Outside workers visiting project (social and recreational workers or representatives of national organizations)

<u>Name</u>	<u>Date</u>	<u>Purpose of Visit</u>	<u>Representing</u>
Mrs. Chester March		Inspection and promotion	Girl Scouts
National Arts & Crafts Supervisor			

Discuss briefly significant developments in field of recreation and community activities this month with comments on programs and plans for future.
The weather being inconsistent, many of the activities have been delayed. Many new and interesting activities such as kite and marble contests, an Easter egg hunt, outdoor shows, visual education and public relations work are being anticipated.

RELIGIOUS ACTIVITY: List churches (faiths and denominations) holding services;

GENERAL COMMENT: (Discuss briefly any significant changes or developments, or difficulties in connection with health and sanitation, giving suggestions and recommendations.)

Most of the evacuee doctors have relocated within the last few months and the center residents have been greatly concerned because of the scarcity of doctors. Three new doctors were added to the appointed staff of the hospital during the past month and this has done much to decrease the fears of the evacuees.

In general, health conditions at the center are satisfactory.

GENERAL COMMENT: (Discuss briefly any significant changes or developments, problems or difficulties in connection with health and sanitation, giving suggestions and recommendations.)

Three cases were at the State Hospital for Mental Disease at Little Rock on July 1 and a patient was taken from here for admission on July 14, 1945, making four patients there at present.

The two O.B. cases were taken to Dumas and delivered there. Both babies alive and well. All have returned to the project. Two surgical cases were patients at Dermott in July. One admitted June 25, 1945 and the other July 9, 1945. Both have returned to the project. Two patients were in Pine Bluff July 1st and one was taken there July 2, 1945 for X-ray treatments. All have returned to the project. One patient was taken to Pine Bluff July 24, 1945 for examination and treatment. Returned to the project July 28, 1945.
