## Junior Chamber Asks Delay in Return of Japs

FRESNO, May 14.—A charge that returning Japanese evacuees are grabbing off choice agricultural land and business sites is contained in a resolution adopted at closing sessions of the California State Junior Chamber of Commerce conference.

The junior chamber delegates adopted a resolution calling for a delay in the return of the Japanese fighting forces have been returned to this country.

A committee headed by Harold Haley of Visalia reported its investigation disclosed that the Japanese are taking over choice properties in absence of the fighting men.

"We should give our fighting men an equal opportunity to acquire these lands and business locations," the resolution asserts.

### Aid to Servicemen

Every junior chamber in the State was urged to set up committees charged with giving every possible assistance to returned servicemen. The action came after Paul Mannen of San Diego, president-elect, asserted every chamber has a distinct responsibility in helping the returned fighters, especially those who are physically handicapped.

The organization also pledged itself to support living war memorials.

**Threats to Japanese Girl Returnee Charged by WRA**

Names of five men who have threatened Mary Masuda, Japanese-American girl, with bodily harm unless she moves out of Orange County, will be turned over to law enforcement officials, the War Relocation Authority said yesterday in Washington.

Orange County's Sheriff, Jesse L. Elliott, said he had received no complaint of threats made against Miss Masuda, but he admitted hearing "rumors" that some unidentified persons had called on several returning Japanese-Americans to tell them "in a friendly way their presence was unwanted in the county."

Miss Masuda, who has four children, first to fight, Bizert

brothers with Army service records, lives with a Caucasian family named Trudeau, in Talbert, Orange County.

Her four brothers are: Kazuo, killed at Cassino; Takashi, wounded while with the 442nd Combat Team in the Vosges Mountains; Masao, now en route home on furlough, and Mits, who has received a medical discharge.

Their parents are at the Gila Relocation Center, Rivers, Ariz.

**Three Bullets Fired Into Japanese Home**

WASHINGTON, May 14.—(INS)—The War Relocation Authority today made public a "shooting attempt" against a Japanese-American family in Fresno, Cal., in which three bullets were fired into the home of Setsugo Sakamoto, 61, narrowly missing his daughter.

At the same time, the WRA disclosed that "a group of men are making threatening visits" to Japanese-Americans on the Pacific Coast, "telling them to leave town."

In the shooting at the Sakamoto home, 608 E street, which occurred at 10:30 p. m. May 8, WRA said the three .38 caliber revolver shots penetrated a bedroom window and missed the head of Sakamoto's daughter by "only a foot."

The agency said the Japanese-American has a son-in-law in the Army at Fort Snelling, Minn., and an adopted son fighting in the Philippines.

## W.R.A. DISCLOSES NEW ANTI-JAP TERRORISM

WASHINGTON, May 14. (U.P.) The War Relocation Authority today reported two new incidents in a campaign of terrorism against Japanese-Americans in California.

The new incidents are in addition to 15 shooting attacks, one attempted dynamiting, three arson cases, and five threatening visits which Secretary of Interior Ickes said last night had taken place in California in the last four months.

One of the new acts of terrorism took place in Fresno, at the home of Setsugo Sakamoto, 61, who has an adopted son fighting with the U.S. Army in the Philippines, and a son-in-law at Ft. Snelling, Minn.

#### Bullet Enters House

Sakamoto and another son-in-law, James Collier, and Mrs. Collier were at home the night of May 8 when someone fired three revolver shots, the W.R.A. said. One of the .38-caliber bullets entered the house and lodged in the wall a foot from Mrs. Collier's head.

Sakamoto's adopted son, Eddie Aburaman, has been fighting in the Pacific for 26 months. The son-in-law at Ft. Snelling is Hoagy Ogawa.

W.R.A. said this is the first shooting in connection with the terror campaign in a city. The

others have been in rural communities.

The other incident took place in Talbert, Orange County, where a group of men have been calling on returned evacuees and telling them to leave.

May 4, according to the W.R.A., five men called on Mary Masuda, who was staying with a family named Trudeauaux, and told her to get out. Miss Masuda was afraid to report the incident at first, the W.R.A. said.

Four of her brothers, the W.R.A. said, have been in war service. One was killed at Cas-sino.

#### No Complaint Made to Him, Says Sheriff

SANTA ANA, May 14. (AP)— Sheriff Jesse L. Elliott of Orange County today said he had received no complaint regarding threats purportedly made against Mary Masuda, and added

"There has been no overt act reported or attempted in the county."

# Sheriff Plans To Investigate Threat Charges

Investigation into alleged threats against Mary Masuda, Japanese-American girl who made a statement to sheriff Jesse Elliott's office Monday possibly will start today, the sheriff reported.

Sheriff Elliott reported that he expected to send a deputy to contact the men in Miss Masuda's statement. She said they allegedly made remarks designed to keep her and her family from returning to their former home near Talbert.

The local War Relocation authority office here said today that they would wait now for the sheriff to act to stop the alleged threats.

It also was reported that Pvt. Masao Masuda, who was here with his sister, has returned to the Gila (Ariz.) Relocation center to see his family before going on to Fort Meade, Md.

Mary Masuda plans to leave in a couple of days for the relocation center where she will help her family make arrangements for their return. They expect to be moved back to the county in about four to six weeks, she said.

Mr. Stettinius announced the U. S. formula immediately after a meeting of the U. S. delegation, which itself came after a conference of Big Five leaders here. The climax came yesterday when Mr. Stettinius emphatically told a press conference the United States had come here to help create a world organization.

**PRIZES WON BY LOCAL J.C.**

San Jose's Junior Chamber of Commerce took two second prizes and one third prize at the State Jaycee conference in Fresno, it was announced today.

The awards were made for projects undertaken by the local group during the year. Second prizes were awarded the San Joseans for fire prevention and youth welfare activities, and a third prize went to the group for their post-war preparations. Russell E. Clyde was awards chairman and the local Jaycees tried for seven awards.

Parker L. Hathaway of San Jose was elected State vice president for this district. New State president is Paul Mannen of San Diego. Mannen replaces Roger Deas of San Francisco.

A resolution calling for a delay of the return to California communities of Japanese-Americans from relocation centers until after the war and the return of men of the Nation's fighting forces was adopted.

**BIGOTED INTOLERANCE**  
The threats against Mary Mada, a relocated Japanese-American, by Orange county men who seek to keep her and her family from returning to their homes here shows a narrow and bigoted form of intolerance that is un-American.  
Here in a nation founded that all citizens might enjoy "life, liberty and the pursuit of happiness," such conduct indicates ignorance of the fundamental rights of others. If such intolerance can make a foothold here in our own nation, there is little reason to think that we can teach other nations in the world to be "free."  
There is little doubt but that much of the objection voiced to the return of American citizens to their own homes and property comes from an economic consideration. There is a mistaken belief that the production of these people of Japanese ancestry is in some way injurious to the interests of other residents. Nothing could be further from the truth as a little study of economics would show.

### Army Can't Act to Halt Nisei Terror

The Army is investigating cases of violence against Japanese-Americans, but cannot intervene unless there is a complete breakdown of civil authority, Major General H. C. Pratt, Commanding General of the Western Defense Command, said yesterday.

General Pratt had been asked whether the Army was contemplating any steps to protect returned Japanese-American service men or their relatives from acts of terrorism.

Investigation of acts of violence are a function of the civil authorities, said General Pratt, who are charged with responsibility for law and order. The Army cannot intervene, he added, without special orders from the Federal authorities which always take up such matters first with the Governor of a State.

"Incidents which have already occurred have been deplored by Secretary of War Stimson, and Assistant Secretary of War John J. McCloy. They recently conferred here with the Western Defense Command on the subject.

"Incidents where military personnel are concerned are being investigated by Army authorities, and also those where non-military persons are affected, simply in order that the Army may have an adequate informational background."

**Nisei Property Eviction Trial Slated May 21**

OREGON CITY, May 16.—May 21 has been set as the date for the trial of the eviction suit brought Tuesday by attorneys for Masayucki Fujimoto against Dale and Lorene Bergh, circuit court records reveal. The order setting date of trial was made by Judge Earl C. Latourette after C. W. Powers, Portland attorney, had filed a complaint with County Clerk Guy Pace.

the Berghs was not on full legal grounds.

**Wording Ambiguous**

The property in question is located on route 2, Boring, a mile east of Damascus, and consists of a house, pump house and other buildings, not including a barn and berry sheds. The Berghs leased the property from Fujimoto when he was evacuated under General DeWitt's orders removing all persons of Japanese extraction from the Pacific coast. Wording of the lease, Latourette held, was ambiguous, but apparently meaning that Fujimoto was to have possession of his property at the conclusion of the war emergency on the coast. When the army had plainly indicated the cessation of this emergency by permitting Japanese to return to their former homes, the lease was terminated by its own phraseology, Latourette held.

Glenn Jack, attorney for the Berghs, then brought motion for a new trial on grounds of the non-compliance with the emergency price control act and the matter was ended by Latourette's opinion.

Associated with Powers is Barney Skulason, in behalf of Fujimoto.

An order for a voluntary non-suit was signed by Latourette, ending the previous action of Fujimoto against the Berghs under a forcible entry and detainer complaint. The order contained some inter-lineations by the judge changing slightly the sense of the typed order as submitted by Powers, and Latourette crossed out the words "without prejudice."

