THE MINUTES OF THE RED CROSS MEETING
held at Recreation Hall #10

ATTENDANCE: Mr. Alston, Mr. Thorpe, Mr. Kim Obata, Miss Emily Minton, Mr. Lorne W. Bell, Mr. Sus Yamashita, Mr. Yoshio Katayama, Mr. Clark Harada, Rev. Kumata, Mr. Robert Iki, Mr. Frank Yamasaki, Miss Toshi Koba, Mr. Hikoyeda, and Mrs. Takahashi.

Mr. Kim Obata opened the meeting by introducing Mr. Ray L. Alston and Mr. Thorpe, field representative from Salt Lake City. The purpose of the meeting was to discuss the feasibility of organizing a Topaz American Red Cross unit here with all its phase in Red Cross work.

At this time, Mr. Alstn took over the meeting. He said that they were interested in the activities which canbe worked out under Red Cross and to have participation just as much here as nay other place in our country.

"In the matter of determining whether you want the Red Cross established among us we want to be perfectly free in deciding that and the way in which it can be done. Red Cross is a membership organization and anyone who is a member of the Red Cross has an opportunity to participate in it and the business, organization of it, and carry its services to everyone. Mr. Thorpe is the general field representative who has this particular part of the state to work with among the units. He will be looked to in the future to give service here. I will outline briefly the general plan of organization and activities that the chapter unit might develop."

"First, to try to get the Red Cross dev loped as much as possible and get as many representative as possible as the unit is organized. This organization includes a chairman, vice-chairman, treasurer, and secretary as an administrative officer with the chairman of Services. Those two group with any other representative may constitute the Board of the Unit, the board being the governing and policy making body of the unit. The activities are perhaps for disaster, natural disaster (perhaps the hazard may be a fire). There are problems of home service--family welfare problems, first aid, accident prevention, home nursing, nutrition, Junior Red Cross. These are listed among the regular services. The Junior Red Cross being the Red Cross in the schools under a little different arrangement of membership and organization by participating in all the regular Red Cross activities that can be participated on the level of the school children, elementary and high school."

"A special group of volunteer services which include the production work (sewing, knitting, production of surgical dressing, canteen corp, the nurses' aid, staff assistants, motor corp, hospital and recreatin corp, assistants to the case worker and family problems) is another function of the Red Cross."

"In setting up a unit the procedure is this: that some of the membership in the community there shall be elected at least as tentative officers who will petition to the American National Red Cross (in San Francisco), the administrative unit over this territory, for official recognition of the Red Cross in this community. When that recognition has been given, then we proceed to operate officially, expanding the organization to meet the needs."

Mr. Obata said that the reason why he had asked all the people to come in this morning was that he thought that a Red Cross unit fits every one of our units here in Topaz. The wardens, firemen could come in as a unit; home service, Social Welfare department; general first aid, Adult Education and compulsory for Block Managers, wardens, firemen, and all recreastinal leaders; accident prevention, Public Safety Wardens, public relation, and newspaper, and recreational leaders; home nursing, hospital staff; nutrition, dietician; Junior Red Cross, education. This was a recommendation and since it hits everybody here in camp all of us would realize the value of it. The topic was open for discussion.

Mr. Clark Harada asked if medical supplies would be available from the Red Cross if case there is a need for it. Mr. Alston said that supplies for the regular use of the community are provided by the government and it may be that that is the source to go to. He himself did not know for sure.

Mr. Katayama said that the Red Cross sent 3,000 messages from Tanforan and this would come under Home Services. This service is free of charge. Mr. Thorpe commented on the arrangement of home service. The field director of the American Red Cross are stationed at all post with soldiers and in addition to that the International representatives, all in foreign countries. That group of the Red Cross has primarily the contact work with the boys in the service and the families in the area where the field director is located. That is one division. The contact with the family at the home is carried on and conducted by the chapter so that when you organize a chapter it is the responsibility of the chapter to take care of our contacts of the family with the boys in the services. That makes an important item in organizing a local group if you have boys in the services. The local group is the contact through the boys in the services or civilians through civilians in other countries. It would pass through the American Red Cross or thhe International Red Cross.

Rev. Kumata asked in the event that the chapter shall be made here what will constitute the membership of the chapter and the elements of the membership before that chapter shall be recognized.

