker, a French war relief agency. His service with the Council since its beginning three years ago will long be remembered by all of us who have come to know his sincerity, patience, and understanding, and we know you join us in giving him our best wishes for success in his new venture.

Miss Louise Takeuchi of the Records Department has also left the Council, to attend Illinois Wesleyan University. Her position is taken over by Miss Dorothy Yamauchi.

SCHOLARSHIP OFFERED TO QUALIFIED NISEI STUDENT

5-14-45: HOPE COLLEGE, Holland, Michigan - President Wynand Vichors of Hope College "hopes" that a well qualified Japanese-American student will apply to their school. The financial help is available in two forms: "There are a good many work opportunities in and about the College. We should be very happy to consider a tuition scholarship for a well qualified Japanese-American student. If you have any such student in mind I would suggest that you urge him to apply to the admissions office of the College."

NOTE: Hope College is a small, coeducational, liberal arts college in Holland, a few miles from the eastern shore of Lake Michigan. It is affiliated with the Reformed Church in America, and it is accredited by the Association of American Universities and also by the Middle States Association of Colleges. Residence Halls are maintained by the institution with a capacity for 100 men and 150 women. The admission requirements are 15 units; 2 major and 2 minor sequences.

We expect to receive a catalog of Hope College in a few days; then we will be able to tell you more details concerning the admission requirements, but we did not wish to hold back this excellent offer any longer. The Registrar of the college is Mr. Thomas E. Wolmers. We will be interested to know the names of the students who apply.

WEST COAST COLLEGES - INFORMATION

STANFORD UNIVERSITY, Palo Alto, California - The following information has been sent us by J. W. Bunn, Dean of Men, and Mary Yost, Dean of Women: Opening Dates: "Autumn quarter, September 24, 1945; Winter quarter, January 3, 1946; Spring quarter, April 1, 1946; Summer quarter, June 20, 1946." Living Accommodations: For men--"The same accommodations will be available for Japanese American men students that are available for the other men students in the University. See our Bulletin of Information for details." For women--"All undergraduate women who wish to come for Autumn quarter of 1945-46 must have their applications and credentials in our hands by May 1. Japanese-American women will have the same chance for admission and accommodation in our university residences as non-Japanese. Our quota of new students is limited by our accommodations; therefore all applicants must meet the May 1 deadline." Employment Opportunities: For men--"At the present time job opportunities are excellent. These would include jobs by which one could earn his board; gardening, housework, clerical work, library work, and some skilled jobs for those who are prepared. Rates of pay would range from 60 cents an hour to as much as \$1.35 an hour." For women--"Waiting on the tables in the dormitories is the best job a girl can have here. She gains her meals by this service. We have a secretary for part-time student help who fills where possible requests for student help off campus. For most work, the pay is 60¢ an hour." Room and Board Requirements: "In most cases, 15 to 16 hours of work a week are expected in return for room, breakfast and dinner. In the case of lunches, this figure is adjustable. This requirement as to hours is based on figures compiled by the University Dining Halls Director. The desirability of the room, private bath, etc. would also affect the figure." Scholarship Aid: "See attached slip."

Scholarships are awarded during the spring for the succeeding academic year and are then available for three quarters. A scholarship may be terminated at any time for misconduct or unsatisfactory scholarship. A scholarship holder is not entitled to payment of more than \$1,000 from University funds, including recompense for work and the scholarship itself, during any three quarters. Holders of scholarships are not eligible to register on a part-time basis. They are expected to register for a normal program and are required to pay full tuition, community, incidental, and library fees, laboratory expenses, and all similar charges laid upon other registered students. There are many applicants for these scholarships and they are awarded on a competitive basis. There would be no discrimination against Japanese men or women. Loan funds are not available until student has been here at least one quarter and has made a successful record. May 1st is the deadline for freshman scholarship." Japanese Americans Now Enrolled: "Alice Haruko Shikamura and Thomas Kuniba (attending under the G. I. Bill of Rights)." College Contacts: "May Yost, Dean of Women, and John Bunn, Dean of Men."

5-4-45: MENLO JUNIOR COLLEGE, Menlo Park, California - "At least at present Japanese-Americans cannot be accepted."

NOTE: Menlo Junior College is controlled by a private corporation (not a state school), is not accredited, and open to men only. Mr. Vera James, who is chairman of the Mathematics Department, is seeking a change in the school policy.

BUTTE COUNCIL SETS UP SCHOLARSHIP FUND

5-9-45: The following item was excerpted from the May 9, 1945 issue of the Gila River News Courier. Butte is the name of the larger of the two units comprising the Gila Project.

"APPROPRIATION OF BUTTE COMMUNITY FUND DECIDED. The system of appropriation of the newly created Butte community fund was worked out at a meeting of the fund committee called by Council Chairman Harry Nishimura last week.

The appropriation of the fund is to be divided into these three sections:

1. Scholarship fund.
2. Community aid or assistance fund.
3. Emergency or reserve fund.

The fund will further be sub-divided as to its divisions by a budget system allocating the appropriations to various causes. The budget is to be drafted after a thorough study and investigation as to the needs of the three divisions."

ACCEPTANCES AND ENROLLMENTS

5-1-45: UNIVERSITY OF REDLANDS, Redlands, California - Miss Takako Nakahara of Boston 1 has been accepted for admission to the University of Redlands. She expects to work for her room and board in a home.

ADDITIONAL OPENING DATES

	Fall	Winter	Spring	Summer
MARYMOUNT COLLEGE, Salina, Kansas	9-10-45	1-23-46		6-15-46
ARIZONA STATE COLLEGE, Flagstaff, Ariz.	9-15-45			

BACK NUMBERS OF NEWS SHEETS AVAILABLE

Oftentimes we are unable to get out the Newsheet on the regularly scheduled day; hence, leaving a longer period between some issues than that between others. This irregularity of dates has given rise to doubt in some Counselors' minds that they have on file all the past copies of the Newsheet. We believe that serially numbering them, beginning with this issue, will help correct this situation. The number on this issue is 22; accordingly, the past ones for this year would have been:

January	1-15	No. 1	February	12	No. 8	April	2	No. 15
	16-20	2		19	9		11	16
	19	3		23	10		19	17
	20-31	4		28	11		24	18
February	1	5	March	6	12	May	1	19
	5	6		12-17	13		11	20
	9	7		22	14		15	21

If you would like to receive any of these back copies to complete your file of Newsheets, we have some extras which we will be glad to send you.

INFORMATION ON SOUTHERN CALIFORNIA COLLEGES

COLLEGE OF MEDICAL EVANGELISTS, Loma Linda, California. Chester C. Fink, registrar, sent us the following information: Opening Date: October, 1945. Living Accommodations: For men - "Rooms in the Men's Home" For women - "Rooms in the Ladies' Home" Work Opportunities: "Medical curriculum does not make it possible for students to carry on work during their course here." Nisei Expected to Enroll: "James Nakamura and Charles Yamashiro on October, 1945" College Contact: Chester C. Fink, Registrar.

COLLEGE OF MEDICAL EVANGELISTS, Los Angeles, California. Walter M. Bolinger, Associate Registrar, 312 N. Boyle, sent us the following information: Opening Date: October 7, 1945. Living Accommodations: "very limited and difficult to find for anyone" Employment Possibilities: "Very little time for outside work while taking medical course." "I do not know of any who are working for board and room in a home." Scholarships: None. Nisei Student: Richard Iwata will enter senior class in October.

COLLEGE OF OSTEOPATHIC PHYSICIANS AND SURGEONS, Los Angeles, California. Will Rodgers, Registrar, 1721 Griffin Avenue, L. A. 31, Calif, sent us the following information: Opening Dates: "June 25, 1945; April 1, 1946." Living Accommodations: "No accommodations are furnished by the college for any students." "Work opportunities in Los Angeles are many and varied and subject in a large measure, to the conditions surrounding the return of Japanese people. Rates of pay vary so widely that no estimate can be given. The college pays 75¢ per hour for limited work as janitors or laboratory assistants. Relatively few opportunities of this nature are open, however." Scholarships: "None for freshmen. In junior and senior year, the Japanese Americans will be considered for scholarship aid on the same basis as all other applicants." College Contact: "Will Rodgers, Registrar."

GEORGE PEPPERDINE COLLEGE, Los Angeles, California. J. Herman Campbell, Registrar, sent us the following information: Opening Date: Sept. 11, 1945. "We have no living accommodations on our campus available for Japanese Americans." Work Opportunities: "We have work for approximately 150 men and women on our campus. 60¢ per hour." Room and Board Jobs: "25 hours a week are usually expected in return for room and board in a home." Scholarship Aid: "Of, attached slip, '1. In order to honor and encourage students of unusual scholastic ability and Christian character, George Pepperdine College offers in 1945-46 ten full-tuition (cash value 200), twenty half-tuition (\$100), and twenty quarter-tuition (.50) scholarships. These scholarships will be granted to students, either high school or college men or women, who in their present classes are outstanding in intellectual ability, in initiative and resourcefulness, in versatility of interests, and in Christian character.

'2. In order to honor and encourage students of good character who have cultivated certain special abilities in music, speech, art, creative writing, etc., George Pepperdine College offers in 1945-46 five full-tuition (cash value 200), ten half-tuition (100), and ten quarter-tuition (.50) special achievement awards:

'Students who receive scholarships or special achievement awards may pursue their studies in any department of the college. (George Pepperdine College offers work in the following departments: Arts, Business Administration, Education and Psychology, English, Languages, Home Economics, Mathematics, Music, Natural Science, Physical Education, Religion, Social Science, and Speech) Those who find it necessary to earn part of the remaining college expenses will be given preference in student work (application for work must be made separately to the Committee on Student Work). Student work of almost every type is abundant in the Southern California area.

'Applications should be made by May 1, 1945. Announcements of awards will be made as soon after that date as possible. Applications made after May 1 will be considered in case all awards have not been made to applicants applying before that time.' There is no deadline for freshmen scholarship or loan applications. Nisei will be considered for scholarship aid on the same basis as all other applicants. College Contact: Hugh M. Tiner, 1121 S. 79th Street, Los Angeles 44, Calif.

LOYOLA UNIVERSITY OF LOS ANGELES, Los Angeles, Calif. Rev. John F. Connolly, S.J., Dean of the Faculties, sent the following information: Opening Dates: "Summer Term: July 9, 1945. Fall Term: November 5, 1945. Spring Term: March 4, 1946" Living Accommodations: "The same as for other students. Accommodations on the campus are limited." Work Opportunities: "Limited opportunities on the campus at 60¢ an hour. There will be opportunities for outside work, undoubtedly, in the nearby industrial plants." Room and board job: "Loyola University students in the past have not had such arrangements with nearby residences." Scholarship Aid: "Loyola University offers a limited number of scholarships on a competitive basis. The deadline for freshman scholarship is a month before registration." College Contact: Rev. John F. Connolly, S. J., Dean of the Faculties, 7101 W. 80th Street, Los Angeles, California.

