Dear Mr. Collins:

Apparently, you were already informed by Mr. Shimizu that my request on parole has been granted to me. This, I feel very grateful for your very kind assistance and efforts you have unceasingly rendered in my behalf is something much greater than what I can truly express in words. I am also grateful to the administration in rendering me a kind assistance, although indirect towards my present desires.

The courtesy and sympathetic understandings given by the administration to my family ever since brought to this country is something that is unforgettable the rest of my life.

I am scheduled to leave this station very early on Tuesday morning for Chicago and during my intervals there, I plan to endeavor myself to the utmost and gain the knowledge to the fullest extent.

Once again, I wish to extend my heartfelt appreciation for your very kind efforts and assistance you have untiringly rendered.

Very truly yours,

Fusae Ohashi

Re : Case of Japanese Detainees
from Peru

Hon. Sir :

I would like to ask your special consideration to parole my family under some financial support of your office or any other organization.

All of the Renunciants and most of the Peruvian Group were paroled and this camp has become extremely lonesome, and we are very anxious of our future.

Formerly I was desiring to return to Peru and was temporarily paroled to Chicago about one month to study plastic industry to prepare for future life in Peru.

However unfortunately there is not still any reliable prospect about the possibility of our returning to Peru in the near future.

We are really tired out of the long internment life, especially in such lonesome circumstance. We are sincerely wishing to be paroled like other Peruvian group. However due to the following difficult situation of my family, I am hesitating to go out from this camp.

That : My family is consist as follows:

Taro	Ohashi	(45)	self	Japanese
Fusaye	"	(38)	wife	Japanese
Eurique K.	"	(10)	son	Peruvian
Clara M.	2	(8)	dau	Peruvian
Victor M.	"	(6)	son	Peruvian
Jeanne A.	"	(10 Mon.)	dau	U. S. Man

That : My first son, Eurique, is invalid and always in bed since his birth and needs our constant care.

(2)

That : My wife, Fusaye, is suffering from nervous disease since February of last year during her pregnancy and cannot work hard to make our living.

That : My youngest baby, Jeanne, was born on Oct.8, 1946 and now 11 months old. She needs also our care.

I am afraid that my works might be sometimes disturbed because of such circumstances and I cannot have enough self-confidence to make our living at outside.

If your office could arrange to issue relief fund to my family about \$20 a month per a member (totalling \$100 a month for whole family) I would be able to find some sponsor for our parole at any time.

I think our living in the camp might have been spending much more money than \$20 a month per a person. Considering of such big amounts of our living in the camp, if I could make our living at outside under such small support of relief fund, it would be economical to both side.

I heard that some of my friends in Seabrook Farms are receiving relief of State of New Jersey, because of their hardship case.

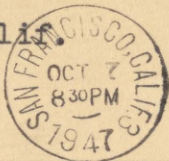

Please kindly consider of my case and help us to be able to live in free world as soon as possible.

Waiting for your kind and prompt advice,

yours very respectfully,

Taro Ohashi

In re: Taro Ohashi and Family,
(Peruvian-Japanese).

Dear Mr. Commissioner:

Taro Ohashi and his family, a Peruvian-Japanese family, heretofore detained by the U.S. Immigration and Naturalization Service at Crystal City, Texas, and now paroled, temporarily have been situated in the city of San Francisco. He has a son named Ken Ohashi, born December 24th, 1947, who is mentally defective urgently requiring institutional placement. The mother of the child is enceinte and the family is unable to give this child the institutional treatment required.

If the Public Health Service has not facilities to arrange for placement of this child, I would be obligated were you to arrange with the State of California for an institution here to provide for such care until the said family may be returned to Peru. It is my opinion that the child is entitled to such care at the expense of our government inasmuch as the said government itself is responsible for the child's presence in this country and the family is still technically held in custody of said authorities.

MOTION

This case comes before us for reconsideration, upon motion filed by counsel.