Mr. Alston said that it is assumed that a great many of those in camp are members already. When you organize a chapter in any particular area, 15 is the minimum so that there isn't much handicap there. Rev. Kumata brought up the point that there are some people who were members in San Francisco and asked if they could be transferred. Mr. Alston said that they had automatically been transferred over here. Those who are members may be officers and

participate in any activity here and go on in the continuation of the chapter business. The regular period for membership being taken in the Red Cross is usually in the fall and in November of Thanksgiving Day, but this year they are leaving that period and going into March so that it won't be until March of next year that there will be any membership enrollment. At that time in every chapter and unit all over the country will be carried on the War Fund Campaign which will include membership, those subscribing a dollar or more would obtain the membership. A dollar a year is the minimum fee. This year it will be called War Fund Campaign instead of Roll Call.

Mr. Obata asked if there were any other fee connected with the membership. The reason why he wanted to know was because finances are very limited in this camp. For the campaign for next March it is planned that the budget for the year for the chapter will be worked out as nearly as can be done. Then the National organization will budget for the year for the chapter will be worked out as nearly as can be done. Then the National organization will budget its national activities and pro-rate that to each chapter, depending upon its population. Other factors will be considered and that quota for national plus that local budget for the unit will be the campaign goal in setting up a goal. These planning in respect to goal is the campaign. Anyone subscribing to that Campaign Fund of a dollar or more will be a member in the Red Cross. The membership and the War Fund which is obtained at the time during March will finance the whole program together with the share of the national program. Altogether, 50% of each membership has to go to the National to take care of the National expenses, leaving the other 50% of the dollar membership or \$4.50 of a \$5.00 membership for local work in the local treasury. It will be based on the other arrangement next March. If that is raised exactly, then the local chapter can keep what is in the local budget and send to the national what was raised for the national share. If less, it will be in proportion to the ratio.

Mr. Iki asked if there were any restrictions to citizens for membership or holding office. Mr. Alston said no. The adult organization includes all adults. The children who are in school should belong to the Junior Red Cross and that enrollment is taking place this fall and is in basis of enrollment. The fee is 50¢ a room for the elementary schools which pays for the subscription of the news that comes into the school room to be used in the working of the program. That together with participating in a service program constitutes the membership in the Junior Red Cross.

Mr. Iki asked what constitutes an adult. Mr. Thorpe replied usually an adult is someone 18 years or over, those who are past the school age. For those who are in high school, the membership fee is \$1 for a hundred people. There is another point there that might be important. It is not a money-making proposition that goes on and on. They make one drive a year. You do the best you can in getting the quota. The Chapter has that money in trust and if unforeseen things come up where you have to perform your obligations and the funds are exhausted in the Chapter through legitimate Red Cross work, the funds of the National is made available to the Chapter. The goal is the total for the year.

Question was asked as to how the funds were disbursed. That has been 50¢ for the National and 50¢ for the local. Anything over that goes the same way. The work is all in favor of the chapter that has the work to do. The plan is to operate on a safe yearly basis. It is not a plan to set up reserve. There is enough confidence in the people, confidence enough in the Red Cross to carry on the work as we go year by year. The plan is to budget safely as nearly as we can and then plan and utilize that in service in the way it was planned. Mr. Alston stated that they were interested in the approach, to everyone in the community for their share in the matter, sharing in the providing for the service, and share in the membership in the Red Cross. Universal participation is the thing that is striven for mostly as well as for finance.

Mr. Thorpe said that one thing the Red Cross is noted for is the voluntary participation of all the people in the work. You very seldom have a paid worker in the Red Cross. People who would like to train as instructors are trained by the National Red Cross. Those people go out into the community and do the teachings without any cost. Within a compact community like this there isn't that expense that you might think there is because of the magnitude of the program. The Red Cross is the first organization that came in the social work. "For Humanity's Sake" is the slogan of the Red Cross.

Questions were asked concerning sewing materials for the soldiers. Mr. Thorpe said that sometime the chapter buy the material and the layettes. There is the quota of the National to be made by the area office and that is broken down by the organization and the materials are sent to the organization. The materials are free.

Mr. Alston said that the anticipated needs of the local community in the production work would be a part of the local chapter's responsibility to provide. Service to the outside, the men in service, there is always production program to the able bodied men in the service and to the men in the hospital.

The yarns for the sweaters and mufflers are sent in the by National. Goods for war relief are also sent in by the National. Comfort kits that go to all the men going overseas, the National provides the material for making the bags and the local chapter participates in the filling of the bags. In case you have boys in the services here, it is your obligation to take care of the families of the boys in the service. That is the Chapter's responsibility. That is a legitimate expenditure for the funds of the chapter. But they have the emergency closet that is available to civilian emergency. In there you have your layettes and the things of that nature.