**OPA Gets Complaint**

As exhibit A, attached to the complaint, Fujimoto and Powers set up one link in their case which brought about their downfall in the previous eviction action. This time the complaint and letter, according to affidavits, were filed with the area rent office of the Office of Price Administration, Portland.

It was on this point that Judge Latourette founded his opinion in the original Fujimoto-Bergh action which denied the Japanese owner of the property occupied by the Berghs the right to repossess. Latourette ruled that the Japanese-American had not complied with rent control regulations of the emergency price control act, regarding the filing of a copy of the eviction notice and the forcible entry and detainer complaint with the area rent office and thereby his action against

STOCKTON, May 16.—Three hundred members of Stockton Local 6 of the International Longshoremen & Warehousemen's Union (CIO) today announced refusal to work with returning Japanese-Americans.  
E. M. Balatti, union business agent, said that in order to prevent a work stoppage he had been forced to remove three Nisei from a warehouse to which they had been assigned last week. The San Francisco local has been unsuccessful in its efforts to persuade the Stockton unit from passing its resolution, he said.

 Orange Co.  
 threatened**

More threatened violence against returned Japanese-Americans was revealed yesterday, this time in Orange county, where the war relocation authority indicated it would make a national issue of the matter.

In Washington, the WRA announced it would turn over to local law enforcement officials the names of five men who threatened bodily harm to Mary Masuda unless she "leave the country."

Orange county sheriff Jesse Elliott said he had received no complaint of the threats against Miss Masuda; on the other hand, he admitted he had heard "rumors" that some "unidentified" persons had paid visits to several returning Japanese-Americans to tell them "in a friendly way their presence was unwanted in the county."

Miss Masuda, now living with a Caucasian family in Talbert, Orange county, has four brothers with service records.

In her statement to WRA officials Miss Masuda said that the ringleader of the men who threatened her said, "My two nephews are out fighting those damned Japs."

She said, "I told them that my brothers were fighting, too."

"Mitsuo has a medical discharge from the army. Masao is on his last furlough before goes overseas, Takashi was wounded in rescuing the lost American battalion in Italy and Kazuo was killed at Cassino."

Similar intimidations have been reported from time to time in other parts of the Pacific coast since military restrictions against American Japanese were lifted.

Secretary of Interior Harold Ickes recently excoriated west coast enforcement officials who failed to protect American citizens of Japanese ancestry from attack and persecution.

**Mob Terrorism in America Revolting**  
The war was fought in Europe and is being fought in the Pacific to put down organized terrorism and racial persecution. These wars will have been fought in vain if that vile spirit, crushed in Germany, Italy and Japan, is permitted to rise up here and deny minority groups or individuals the right to live peaceably and share equally the privileges of American citizenship.  
Yet that spirit has shown itself here in a number of shameful instances of what Secretary Ickes denounced as "planned terrorism by hoodlums" directed against American citizens of Japanese descent who had been returned to their homes from evacuation centers. A number of communities in California and in this state have been disgraced by this sort of thing—the cowardly action of vicious hoodlums.  
It is, as Secretary Ickes says, "a matter of national concern because this lawless minority, whose actions are condemned" by the overwhelming majority of decent citizens "seems determined to employ its Nazi storm trooper tactics against loyal Japanese-Americans and law-abiding Japanese aliens in spite of the state laws and constitutional safeguards designed to protect the lives and property of all the people of this country."  
And it is especially a matter of greatest concern to all American parents of sons held prisoners of war by the Japanese who fear that mob violence here against persons of Japanese birth or descent will incite retaliation and result in injuries or death to those American prisoners.

W. R. Edmiston, War Relocation Authority head here, will address a meeting of American Youth for Democracy at 8 tonight at Hotel Sainte Claire on "A Challenge to Democracy." A film showing the evacuation of Japanese will be exhibited.

—By DAVID LAWRENCE

SAN FRANCISCO—Relations between the United States and Britain, on the one hand, and Russia, on the other, have reached the point where a substantial clarification of policy has become imperative.

When President Truman says "hopes" there will be a meeting of the Big Three and when Prime Minister Churchill says the same thing, it merely means that Marshal Stalin has not yet indicated his approval of the idea. The head of states do not customarily "hope" about a forthcoming meeting. They usually know definitely.

In this instance, the purpose is to be made clear to the world.

# Union Vote Against Nisei Laid to 'Outside Influence'

## Action of Warehousemen's Local Assailed by President Harry Bridges

Action of 300 members of the Stockton Unit of International Longshoremen and Warehousemen's Union in refusing to work side by side with returning Japanese was bitterly assailed today by Harry Bridges, international president of the union.

Joining in the condemnation was Richard Lynden, president of Local 6, San Francisco, of which Stockton is a unit, who charged the action was due to "outside influences with large property holdings in the Stockton area."

Mincing no words at the local reversal of the union's established policy, Bridges declared:

"The position of the ILWU on the question of equality for all, regardless of race, creed, color or national origin, is clear and unequivocal. We cannot and will not compromise on it for one moment."

Elvin M. Balatti, business manager of the Stockton unit, who left hurriedly this morning to confer with union officials in San Francisco, said the problem was not one for just the union but a problem for the entire community to take up.

### VOTE REASONS CITED

Meanwhile, two warehouse employees of the Taylor Milling Co. who declined publishing of their names, cited several reasons why a majority of the local union objects to working with Japanese. They declared:

"We understood that the question on which we voted Monday night was whether Japanese-Americans should be returned to the West Coast at this time. A majority of 5 or 6 to 1 of the members voted against their return for the duration of the war. We did not vote or say we would strike if these Japanese went to work in this plant."

### FRICION SEEN

"However, we know that if the union insists on assigning Japanese to this plant, it will only create trouble and friction. No Japanese ever belonged to the local Warehousemen's Union before the war or to any other CIO union in Stockton as far as we know. In fact, they very often were used as strikebreakers on this coast."

"The Japanese previously kept pretty much to themselves and did not co-operate with other races before the war. They were definitely anti-union as a race, yet they raise the cry of race discrimination now that they want jobs at which they never worked before. As far as we are concerned, they are going to have to prove to us that they are through with race discrimination and anti-unionism themselves before many of our members will work alongside of them."

### WAR NOT INVOLVED

"No Japanese has ever worked at the Taylor Milling Co. The war has nothing to do with our feelings. Some of the men simply refuse to work with them and we do not want to see trouble created by trying to force them to do so."

A spokesman for the Taylor management said the union assigned one Japanese to work at the plant last week, and he was told to report to work the next morning. However, when some of the men in the plant voiced resentment over the employing of Japanese the management advised him to return to the union hall, the official said.

### PREJUDICES SEEN

Lynden, in a statement wired to the Record today, said, "The position of Local 6 on the return of loyal Japanese-Americans to their places of residence and work remains unchanged. We shall continue to welcome them on the basis of equal participation together with all other Americans in our great task of winning the war."

"The so-called 'Stockton incident' does not reflect the thinking of the majority of our members. The Stockton division represents about 700 workers while the entire local consists of 18,000 members."

"Moreover, we are convinced that outside influences with large property holdings in that area have succeeded in foisting their prejudices upon some of our members. We have begun an investigation to determine responsibility for the incident."

The furore started last week

when warehousemen threatened to walk off the job after three Japanese were sent to work at warehouses of the Taylor Milling Co. and Associated Box Co. To prevent a walkout, Balatti called the Japanese off the jobs.

Meeting in Weber School auditorium Monday night, the union members reiterated their determination to refuse to work with Japanese despite the efforts of leaders to get them to stand by the union's policy of no discrimination "regardless of race, creed or color." The action was almost unanimous.

### Three Japanese Among 33 Drafted By S. C. Board 111

SANTA CLARA, May 16.—Thirty-three registrants entered the Army and one went into the Navy in the latest draft call of Selective Service Board 111, one of the largest in recent months, officials announced today.

Army inductees included three Japanese-Americans returned to homes in this area from relocation centers: Tom Hasitora Kuwada, Seebo Seay Kuwada and Yoichi Yonemoto. Others entering the Army were Jacob Peter Klassen, Richard DeVogle, John Ambrose Stagi, Sydney Maynard Bold, John Alberaldo Ruiz, Robert Sanchez, Jack William Gold, James Emerson Pinckney, John Mendoza Rios, Carl Rudolf Kuhl, James William Corey, Edward Carrillo Jr., Joseph Santos Jr., Robert Joseph Giannotta, Felix Guido Moriconi, Joseph Walter Fassler, Donald John Bailey, Wilburn Lee Selfridge, Joseph Dante Tassi, Leo Roy Thiel, Roy Roscoe Gardner, Albert Gayle Rudy, Paul Earl DeLong, Lawrence Taylor Cowper, John William Gadberry, Roy Willis Jackson, Chando Huececa Carranza, Ernest Moura, Cecil Edward Ball and Peter Charles Kuntz.

Philip John Von Pinnon joined the Navy.

“hopes” there will be a meeting of the Big Three and when Prime Minister Churchill says the same thing, it merely means that Marshal Stalin has not yet indicated his approval of the idea. The head of states do not customarily “hope” about a forthcoming meeting. The

**Quakers Paint Out Insults, Mow Grass for Japanese**

Left to right—FLOYD SCHMOE, ETHEL DUNHAM, MRS. SHIGEO NAGAISHI, HOLDING AMY, AND HARUKO NAGAISHI  
 'Maybe things will be better now,' said Mrs. Nagaishi

Seven members of the American Friends Service Committee went to the home of Mr. and Mrs. Shigeo Nagaisha, 1610 Walker St., yesterday afternoon and painted out the "No Japs Wanted" signs and other crudely painted signs which greeted the Nagaishas when they returned to their home yesterday from a war relocation center.