OCCIDENTAL COLLEGE, Los Angeles, Calif. Florence N. Brady, Registrar, sent us the following information: Opening Dates: "July 2, 1945, approximately November 1, 1945 and approximately March 1, 1946." Living Accommodations: "See catalogue being forwarded under separate cover concerning accommodations and regulations." Work Opportunities: For men - "At the present time, numerous opportunities in a wide variety of employment. Rate of pay for on campus employment is from fifty to seventy-five cents per hour." For women - "Many opportunities now available. Most on campus work is clerical in nature and pays from forty to fifty cents per hour." Board and room - "We do not encourage students to work for board and room" Scholarship Aid: "See information given in catalogue. Deadline for 1945-46 scholarship applications - April 28th; no deadline on applications for loans." Nisei Now Enrolled: "Mitsie Toyama" College Contacts: Women - Miss Elsie May Smithies, Dean of Women; Men - Mr. Benjamin H. Culley, Counselor of Men.

PASADENA COLLEGE, Pasadena, Calif. J. B. Deisenroth, Business Manager, sent us the following information: Opening Date: Sept. 6, 1945. Living Accommodations: "Men's Dormitory and Women's Dormitory" Work Opportunities: "Not much opportunity on campus, average wages as work available off campus. 15 hours a week are usually expected in return for room and board in a home." College Contact: Erwin G. Benson, c/o Pasadena College.

POMONA COLLEGE, Claremont, California. J. Edward Sanders, Director of Admissions, sent us the following information: Living Accommodations: For men - "Regular residence halls. For women - At present all rooms are filled in residence halls--there may be some cancellations, but we have a long waiting list for any vacancies. Possibly some places to work for room in private residences." Work Opportunities: For men - "Plenty of work on campus - 50¢ per hour. I believe there will be off campus work at higher rates depending on skill of worker and the job. For women - Some work on campus at 50¢ per hour. Off campus work uncertain. If interested students should correspond with the college." Scholarship Aid: "Awards for 1945-46 have been made, based on exam. given Feb. 10. Deadline for frosh scholarships was Jan. 15, 1945. Soon applications may be filed at any time." College Contacts: "Best conducted thru Director of Admissions I believe or to Dean of Women, Jessie M. Gibson." Additional Comments: "If there are particularly promising and worthy students, we shall be glad to correspond with them, and try to find assistance. Unfortunately we have already awarded our general scholarships and have filled our quota of resident women, but some method of admitting and assisting promising candidates might be found."

UNIVERSITY OF REDLANDS, Redlands, Calif. George T. Hollenberg, Dean of men, and Margaret Cairncross, Dean of Women and Admissions Counselor sent us the following information: Opening Date: "Not yet announced." Living Accommodations: For men - "Men's dormitories available as for other men students." For women - "Regular accommodations in women's dormitories. Assignment to be made in order of application." Work Opportunities: For men: "At common's kitchen or as waiter - yard work or janitor work on campus - 50¢ per hour. Some work might be secured in town at a slightly higher rate. Possibly yard work. (We have not inquired in this respect.) For women: "Office work, library work, dining room work - 50¢ per hour. Desk work in dormitories (student can study at the same time) - 25¢ per hour. All students are required to live in dormitories, unless parents or blood relatives accommodate them in their homes. Scholarship Aid: "See catalogue. There is no definite deadline for freshman scholarship or loan applications. Late applications run the risk of funds being exhausted." Nisei Now Enrolled: "Grace Shinoda" College Contacts: George T. Hollenberg and Margaret B. Cairncross.

SCRIPPS COLLEGE, Claremont, Calif. Marjorie S. Crouch, Acting Director of Admissions, sent us the following information: "Living accommodations available to any qualified woman student." Work Opportunities: "Those available to any qualified woman student--ordinarily we discourage employment for first-year students because their adjustments are many. Employment rates are 45¢ an hour for work in the dining rooms, the resident offices, library or art building. From

six to ten hours may be given to paid employment." Scholarship Aid: "Amounts from 50 to 500 dollars in scholarship awards may be made to students standing in the top group of the class admitted in any year. The deadline for freshmen scholarship or loan applications is April 1 - although exceptions are considered until May. The Japanese Americans will be considered for scholarship aid on the same basis as all other applicants and such awards have been made in the past." Special funds for Nisei - "Not within award of the college, although individual gifts known by the recipient as "scholarship money" may be obtained on the basis of a particular request."

WHITTIER COLLEGE, Whittier, California. Chas. B. Spaulding, Registrar, sent us the following: "In answer to most of your questions I can simply say that Whittier College will be happy to admit, and be of assistance to, students of Japanese ancestry on the same basis as any other students. The College offers several types of financial assistance to worthy students. These are discussed in the catalogue. In addition, the President is empowered to grant a limited amount of aid to students with special qualifications for whom suitable assistance is not otherwise available. The President is, I am sure, sympathetic toward the returning Japanese and keenly aware of their problems. As far as I know no Japanese Americans have applied for admission to Whittier for the next semester."

"Concerning people with whom Japanese-American students might carry on correspondence, I suggest the following: H. Randolph Byle, Prof. of Mathematics, Whittier College, and O. Herschel Folger, Pastor of the First Friends Church of Whittier. I shall also be glad to be of any assistance if I can be." Note: For further information, please consult the catalogue of Whittier College.

SOUTHERN CALIFORNIA JUNIOR COLLEGES

BRAWLEY JUNIOR COLLEGE, Brawley, California. Percy E. Palmer, Principal, sent us the following information: Opening Dates: "Sept. 17, 1945; Jan. 28, 1946." Living Accommodations: "None to any students." Work Opportunities: "Do not know, will depend upon war situation." Room and Board: "Have had no pupils working in homes for board and room. Almost all pupils live in own homes." "As there is no tuition charged, there are no scholarships available." College Contact: "J. E. Warne, Dean of the Junior College, Brawley Junior College, Brawley, California." Additional comments: "Prior to evacuation (relocation) approximately 25% of students were Japanese Americans."

CHAFFEY JUNIOR COLLEGE, Ontario, California. Pearl E. Clark, Assistant Director, sent us the following information: Opening Date: Sept. 17, 1945. Living Accommodations: "Probably in private homes." Work Opportunities: "Agricultural work - 60¢ to \$1 an hour - for men." For women: "Work in homes 50¢ to \$1 an hour. 21 hours of work give board and room and \$2.50 per week." Scholarship Aid: "None - public school. The Japanese Americans will be considered for scholarship aid on the same basis as all other applicants - our scholarships are loans given to complete the last 2 years in some other school - we are a junior college." College Contacts: Pearl E. Clark or Leo Vadsworth, Chaffey College, Ontario, Calif. Additional Comments: "There may be more opportunities than those listed, but there has been no community survey. The Community and local papers are friendly toward our former Japanese students now in the service, at least. After my efforts to find a home in which a talented Mexican girl could room, I am rather discouraged about our attitudes here, however."

CITRUS JUNIOR COLLEGE, Azusa, Calif. Margaret Purdum, Dean of Women, sent us the following information: Living Accommodations: "None that I know about." Comment: "You see by the above that this community has no contact with the returning Japanese." Additional Comments: By Helen Ely Brill, Special Project Secretary, National Intercollegiate Christian Council: "The Nakade family has 3 children enrolled in the high school, which is in the same building as the Junior College. They have been well received. (Her comments) this sounds negative but actually the school is friendly toward Nisei, and Dean Purdum who filled out this questionnaire is interested in Nisei. She is the advisor of the Y. W. group at Citrus Jr. College."

LONG BEACH CITY COLLEGE, Long Beach, Calif. Harper C. Tren, Assistant Dean, sent the following information: Opening Dates: "Summer Session: June 18, 1945 and July 23, 1945. Sept. 17, 1945." Living Accommodations: "It is very doubtful that living accommodations would be available. The college has no dormitories and we would have to refer the Japanese students to the Y. W. and Y. W. C. A. Private homes have been available for some of our out of town students, but the temper of the people in this locality would not make such accommodations possible for the Japanese Americans." Work Opportunities: There are no work opportunities for Japanese Americans, other than lawn work or gardening. The former openings in grocery stores and markets, etc., would certainly not be open to students of Japanese extraction at present." Scholarship Aid: "We have loan funds available to worthy students, but no scholarships are available until after a student has attended City College for one year."

Technically, the Japanese Americans will be considered for scholarship aid on the same basis as all other applicants, but actually the individual prejudices of committee members would operate to exclude them." College Contact: Harper C. Wren, Assistant Dean. Additional Comments: "The temper of the people of the Pacific Coast being what it is, their rights to the contrary notwithstanding, it seems highly inadvisable for Japanese American students to return to this area at this time."

OCEANSIDE-CARLSBAD JUNIOR COLLEGE, Oceanside, California. Donald C. Carr, District Superintendent, sent us the following information: Date Opening: "Sept. 10, 1945." Living Accommodations: "Not any for anybody" Work Opportunities: "Labor is short throughout the city - \$.60 to \$1.00 per hour. We do not have any examples for room and board job." Scholarship Aid: "We do not have any, because we have no fees." College Contact: Donald C. Carr. Additional Comment: "As a public school in connection with the high school, we have no facilities for billeting."

POMONA JUNIOR COLLEGE, Pomona, California. Winston Nelson, Director, sent us the following information: Date Opening: "Sept. 5, 1945." Living Accommodations: "None on campus - Private homes" Work Opportunities: For men - "Off campus work at prevailing wages is plentiful. For women - Off campus jobs plentiful. Clerical jobs on campus often available. The hours of work expected in return for room and board in a home vary." College Contact: Winston Nelson, Director.

RIVERSIDE JUNIOR COLLEGE, Riverside, California. A. G. Paul, Director, sent us the following information: Living Accommodations: For men - "We do not have dormitories. For women - We do not have dormitories. Local families are making their homes available." Work Opportunities: For men - "Employment is available at the local army camps, gardening and farm labor. At regular rate of pay. For women - Housework. At regular rate of pay. Eighteen hours a week are usually expected in return for room and board in a home." College Contact: A. G. Paul, Director.

VENTURA JUNIOR COLLEGE, Ventura, California. D. R. Henry, Principal, sent us the following information: Opening Dates: Sept. 5, 1945; Jan. 21, 1946. Living Accommodations: "None of which I know." Work Opportunities: "Impossible to anticipate. Rate of pay ranges from 50 to 85 cents per hour." College Contact: "G. F. Draper, 2020 Evans Avenue, Ventura, California (community leader)."

ACCEPTANCES AND ENROLLMENTS

5-24-45: NORTHERN ILLINOIS COLLEGE OF OPTOMETRY, Chicago, Illinois - Miss Irene Damme, Guidance Counselor in Heart Mountain, reports that GEORGE IWASA may be accepted for the freshmen class for the year beginning June 18, 1945.

5-24-45: OHIO STATE UNIVERSITY, Columbus, Ohio - Miss Damme also informs us that KIYOSHI NASUOKA has been admitted to the University and that he has received a letter of welcome written by the President.

5-20-45 MACALESTER COLLEGE, St. Paul, Minnesota - RUTH OKAMOTO of the Cambridge School in Kendall Green, Massachusetts, has been accepted by Macalester College.

5-15-45: UNIVERSITY OF CALIFORNIA, Berkeley, California - KATSUKO TSUJI and ISAO NISHIOKA have been accepted conditionally pending outcome of their first semester grades at Heart Mountain High School, writes Miss Irene Damme.

DATING OF NEWS ITEMS

The news items that appear in the Newssheet are dated according to the dates of the letters from which the news has been excerpted. Therefore, these dates should indicate how current the articles are.