Mr. Uata said that the attitude of the people here is: Why should we make clothes for other people when there is a need here. It all hinges together because lots of people are saying that WRA should supply us with everything. Mr. Alston replied that it all hinges in with everything. Mr. Alston replied that it all hinges in with the government service and the social service in the community. Mr. Thorpe stated that there is a very important point regarding civilian relief, with relief program of the American Red Cross.

This is the idea of the Civilian relief program. If you have a welfare agency which gives relief, have a Japanese aid society, and there is any form of civilian relief that needs emergency relief, that is where the Red Cross comes in. The Red Cross does not come in and duplicate the work of agencies. There should be no civilian sufferers in American Red Cross chapter. No civilian should suffer. The Red Cross is not a relief agency. It does not take care of things for a long period. Mr. Thorpe said that if a chapter is organized it is nice to have a membership but nobody will be barred from participation. The membership of your organization now will be from the membership which you had from the other areas. For the operation from now till March either one or both things can be done.

1. For what services are carried on and the little expense that there may be involved in them, do it out of the funds that you might contribute now yourselves if you want to be entirely independent and not have any financial assistance from the National Organization.
2. You can bring it up to the National organization and say that there are no funds here and say that it is not advisable to collect funds. Then send in a budget for that area office and apply to the area office for supplementation until the next time.

During a campaign containers can be put out and coins can be dropped in, but this is an individual thing and solicitation should be made a personal thing. Whoever contributes a dollar or more should carry their membership card which they can carry with them. That's the idea of Red Cross. Another idea of the Red Cross certainly is that everyone may participate in service to the Red Cross. Whether there are 15 or 15,000 members, all may participate in any part of the program of service.

Mr. Katayama, in explaining the way it was worked out in San Bruno, brought out the point that the average contribution is from \$3 to \$5. Mr. Alston said that the plan is to work directly with the National and become a unit of it.

Mr. Thorpe said that he had an idea that we were not going to be hit very severely on drives and another thing is that we are stressing the membership idea. Don't think in terms that you have to get membership from 8,000 people. That would be \$8,000 and there are chapters doing wonderful with only \$2000 budget for a year. He thought that the people were thinking too far ahead when they thought that about the money situation. The financial end of it shouldn't cause much worry.

Mr. Yamasaki asked if there was general Red Cross representative in this camp. He said that irregardless of the money involved, we should have a Red Cross representative here because there are aliens here. Money should not be considered at all. Miss Minton said that the important thing is to get the board and one of the responsibilities will be this very matter of finance.

October 16, 1942
9:15 a.m.

Mr. Obata asked for suggestions for any other persons to get in contact with and have a really organized planned-out program before going ahead. Mr. Alston suggested that either this group or the nucleus of this group should be the group to submit a request for recognition to the National organization. Also that there should be a committee from among this group to plan out those matters and submit a letter requesting the National organization to approve the acceptance of a unit here in Topaz. Then you can proceed officially in the matter of organizing and carrying on. A suggestion was to have those present today be the first committee. This committee would send a letter to Mr. Shaffer of the area. But it was thought that it would be better to wait a little while and discuss this matter thoroughly before sending in this letter.

It was decided to meet again sometime this coming week in the afternoon. In the meantime they were to be discussing this matter and bring those people who are interested in Red Cross work to the next meeting. It was decided to have a representative from the hospital and the individual church groups at the next meeting.

The meeting adjourned at 10:30 a.m.

Respectfully submitted,

Hisako Kuroiwa

yn

MINUTES OF THE MEETING
Topaz Red Cross Chapter

Time: 3:00 p.m. - 4:00 p.m.
Date: December 30, 1942
Place: Recreation Hall #10

ATTENDANCE: Mr. Tad Hikoyeda, Chairman pro tem
Mr. Ray L. Alston Mr. George Takeda
Mr. Mas Nakamoto Mr. Hank Ogawa
Mr. Tats Nakamoto Mr. Henry Fujita
Mr. George Suzuki Mr. Fujino
Mr. Kimio Obata Mr. H. Iwasa
Mr. Numajiri Mr. S. Yamamoto
Mr. Toshio Yoshida Mr. Ernie Takahashi

Mr. Tad Hikoyeda, Chairman pro tem, called the meeting to order. He introduced Mr. Ray L. Alston of the Salt Lake City Red Cross Chapter to the group.