The group of five Quakers, led by Floyd Schmoie, secretary of the committee, also cut the grass, grown long and neglected during the family's absence.

**Practical Friendship**

"Its just a practical demonstration of friendship," Schmoie said as he painted. "We've been doing this sort of thing since the first of the year. It helps too," he declared thoughtfully. "Pretty soon other people wander by. Some stop to talk and help. That's what we're aiming for."

Before the Quakers arrived, Mr. and Mrs. Nagaishi were seated quietly in their home looking over the crop of letters, both warning and friendly, they have been receiving since Monday.

Mrs. Nagaishi, visibly nervous about some of the letters, tried to laugh as she looked at them. One, signed "a mother," stated:

"Get out of town because there are too many true Americans that intend to get even with your race for what they have done to our boys."

"I'm a mother with two boys lying wounded in a hospital, and another in China. All I can say is get out of our city. We have too many worries at present to rid the town of Japs—but wait until this war is over. You will see."

**Letters Go to W. R. A.**

Another, signed "Mrs. J. D.," warned: "I din't know you and can say

nothing against you personally. I can't feel friendly toward you. People of your country are trying to kill my husband and all the other men out there with him.

"We don't want Japs in the Northwest. I would sign my name except that I wouldn't want my family to suffer. I have learned a Jap is capable of anything."

Letters of this sort, Mrs. Nagaishi explained, are turned over to the War Relocation Authority. Her hands shook as she replaced them in the envelopes. But there were friendly ones, too.

"Do not fear to stay in your home," said one. "You will be protected. This must be a law-abiding nation. If you request protection you will get it."

But with the arrival of the Friends, the faces of the Nagaishi's brightened. They went outside their cold home—with its broken windows—something they haven't done since they arrived back a week ago today.

**Holiday for Youngsters**

Shigeo Nagaishi smiled at his wife, Chiseko, as they watched the Quakers working unobtrusively. Their two older daughters, Haruko, 6 years old, and Minnie, 2, ran around the yard, comic books trailing from their hands. Mrs. Nagaishi held the baby, Amy.

"I haven't let them out much since all this," she said. "They're having a holiday."

There are still two signs the Quakers couldn't paint out. These are in the front room windows of neighbors' homes. But the Nagaishi family had experienced a sufficient mental lift from the help and friendliness of the Quakers.

"Maybe things will be better now," Mrs. Nagaishi said hopefully, looking down at the sober face of her baby.

**Spur Freeing Of U. S. Japs**

By International News Service  
WASHINGTON, May 17.—Dillon S. Myer, War Relocation Authority director, declared today that interned Japanese would be released from relocation centers as planned regardless of anti-Japanese violence on the West Coast.

Myer said that the discharge of the Japanese would be stepped up and the camps closed by Jan. 2, 1946, as scheduled.

Myer added that "the number of displaced Japanese returning to the West Coast area will be increased very greatly in the next few weeks when school is out."

**Bridges for Jobs For Jap-Americans**

SAN FRANCISCO, May 17.—The right of Japanese-Americans to work as warehousemen at Stockton today received the support of Harry Bridges, president of the C. I. O. International Longshoremen's and Warehousemen's Union.

Members of the Stockton unit of I. L. W. U., Local 6, have threatened to strike in protest against employment of three Japanese-American stevedores.

**Motion to Oppose Return of Japs Fails Farmer Union Meet**

268

A motion to put the Newberg local of the Oregon Farmers Union on record as opposing the return of Japanese-American citizens to the Pacific coast until after the war failed passage at the regular monthly meeting of the local on Saturday evening, May 12.

Wendell Barnett of Salem, vice-president of the Oregon Farmers Union, was a visitor at the meeting.

A short musical program was presented by two members of the Newberg Union high school band, under the direction of Howard Miller. Mary Paddon played the cornet, and Richard Chamberlain the baritone horn, accompanied on the piano by Mrs. Howard Miller.

At the close of the meeting refreshments were served by Mrs. Norman Schatz, Mrs. Harold Lundquist, and Mrs. Earl Smith.

**Sisters of Jap-American GI Heroes Resent California 'Storm-Trooping'**

Mrs. Hisako Kobayashi, of 2661 South Nash-st, Arlington, is bewildered and angered today after learning of the treatment her sister Mary received when she returned recently to her home in Santa Ana, Calif.

"It's hard to believe people could be so cruel," cried Mrs. Kobayashi. "One of our brothers was killed serving America in this war, another was wounded in France, one has received a medical discharge and a fourth is about to go overseas. Can there be any doubt about our patriotism?"

But in California a group of Santa Ana men, using what Secretary Ickes has decreed as "Nazi storm trooper tactics," threatened to kill Mary if she remained to find out disposition of the farm her father had spent 40 years building up. He was forced to leave it and all his furnishings at the time of relocation of West Coast Japs.

Mary's is one of 26 such "incidents" reported by the War Relocation Authority here, in which acts of violence, shooting and open intimidation have been directed against Americans whose parents happened to have come from Japan.

Lovely little Mrs. Kobayashi has her own problems. With three small boys and with her husband employed in the Office of Strategic Services here, she is afraid to return to her home in Glenn Dale, Calif.

"I cannot subject my children to conditions like that," she said. "Here it is like it was in California before the war. We had no Japanese friends there—all Caucasian friends. We did not speak Japanese, and all our customers at our produce farm were Caucasians."

**MARY FINDS REFUGE**

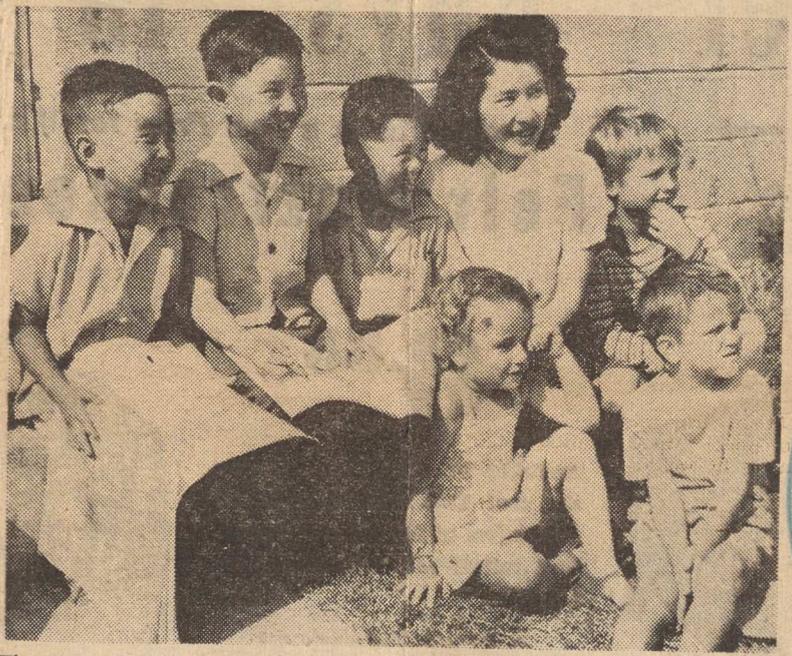

Her husband had spent eight years building a nursery and produce business they had to sell at terrific loss when they were moved to the Gila River relocation camp, she said.

She tried bravely to smile thru tears as she told how her sister was finally offered a place to stay in Santa Ana by the mother of a soldier who was killed fighting Japanese on Guam.

"That mother knows the difference between Americans whose parents fled Japan, and the Japanese who are our enemies," said Mrs. Kobayashi. "Why can't other people understand, too?"

Newberg (Ore) Graph

Five-year-old Billy, Benny 9, and Teddy 7 (left to right), don't know the difference yet between their playmates and themselves, but their mother, Mrs. Hisako Kobayashi, has suffered three years of exile from their California home because her parents happened to come from Japan.

**Fujimoto Case Set for May 21**

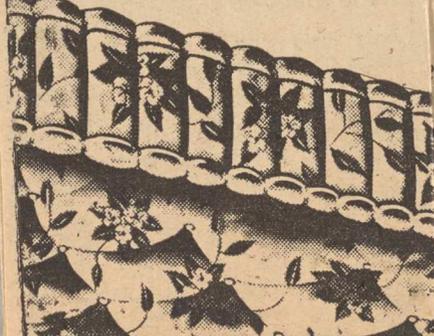

Circuit Judge Earl C. Latourette Wednesday set May 21 as the time for hearing the eviction suit filed by Masayucki Fujimoto, an American-born Japanese, to gain possession of his Boring farm, leased to the Bergh's for the duration. The first case ended in a non-suit due to the failure of Fujimoto to file copies of the eviction notice with the Office of Price administration. This action has now been taken, according to attorneys for the plaintiff.

# Welfare Director Speaks to Club

John E. McIntyre, director of the county bureau of welfare and relief, spoke last night before the Rubidoux Exchange club.

He was introduced by Kenneth J. Atkins, program chairman. The session was presided over by Arthur M. Woodruff, president.