FRESHMAN'S IMPRESSION OF COLLEGE

This is an excerpt taken from Kinuyo Jitodai's letter of April 29 to Miss Helen Amerman, Student Relocation Counselor of Hunt: SOUTHERN ILLINOIS NORMAL UNIVERSITY, Carbondale, Illinois - "Katherine (Matsuda) and I haven't been homesick - yet! There is another Nisei here. She is formerly from California--really nice girl (lives in the girls' dorm at the college here.) I am having a nice time here...the school is fun--this is our second term. The students and faculty are very friendly and helpful. College life is really something. I'm glad I planned to go."

WAR RELOCATION AUTHORITY

Washington

STUDENT RELOCATION NEWSHEET

Prepared by the

National Japanese American Student Relocation Council
Philadelphia, Pennsylvania

No. 24

June 6, 1945

WONDERFUL OPENING AT CORNELL UNIVERSITY

6-1-45: W. W. Mendenhall, Director of the Cornell United Religious Work, writes that they are eager to have a Nisei student on the campus of the Cornell University in Ithaca, New York, and that they are hoping to raise funds for a Nisei boy if a candidate is available: "In talking with our Public Affairs Committee they seem to be more interested in helping to make possible a year's schooling at Cornell. Mrs. Mendenhall and I would consider giving room and the major share of the cost of board to a boy willing to do housework and our students would be willing to help financially towards other expenses."

Please send the names of students who are interested in this offer directly to Mrs. Elizabeth B. Emlen, Director, of the Student Relocation Council.

MAN WANTED TO HEAD CHEMISTRY DEPARTMENT

5-31-45: POLYTECHNIC INSTITUTE OF PUERTO RICO, San German, Puerto Rico (The only private co-educational college in Puerto Rico) - Mrs. Maribel Todd, Secretary to the president, (and formerly secretary in the Student Relocation Council), writes that the Institute is seeking a man to head the chemistry department there. "It occurred to me that because of the climate comparable to California's and because Puerto Rico is without prejudice to people of Japanese parentage, this school might be a fine place for one of those outstanding Nisei."

The president, in one of his letters to several American universities, says: "This private, co-educational college of a missionary nature, cooperating with the Presbyterian Church, with three hundred students and a teaching staff of twenty-five, is looking for a head of the chemistry department. We would accept a man with only his master's degree but would prefer a man with his doctor's. He should be qualified to teach Inorganic, Organic, Analytical, and Physical Chemistry. Classes are taught in English and the school year covers two semesters of seventeen weeks each and one five-week summer session, for which the salary would range from \$195.00 per teaching month for master's degree and no college teaching experience, to \$245.00 per month with doctor's degree and three years of college teaching experience. In addition we would supply a small half-furnished apartment if the man is married, or a room in our guest house where board costs \$40.00 per month if the man is unmarried.... we should be willing to accept a Japanese American who is of American birth and a Protestant Christian."

NORTHWESTERN GRANTS NISEI \$400 SCHOLARSHIP

In May, Miss Mitsue Iwata of Amache was accepted by Northwestern University and was awarded a \$400 freshman scholarship. So far we have had no news of evacuee Nisei students enrolling in this Methodist affiliated institution, and we hope that this good news will encourage other outstanding Nisei students to apply for admission to Northwestern.

HOME OPENING IN HARTFORD, CONNECTICUT

6-4-45: The Allen Lovejoys, of 624 Fern Street, West Hartford, Connecticut, are eager to find a girl who could help with the care of the house and two small children on a part-time or full-time basis. The Nisei student who has been with them must unexpectedly leave this month to join her family; therefore, their need is urgent. Mr. Lovejoy is now working in the Civilian Public Service section of the American Friends Service Committee in Philadelphia, while Mrs. Lovejoy is in West Hartford. They are grand people and have been very sympathetic and understanding in helping the Grenada girl who has been with them this year make the adjustment to outside life. There are several fine business colleges in Hartford which a girl may attend and at the same time live with and work for the Lovejoys. We would be glad to help make the necessary arrangements for any girl whom you may have in mind.

SCHOLARSHIP AID AVAILABLE AT WHITTIER COLLEGE

5-26-45: Mrs. Helen Ely Brill, formerly student relocation counselor in Manzanar, writes that "there is no student (Nisei) at Whittier College, though there is scholarship aid available for two. Wish someone would apply!"

Please direct communications to Mr. Charles B. Spaulding, Registrar.

WEST COAST COLLEGE INFORMATION

SACRAMENTO JR. COLLEGE, Sacramento, California - Opening Dates - June 25 - Aug. 31 (Summer Session); September 24, 1945; February 11, 1946. Living Accommodations - "In private homes only. We have no dormitories." Employment possibilities - "Quite a variety, if present manpower shortage continues, as it likely will. Prevailing rates: 60¢ - 90¢ per hour." For Women - "Many, in private homes, for room and board." Scholarship Aid - "See page 40 of catalog." Nisei will be considered for scholarship aid on the same basis as all other applicants. Nisei Enrollment - "None so far enrolled. One, Joseph Fukuda, 8-13-C, Heart Mountain, Wyoming, has inquired about summer session this year." College Contact - Miss Joannette Minard, Counselor, Sacramento Jr. College, Sacramento, Calif. Filed by - Henry T. Tyler, Vice President of Sacramento J. C.

ACCEPTANCES AND ENROLLMENTS

5-26-45: From Poston 1 comes the following announcement of acceptances:
MAYNE UNIVERSITY, Detroit, Mich. - Bob Watanabe, fall term.
UNIVERSITY OF ILLINOIS, Urbana, Illinois - Tom Koike; will enroll in June.

UNIVERSITY OF CALIFORNIA, Los Angeles, California - Fumiko Fataishi and William Murakami, fall term.

5-29-45: TEMPLE UNIVERSITY, Philadelphia, Pennsylvania - Sachi Shimomura, formerly of Poston and now residing in Swarthmore, Pennsylvania, has been accepted at Temple for this fall.

5-29-45: UNIVERSITY OF MICHIGAN, Ann Arbor, Michigan - Arthur Dunham, professor of Community Organization, writes: "A Japanese American girl, Marie Yamamoto, has just come to live in our own home. She is graduating from Ann Arbor High School this June, and she has received a tuition scholarship to the University of Michigan this fall. During the summer she will work at the Ann Arbor Cooperative Society."

5-28-45: UNIVERSITY OF CINCINNATI, Cincinnati, Ohio - Joe Suresmoto (Topaz) has been accepted by the U. of Cincinnati.

ADDITIONAL OPENING DATES

CONCORDIA COLLEGE, Moorhead, Minnesota - June 4, 1945; Sept. 17, 1945; Jan. 28, '46
GRINNELL COLLEGE, GRINNELL, IOWA - Sept. 12, 1945; Feb. 4, '46

HEARD MOUNTAIN AWARDS SCHOLARSHIPS

5-24-45: Miss Irene Danmo, Guidance Counselor at Heart Mountain, writes that the Heart Mountain Scholarship Committee has disposed of the remaining funds in the following manner: "One hundred dollar scholarships were awarded to Wesley Ota, May Kakebe, Motoko Ikeda, Kazuko Yera, Edith Ritchie, and Fred Endo. With the money that remained...the Committee bought a \$25 war bond for Kikuwo Inouye, Valedictorian, and a \$25 war bond for Mitsuko Mutaguchi, Salutatorian of this year's graduating class."

She also informs us that Lilly Fukui was one of ten University of Wyoming students selected for membership in the Phi Kappa Phi, national honor society, and that Ruth Hijikata, secretary of the Pi Kappa Delta, national forensic fraternity, was recently elected as the "student of the month" at Sioux Falls, S. D., College.

POSTON GIVES SCHOLARSHIP

5-28-45: Estelle Hinson, Student Relocation Counselor at Poston, has informed us that the following students have been officially granted allocations from their scholarship fund: "Sachiko TANAKA (3005) who will enter University of Md. in the fall; Hiroko SAKAMOTO (3017) who will enter Ohio State University this summer; and Masaru MURAKAMI (2570) who is now enrolled in the University of Minnesota. All scholarships will be equal, and none less than \$75.00."

WAR RELOCATION AUTHORITY
Washington
STUDENT RELOCATION NEWSHEET

JUN 29 1945

Prepared by the
National Japanese American Student Relocation Council
Philadelphia, Pennsylvania

No. 25

June 23, 1945

PRESBYTERIAN SCHOLARSHIPS

The Presbyterian Church in the U.S.A. is offering nine scholarships of \$150 each to 1945 project high school graduates. One scholarship will be awarded on each project to a student in the upper third of the June, 1945 class "on the basis of academic standing, character, and need," regardless of religious affiliation.

Students who are interested in this grand offer can apply in the same manner as for scholarships granted through the Student Relocation Council. They are to send in an NJASRC questionnaire form, high school transcripts, three letters of reference, and an itemized statement of their expenses and resources. The applications must be in by August 1 when the Council will present requests to the Presbyterian Church for their decision. This certainly is encouraging, isn't it?

SCHOLARSHIPS AVAILABLE AT ALBRIGHT COLLEGE

6-6-45: We received good news from Miss Irene Fisher, President of the Student YWCA at Albright College, that five \$100 scholarships are being offered by the Evangelical Church to Nisei students coming to this college. In addition, a student graduating in the upper fifth of his class will be eligible for a \$75 scholarship and a student graduating first in the class will be eligible for a \$150 college scholarship. There are job opportunities on the campus at 40¢ an hour. Miss Fisher reports that Albright is particularly strong in the sciences and home economics and they have good philosophy and sociology departments. A Christian boy or girl is preferred, but this is by no means a requirement.

Note: If you know of any interested individuals, please have them apply to us directly rather than the College.

STUDENT RETURNEE PROJECT

Last year's student returnee project was so successful that there will be a repeat performance this year under the sponsorship of the National Inter-collegiate Christian Council of the Student YM-YWCA. The Student Relocation Council will administer the project, appointing, training, and sending back to the centers 13 to 16 college students. It is the hope that a boy and girl will go to each camp where they will be responsible to the student relocation counselor. This year, the ideal student returnee will be mature, will have a speaking knowledge of Japanese, and will have the ability to get along with both the older people and the high school students.

The returnee will not only help with student relocation work, but will also lend his services to some Community Activities program where his interests and abilities lie. He will also aid in whatever way he can to help families form their relocation plans by giving them first-hand information on housing conditions, job opportunities, community acceptance, and other pertinent information on the outside.

Most of the returnees will spend a few days in Philadelphia, New York, and Washington for training and preparation prior to their return to their "home" projects. They will gather student relocation material, will interview staff members of the area and district offices of the WRA, will talk with resettlers about their own experiences, and, in general, will try to gain some idea of the relocation possibilities in the East. The following students are scheduled to return to the centers at this writing:

Heart Mountain:	Mr. Masumi Toyotome (Union Theological Seminary, New York) Miss Sachie Fukiage (Western Reserve University, Cleveland)
Poston:	Mr. Ken Yamamoto (George Washington University, Washington) Miss Cherry Obayashi (Wells College, Aurora, New York.)
Gila River:	Mr. Haruo Ishimaru (Yankton College, Yankton, S. Dakota) Miss Kiyoko Araki (Yankton College, Yankton, S.D.)
Minidoka:	Mr. Eugene Uyeki (Oberlin College, Oberlin, Ohio) Miss Alico Togo (Vassar College, Poughkeepsie, New York)
Granada:	Miss Junko Suzuki (Colorado State College of A & M Arts, Fort Collins, Colorado)
Manzanar:	Miss Chizuru Nakaji (Syracuse University, Syracuse, N.Y.) Mr. Sam Ishikawa (Harvard University, Cambridge, Mass.)