PURPOSE OF MEETING:

Form a chapter in Topaz and to select the various chairman of the division. Mr. Alston was glad to furnish any information in regard to procedure of the Red Cross Program. Mr. Alston was asked to approach the Project Director, Mr. Ernst for a tangible organization to make the needs known and work things out. Heretofore, anything that has been done was more or less casual as no direct contacts had been made here.

TEXT BOOK:

First Aid is underway as text books are being furnished, and the shipment of 300 books have been sent in.

Twenty-seven pounds of candy came in to Dr. Carlisle, Superintendent of Schools for distribution from the National Organization, but it arrived a trifle late so it will be distributed on New Years.

In case other supplies are needed, find out what is wanted and work it out accordingly.

RED CROSS CHAPTERS IN OTHER CENTERS:

Mr. Fred M. Koba has written in for information regarding the Red Cross Unit in other Centers, and they have sent pamphlet materials.

On November 1, it has been indicated that Units have been organized in Tule Lake, Manzanar, and Poston, and possibly in Gila River Area. Representative of California were highly enthusiastic of organization in those places.

VOLUNTARY BASIS:

All chapter officers and executive officers are selected on a voluntary basis, as stated by Mr. Alston, as it is the arrangement in the Charter given by Congress. However, if the Chapter here feels the need, the Unit may have paid personnel and was suggested to get it up to Mr. Ernst. His order through Mr. Alston is that, as the organization is set up and the need arises for paid secretaries, or paid instructors, they will be placed on the pay roll. (The Red Cross Chapter will hire the person and be paid by the WRA)

PERSONS NEEDED TO STAFF THE RED CROSS UNIT:

Mr. Mas Nakamoto pointed out that some of the Subdivisions of the Committee to be set up were similar to the Hospital Department. He asked if they could automatically be included into the Committee or be of the appointive committee.

This is to be a Resident's Chapter correlated with the other activities, and it is for the residents to start it.

RED CROSS EXECUTIVE BOARD:

Chairman	Reverend K. M. Kumata (someone who is a good executive material, not loaded down with work)
Vice Chairman	Mr. Fred M. Koba
Secretary	Miss Yamashita or (Miss Faith Terazawa) (must get and keep minutes of meeting, records of activities, and periodical report.)
Treasurer	Mr. Yasuo Abiko
Executive Secretary	Mr. Yoshio Katayama (Report on the particular staff.)

CHAIRMAN OF RED CROSS COMMITTEE:

Chairman of First Aid	Mr. Yoshio Katayama
Chairman of Home Nursing (A twenty hour course given, to teach more about the danger of sickness and etc.)	Mrs. Edwin Kitow
Chairman of Home Services	Mrs. S. Fujita
Chairman of Disaster	Mr. James S. Shinoda
Chairman of Nutrition	Mrs. Kimio Obata
Chairman of Special Voluntary Services	(Block Manager, as they are in direct contact with the people.)
Chairman of Publicity	Mr. Iwao Kawakami
Chairman of Fund Raising	Mr. James Hirano
Chairman of Junior Red Cross	Mr. Henry Tani

A motion was made and passed that all executive committee will have the right to appoint a nominee in the various chairmanship.

It was suggested to have on the Board, an important member from the Staff to sit in with the regular staff and be part of the Honorary Board of the Appointive Staff.

(Miss Adrian Altvater and Mr. George Lafabreque were selected.)

Respectfully submitted,

Time: 7:30 p.m. - 9:00 p.m.

Date: December 30, 1942

Place: Recreation Hall #3

MINUTES OF RED CROSS MEETING

Date: January 8, 1943
Place: Recreation Building #3
Time: 7:30 PM

ATTENDANCE: Rev. K. M. Kumata, Miss Altwater, Mr. Lafabreque, Mr. Iwao Kawakami,
Mr. Yoshio Katayama, Mr. T. Hikoyeda, Mr. J. S. Shinoda

Meeting called to order by Tad Hikoyeda, Chairman pro tem. Minutes of the last meeting were discussed and corrected. T. Hikoyeda turned the chair over to the nominated chairman Rev. K. M. Kumata.

1. Purpose of the meeting
 - A. Delineate the line of authority of the various chairmenships
 - B. To notify Red Cross Headquarters Pacific Area of the inception of a Red Cross Chapter of Topaz City
 - C. To set the machinery of the Red Cross going
2. Red Cross letter from Mr. Ray Alston read to group

"March War Fund Campaign definitely cleared with West Millard County Chapter that the West Millard County Chapter would have no jurisdiction in the campaign in the territory of the Relocation Center, but all residents of the Center, both Caucasians and Japanese, will make their contributions to the Unit. When the campaign is conducted in Topaz Unit it was pointed out that the National Organization isn't assigning a pro rata share of the budget to the Unit so that the goal would only be their unit budget; however, provision should be made so anyone in the Unit who desires to contribute to National and International work of Red Cross should be able to do so and the contributions sent to National Organization.