McIntyre described the duties and services in connection with the county department. He stated that federal assistance to civilians returned to this country after being held as prisoners by the enemy are handled here through the department. In addition, he told how the resettlement program for Japanese-Americans financed by the federal government is conducted through county welfare departments.

Dr. A. C. Fulmor, governor for Exchange clubs of San Bernardino and Riverside counties, announced a district meeting to be held in San Bernardino, Wednesday, May 23.

Jack H. Jones, vice-president, stated that a guest night will be held Saturday, May 19, at the home of Dr. Ben B. Thompson, 4897 Victoria avenue.

## Jap Renews Effort To Re-Possess; Latourette Out

Agreement by contending attorneys has been reached to set the trial of the Masayuki Fujimoto eviction complaint against Dale and Lorene Bergh over from May 21 to May 23, starting at 10 AM.

Notice that an affidavit of prejudice would be filed was given Judge Earl C. Latourette, Wednesday, by counsel for the Bergh's, as Latourette had previously held against the defendants. Latourette said Thursday that he had withdrawn and would ask the chief justice of the supreme court to assign a trial judge to sit on the case, which will be tried before a jury.

An order for a voluntary non-suit was signed by Latourette, ending the previous action of Fujimoto against the Berghs under a forcible entry and detainer complaint.

As exhibit A, attached to the complaint, Fujimoto and his attorney, C. W. Powers set up one link in their case lack of which brought about their downfall in the previous eviction action. This time, the complaint and letter, according to affidavits, were filed with the area rent office of the Office of Price Administration, Portland.

### LATOURETTE RULES JAP OUT

It was on this point that Judge Latourette founded his opinion in the original Fujimoto-Bergh action which denied the Japanese owner of the property occupied by the Berghs the right to re-possess. Latourette ruled that the Jap had not complied with rent control regulations of the Emergency Price Control Act, regarding the filing of a copy of the eviction notice and the forcible entry and detainer complaint with the area rent office and thereby his action against the Berghs was not on full legal grounds.

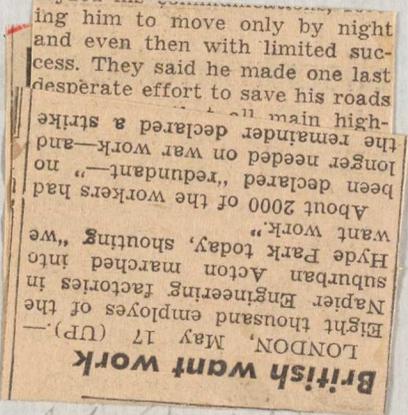

The property in question is located on route 2, Boring, a mile east of Damascus, and consists of a house, pump house and other buildings, not including a barn and berry sheds. The Berghs leased the property from Fujimoto when he was evacuated under General DeWitt's orders removing all persons of Japanese extraction from the Pacific coast. Wording of the lease, Latourette held, was ambiguous, but apparently meaning that Fujimoto was to have possession of his property at the conclusion of the war emergency on the coast. When the army, Latourette held, had plainly indicated the cessation of this emergency by permitting Japanese to return to their former homes, the lease was terminated by its own phraseology.

Glenn Jack, attorney for the Berghs then brought a motion for a new trial on grounds of the non-compliance with the emergency price control act and the matter was ended by Latourette's opinion.

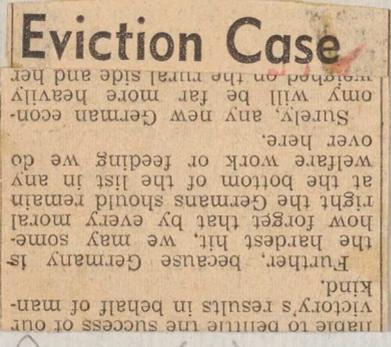

Associated with Powers is Barney Skulason, in behalf of Fujimoto.

### Mayor Assails Vandalism At Japanese Home

All facilities of the Police Department should be used in tracking down the vandals who recently painted threatening signs at a house at 1610 Walker St., prior to its occupancy by a returning Japanese family, Mayor William F. Devin notified Police Chief Herbert D. Kimsey today.

A strongly worded letter from the mayor pointed out that "this matter of intimidation through threats, violence and vandalism must not be permitted in our city."

The mayor told the chief to "use the facilities at your command to vigorously pursue this type of law violation, wherever it is found, and bring the guilty parties before the court."

Chief Kimsey said his department has been working diligently on the Walker Street depredations, and will take steps to cope with any other vandalism.

Mrs. Helen C. Twitchell, 1710 37th Ave., whose son was killed in the war, has written to the mayor protesting strongly against such vandalism, the mayor said. Mrs. Twitchell, referring to the Walker Street Japanese family, said: "I do not know these people, but the fact that our military authorities allowed them to return means that the F. B. I. has passed them, that they are considered safe."

"... Of what avail is the death of my son and countless other mothers' sons, in an effort to end Hitlerism and totalitarianism, if we allow the ugly beast to spring up in our midst. We cannot be true to our boys and keep quiet, when the democratic rights of our citizens are violated."

### ILWU hits Nisei discrimination, to fight against 'lip service'

Harry Bridges, president of the CIO Longshoremen's and Warehousemen's Union, today voiced his union's "clear and unequivocal" stand against any form of discrimination in its ranks. The union "will not rest with lip service," Bridges declared, but will "fight it until it is finally and forever destroyed." To compromise, he said, "would be to pick up the banner of fascism where Hitler dropped it."

Bridges said further that the international union would back the "forthright position" of Warehousemen Local 6 in condemning prejudice against Japanese Americans displayed recently by a group within the local's Stockton unit, who refused to work with loyal Nisei.

At the same time, Richard Lynden, president of Local 6, stated the local will continue

"to welcome loyal Japanese-Americans on the basis of equal participation, together with all other Americans, in our great task of winning the war."

"The so-called 'Stockton incident,'" Lynden explained, has been swelled to enormous proportions by the press. It does not reflect the thinking of the majority of our members. Our Stockton division represents about 700 workers while the entire local consists of 18,000 members."

Judge Earl C. Latourette and the Oregon Legislature were praised in an editorial of Colliers' for May 26, for decisions the national magazine hails as "Two American Victories." While not naming Latourette, Colliers praised his decision in the Fujimoto-Bergh case, in which constitutional rights of property owners, regardless of ancestry, were upheld. Victory No. 2, was the cold shoulder the legislature gave to a proposed memorial demanding laws from congress keeping Japanese-Americans from returning to their west coast homes, from which they had been evacuated by the army early in 1942, according to the editorial.

Possible union retaliation against members of the Stockton Warehousemen's Union who refuse to work with Japanese-Americans was threatened by Harry Bridges in San Francisco today. Bridges said he would guarantee "full protection" against any possible discrimination by fellow workers, and promised official punishment of members "violating the union's policy of fair play." Two local warehousemen at Taylor Milling Co., who requested that their names not be published, said that if the union insists on inclusion of returned Nisei in local warehousemen's ranks, it will "only create trouble and friction." "POLICY VIOLATED" Bridges warned, however, that refusal to work with Nisei "constitutes a violation of our policies and union constitution." The CIO leader further emphasized: "The union will not retreat in

with any individual within the union or local who seeks to project and support Hitler-like policies.

"Japanese - Americans, particularly veterans of the armed forces, will be welcomed back and helped to find jobs by our union and they will receive full protection and support of the ILWU."

**WILL AID NISEI**

He reiterated his statement of December 18, after the Army lifted the Nisei exclusion order, that "our union has never believed that the test of loyalty should be the color of a man's skin."

The Nisei, he said today, "enjoy the respect and support of the overwhelming majority of our union members and local and national officers."

Answering comments of the Stockton spokesmen that Nisei were anti-union, had been strike breakers and did not belong to ILWU before the war, Bridges said the "Nisei in its ranks have been true and loyal union members before and since Pearl Harbor."

Bridges stated further that "we have 25,000 members of our union in Hawaii, 90 per cent of them are of Japanese origin and very good members, indeed."

# Bill Banning Land to Disloyal Japs in State Senate

EXAMINER BUREAU, SACRAMENTO, May 19.—A bill barring disloyal American born Japanese from ownership of land in California and placing on them the burden of proof that they do not hold dual citizenship was introduced today by State Senator Hugh M. Burns of Fresno, member of the joint fact-finding committee on un-American activities.

The effect of the measure, said Burns, will be to place Japanese "owing allegiance to any foreign government, emperor, prince or potentate," within the provisions of the alien land law. Burns cited the committee's report that:

"... many of the Nisei were engaged in subversive activities against the Government of the United States for many months prior to the attack on Pearl Harbor. The committee is equally aware that an American-born person of Japanese parentage is not necessarily subversive per se. The problem is essentially one of segregation and it presents many subtle difficulties.

"According to a statement which appeared in the Pacific Citizen issue of July 17, 1943, 6300 evacuees have asked for repatriation to Japan and 7500 others gave negative or qualified answers to the Relocation authorities loyalty questionnaire. Thus, there are certainly at least 13,800 evacuees who would readily be classified as disloyal."

An appropriation of \$100,000 to the Attorney General for prosecution of violators is contained in the bill.

**Opposition Ignored**

Opposition and agitation against the return of the evacuated Japanese to the western states is having no effect on the war relocation authority in its program of assisting the Japanese to become established in homes of their own again, Murray E. Stebbins, Yakima district WRA supervisor, learned in a conference at Seattle over the week-end with the WRA director from Washington, D. C. Strong opposition to the return of the Japanese developed in California soon after the evacuation but has since died out almost entirely, according to Stebbins. Then it flared up in Oregon but appears to be on the wane there. Now it is running its course in Washington state with some agitation in the Yakima valley but it does not appear to be serious, he comments. He plans to go to the Heart Mountain relocation center in Wyoming in the near future.