- 2 -

Topaz: Mr. Kay Nakagiri (U. of Wisconsin, Madison, Wisconsin)
Miss Frances Katase (Heidelberg College, Tiffin, Ohio)
Rohwer: None definitely selected. Suggestions for candidates to
this center will be very welcome.

RESIDENT FEE PRIVILEGES AT THE U. OF MINNESOTA

6-8-45: UNIVERSITY OF MINNESOTA, George B. Risty, Director of Student Loans and Scholarships, sent the following quotation regarding tuition charges for Nisei students there: "A child of Japanese-American parents who have been evacuated from their home shall be allowed resident fee privileges at the University until such time as the parents are permitted by the armed forces to return to their original place of residence or until they acquire domicile elsewhere."

JOB OPPORTUNITIES AT ANTIOCH COLLEGE

6-12-45: Carl L. Spicer, WRA Relocation officer, Columbus, Ohio, wrote us about some excellent job offers that are available right away at Antioch College. These secretarial and stenographic positions are on a full-year basis. There is a chance for advancement and promotion in each of them. The salary will depend upon the applicant, but will not be less than \$1500. The girls, accepted for these positions, will be given opportunities to participate in all College activities. And Miss Miriam Dickinson writes: "Rooms are available in the Village—either in private homes or in sharing apartments with other secretaries—and board is obtained at the College Tea Room running from \$5.00 to \$7.00 per week."

Note: Please address all inquiries and applications to Miss Miriam Dickinson, Office Manager, Antioch College, Yellow Springs, Ohio.

WEST COAST COLLEGE INFORMATION

MODESTO JUNIOR COLLEGE, Modesto, California. The following information was sent by Miss Helen F. Pierco, Librarian of Modesto J.C.: Housing situation: "I think that students of Japanese ancestry might be fairly well received by our students and fairly well treated here IF housing could be found for them. At present our housing shortage is so acute that some of our Caucasian students have withdrawn and gone home because no suitable housing accommodations could be found for them." Employment possibilities: "Employment possibilities would have to be developed off-campus as we employ very little student help on the campus. Work for board and room is always available (or has been since the beginning of the war, at least). I believe students are usually expected to work approximately two hours per day in exchange for board and room." Scholarship aid: "Most of the scholarships offered here are for students who have spent at least one semester in our school." College contact: "There are a number of us who would be glad to try to assist returning Japanese Americans in any way that we can. Miss Gladys Swearingen of the Modesto High School faculty and Miss Louis Abbott, also of the High School faculty at present but on leave for the duration from our College faculty, and I would each be glad to do anything we could to help in relocation work. We are thoroughly 'sold' on the right of these students to attend college or high schools here if they wish to do so. Reverend Melvin Wheatley of the Centenary-Methodist Church is anxious to be of assistance to any Japanese Americans who need counselling or friendship, too."

NISEI WIN SCHOLARSHIPS

5-25-45: WELLESLEY COLLEGE, Wellesley, Mass. - Miss Fumi Anraku, of the Gila River Relocation Project "has been awarded a full tuition and board scholarship by Wellesley College", reports Dr. Joseph G. Reagan, Student Relocation Counselor in Gila.

6-5-45: SARAH LAWRENCE COLLEGE, Bronxville, New York - Miss June Murakami received a \$1700 complete scholarship for next year.

OPENING DATES

College of Mt. St. Joseph-on-the-Ohio Sept. 24, 1945
Augustana College, Sioux Falls, S. D. Sept. 10, 1945 Jan. 26, 1946 June 10, 46

HONORABLE MENTION IN PEPSI COLA SCHOLARSHIP CONTEST

5-30-45: Mrs. Mataileen L. Ramsdell, Student Relocation Counselor at Rohwer, reports that Yoshikazu Sakakura "received one of the honorable mentions in the Pepsi Cola Scholarship Contest."

How did some of the other project students fare in the nation-wide contest?

STUDENT RELOCATION NEWS SHEET

Prepared by the

National Japanese American Student Relocation Council
Philadelphia, Pennsylvania

No. 26

June 27, 1945

HALF-TIME ASSISTANTSHIP AVAILABLE AT MOUNT HOLYOKE

6-16-45: Mount Holyoke College, a women's college in South Hadley, Mass., has asked if a Japanese American woman, a college graduate, would be interested in a half-time assistantship next year. It would be assumed that the holder of the appointment would complete work for a master's degree in political science within two years. Her duties as an assistant would include typing--but no stenography--filing, some research, and some grading of quiz papers. The salary would be \$650 a year. For further information, please communicate directly with Dr. Victoria Shuck, Professor of Political Science, 1227 19th Street, N. W., Washington, D. C.

WORK CAMP WANTS JAPANESE AMERICAN REPRESENTATIVE

6-18-45: Miss Nelle Morton, General Secretary of the Fellowship of Southern Churchmen, writes that the Fellowship is conducting a work camp in Big Lick, Tenn., for which they would very much want to have a Japanese American girl or boy between 17 and 24 for July 1 to August 11. The expenses of the student while in camp will be paid for by the Fellowship. The camp is an interracial one, and is highlighted by periods of work, recreation, discussion, fellowship and worship.

YWCA VOCATIONAL COUNSELING AVAILABLE TO GIRLS IN NEW YORK

6-13-45: Miss Elizabeth B. Heinz, Vocational Counselor of the New York YWCA, 610 Lexington Ave., New York City, writes: "Our Employment Agency and Vocational Counseling Division are both very much interested in aiding these girls who are graduated from college with their adjustment in the city. The Agency, however, is fee charging, and we find many of the girls prefer to use the United States Employment Service rather than pay a fee for their placement. The Counseling Division is a free service and is continually working with relocated persons. Unfortunately, the Vocational Counseling Division will be closed during the summer, but the Personal Counseling Department will be open, which may be of real assistance to the girls."

EDUCATIONAL OPPORTUNITIES IN NEW YORK CITY

According to Miss Priscilla Ayres of the New York District Office of the War Relocation Authority, the Mayors Committee on Wartime Care of Children has an Information and Counseling Service to assist mothers who are working, or planning to work, to make arrangements for the care of their children during the mothers absence from home. Children are accepted from ages 2 to 5 years. There is a very slight charge, based on a sliding scale according to ability to pay. This covers the child's hot lunch and use of cots for afternoon naps. The average charge approximates 25¢ per day per child.

Opportunities for Handicapped Children - "Provision is made for free education and guidance for children who are physically handicapped (crippled, etc.), hard of hearing, visual defects; and for children who are mentally retarded. The New York Board of Education provides a free psychological adjustment service. Children in need of special assistance are referred by their teachers. School grade or special placements are made in accordance with recommendations of this adjustment service."

City Colleges - "New York City boasts four free colleges for boys and girls. These are the College of the City of New York, Brooklyn College, Queens College, and Hunter College. In order to be eligible for free college education, it is necessary for a person to establish residence in New York City. For non-residents tuition cost is only one third of the usual fee charged by a tuition college."

Room and Board Jobs - Room and board jobs in homes in New York and vicinity are numerous. Students who are seeking such part-time domestic work in return for their room and board can be easily placed.

For further information on educational opportunities in New York City, direct all communications to Miss Priscilla Ayres.

TWO STUDENT RELOCATION COUNSELORS LEAVE

Miss Irene Damme, formerly Student Relocation Counselor in Heart Mountain, has left the project to take a teaching position in an outside junior college. Her successor is Mrs. Thelma Bugbee. In Rohwer, Mrs. Mataileen Ramsdell, who had been Student Relocation Counselor, is now in the Reports Division.

ACCEPTANCES

- 6-21-45: OBERLIN COLLEGE, Oberlin, Ohio - Quoting from a letter from Arthur Sasahara (Gila), who is attending Glenville High School in Cleveland: "I was accepted by Oberlin College and awarded a first term full tuition scholarship beginning in October...I won the Certificate of Honor for the highest achievement in speaking and writing Spanish."
- 6-11-45: BALDWIN WALLACE, Berea, Ohio - May Yogi (Gila River) has completed arrangements to enter Baldwin-Wallace, where she was awarded a scholarship.
- 6-11-45: UNIVERSITY OF MINNESOTA, Minneapolis, Minnesota - Michiko Kadowaki (Gila River) has been accepted by the University of Minnesota, General College, for the fall term.
- 6-11-45: UNIVERSITY OF CALIFORNIA, Berkeley, California - Toyoko Toppata (Gila River) has been accepted by the University of Calif. for the fall term in liberal arts.
- 6-9-45: MICHIGAN STATE COLLEGE, East Lansing, Michigan - Miss Toshiko Matsumoto (Topaz) has been accepted for the summer quarter.
- 6-11-45: UNIVERSITY OF ILLINOIS SCHOOL OF MEDICINE, Champaign, Ill. - Kenji Kushino, after two years of unsuccessful attempts to enter a school of medicine, has been accepted by the U. of Illinois School of Medicine for the class to be admitted on October 1.
- 6-12-45: UNIVERSITY OF TEXAS, Austin, Texas - Higo Harada (Crystal City) has been accepted by the U. of Texas and may enter for the term beginning July 5.
- 6-8-45: WASHINGTON UNIVERSITY MEDICAL SCHOOL, St. Louis, Missouri - Louis Kurahara, graduated from Kenyon College, Gambler, Ohio, has been accepted by Washington University Medical School for the class to be admitted on September 27.
- 6-8-45: SAN FRANCISCO JUNIOR COLLEGE, San Francisco, Calif. - Juno Egashira, Ratcho Yamashiro, and Dorothy Harada, also of Topaz, will enter S. F. Junior College this fall.
- 6-2-45: PENNSYLVANIA COLLEGE FOR WOMEN, Pittsburgh, Pennsylvania - Mollie Ohashi (Poston) has been accepted for admission this fall. She has also been awarded a \$650 combination scholarship for the year. The YWCA on the campus, eager to have a Nisei student, raised \$100 of this combination scholarship.
- 6-8-45: UNIVERSITY OF CALIFORNIA, Berkeley, California - Aiko Takita, George Okawachi, Kazuko Hideshima, George Kobayashi, Mary Iwaki, Yoko Ogata, Paul Ono, and Tats Sano of Topaz are planning to enroll in the U. of California this fall.
- 6-8-45: SACRAMENTO JUNIOR COLLEGE, SACRAMENTO, CALIFORNIA - Betty Hayashi and Tatsuko Ito of Topaz will enroll in Sacramento Junior College.
- 6-8-45: SAN JOSE STATE COLLEGE, San Jose, California - Bob Utsumi of Topaz will enroll in San Jose State College.

ENROLLMENT

- 6-18-45: MIAMI UNIVERSITY, Oxford, Ohio - Letter from Ray Shiiki (Minidoka) says: "I am now enrolled at Miami University. Our summer session started on June 11, 1945."