"Talk with Dr. Carlisle about Junior Red Cross, planned for immediately, he felt the children themselves not in a position to pay for enrollment and the teachers would be perfectly willing to do so so that all schools could be 100% enrolled."
3. The next Red Cross meeting will be held January 14th, 2:30 p.m., at Recreation Hall #30.
4. The meeting was adjourned at 9:30 PM

Respectfully submitted by

Tad Hikoyeda

AMERICAN RED CROSS UNIT

WAR RELOCATION AUTHORITY

TOPAZ, UTAH

November 1, 1944

Mr. Masaru Narahara
Chairman Community Council
Topaz, Utah

Dear Mr. Narahara:

As a result of a recent showing of Charles Chaplin's famous picture the "Gold Rush" the residents have asked that the Topaz American Red Cross sponsor another one of his pictures. They have also asked that since the Red Cross has priority on films at reduced rates, to charge a small admission fee within reach of all financially.

The Chapter has been fortunate in booking a film for November 16-17 (Thursday and Friday).

It was agreed that adults be assessed ten cents and children five cents and whatever profits are derived from the adventure be donated to expending in the purchase of Christmas gifts for the Topaz children.

We are asking you and the members of your Council for the fullest cooperation, and sanction of this program.

Thanking you for past and present courtesies, I remain,

Very truly yours,

SUMMARY OF MOVIE SHOWN ON MARCH 11 & 12, 1945

ITTO-RYU-SHINAN

This story takes place about 200 years ago. A fencing master sends his son to a fencing school but instead he goes to study medicine. On his way home from the medicine school, he is attacked by 5 vagrant knights and robbed of everything. His fiancée's father hears of this and thinks bad of this and objects to their coming marriage. The 5 knights challenges the fencing master to a fencing match and the master beats the knights. The 5 knights go outside and sees the son and his fiancée and attacks him again. The son goes home and tells his father he is going to get revenge. The son fights the 5 knights with his fathers help and beats the knights. The son becomes a hero and marries the girl.

SHONEN-SHOKUN

A widowed mother takes her 3 sons from Tokyo to a country town. The 3 sons were disliked and made fun of by the town boys because they were strangers to the town. During the kite season the boys were flying their kites when one of the town boys cuts his string. The son gets revenge by cutting the other boys string. When a kite gets caught on a cliff the leader of the town boys goes to get it. He falls down the cliff but his fall is broken and is caught on a ledge. He calls for help and one of the 3 sons hears his call and gets help from the older folks of the town and also from the visiting Tokyo Boy Scouts. At the end the 3 sons from Tokyo and the town boys become friends.

March 13, 1945

There seemed to be nothing detrimental in the showing of these pictures.

Thank you
L.H.

FREE! FASCINATING MOVING PICTURES!

The eyes of the world today are turned toward those mysterious far-away lands of Thailand (Siam) Burma, and southern China. A vital and important phase of this global war is being fought through the dank sinister jungles and the rugged almost impassable mountain ranges of these lands.

With us now is man who knows this country intimately. He is Dr. Douglas Collier, Chief Medical Officer at Topaz.

Dr. Douglas spent 16 years practicing medicine in this far-away land. During that time, he took colored motion pictures of many interesting and little known scenes and activities, peculiar only to these countries.

Dr. Collier has consented to show a selection of his films in the Administrative Rec. Hall, Wednesday evening at 8:45 PM.

The showing is free to every member of the appointive staff and their family.

The selection of subjects will include pictures of elephants in the jungles and at work; a journey across north Thailand and Burma into southern China; pictures of temples and natives in their strange costumes; scenes of aborigines and their strange dances; a view of a colorful caravan on its way into distant Tibet.

The program will conclude with a reel of film depicting a mysterious and seldom seen ritual performed by Hindus of India, once in each 12 years.

Dr. Collier will lecture with the pictures as they are shown.

This is a rare treat and one that none should fail to enjoy.

TIME: 8:45 PM
Wednesday
July 5, 1944

PLACE: Administrative Rec. Hall

TOPAZ RED CROSS MOVIES

May 25-26, 1945

Civic Auditorium - 7:30 PM
(Doors Open 7:00 PM)