## Crackdown On Disloyal Nisei Asked

Special to The Chronicle

SACRAMENTO, May 19—California land ownership would be forbidden to native-born residents of Japanese ancestry who are disloyal to the United States under the terms of a bill announced today by Democratic Senator Hugh M. Burns, Fresno.

The bill provides that the burden of proof would be on the individual to show he is not practicing dual citizenship, through maintenance of allegiance to any foreign government, emperor, prince or potentate within the provisions of the California alien land law of 1920.

Senator Burns is presenting the bill as a part of the program of the joint legislative fact finding committee on un-American activities. He said the measure was an aftermath of the committee's investigations during the past two years.

# NATIVE SONS ASK JAP BAN RESUMED

By Associated Press

SAN FRANCISCO, May 21.—The Native Sons of the Golden West today forwarded to President Truman and the California congressional delegation resolutions favoring continuation of the Oriental Exclusion Act and asking the army to rescind its lifting of the order excluding Japanese Americans from the West Coast.

The resolutions were among a number adopted at a war conference of the organization held at Hobergs, Cal., this week-end. Others supported unconditional surrender, demanded American control of the Japanese mandated areas, and commended California peace officers for "their maintenance of the peace and protection of property" during the period of the return of the Nisei to the state.

State officers elected for the next year were Richard F. McCarthy, Oakland, grand president; R. Grover Power, Colusa, grand first vice president; Walter H. Odemar, Los Angeles, grand second vice president; John T. Regan, San Francisco, grand secretary.

Army Is Urged  
To Help Nisei

The American Council on Race Relations, meeting in New York, voted to ask Army and Federal agencies for full co-operation with the WRA (War Relocation Authority) in the resettlement of Americans of Japanese ancestry on the West Coast.

Ernesto Galarza of the Pan American Union and a member of the Council's Board declared that the evacuees were moved from the West Coast by the Army with a "government promise of protection for their returned." "If this promise is not fulfilled," he said, "a precedent is set that seriously affects the rights of every minority."

**Jap Camp Closings Called 'Good Thing'**

PHILADELPHIA, May 20. (AP) Closing of the nine Japanese-American relocation centers by Jan. 1, 1946, is "a good thing, because the centers are not a normal or fair process of permanent education for Japanese-Americans but are purely temporary expedients," Dillon S. Myer, War Relocation Authority director, said last night.

In an informal address before a group of Japanese-American evacuees and members of the Friends Society, Myer said the mutual discovery of America by the evacuees and the evacuees by America was perhaps the greatest single result of the evacuation of the 110,000 Japanese from the Pacific Coast.

# SELMA NISEI HOME FIRED ON

268

FRESNO, May 21.—(AP)—Deputy sheriffs today sought persons who fired four rifle bullets into the wall of a bedroom occupied by Mr. and Mrs. Masaru Miyamoto, recently returned Japanese evacuees, and their two small children, in their home on a seventy-five acre vineyard east of nearby Selma early yesterday.

Deputy Sheriff Hubert Nevins said two of the bullets narrowly missed Mrs. Miyamoto and the others passed through a wall about seven feet above the floor. He said they were fired from a passing automobile.

Miyamoto, who returned to the Selma district from the Gila River Relocation Center in Arizona last March, said his old neighbors have been friendly and could assign no reason for the attack.

date Japanese evacuees who return to California.

Mrs. Maynard Force Thayer, chapter president, denounced the recent shootings in Northern California as a disgrace to the state as a whole. (See story on Page 12.) Work that the committee has already done was praised by Raymond Booth, War Relocation Authority executive who urged them to continue their work by assisting returning Japanese to obtain jobs and places to live.

Daniel G. Marshall of the Catholic Inter-racial Relations Council stated that the racial superiority theory had been disproved in

Europe and it must be disproved here.

Three new members elected to the executive committee were Stuart Chevalier, Dr. Linus Pauling and Hollis A. Wilbur. Old members re-elected were Miss R. Priscilla Beattie, William C. Burton, Rev. Stephen C. Clark, Col. H. A. Finch, Mrs. Thomas Fleming, Jr., Mrs. Elmer L. Kruse, J. S. MacDonnell, Mrs. Weslake D. Morse, Gale Beaman, Mrs. A. H. Sturtevant, Mrs. Maynard Force Thayer and Dr. Morgan Ward.

Officers for the coming year will be elected by this executive committee.

Hungerford were hostesses at the Brookside Garden club, Tuesday afternoon, at a dessert luncheon. Theolla garden club were guests.

Resolutions favoring continuation of the Oriental exclusion act and asking that the Army rescind its order permitting Japanese-Americans to return to the West Coast were sent yesterday to President Truman and the California congressional delegation by the Native Sons of the Golden West.

The resolutions were adopted at a week-end conference of the organization at Hobergs in Lake county. Other resolutions supported demands for Japan's unconditional surrender and United States control of Japanese mandated areas.

State officers elected were: Richard F. McCarthy, Oakland, grand president; John T. Regan, San Francisco, grand secretary; John A. Corrotto, San Jose, grand treasurer; Raymond F. Burke, Oakland, grand marshal; John Benson, Benicia, grand inside sentinel; Charles D.

**Fujimoto-Bergh Case Delayed Again**

Another delay in the eviction action of Masayucki Fujimoto against Dale and Lorene Bergh was announced Monday by Judge Earl C. Latourette. Latourette has set the case down for trial Monday, May 28, after consultation with counsel.

Judge E. M. Page, Salem, has been assigned by Chief Justice Harry Belt to hear the case as Latourette withdrew when defense counsel gave notice of intention to file an affidavit of prejudice.

Fujimoto seeks to oust the Berghs from his property near Damascus under terms of a lease entered into between the Jap and the Berghs when Fujimoto was evacuated by the army early in 1942.

# Raps Cal. Nip Funds

## Solons Hit WRA Pro-Jap Stories

By United Press

WASHINGTON, May 23.—A House Appropriations Subcommittee had before it today statements by three California congressmen opposing use of funds by the War Relocation Authority to circulate "propaganda favoring the Japanese people."

Representatives Clair Engle, Democrat, Leroy Johnson, Republican, and Jack Z. Anderson, Republican, exhibited brochures and publicity releases which they said were sent by W. R. A. in franked envelopes.

"Tax funds should not be used to propagandize for any racial group," Engle said. "W. R. A. was never set up for the purpose of convincing the American people that the Japanese are a superior or better race, but that seems to be their concept of their mission."

Meanwhile the WRA reported the eighteenth occurrence of violence in California against Japanese since they were permitted to return to the Pacific coast in January. Two shootings occurred in Fresno county.

Secretary of the Interior Harold L. Ickes has termed the situation one of "national concern."

Engle said these incidents could not be prevented by W. R. A.'s tactics of praising heroic Japanese combat units serving in the United States armed forces.

"Other units with equal or better records are scarcely ever heard of and no government bureau is writing up their exploits," Johnson said.

Engle declared that part of the resentment in California against the Japanese-Americans stemmed from pre-war activities of their compatriots many of them disloyal. Another cause of antagonism against them was their low-scale living conditions which gave them an advantage in agricultural production, he said.

### Vashon Man Fined \$1,000 For Burning Japs' Homes

Harold S. Burton, 22-year-old Vashon Island farm worker who, with two youths, burned homes of evacuated Japanese, was fined \$1,000 by Superior Judge James T. Lawler today.

Burton, father of two children said he believed the Japanese would not return to the island if he burned their houses.

The trio set four fires between January 27 and February 1. Burton pleaded guilty to second-degree arson. Several of the homes were old, but one was modern and well furnished, Deputy Prosecutor Duane T. Shinn said.

Burton said he did not care for Japs, "because they always thought they were better than we were."

Judge Lawler remanded Burton to the custody of the sheriff until he pays the fine or elects to serve in the county jail at the rate of \$3 a day, or about 11 months.

# Local Union Suspended For Anti-Nisei Action

## Harry Bridges Backs S. F. Warehousemen Leaders Against Stockton Group

TELLS WHY

HARRY BRIDGES, president of the International Longshoremen and Warehousemen's Union, told members of the Stockton Warehousemen's Unit here last night why their abrogation of the union's no racial discrimination policy has led to suspension of the unit.

Stockton unit of Local 6 of the International Longshoremen and Warehousemen's Union (CIO) was summarily "busted" by Richard Lynden, president of the local, and other officers of the general executive board at a closed membership meeting in the Civic Auditorium last night.

The Stockton unit was placed under indefinite suspension from the parent body and approximately 475 warehousemen attending the meeting were advised they will be suspended from the union if they do not sign a pledge by 6 o'clock tonight declaring they will work with returning Japanese-Americans.

Harry Bridges, international president of the union, addressed the meeting, after which the local's ultimatum was read by Lynden.

### OFFICERS REMOVED

Officers of the local unit were removed and administration of its affairs was taken over by San Francisco officers of the union today. Policies to govern future conduct of the unit if any of the members persist in their refusal to work with Japanese-Americans will be taken at a meeting of the general executive board in San Francisco tonight at 8 o'clock, Lynden announced.