NORTHLAND COLLEGE - EAGER TO HAVE NISEI

6-2-45: J. T. Kendrigan, Dean of Northland College, Ashland, Wisconsin, writes: "With regard to Northland College and the city of Ashland, I am happy to say that any students which you might have directed here even of German or Japanese extraction would be very welcome, and the geographical location of our institution is such that we have not noticed in any way a change of attitudes or expressions which would indicate that there would be any unfairness in carrying on the work, so far as these hyphenated Americans are concerned, even though it may be in name only.

"Our Board of Trustees has indicated that they would be very cooperative in offering the services of Northland College in case such service could be of value to young men and women whose education may have been interrupted for some reason or other, in a community where their loyalty might not have been recognized with too much friendliness."

Note: Ashland College is coeducational, affiliated with the Congregational Church, but is not accredited by any of the accrediting agencies.

PHILADELPHIA NISEI RAISE FUNDS FOR NJASRC SCHOLARSHIP FUND

\$84.50!! This sum was turned over to our Scholarship Fund by the Philadelphia Nisei Council after their highly successful benefit dance on the evening of June 9. The dance was sponsored by the Nisei Council to raise funds for the \$20,000 scholarship fund which we are trying to raise for the coming academic year. To the Nisei of Philadelphia go our feelings of warm appreciation.

REMINDER ON COLLEGE OPENINGS AND COLLEGE SCHOLARSHIPS

We wonder if all the college openings and scholarship offers which have appeared in the past issues of the Newsheet have been investigated. For your information, we would like to call some of them to your attention again:

	Jan. 1-15	<u>Newsheet</u>
McPHERSON COLLEGE, McPherson, Kansas	" 19	"
MREDITH COLLEGE, Raleigh, North Carolina	May 11	"
JAMES MILLIKIN UNIVERSITY, Decatur, Ill.	" 11	"
U. OF NORTH CAROLINA, Chapel Hill, N. C.	" 15	"
CATHOLIC COLLEGES IN NEW YORK CITY	" 23	"
HOPE COLLEGE, Holland, Michigan	June 6	"
WHITTIER COLLEGE, Whittier, California	" 27	"
NORTHLAND COLLEGE, Ashland, Wisconsin	" 27	"
MOUNT HOLYOKE COLLEGE, S. Hadley, Mass.	" 27	"

In addition, the CORNELL UNIVERSITY offer in the June 6 issue is still open because the first two applicants are now considering other schools. A properly qualified student should apply for this excellent opening immediately (before August 1).

OPENINGS AT COOK COUNTY HOSPITAL

6-25-45: Dr. Joseph C. Reagan, Student Relocation Counselor of the Butte Camp in Gila River, informed us that the Cook County Hospital School of Nursing, 1900 W. Polk Street, Chicago 12, Illinois, has two vacancies for their class to be admitted this fall. He has also learned that St. Catherine's College School of Nursing, St. Paul, Minnesota, has no openings before March, '46.

UNIVERSITY OF PENNSYLVANIA ACCEPTS NISEI GIRL

6-28-45: LILY N. SAKAGUCHI (Manzanar) has been accepted for the coming school year by the College of Liberal Arts for Women at the University of Pa. To our knowledge, she will be the first evacuee Nisei girl to attend the undergraduate division at the University, although Hiroko Sakamoto (Poston), who is now at Ohio State University, had been accepted earlier. On June 26, we applied for another Nisei girl, but registration for women had been completed and any vacancy that may occur when the term starts will be filled by means of competitive examinations.

We urge any student planning to enroll in the University of Pa. to submit his application far in advance of the term for which he desires to enroll.

SELECTIVE SERVICE IV-C CLASSIFICATION IN REVIEW

6-4-45: Of particular interest to boys with an IV-C classification who are uncertain as to when they may be re-classified is the WRA administrative Notice No. 264, which reads in part, as follows: "All IV-C classifications are in the course of review but a communication by the individual himself will insure an early review and may assist in bringing about a changed classification."

GIRL WINS SCHOLARSHIP AT U. OF WISCONSIN

6-21-45: FRANCES OKAGAKI has just received a Legislative Scholarship from the University of Wisconsin for this fall term. She was informed that she had been recommended to the Regents of the University for the scholarship by the Committee on Undergraduate Scholarships and that she "may count on having the award available" to her.

REDLANDS UNIVERSITY GRANTS NISEI SCHOLARSHIP

6-19-45: TAKAKO NAKAHARA (Gila River), has been granted a \$150 tuition scholarship by Redlands University for the next school year. OM-3320

CALL FOR SUPPLIES

Please let us know if you would like to have more student questionnaire forms, nursing questionnaires, reference sheets, back copies of Newsheet, etc.!

ENROLLMENTS

6-15-45: NORTH CENTRAL COLLEGE, Naperville, Illinois - MASAO KINOSHITA (Rohwer) has been in attendance for two weeks at North Central College.

6-18-45: UNIVERSITY OF CALIFORNIA, Berkeley, California - KATSUKO TSUJI (Heart Mountain) has been accepted and has enrolled for the summer session at the University of California in Berkeley.

6-29-45: OHIO STATE UNIVERSITY, Columbus, Ohio - KAYOSHI MASUOKA (Heart Mountain) has been enrolled in Ohio State University and is very pleased with college life: "Columbus is a nice place...All the fellows in this (International) House are swell as well as the students I meet in my classes."

6-19-45: ARIZONA STATE TEACHERS COLLEGE, Tempe, Arizona - MISAKO TSUGAWA and MICHIKO ITOMURA, both of Canal Camp in Gila River, are enrolled in the summer session at Arizona State Teachers College in Tempe, Arizona.

EAST TEXAS STATE TEACHERS COLLEGE, Commerce, Texas - TERUYE HATA, (Gila River), is attending the summer session at East Texas Teachers College.

7-2-45: UNIVERSITY OF TEXAS, Austin, Texas - HIGO HARADA and HARRY KAWAGUCHI (Crystal City) have enrolled in the University of Texas.

7-3-45: BUCKNELL UNIVERSITY, Lewisburg, Pa. - RAY M. HIKIDA (Hunt), a graduate of Swarthmore High School in Swarthmore, Pa. enrolled at Bucknell University on July 1 and "seems to be getting wellsettled."

ACCEPTANCES

7-2-45: MILWAUKEE-DOWNER COLLEGE, Milwaukee, Wisconsin - SHIZUKO MURAO (Hunt) has been accepted at Milwaukee-Downer College for the fall term.

6-19-45: RCA RADIO INSTITUTE, New York City, New York - GEORGE YAGI (Gila River) has been accepted for the fall term by RCA Radio Institute.

FENN COLLEGE, Cleveland, Ohio - TAK RYONO and KEN ASAMOTO (Gila River) have been accepted by Fenn College, and they will enroll this fall.

SAN FRANCISCO STATE COLLEGE, San Francisco, California - MITSY MUTO (Gila River) has been accepted by S. F. State College and has secured a part-time job in San Francisco.

MARY HARDIN BAYLOR COLLEGE, Belton, Texas - RUTH SAKAMOTO and HARRIET MURAKAMI (Gila River) have received work scholarships from the Baptist Mission Board for the next year's schooling at Mary Hardin-Baylor College.

FRESNO STATE COLLEGE, Fresno, California - TOMIYE YABUNO (Gila River) has been accepted by Fresno State College and will enter in Sept.

BATES COLLEGE, Lewiston, Maine - WILLIAM SAKAMOTO (Granada) has been accepted by Bates College for the fall term.

6-28-45: SAN JOSE STATE COLLEGE, San Jose, California - KINJI SERA (Heart Mountain), has been accepted by San Jose State College.

MINNEAPOLIS BUSINESS SCHOOL, Minneapolis, Minnesota - AMY TAKETA (Heart Mountain) has been accepted by the Minneapolis Business School with advanced credits.

UNIVERSITY OF DENVER, Denver, Colorado - EDITH RITCHIE (Heart Mountain) has been accepted by the U. of Denver and has received a scholarship of \$100 from the Heart Mountain Scholarship Fund.

ADDITIONAL OPENING DATES

	summer	fall	winter	spring
UNIVERSITY OF RICHMOND, Richmond, Virginia,	6/8/45	9/10/45	2/1/46	
CROZER THEOLOGICAL SEMINARY, Chester, Pa.		9/11/45	11/27/45	2/26/46

ACCEPTANCES

UNIVERSITY OF CALIFORNIA, Berkeley, California - JOKO OKAMOTO (Gila River) has been accepted for the fall term by the U. of Calif. at Berkeley, as has been KAZUKO DEGUCHI (Gila River).

No. 28

July 20, 1945

SCHOLARSHIP AID AVAILABLE AT INDIANA CENTRAL COLLEGE

7-16-45: We have received the following letter from President I. Lynd Esch of Indiana Central College, Indianapolis, Indiana, which indicates the interest which the school and administration have taken toward nisei students:

"We would be interested in having one or two students during this coming year. It is because of our interest in the Japanese American problem that we are offering this scholarship money. Two hundred dollars is available for scholarship aid. It may be given all to one person which would cover the tuition for a full college year or it may be divided between two students which would cover half of the tuition for the year. In addition to this scholarship aid, students will find opportunity to help themselves with college expenses by working either on the campus or in the city of Indianapolis."

Note: No. 1--Indiana Central College is a co-educational, liberal arts college affiliated with the United Brethren Church. It is, however, unaccredited by any accrediting agency.

No. 2--An additional sum of \$200 has been made available by the Foreign Mission Board of the United Brethren Church, which makes a total of \$400 in this fund which would pay two full tuition scholarships for the entire year or, perhaps, four half tuition scholarships according to the need of the students. PLEASE COMMUNICATE DIRECTLY WITH THE PRESIDENT FOR FURTHER DETAILS.

EXCELLENT HOME OPENING FOR NEW YORK STUDENT

7-14-45: A grand opportunity for a nisei girl to live with a family while going to school has been received from The Reverend Edwin O. Kennedy, minister of the First Presbyterian Church in Englewood, New Jersey. Reverend Kennedy was an active member of the Madison, Wisconsin Resettlement Committee. In his own words, the arrangements are these: "If you happen to have a student (girl) in mind who might like to live with us while attending college in New York, we would be glad to talk with her. We had this arrangement with a nisei in Madison, Wisconsin, for a year and it worked out very well. The custom is to give about 20 hours of service a week (light housework and care of 2 children) in return for room and board. We could also pay something extra for bus fare, etc. We do not think of such people as servants but include them in our family circle.... Englewood is less than 40 minutes trip from Columbia (University) with frequent bus service. A student living with us would have her own room and bath."

UNIVERSITY OF WASHINGTON OFFERS FELLOWSHIPS IN ENGINEERING

The University of Washington is offering a number of research fellowships for the years of 1945-1947 in the following phases of engineering:

- | | |
|--|---|
| Electrical communications | Dynamic stability of suspension bridges |
| Electric power generation and transmission | Structural research with new 2,500,000 lb. universal testing machine |
| Hydraulic engineering and river models | Economical utilization of forest prod. |
| Electrical heating of residences | Chemical engineering with special reference to the pulp industry and electrochemistry |
| Stream pollution control | Advanced aircraft structures. |
| Low cost road surfacing and bases | |
| Mining, metallurgy, and ceramics | |

These fellowships carry a stipend of \$1,000 per academic year and are exempt from all tuition fees. The holder will be required to pay the usual health and thesis fee. Each research fellow must be regularly enrolled in the graduate school and will be expected to devote one-half time to an assigned research problem. Interested nisei should write directly to Professor F. B. Farquharson, Director of the Engineering Experiment Station, University of Washington, Seattle, 5, Washington.