The precipitate action against the Stockton unit was based on an asserted vote taken by a majority of the members at a meeting Monday, May 14, not to work alongside Japanese in local plants. However, spokesmen for the voting faction said later it was their understanding they were voting on the question of whether Nisei should be returned to the West Coast at this time.

### FACE SUSPENSION

Indicating that he expects many Stockton members will not comply with the union edict, Bridges, during a press conference following the meeting, said "it will have the backing of 60 per cent of the members." Men who refuse to sign the pledge card will be suspended and later "tried in a constitutional manner" by the executive board to decide their future status, he said.

The union's action was based on alleged defiance of the international union's policy against racial discrimination. The local unit is composed of representatives of many races excepting Japanese. The bolting members take the position "that Japanese never worked in Stockton warehouses before the war nor had any Japanese ever belonged to a CIO union here."

Spokesmen for the group charged that Nisei were used as strikebreakers on several occasions on the Coast prior to Pearl Harbor.

There are 700 members of the Stockton unit and about 20,000 in the San Francisco Local as a whole, according to union officials.

### TO MEET CONTRACTS

While refusing to state definitely whether members who fail to sign the pledge cards by 6 o'clock tonight will be deprived of their jobs, Bridges said "the union will fulfill its contracts with local plants and we'll furnish the men."

The meeting in the auditorium

Longshore Union  
Suspends Local for  
U. S.-Japanese Ban

By LOUIS BURGESS  
Chronicle Staff Writer

STOCKTON, May 22—The ILWU suspended the Stockton unit of the Longshoremen's Union tonight for refusing to work with Japanese-Americans.

And the parent organization of the Stockton unit, San Francisco Local Six, added to this disciplinary action the threat that every member of the Stockton unit who has not by 6 o'clock tomorrow night signed an agreement to work with Japanese-American will at once be suspended from the union and will face expulsion trial.

Four hundred twenty-five of the 700 members of the Stockton unit attended tonight's meeting at which Richard Lynden, president of Local Six, told members that racial discrimination "is a violation of ILWU constitution that is not open to argument."

NO WORK STOPPAGE

Lynden informed the membership that the unit had been suspended by Local Six for voting not to work with the Japanese-American. He added that there will be no work stoppage and that the business of the union will be conducted by a committee appointed by the parent local.

Lynden was accompanied at the meeting by Harry Bridges, international president of ILWU and by J. R. Robertson, its vice president.

Just before tonight's meeting Bridges received a telegram from Interior Secretary Ickes commending the ILWU for the action it had then taken in launching an investigation into the Stockton unit's resolution.

"Your action in the Stockton case is a forthright, effective move in the interests of democracy," the Secretary's message read. "I hope you will continue your splendid work."

MAJORITY SIGN PLEDGES

After the unit had been suspended, Bridges said that this is the first time the ILWU has been required to take such action for an abridgment of its constitutional provisions against racial discrimination.

Lynden and Bridges declared that before tonight's meeting was called between 50 and 60 per cent of the unit's membership had signed pledges declaring willingness to work with Japanese-Americans.

All members who have failed to sign the agreement will be immediately suspended, Lynden declared. But he added they will not be re-

### Assembly Bill Seeks Greater Party Strength

BY CHESTER G. HANSON  
Times Staff Representative

SACRAMENTO, May 22.—In a move to develop greater party responsibility and party strength, a bill calling for an alternative form of party organization was introduced in the Assembly today.

The measure, by Assemblyman Sherwin (R.) Piedmont, calls for reaching down into the precincts and by law developing men and women with party responsibility to begin organizing the party.

Precinct chairmen would be elected by party voters. Such chairmen would appoint vice-chairmen of the opposite sex. These chairmen and vice-chairmen would elect Assembly district chairmen, and the group then would organize the district for party purposes, electing officers and particularly a district chairman.

#### Develop Responsibility

The same thing would be repeated in the county and Congressional districts.

The Congressional district chairmen and vice-chairmen would meet in Sacramento to organize the State committee and elect State officers, such as State chairman, vice-chairman, secretary and treasurer.

The State committee conducts the campaign, and the county, Assembly and Congressional district committees would function in their territories.

As outlined by Sherwin, the whole purpose is to develop a

### Move to Boost State Gasoline Tax Killed

SACRAMENTO, May 22. (AP) — The Senate Revenue and Taxation Committee tonight tabled legislation which would have increased the State gasoline tax by 1 1/2 cents per gallon. The vote to kill the measure was 9 to 2.

line of party responsibility, let the precinct worker, one of the most important cogs in any party machine, feel he has a share and responsibility in party work.

As it is now, the candidates select the State committee and the machine is organized from the top down.

It would be up to the State Central Committee executive committee to decide whether it wanted the party to organize along the lines proposed in the bill or to continue along the present line.

The bill will be heard soon in the elections committee.

To the Senate today went a bill passed by the Assembly providing for the licensing of persons who deal in the sale of liquor licenses. The measure, by Assemblyman Lyon, would give the Board of Equalization the administration of the proposed act.

#### Warren Opposes

Gov. Warren intimated at his press conference today that such public policy would not meet with his approval, although he said he is not familiar with the details of the bill. He is familiar, he said, with a practice in some parts of the State wherein a legitimate hotel of other concern can not obtain a liquor license without paying sometimes as much as \$10,000.

"I don't see any merit in trafficking in the sale of State licenses," said the Governor.

#### Anti-Jap Bill Proposed (AP)—

Legislation designed to deprive disloyal Japanese, American-born and aliens, of their California civil rights was proposed by Sen. Burns of Fresno, chairman of the joint legislative committee on un-American activities. Burns said the committee intends "to stamp out un-American activities in California."

Fined \$1,000  
For Burning  
Japs' Homes

Harold S. Burton, 22-year-old Vashon Island farm worker who, with two youths, burned homes of evacuated Japanese, was fined \$1,000 by Superior Judge James T. Lawler today.

Burton, father of two children, said he believed the Japanese would not return to the island if he burned their houses.

The trio set four fires between January 27 and February 1. Burton pleaded guilty to second-degree arson. Several of the homes were old, but one was modern and well furnished, Deputy Prosecutor Duane T. Shinn said.

Burton said he did not care for Japs, "because they always thought they were better than we were."

Judge Lawler remanded Burton to the custody of the sheriff until he pays the fine or elects to serve in the county jail at the rate of \$3 a day, or about 11 months.

### 33 U. S.-Japanese Return to Bay Homes

Thirty-six Japanese-Americans returned to their Northern California homes yesterday, cleared by the War Department through the Western Defense Command as loyal Americans of Japanese ancestry. Of their numbers, 16 came to San Francisco, five to San Mateo and 12 to the East Bay. Since the Western Defense Command declared that there no longer exists the "military necessity which was the sole reason for their evacuation," approximately 2000 Japanese-Americans have returned to Northern California alone in the last five months.

## SECOND JAP HOME HIT BY BULLETS NEAR SELMA

FRESNO, May 22.—Hoodlums were blamed today by the Sheriff's office for a second midnight attack upon the homes of recently returned Japanese reported within two days.

Both attacks occurred Sunday night, but the second was not reported until today because the Japanese were afraid of reprisals.

The second attack was upon the home of Myoka Masada, near Selma, where eight recently returned evacuees reside. Five bullets were fired into the home from a passing automobile. The first attack, which occurred about half an hour earlier, was on the home of Masaru Miyamoto, 15 miles distant. Five shots were fired into the Miyamoto home, where four recent evacuees live.

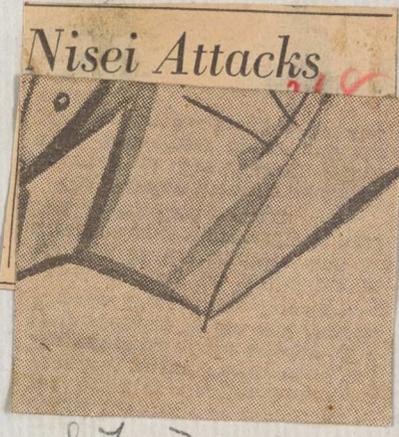

Deputy Sheriff Hubert Nevins and Undersheriff John Ford, who investigated, asserted the two families were on excellent terms with their neighbors both before and since their evacuation, thus leading officers to believe the attacks were by irresponsible persons.

At the same time valley officials of the War Relocation Authority disclosed 750 evacuated Japanese have been returned to Kern, Tulare, Kings, Fresno and Madera counties, about 90 per

# ILWU Crackdown

## Union Leaders Meet to Decide Punishment in Stockton Bias

The general executive board of CIO Warehousemen's Local No. 6 last night unanimously approved President Richard Lynden's suspension of the Stockton unit and ordered that "the ringleaders in the Stockton units' discrimination against Japanese - Americans "be prosecuted and expelled from the ILWU."

The executive board served notice that those members of the Stockton unit who signed cards pledging willingness to work with persons of any race, including Americans of Japanese ancestry, would be fully protected by the union.

Hope was officially expressed that the suspended unit, now under administrative charge of Joseph Lynch, vice president of Local 6, would be quickly returned to full autonomy.

### GREAT MAJORITY SIGN

Lynden reported the selection of a panel of ten from the general board to try members of the Stockton unit who had failed to sign the anti-discrimination pledge by 6 p. m. last night.

"They who failed to sign have violated the policy of this local and will be prosecuted," he said. "We will serve notice almost immediately upon the five ringleaders."

He said "the great majority" of Stockton members had signed, but he could give no estimate of the number facing suspension or expulsion.

Lynden made it plain that Lynch has been instructed to "keep the work moving" in the port of Stockton.

### WORK TO CONTINUE

"The contract of Stockton employers is not with the unit of some 700 members," said Lynden, "but with the full Local 6 of nearly 20,000 members, so work under the contract goes right ahead, with 20,000 members and their officers determined to keep the work moving and to see to it that no taint of racial discrimination is allowed to remain."

Before the meeting of the executive board opened, Lynch, as officer in charge of the suspended unit, had supplied Lynden with figures on the number of individual members who had signed anti-discrimination pledge cards by the deadline which Lynden had set for 6 p. m. yesterday.

Between 50 and 60 per cent had

bor attack.  
He was then Department of Justice Co-ordinator of Enemy Alien

signed by Wednesday morning.

The Japanese-American with whom members of the Stockton unit refused to work is Jim Yamamoto, born in Hawaii in 1904, who has been in the United States for 15 years, and who before the evacuation of Japanese-Americans worked in a market at 147 Market street, Stockton. He is unmarried, supports a mother and sister, and has no real property, WRA records show.

### BRIDGES' STATEMENT

Harry Bridges, president of the international union of which Local 6 is a part, yesterday issued a statement quoting what he told the meeting of the Stockton unit at which Lynden announced the suspension action.

"Either you are in favor of discrimination, or not in favor of it," Bridges told the Stockton members. "If you are in favor of it, you have no place in our union. We will not back away from this fight."

In Washington yesterday, Associated Press reported, three California Congressmen, Representatives Clair Engel, J. LeRoy Johnson and Jack Anderson, urged the House Appropriations Committee not to allocate funds to the War Relocation Authority for printing and circulating what they called "propaganda favoring the Japanese people."

### Nisei Attacks Held Clueless

268

City and county peace officers in Fresno today could throw no light on two new acts of terrorism apparently aimed at returning Japanese Americans in Parlier and Fresno Tuesday night. Two similar acts near Selma and Caruthers were recorded Sunday.

"No clues" was the laconic pronouncement of authorities investigating the firing of four shots at the home of Charles Iwasaki, a Japanese in the Parlier area, and the smashing of the window of a store operated by Mr. and Mrs. K. Komoto, West Fresno Japanese.

"We certainly do realize the seriousness of the situation and are investigating it thoroughly," Under-sheriff John Ford declared.

The Sunday morning incidents occurred at the Masaru Miyamoto home near Selma and the Myoka Misada home near Caruthers.

Opposition to return of the Japanese Americans was intense in Fresno County when the first group left relocation camps last January and a number of civic and business organizations had passed resolutions opposing such action. The Iwasaki family, which includes three children and their grandfather, returned from the Poston, Ariz., center March 1.

# AN OPEN LETTER

## to all Ministerial Associations

Auburn, Wash., May 11, 1945

### GREETINGS:

We, the members of the Remember Pearl Harbor League, Inc., view with surprise and alarm, the encouragement your several associations are reporting to be giving the Japs to return to this critical coastal area, at the very time armed forces of America are at death grips with the most dangerous foe in the history of our nation.

Within recent days the harbors of Puget Sound have been teeming with vessels of every nature, all units of our armada in prosecuting war against Japan.

The Japanese were a menace to these very harbors and our ships, when General DeWitt ordered them evacuated — **THEY STILL ARE!**

Are you good ministers unmindful of the menace these Japs you are pleading for will be, when they see our valiant soldiers invade to destroy the only nation to whom these Japanese-Americans are loyal?

Surely, you gentlemen of the cloth, know that every Japanese-American you seek to favor has been indoctrinated with sadistic philosophy of emperor worship.

In the ratio in which our soldiers succeed in destroying our treacherous enemy, in the same degree will these Japanese you shield and protect become fanatically dangerous here at home.

Therefore, we deplore your misguided efforts in their behalf and beg of you to cease and desist before you have unwittingly brought back this disloyal and dangerous enemy.

In truth and fact, gentlemen, your humanitarian gesture, in behalf of the Japs, is comparable and parallel to that of the historical Trojan horse incident. Surely you do not want to sell Uncle Sam down the river.

### Hoodlums Strike Again Near Fresno

Special to The Chronicle  
FRESNO, May 23—Neither police nor Sheriff's office had any light to throw on the continued disturbances directed in this area against returning Japanese.  
Following two more acts of vandalism—one, a shooting, and the other a window breaking—police reported that they were continuing investigation, but had no further statements to make. The Sheriff's office declared "it was doing everything within its power," but had no arrests or suspects to date.

The latest shooting, added to a series of some three or four incidents, occurred when four shots were fired late last night at the home of Charles Iwasaki, a Japanese in the Parlier area.

"NONE INJURED"  
The Iwasaki family, including Mr. and Mrs. Iwasaki, their three children and their grandfather, returned March 1 from the Poston Ariz., relocation center.

Questioned about the Iwasaki shooting, Undersheriff John Ford emphasized the fact that "no one was injured." However, "we are investigating the situation," he said, "since we certainly do know its seriousness."

He said the disturbances occurring within the city were the province of the police department and not that of the county sheriff's office and referred questions concerning the window breaking today to Fresno police.

The window breaking episode was directed against a store operated by Mr. and Mrs. K. Komoto of West Fresno, police reported. A piece of concrete was thrown through a plate glass window in the front of the store about 3:30 a. m.

**OTHER INCIDENTS**  
Police vouchsafed no further information. They said they were investigating the matter and any details on shootings outside the city limits would have to be taken up by the Sheriff's office.  
Also under investigation by Sheriff's deputies, they said, were two early Sunday morning incidents—one at the Masaru Miyamoto home near Selma, another at the Myoka Misada home near Caruthers.

# DIRECTOR EXPLAINS JAPANESE SHOPPING

268

Shopping by Japanese from the Tulelake WRA center was explained to the retail trade committee of the chamber of commerce today by Ray Best, director of the Tulelake center.

He said that evacuees who have been cleared by the army for release from the center find it necessary to shop in Klamath Falls in order to obtain clothing and other essentials before leaving the project.

The chamber committee decided to put the facts in a letter to merchants, giving them full information and asking any merchant, not desiring Japanese trade, to notify the chamber. The chamber will pass the information on to the WRA center, and the evacuees will be told of the policy and advised to trade elsewhere. Purpose is to avoid embarrassing situations.

### Discharged Nisei, Pacific vet, returns

American soldier, T/Sgt. Minoru Masukane, 26, whose Japanese ancestry is too apparent to miss, returned to Los Angeles two days ago after 42 months in the army and 25 in the Pacific battling the Nips.

Shy sergeant Masukane, born on a farm six miles from El Centro, had his pastoral life with the hogs and the hay interrupted by the sneak attack on Pearl Harbor. He was inducted into the army on Nov. 4, 1941, about a month before Pearl Harbor.

While photographers snapped him and reporters plied him with questions, the young Nisei, who went out to fight the Axis hordes in the Pacific perhaps was wondering how democratically he would be treated now that democracy has been saved.

Clad in civvies, Sgt. Masukane said that he stopped off at Poston, Ariz., where his parents, Mr. and Mrs. Setsuichi Masukane, are residents of the relocation center, to get his clothes which his mother kept for him during his absence. The parents were eligible to leave Poston last Dec. 17.

Sergeant Masukane yesterday was worrying over the fate of his brother, Takenobu, also an American citizen, who was on a trip to Japan when war struck. Presumably he is a Japanese internee along with other American citizens.

The sergeant, who has three battle stars on his Asiatic campaign ribbon, a good conduct

He went into the Philippines invasion on D-day plus four and wears one battle star for being under fire of the Jap enemy. He was unaware he was to be mustered out until he returned to Fort Bliss, Tex., on a 45 day furlough after arriving at San Francisco on May 5.

"The first thing I want to do is to buy some civilian clothes," said the sergeant. "My clothing is all of prewar vintage."

He said he had no plans, that he wanted to rest a while. He added the family farm has been leased.

Sergeant Masukane served in army intelligence. It was obvious he was "under wraps" and forbidden to give details of his activities.

Behind Sergeant Masukane on the wall was a placard carrying the pronouncement of the late President Roosevelt, made on Feb. 3, 1943. It read:

"No loyal citizen of the United States should be denied the exercise of his citizenship regardless of his ancestry."

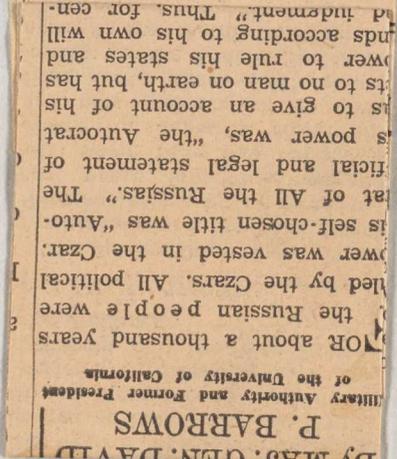

"The principle on which this country was founded and by which it has always been governed is that Americanism is a matter of mind and heart. Americanism is not and never was a matter of race or ancestry."

Sergeant Masukane, who had 87 points qualifying him for discharge, attended high school and junior college at El Centro.

As one watched him, shyly talking in a soft voice, eyes betraying his nervousness, the disruption of innocent lives by war was made clear and emphasized.