FORMER DIRECTOR WRITES ABOUT U. OF WISCONSIN

7-9-45: Mr. C. V. Hibbard, our former Director, has written to us in regard to the possibilities of girls attending the University of Wisconsin under part-time domestic work arrangements and of their acceptance for admission by the school for the next academic year: "I see no reason why nisei girls who are willing to do so and can fulfill the duties constituting the job should not attend the University of Wisconsin and work for room and board. Some have done it quite successfully. The general impression here is that both nisei young men and women have rendered satisfactory service and find the arrangement satisfactory to themselves. The unsatisfactory cases are the exceptions.... The rising flood of femininity on this campus, coupled with the housing shortage has forced the University to limit the number of girls from outside the state who will be enrolled this fall. Apparently, only those girls who attained the highest grades in high school will be considered this year."

CAUTION ON TRADE SCHOOLS CONTRACTS

Prospective students of trade and vocational schools are urged NOT to sign contracts for enrollment UNTIL they have relocated to the locality and have investigated the schools personally and thoroughly.

HAVE YOU TRIED NEW JERSEY COLLEGE FOR WOMEN?

A friend of the Student Relocation Council at the New Jersey College for Women in New Brunswick, New Jersey, suggests that nisei girls apply for admission to that school. It is coordinated with Rutgers University, men's college, and is accredited by the Association of American Universities as well as by the North Central Association of Colleges. Especially strong are the 4-year librarian courses and the home economics department; there may possibly be scholarship aid available.

NISEI WIN HARVARD SCHOLARSHIPS

Dwight Ken NISHIMURA has won a freshman scholarship to Harvard University for the coming year, while Tets MORITA (Seattle-Hunt), who has just received his M. S. from the Engineering School of Harvard University, has been granted a fellowship to continue his work for the degree of Ph.D.

GIRL ENTHUSED OVER PRACTICE-TEACHING

6-29-45: Emiko YOSHIMOTO, a student at Milwaukee State Teachers College in Milwaukee, Wisconsin, writes enthusiastically about the period of practice teaching which she had last semester: "I did practice teaching within the college in the Training School and also at Hartford (a public school). I had a wonderful time doing practice teaching in the fourth and sixth grades. The children were all 'so very good' and I was so happy since I did not encounter any prejudice in reference to my ancestry."

ENROLLMENTS:

- 7-2-45: UNIVERSITY OF MINNESOTA, Minneapolis, Minnesota - Kenji YAMAGA (Granada) is now in attendance at the University of Minnesota.
7-7-45: SAN JOSE STATE COLLEGE; San Jose, California - Thelma TAKEDA, formerly employed by the JACL in Salt Lake City, has returned to her home in San Jose and has enrolled at San Jose State College.
UNIVERSITY OF CALIFORNIA, Berkeley, California - Michiko HIRASAKI has returned home to Gilroy, California, and has registered as a freshman at the University of California at Berkeley.

ACCEPTANCES

- 7-12-45: OKLAHOMA A. & M., Stillwater, Oklahoma - Martha MURAKAMI (Granada)
COLORADO A. & M. COLLEGE, Fort Collins, Colorado - Henry OKUBO (Granada)
CARLETON COLLEGE, Northfield, Minnesota - Joy TAKEYAMA (Granada)
UNIVERSITY OF MINNESOTA, Minneapolis, Minnesota - Minoru ITO (Granada)
7-10-45: WAYNE UNIVERSITY, Detroit, Michigan - Shigoru KAWANAMI and Mitsuko KOHATSU of Poston.

STUDENT RELOCATION NEWSHEET

Prepared by the

National Japanese American Student Relocation Council
Philadelphia, Pennsylvania

NO. 29

July 30, 1945

ELIZABETH B. EMLLEN LEAVES COUNCIL; ANN GRAYBILL NEW DIRECTOR

On August 1 Mrs. Elizabeth B. Emlen, known to most of you as Betty Emlen, will leave the Council after three years of faithful service. Betty began work in the West Coast office of the Student Relocation Council in San Francisco in 1942. Upon consolidation of the organization in the national headquarters in Philadelphia in 1943, she became the Financial Aid adviser and later also assumed the directorship in November of 1944.

She is going to France to do relief work with the American Friends Service Committee. Her husband, Woody, has been working in Europe with the AFSC for the past ten months.

We know all of you join us in sending off Betty with all our best and in welcoming as our new director Miss Ann Graybill, former YWCA Secretary at Oberlin College and the University of Illinois.

DEADLINE FOR PRESBYTERIAN SCHOLARSHIPS EXTENDED

Since the NJASRC has received only a few applications for the \$150 Presbyterian scholarship which is being offered on each project, the Board of Christian Education of the Presbyterian Church has agreed to extend the deadline for one week. In other words, all applications must be received by NJASRC by August 8.

WHITTIER COLLEGE ANXIOUS TO HAVE NISEI

7-3-45: William Jones of Whittier College writes that they are hoping to have some Nisei students on their campus this fall: "An alumnus recently sent me a substantial check to be used as a loan for Nisei students and we shall seek to help them in other ways."

Dr. W. S. Heming, Chairman of the Scholarship Awarding Committee, Whittier College, Whittier, California, announces the McKey-Goodwin scholarship to be awarded to a young man or woman preparing for Christian service in the Congregational Christian Church, \$150.

COLORADO COLLEGE OF A & M ARTS HAS OPENINGS

7-18-45: Dr. J. C. Reagan, Student Relocation Counselor of Butte Camp in Gila River, has informed us that he has received the following statement from A. M. McCracken, Registrar of Colorado State College of A. & M. Arts, Fort Collins, Colorado: "We still have a few places open for Japanese Americans from outside Colorado. No scholarships are available. Living conditions are a real difficulty. However, part-time work is available to worthy and competent students."

PART-TIME EMPLOYMENT AT COLUMBIA UNIVERSITY

Thomas H. Fujimura, a graduate student at Columbia University, New York City, writes to us of the possibilities of part-time employment that are available at that school: "The University has an excellent appointment office which offers assistance to students in finding part-time employment as clerks, tutors, restaurant help, etc., in Manhattan and elsewhere. As for the university itself, its academic standing is of the best, as you know; and it offers excellent graduate courses at a time when many of the graduate colleges throughout the country are seriously curtailed."

NISEI SAYS SOUTHERN SCHOOLS FRIENDLY

Mary Miyasaki, formerly of Lynchburg College, Lynchburg, Virginia, writes about little explored schools of the South and hopes that more Nisei would consider enrolling in them: "Through the Methodist Student Movement I have had many opportunities of visiting Southern colleges: Mary Washington, V.P.I. (Virginia Polytechnic Institute) Farmville, Radford, etc., and there are hardly any Nisei at these schools. I shall be graduating from Lynchburg and I do know that our faculty is tolerant about the Japanese American issue; I hope that you will be able to place more Nisei in the Southern schools. It is doubly hard here because of the color lines and the social strata, but it will be a worthy venture. I myself have been the lone Nisei in this city of 40,000 but have been able to make a happy adjustment. My latest venture has been to serve as organist for a Methodist church with a membership of 800."

MINIDOKA P.T.A.'s AWARD THREE SCHOLARSHIPS

6-14-45: We were interested to learn from Mr. Arthur Kleinkopf, Supt. of Education, that "the high school P.T.A. and one of the grade school P.T.A. voted to use up their remaining funds as a scholarship fund for June graduates. Three for fifty dollars each were offered on the basis of scholarship and citizenship. Alternates were named in case the original three should not attend college in the coming year. The first three choices were: HENRY AKIYAMA, SADAKO NAKASHIMA, and YOICHI KILYAMA. The alternates: KIMI YAMAGISHI, MIYAKO OHNO, and EDNA HIRABAYSHI."

We wonder whether such a plan could not be worked out in the other centers to build up their scholarship funds in cases where such organizations as the P.T.A., Hi-Y clubs, Girls' Reserves, Boy and Girl Scouts, and athletic clubs may have residual funds left in their accounts.

FIVE MINIDOKA BOYS QUALIFY FOR ASTRP

6-14-45: We have been informed by Mr. Arthur Kleinkopf, Supt. of Education in Minidoka, that of the eight boys who took the Army Specialized Training Reserve Program five fellows qualified. We understand that two of them are definitely planning to take advantage of the program.

ACCEPTANCES

- 7-20-45 COLORADO STATE COLLEGE OF A. & M. ARTS, Fort Collins, Colorado - Eunice KUMAGAI (Granada) has been accepted for the fall term.
- 7-15-45: OHIO STATE UNIVERSITY, Columbus, Ohio - Tsurus Taniguchi (Poston) has been accepted by Ohio State University for the coming academic year.
- 7-18-45: San JOSE STATE COLLEGE, San Jose, California - BETTY OBATA and CHIE NAGAREDA (both of Poston) have been accepted by San Jose State College.
- 7-20-45: UNIVERSITY OF MINNESOTA, Minneapolis, Minnesota - RAY MAYEDA (Poston-Chicago) has been accepted by the U. of Minnesota and will enroll this fall.
- 7-16-45: WEBER COLLEGE, Ogden, Utah - MINORU KOKAWA (Rohwer-Layton, Utah) has been accepted by Weber College and will enroll this September.
- 7-17-45: WESTERN MICHIGAN COLLEGE OF EDUCATION, KALAMAZOO, Michigan - JEANIE KANNO (Minidoka-Ann Arbor, Michigan) will enroll at Western Michigan College of Education where she has been accepted for the fall term.
- 6-14-45: UNIVERSITY OF WASHINGTON, Seattle, Washington - EDNA HIRABAYSHI (Minidoka) has been accepted by the U. of Washington and will enroll there in November.
- 7-16-45 UNIVERSITY OF DETROIT, Detroit, Michigan - SAM KILAGUCHI (Gila River) has been accepted by the U. of Detroit for entrance this fall.

ENROLLMENT

SETON HOSPITAL SCHOOL OF NURSING, Colorado Springs, Colorado - NOBUKO KIDO (Gila River) has been enrolled at Seton Hospital School of Nursing as a Cadet Nurse.

Washington

National Japanese American Student Relocation Council
Philadelphia, Pennsylvania

No. 30

August 10, 1945

TODD SCHOOL FOR BOYS OFFERS \$1200 SCHOLARSHIPS

7-31-45: Mr. Roger Hill, Headmaster of The Todd School for Boys, writes:

"Possibly you will know of some boys who might be interested in Todd scholarships." In a letter dated the same day to Mr. W. W. Lessing, Relocation Officer of Chicago, Illinois, he reports more fully on the opportunities: "The Todd School enrolled two students of Japanese extraction last year on a scholarship basis. This experiment was so successful that we hope it can be continued. One of these lads had to leave school because of the draft prior to graduation but the other, Richard Karasawa, graduated with high honors and was accepted in the Officers Training Program of the Army.

"Both of these boys were good athletes and became popular members of the student body. They received a full \$1200 scholarship plus a small allowance for clothes. All of our students do a certain amount of work in the kitchen and dining room. These boys did considerably more."

Note: The Todd School offers a regular high school curriculum. Supervised training is also given in the following activities: Athletics, horsemanship, dramatics, radio, photography, agriculture, animal husbandry, printing, mechanics, crafts, travel, art, music, seamanship, and aviation. School begins September 19, and applications may be made directly to Mr. Roger Hill, Headmaster.

CARTHAGE COLLEGE OFFERS \$50 SCHOLARSHIPS

7-26-45: President Erland Nelson of Carthage College, Carthage, Illinois, makes the following offer of scholarship assistance to Nisei students: "I regret that we do not have available funds for a scholarship for the size you indicate. I would say, however, that I would be willing to plan on a scholarship of fifty dollars for the year and would also provide work opportunities for one or two of the young ladies who are of the church-member group. Since Carthage College is definitely a church college, I doubt if the others would find themselves at home in the atmosphere that prevails here.

"The total cost of attending Carthage is only \$57 per month for board, room, tuition, books and all fees. So the small scholarship of fifty dollars has significance. It has more significance here than much larger scholarships do where the fees are greater."

Note: Carthage College is accredited by the North Central Association of Colleges, is controlled by the United Lutheran Church, and is co-educational.

TWO OPENINGS FOR STUDENT NURSES AT METHODIST HOSPITAL

We have learned that the Methodist Hospital School of Nursing, Broad and Wolf Streets, Philadelphia 48, Pennsylvania, has been pleased with two Nisei student Cadet nurses and is now willing to accept two more girls for their class to be admitted this September. Communications may be addressed to the Director of Nursing.

AFFIDAVITS REQUIRED OF MINORS ATTENDING U. OF CALIFORNIA

7-24-45: Dr. Joseph C. Reagan, Student Relocation Counselor in Butte Camp of Gila River, Rivers, Arizona, reports that in a letter received from Mr. Charles F. Miller, Relocation Supervisor in San Francisco, "students who are minors applying for entrance in California schools (state colleges and universities) must have an affidavit from their parents, if they are outside the state, stating that they expect to return to California when housing is available, otherwise the minor student will have to pay an out of state tuition fee."

NISEI CREATE MIXED IMPRESSIONS AT SIMPSON COLLEGE

7-14-45: We believe that you will be interested in the following excerpts taken from a letter written by President Edwin Edgar Voigt of Simpson College, Indianola, Iowa, to Miss Grace Lewis, Assistant in student relocation work in Gila River, Arizona, in which he voices his personal opinions about the Nisei students and their conduct: "...we have had eight or ten Nisei students

COLLEGE OF THE OZARKS OFFERS "200 SCHOLARSHIPS

8-15-45: President Wiley Lin Hurie of the College of the Ozarks, Clarksville, Arkansas, announces: "A lady has provided The College of the Ozarks with six, and possibly ten, "200 cash scholarships for Japanese-American students who may enroll with us this fall. The total cost of nine months' schooling at our institution is \$375. These young people might earn one of the Westminster Catechism Scholarships, which would cut down the \$175 to \$125. When necessary, the College might furnish work by which these young people could earn from \$75 to \$90 for the nine months."

Note: The College of the Ozarks is affiliated with the Presbyterian Church in the U.S.A. and is coeducational. It is, however, not accredited by an accrediting agency.

The Westminster Shorter Catechism Scholarships are given to Presbyterian students attending any Presbyterian schools who memorize the Westminster Shorter Catechism, copies of which may be had at any Presbyterian Book Store or from the Presbyterian Theological Seminary, 2330 North Halsted Street, Chicago, Illinois. Any Presbyterian pastor will arrange for the applicant a date with the Catechism Examiner in his presbytery in whose presence the student will repeat from memory the 107 Catechism answers. In addition, a 500 word essay on the meaning or history of the Catechism should be written. Both the Examiner's certification and the essay should be mailed to the Board of Christian Education, Department of Student Relocations, 819 Witherspoon Building, Philadelphia, Pa. The Scholarship is worth \$50 and will be sent to the student's school.

Berea College Has Winter Openings for Nisei

8-1-45: Charles T. Morgan, Director of Admissions, writes to the Council:

- "Mr. Bent has probably told you that we have had a number of Japanese-American students on our campus. These have been a credit to all concerned and we have been glad to have them. We have, I believe, accepted only one Japanese-American for September entrance... We could not encourage new applicants now for September entrance as the time is too near at hand and matters are too nearly closed up.

"We expect to take about forty new freshmen at the beginning of the second semester and we would be glad to issue application papers to two or three of these students who appear to be promising with the thought that we might not be able to take more than one for February entrance."

Note: Berea College operates on a self-help plan whereby students are able to go through a year's schooling with part-time work for about \$175 per year which includes his fees, room and board. There is no tuition charge at Berea.

Berea College is accredited by the Association of American Universities and the Southern Association of Colleges. It is a private school and is coeducational. Interested applicants may write to Mr. Charles T. Morgan, Director of Admissions, Berea College, Berea, Kentucky.

INFORMATION RE COLLEGE OF THE PACIFIC

8-20-45; The following information on the College of the Pacific, Stockton, California, was sent in by F. L. Farley, Dean of the College of Liberal Arts: OPENING DATE: October 31, 1945. Living Accommodations: "Regular dormitory facilities available to all men students. Also to all women students." Employment Possibilities: "At present time many jobs are available both on and off campus. Probably no difficulty in

campus placement for limited number. From 40¢ to 50¢ per hour. Might encounter some prejudice in community for off-campus work. As yet have no basis upon which to make judgment." Room and Board Jobs: "Twenty-four hours of work a week are usually expected." Scholarship Aid: "No scholarships for lower division students inasmuch as the College of the Pacific functions on the junior, senior and graduate levels only." "When they reach junior standing, they will undoubtedly receive the scholarship aid on the same basis as other applicants." College Contact Persons: "Miss Beulah L. Watson, Dean of Women; Mr. Fred L. Farley, Dean, College of Liberal Arts; and Mr. James H. Corson, Dean of Men."

NISEI ELIGIBLE FOR EMPLOYMENT AT TEXAS

8-17-45: We have learned that by action of the Board of Regents of the University of Texas on July 14, 1945, part-time employment was opened to the students of Japanese ancestry on the same basis as other students. The minutes of the meeting read in part as follows: "Petition re Nisei students--Dr. Terrell presented the following recommendation from the Committee on Public Student Relations: 'The Committee on Public Student Relations recommends that the president's office consider the nominations of loyal Japanese American students for part-time campus jobs strictly on their individual merits.' On motion of Dr. Sherer, seconded by Dr. Bullington, the Board voted to approve this recommendation."

TEMPLE UNIVERSITY MEDICAL SCHOOL OPENS: 9-16-46

The Temple University School of Medicine continues its accelerated program and announces that the next Freshman Class will start September 16, 1946. Application forms may be obtained from the office of Dr. William N. Parkinson, Dean, Broad and Ontario Streets, Philadelphia 40, Pa.

ACCEPTANCES

8-21-45: ALBRIGHT COLLEGE, Reading, Pennsylvania - Kazuue Kiyono (Tule Lake) and SACHI NOMIYAMA (Hidoka) have been accepted by Albright College for the fall term. Each has been awarded an academic scholarship of \$75 per year.

8-7-45: Some recent Gila River acceptances:

- University of Minnesota, Minneapolis, Minn. - KIYOKO ARAKI
- Occidental College, Los Angeles, California - MAYABU FUKUSHIMA
- Brigham Young University, Provo, Utah - TETSUO FURUKAWA
- Maryland Institute, Baltimore, Maryland - YOHO GOTO
- University of California, Berkeley, Calif. - PATRICK HAYAMOTO
- University of Missouri, Columbia, Missouri - TETSUO HASTCAWA
- GEORGE KATAOKA
- JESSIE OMURA
- MIYEKO OMURA
- Cornell University, Ithaca, New York - KAZUO KOCHI
- University of Texas, Austin, Texas - HIDEO KURAKUSU
- Adelphi College, Garden City, New York - NORA MATSUMURA
- Chapman College, Los Angeles, California - KIYOSHI NAGAI
- Pasadena J. C., Pasadena, California - GRACE SATO
- College of Wooster, Wooster, Ohio - SYMON SATOH
- University of Toledo, Toledo, Ohio - BEN TAMAKI
- University of California, Los Angeles, Calif. - CHITOSE YAMAMOTO

Poston Acceptances:

- University of Minnesota, Minneapolis, Minnesota - MASARU MURAKAMI
- University of California, Los Angeles, Calif. - WILLIAM MURAKAMI
- FUMIKO TATEISHI
- University of California, Berkeley, Calif. - MAY NAKANISHI
- Ohio State University, Columbus, Ohio - TSURUE TANIGUCHI
- Union College, Lincoln, Nebraska - THELMA FUJIKAWA
- University of Minnesota, Minneapolis, Minn. - ESTHER NAKAMURA
- Frank Higgins Trad School, Los Angeles, Calif. - MICHIKO KODAMA

Granada acceptances:

- University of California, Berkeley, California - EDDIE KUBOTA
- University of Minnesota, Minneapolis, Minn. - KEN NAKATAGAWA
- MINORU ITO
- WILLIAM KOHAYA

WAR RELOCATION AUTHORITY

Washington

STUDENT RELOCATION NEWSHEET

Prepared by the

National Japanese American Student Relocation Council
Philadelphia, Pennsylvania

No. 34

October 2, 1945

NJASRC WILL CONTINUE THROUGH JUNE, 1946

In a meeting of a representative group of members of the Council on September 14, in New York City, it was voted that "it was the judgment of this group that the work of the Student Relocation Council should continue at least until June 30, 1946, and that the Executive Committee be given the responsibility of securing the necessary funds." Among the reasons cited for the action were: (1) There are approximately 2400 young people still in the centers, many of whom will want to relocate to attend school; (2) Many students who are now in school will need continuing financial help through the Council; (3) The closing of the centers by December 31, 1945 has forced many students of college calibre to postpone their educational plans until they have helped their families to resettle. When they are ready once again to go to school, they will no longer have their local Student Relocation Counselors to turn to with their problems and will logically contact the office of the Student Relocation Council for information, counseling, and financial assistance.

It was also indicated that the Council anticipates scholarship needs for two additional groups of students; namely, nursing students since the U. S. Cadet Nurse Corps has been terminated, and trade school students who are seeking technical, vocational training. Other students who may be helped through Council funds are Christian students who are churchmembers but who cannot be aided by their respective churches and Buddhist and non-church members who cannot be helped by church boards.

NO NEW STUDENTS ACCEPTED BY U. S. CADET NURSE CORPS

9-20-45: Miss Jean Sutherland, Nursing Consultant for the WRA in Washington, D.C., writes that new students are no longer being accepted under the U. S. Cadet Nurse Corps program. We have heard from the Nursing Council in Philadelphia that after October 15, no more classes will be admitted under the program.