**ILWU Trial Sunday for  
Refusal to Work With Nisei**

Union trial of members of CIO Warehousemen's Local 8 who refused to work with Japanese-Americans will start Sunday at 10 a. m. in Stockton, Local 6 President Richard Lynden announced yesterday.

A trial board of five persons, chosen from a panel of ten members of the local's executive board, will conduct the hearing. Penalty for those found guilty will be expulsion from the International Longshoremen's and Warehousemen's Union of which Local 6 is a part, it had been previously stated.

The number of those to go on trial was not announced, but it was stated that proceedings would certainly be launched against five persons considered ringleaders of the movement in the Stockton unit of the Local to refuse to work with Japanese-Americans.

Lynden said that Jack Sharpe, a member of the Stockton unit recently inducted, left the following note at the unit office:

"Well, brothers, I am leaving to go into the service to fight for the principles of the equality of mankind—the right to work regardless of race, creed, or color. I'll do my best, and I hope you guys push full speed ahead until you lick this discrimination against the American Japanese here at home. We can't afford to have this sort of thing here in California."

Regular administrative functioning of the Stockton unit was suspended Tuesday by Lynden. Joe Lynch, Local 6 Vice President, was put in charge of the suspended unit's affairs. Lynden at the Tuesday night meeting at which the suspension was announced was accompanied by Harry Bridges and J. R. Robertson, international president and vice president of the ILWU.

**Investigation of Terror  
Against U. S.-Japanese Stalled**

Special to The Chronicle  
FRESNO, May 24—The Sheriff's office here released no further details today on terrorism in this area against the returning Japanese-Americans.

The report was given curtly: "No news."

Asked if there had been any progress in the investigation of the series of disturbances and acts of vandalism here, the answer was "No."

Meanwhile, from the Topaz, Utah, relocation camp, it was reported that Mitsuye Endo, 25, whose Supreme Court test case last December left loyal citizens of Japa-

THE BLOOD OF FREEDOM

At Hood River, Oregon, they removed from the Honor Roll the names of the Japanese-Americans, the Nisei, fighting in the United States Armed Services. Then, taking thought of what they had done, they replaced these names.

Why did they remove them?

Why did they put them back?

What had changed in the interval?

The names were removed because of an hysterical impulse to judge all men by racial groupings rather than by the test of character and behavior. These men, they said, are of Japanese blood. The Japanese are treacherous, cruel, barbarous. Therefore these men, of Japanese ancestry, are treacherous, cruel, barbarous. They must be; that is their destiny, as it is their Race. That is what was thought, and so the names were removed.

Then there was an outcry. It was an outcry on a national scale. This small act in a small place, became a huge misdeed in a huge country. "Look," cried the men of good will, the men of reason, from all over the map of the 48 states. "Look! You are saying what Hitler said, doing what Hitler did. You are agreeing that there can be a Master Race, that blood is stronger than environment, that ancestry is more powerful than the air of freedom." So the people of Hood River listened and, with considerable moral courage (it is hard to acknowledge an error publicly), they restored the names of the Nisei to the Honor Roll.

Now in the time between the removal and the restoration, only one thing had changed. It was that men realized, suddenly, that if all the Nisei were necessarily like their remote cousins the Japanese, then so must be all Italian-Americans, all German-Americans; that if we began to count out those whose ancestors had ever done a brutal or a cruel act, a barbarous act, we should find no one guiltless and all beyond

salvation. God alone knew whose name would next, because of his father, or his grandfather, come off the Honor Roll.

That is all that changed. We had better pray God that it remains clear in our minds now, does not change again. It is not enough that science has disproved the myth of blood; you must disprove it with your own mind and your own heart, by the realization that he who fights for freedom, as he who dies for freedom, spills only the blood of freedom as he falls.

**Departing of 21,000  
U. S.-Born Japs Urged**  
268

By Ray Richards  
Los Angeles Examiner Washington Bureau

WASHINGTON, May 24.—A total of 5185 of the coun-  
try's more brazenly disloyal Japanese-Americans have been  
deprived of their citizenship under a new law and have been  
marked for certain deportation  
to Japan after the war, it was an-  
nounced today by the Depart-  
ment of Justice.

The disclosure brought the in-  
stant retort from West Coast  
Congressmen that the number is  
too small, and that it must be  
expanded to the entire 21,000  
American-born Japanese who in  
the days of Japan's war successes  
stated or indicated their loyalty  
to the Emperor and are thus re-  
corded in the files of the War De-  
partment and the War Reloca-  
tion Authority.

**CHANGE MINDS—**  
The Justice Department report  
further annoyed the West Coast  
Representatives by revealing  
that many Japanese-Americans  
who some time ago expressed  
desire for Japanese citizenship  
are now endeavoring to turn  
their coats again and profess  
loyalty to the United States in-  
stead of in a defeated Japan.

Two months ago Attorney Gen-  
eral Biddle testified before a  
congressional committee that  
7000 Japanese-Americans in the  
Tule Lake camp in California had  
asked for forms with the de-  
clared intent of applying for de-  
nationalization and deportation.

However, it was stated at the  
Justice Department today, only  
5500 actually submitted applica-  
tions, and all but the 5185 de-  
nationalized are now endeavoring  
to retract.

Under the existing law of

early 1944, which was strongly  
backed by Biddle, the original  
1943 displays of disloyalty were  
disregarded as grounds for de-  
nationalization and it was re-  
quired that each make a new  
statement of allegiance to Japan  
before the United States could  
get rid of them.

By the time the process started,  
Japan's defeat became merely a  
matter of time, and there was a  
rush of disloyalists to claim al-  
legiance to the United States.

**AMENDMENT—**  
Representative Leroy Johnson,  
California Republican, said that  
the departure of Biddle had in-  
creased the chances for an  
amendment he has introduced,  
compelling expatriation and de-  
portation proceedings on the  
basis of the original disloyalty  
statements in all Federal courts  
and in state tribunals having  
naturalization powers, such as  
the Superior Courts of California.

"The military offensive  
against Japan will reach a  
climax soon," Johnson said.  
"Then will be the psychological  
time to move for a hearing of  
the amendment by the House  
immigration committee. Biddle  
will not be present to argue  
against it this time. I think it  
will be adopted, and that under  
it at least 21,000 disloyal Jap-  
anese-Americans a cancer in  
our population, can be re-  
moved."

# Officers Discuss Plans to Halt Attacks on Japs

FRESNO, May 24.—Means to protect Japanese evacuees who recently have returned to their homes from relocation centers are being sought by county, city and military authorities, following a series of incidents in which the homes of a score of evacuees have been attacked.

Sheriff George J. Overholt, Dist. Atty. James M. Thuesen, Police Chief Ray T. Wallace, and military intelligence officers met here today, seeking a coordinated plan for halting the attacks, which peace officers lay to hoodlums.

## Patrols Ruled Out

In the last week the homes of four Japanese families have been fired upon while a plate glass

window in a store building occupied by another family was shattered by a large piece of concrete hurled through it.

Details of the plan worked out were not disclosed by the officials, but it was announced that a proposal that the roads be patrolled in the areas where the Japanese live was ruled out as impractical.

"This situation is deplorable," the group declared in an official statement. "We believe it is the work of hoodlums, but one of these days the shots fired at these Japanese are going to be answered, someone is going to be hurt and then we shall have something to deal with which will be terrible."

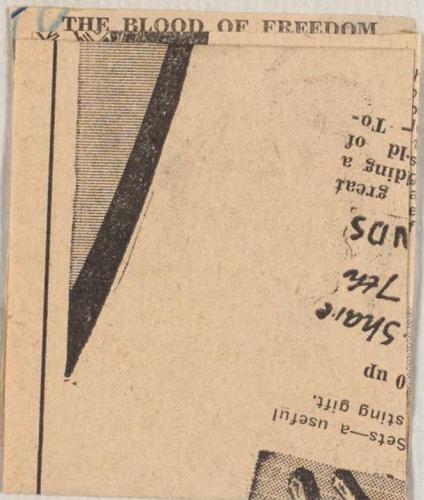

Prosecution of anyone found responsible for the attacks was promised by the officers.

**FIRST RELEASED NISEI  
SEEKS WORK AND HOME**

Tech. Sgt. Minora Masukane, 26, who joined the Army a month before Pearl Harbor, reported yesterday to the local office of the War Relocation Authority to seek aid in finding a job and a home to which he can bring his parents, now at the Poston Relocation Center in Arizona.  
According to W.R.A. officials, Sgt. Masukane is the first Nisei from the Pacific Coast to be released from Army service under the point system. He has 57 points, 42 for that many months in the service, 25 for overseas duty and 20 representing four decorations.

**RELEASED**—Tech. Sgt. Minora Masukane, first Nisei from Coast released.

**Born in Brawley**  
Sgt. Masukane was born in Brawley, in the Imperial Valley, and before the war lived near there on a farm with his parents, Mr. and Mrs. Setsuichi Masukane, and a brother, Takenobu. The latter was in Japan on a visit when war broke out and his fate is still unknown.  
Sgt. Masukane served with the 6th Army that liberated the Philippines. He has three battle stars on his Asiatic-Pacific campaign ribbon, a Philippine Liberation ribbon with one bronze star and a Good Conduct Medal.  
Yesterday, the sergeant was wearing prewar civilian clothes which his mother had saved for him.