Miss Sutherland writes: "New students are no longer being accepted as Cadets, but the United States Public Health Service will continue assistance to students who were enrolled in the United States Cadet Nurse Corps 90 days prior to the cessation of hostilities which means 90 days prior to VJ Day. It is obvious that any girls who are now accepted into schools of nursing will have to be able to finance their training either through already existing resources or else by securing scholarship aid. The Cadet Nurse Corps was formed as a service aid to hospitals during war time but it can be readily understood that the need for training large numbers of nurses no longer exists to the same extent, hence the federal government does not feel responsible for assisting with the training of nurses."

TWO WINNERS OF PRESBYTERIAN SCHOLARSHIPS ANNOUNCED

9-20-45: The Scholarship Committee of the Presbyterian Church in the U.S.A. has announced the names of two winners of the Special Project Scholarships offered by the Presbyterian Church. They are Miss RUTH HIROSE of Rohwer who will attend George Williams College in Chicago, Illinois, and Miss MARY USUI of Minidoka who will matriculate at the University of Dubuque, Dubuque, Iowa.

A scholarship of \$150 was offered to a needy student of the Class of 1945 in each of the WRA projects, regardless of his religious affiliation and "on the basis of academic standing, character, and need." Names of the winners in the other centers will be published as soon as the Committee announces its decisions.

REED COLLEGE ANNOUNCES \$600 SCHOLARSHIP FOR NISEI

9-18-45: We have received the following scholarship offer for a Nisei student:

"Reed College, Portland, Oregon, announces a scholarship for the year 1945-1946 in the amount of \$600 to be awarded to an American-born student of Japanese ancestry who has been a subject of the West Coast war time evacuation policy of the United States government. This scholarship has been sponsored by the Portland Citizens' Committee to Aid Relocation, and the funds have been provided by Reed College and a group of anonymous donors.

"The award of the Scholarship will be made by the President of Reed College on the bases of demonstrated intellectual ability and scholastic aptitude, and of potential capacity for leadership. Application for the scholarship should be made to the Director of Admissions, Reed College, Portland 2, Oregon.

"Applicants should state high school from which graduated, and arrange to have transcripts of their high school records forwarded immediately. Applications should be mailed in immediately."

Note: Reed College is accredited by the Association of American Universities and by the Northwest Association of Secondary and Higher Schools, is privately controlled, and is co-educational. Approximate charges for tuition and fees, with books, room and board excluded, amount to \$170 per semester.

NISEI WINS SCHOLASTIC HONOR AT NORTH CENTRAL COLLEGE

9-19-45: President E. E. Rall of North Central College, Naperville, Illinois, has mentioned in his letter concerning Nisei students on their campus that "MITSURU KADOYAMA who has been helped by the Student Relocation Council during the past year made the highest scholastic average in the freshman class and was accordingly awarded a special honor scholarship for the same."

ENROLLMENTS

9-19-45: HILLSDALE COLLEGE, Hillsdale, Michigan - Mr. TORU MATSUMOTO and Mr. STEVE SADAO DOMON (Poston) have been accepted and are enrolled in classes at Hillsdale College, Hillsdale, Michigan.

9-24-45: FRIENDS UNIVERSITY, Wichita, Kansas - MISS KATHERINE SUGAWARA (Hunt-New York) and MISS AKI KATO (Seattle) have been enrolled in Friends University for the fall term.

10-1-45: IOWA STATE COLLEGE, Ames, Iowa - Mr. HIROSHI KAMEI (Poston) has been accepted by Iowa State College and is now attending classes.

ACCEPTANCES

9-19-45: STANFORD UNIVERSITY MEDICAL SCHOOL, Stanford University, California - Mr. JOHN KIKUCHI (Gila River-Chicago) has been accepted by Stanford University Medical school for the term beginning October 8. Stating the difficulties he has faced in securing entrance to a school of medicine, John writes:

"Since I last wrote to you (May, 1944), I have been devoting all my spare time in filling out application forms, writing for transcripts, and asking for letters of recommendation. In all I applied to over thirty medical schools but I was unsuccessful in gaining admission. All stated that the classes were limited to their own students or to apply through the Army and Navy, or that residence in the state was required. Some asserted that no Japanese American students were considered. Well, after all these months of anxiety, I was finally accepted to Stanford University Medical School and will matriculate on October 8, 1945."

9-14-45: BIBLE HOLINESS SEMINARY, Owosso, Michigan - MISS ALICE MIKIE FUKUNAGA (Poston) has been accepted for the fall term in 1945 by Bible Holiness Seminary.

9-19-45: ILLINOIS INSTITUTE OF TECHNOLOGY, Chicago, Illinois - MR. EUGENE T. YOSHIDA (Cincinnati) has been accepted for entrance in the fall term by the Illinois Institute of Technology.

9-19-45: WHITWORTH COLLEGE, Spokane, Washington - MISS MARY MORIMOTO (Tule Lake) has been accepted at Whitworth College, where her parents are also employed.

KALAMAZOO COLLEGE, Kalamazoo, Michigan - MR. DAIBO GEORGE FUJII (Tule Lake) has been accepted by Kalamazoo College for fall entrance.

WASHINGTON STATE COLLEGE, Pullman, Washington - MR. TERUO ISHIHARA (Tule Lake) has been accepted by Washington State College.

National Japanese American Student Relocation Council
Philadelphia, Pennsylvania

No. 35

October 23, 1945

PENNSYLVANIA STATE COLLEGE OPENS DOORS TO NISEI

10-16-45: Pennsylvania State College, State College, Pennsylvania, which had not admitted students of Japanese ancestry during the war years, recently reversed its policy at a meeting of the Board of Trustees, and now states that "the same policy which governs other applicants will apply to the admission of students of Japanese ancestry."

Out-of-state Freshmen students, Caucasian and Nisei, are limited to 10 percent of the entering class, and are subject to out-of-state tuition fees. Registration, especially among women students has been heavy, and the number of women students that could be accommodated for the term beginning November 1, 1945, was reached in May. All applicants for admission for the spring term beginning March 1 are urged to file application at an early date.

OHIO UNIVERSITY REVERSES POLICY TOWARD NISEI

We understand that the Board of Trustees of Ohio University, Athens, Ohio, recently passed a resolution stating that Japanese American students will be admitted to the University on the same basis as any other American student, subject to the approval of the President. Out-of-state students must be acceptable in the state university of the state in which they reside in order to be eligible for admission.

Heretofore, it was the policy of the school to refuse admission to Japanese American students who had been evacuated from the West Coast and who had resided in a relocation center. No Nisei students are enrolled this semester, but with the change in policy, we hope that qualified students will apply for admission in the winter semester or possibly next fall.

ADDITIONAL WINNERS OF PRESBYTERIAN SCHOLARSHIPS

The Scholarship Committee of the Presbyterian Church, U.S.A., has awarded four more of the special \$150 Project Scholarships to the following students:

Tsurue TANIGUCHI of Poston, who will attend Ohio State University.
Masashi ITANO of Granada, who will attend the University of Wisconsin.
Joe SAKUMURA, of Tule Lake, who will attend Elmhurst College.
Sam S. KITAGUCHI of Gila River who will attend the University of Detroit.

These awards are made by the War Service Unit of the Board of National Missions of the Presbyterian Church, U.S.A.

Previously, Ruth HIROSE of Rohwer and Mary USUI of Minidoka were named winners of these scholarships in their centers. The names of the winning students in the other centers will be published as soon as the Committee announces its decisions.

WALTER K. MIDO WINS REED COLLEGE SCHOLARSHIP

10-6-45: Walter K. Mido, graduate of Tri-State High School in Tule Lake, California, was awarded a \$600 scholarship by the Portland Citizens' Committee to Aid Relocation to attend Reed College in Portland, Oregon. The funds were provided by Reed College and a group of anonymous donors, and the award was made on the bases of "demonstrated intellectual ability and scholastic aptitude, and of potential capacity for leadership." Walter is now happily settled in one of the school dormitories and is attending classes regularly.

CANAL SCHOLARSHIP FUND TRANSFERRED TO FRESNO STATE COLLEGE

The following article has been excerpted from the Gila Bulletin, dated September 28, 1945:

"The remaining money in the Canal Scholarship Fund, \$1,000.01, has been forwarded to the Fresno State College Association where it will be administered under the direction of the College Scholarship Board. Most of this fund was raised by the student body of the Canal High School by means of carnivals, sales, etc., but contributions were made from time to time by other community organizations.

"The fund will be available to worthy Japanese-American students and those receiving a share of it need not attend Fresno State College. Application should be addressed to the College Scholarship Board of the Fresno State College Association at Fresno, California. It has been requested that former students of Canal High School be given preference.

"In sending the fund to the College Scholarship Board in Fresno, Mr. McVey, Chairman of the Canal Scholarship Committee, suggested that it be known as the Florence Akiyama Memorial Scholarship Fund. Miss Akiyama graduated from the Fresno State College and served on the faculty of the Canal High School until shortly before her death in 1944.

"The only student award that has been made thus far was \$200 to Kinji Imada, a Canal High School graduate in 1945, who passed the entrance examinations to Harvard with flying colors and is now attending that school."

AMACHE SCHOLARSHIP SOCIETY GRANTS LAST AWARDS

10-6-45: The Amache Scholarship Society awarded the final scholarship grants of \$50 each before the closure of the center on October 15 to the following students:

Alice UDA, Boise Junior College, Boise, Idaho
Harue NOMURA, Cleveland College, Cleveland, Ohio
John ITO, University of Kansas City, Kansas City, Missouri

A balance of \$400 left in the Fund is to be equally divided between the Berkeley and Los Angeles divisions of the University of California and is to be a loan fund for the use of Nisei students. Details on the procedure of application for loans from said funds will be announced as soon as final arrangements have been made.

ENROLLMENTS

Some recent enrollments for the fall semester have been:

UNIVERSITY OF MINNESOTA, Minneapolis, Minnesota -- Thomas KISHABA (Tule Lake)
JUNIATA COLLEGE, Huntingdon, Pennsylvania -- Yoshiko SHITAMAE (Minidoka) and Mary C. ONO (Manzanar)
MICHIGAN STATE NORMAL COLLEGE, Ypsilanti, Michigan -- Jack ODA and Shiro SATO (Poston), Shinro MATSUMOTO (Gila River), Hiram NAKAMURA and Jeannie KANNO
BEAVER COLLEGE, Jenkintown, Pennsylvania -- Yoshiko ASABA (Minidoka)
DREXEL INSTITUTE OF TECHNOLOGY, Philadelphia, Pennsylvania -- Lillian ODA (Minidoka and transfer student from the U. of Maine) and Frances YANAGINUMA (Gila River and transfer student from Southwestern College)
UNIVERSITY OF TOLEDO, Toledo, Ohio -- Ben TAMAKI (Gila River)
MEYER MEMORIAL HOSPITAL, Buffalo, New York -- June HIRAOKA and Melba KAMINAKA (Tule Lake)
UNIVERSITY OF MINNESOTA DENTAL SCHOOL, Minneapolis, Minnesota -- Tosh FURUKAWA (Granada-Chicago)

ACCEPTANCE

Raymond MURAKAMI (Tule Lake) at the University of California, Berkeley, California.

NISEI GIRL CHEMIST AT THE U. OF WYOMING

Since her graduation in June of 1944 from the University of Wyoming, Miss Yoshiko ITO has been employed as a chemist in a newly-created research department at the University. She finds the work "very interesting" and "not routine and monotonous as is the case for most beginning chemists." Her two sisters are presently attending Wayne University in Detroit.