Our most recent order herein directed that action be held in abeyance pending the conclusion of litigation involving the same subject matter, viz: The possible relief from deportation of certain aliens of the Japanese race. Since that order was entered such litigation has been concluded or has become inactive and Congress has amended Section 19(c) to broaden the class of aliens who may be granted suspension of deportation (Public Law 863, 80th Congress, approved July 1, 1948).

ORDER: It is ordered that the hearing be reopened for the reception of such application for relief from deportation as may be made and for further appropriate proceedings in connection therewith.

IT IS FURTHER ORDERED that orders and warrants of deportation now outstanding be withdrawn.

In re: TARO OHASHI, FUSAE OHASHI,
VICTOR M. OHASHI, and CLARA M. OHASHI.

IN DEPORTATION PROCEEDINGS

IN BEHALF OF RESPONDENTS: Wayne M. Collins, Attorney at Law
Mills Tower Building, 220 Bush Street
San Francisco, California.

CHARGES:

Warrant: Act of 1924 - No immigration visa
Act of 1918 - No passport

Lodged: None

APPLICATIONS: Suspension of Deportation - Economic Detriment (Adult Aliens)
(Seven years' residence - (Minor Aliens)

DETENTION STATUS: Released on Conditional Parole

DISCUSSION AS TO DEPORTABILITY: This record relates to a 50-year-old male, his 42-year-old wife, both natives and citizens of Japan, and their 13-year-old daughter and 11-year-old son, both of whom are natives and citizens of Peru. All of the applicants are of the Japanese race. The adult male alien's only entry into the United States occurred at San Pedro, California, on February 6, 1943, at which time he was excluded on the grounds set forth above, but paroled into this country for interment as an enemy alien. The adult female alien and the two minor aliens entered this country on July 15, 1943, at New Orleans, Louisiana, at which time they were excluded on the ground that they were not in possession of valid immigration visas and were ineligible to citizenship. They also were paroled into the United States for interment as enemy aliens.

The entire family had been residents of Peru, and at the outbreak of World War II, were arrested as enemy aliens and brought to this country in custody of United States military authorities. At the time of their entries, they were not in possession of valid immigration visas, nor did they have passports issued to them by the country of their nationality. Therefore, they are deportable under the Immigration Act of 1924 and the Immigration Act of 1918.

DISCUSSION AS TO ELIGIBILITY FOR SUSPENSION OF DEPORTATION: The record shows that in addition to the minor applicants, the adult aliens have two other children who are natives and citizens of the United States. The adult male alien is self-employed in the operation of a small hotel and also engages irregularly in the export business. His average income during the past four years has been

about \$4,500 a year. Family assets consist of savings bank accounts with a present balance of about \$500, a \$5,000 equity in the home in which they reside and household and hotel furnishings with a total value of \$4,300. The adult female alien is unemployed and she and the children are entirely dependent upon the husband-father for support. It is clear from the record that deportation of the adult aliens would result in a serious economic detriment to their two minor citizen children.

As indicated above, the two minor applicants entered the United States in 1943, and the records of this Service show conclusively that they have resided in this country in excess of seven years, and were so residing on July 1, 1948. It is established that they have met the residence requirements for suspension of deportation under Section 19(c)(2)(b) of the Immigration Act of 1917.

As the respondents are of a race ineligible to citizenship, they are precluded from obtaining immigration visas by the provisions of the Immigration Act of 1924. Accordingly, they could not adjust their immigration status to that of lawful permanent residents through voluntary departure.

A check of the appropriate local and federal records has failed to reveal an arrest or criminal record relating to the adult respondents. The adult male alien registered under the Selective Training and Service Act of 1940, but is not presently required to register under the Selective Service Act of 1948. Inquiry has disclosed that the aliens have no connection with any subversive groups. Witnesses have been produced to establish that the respondents have been persons of good moral character for the preceding five years. On the record, the aliens have established their eligibility for suspension of deportation.

ORDER: It is ordered that the deportation of the aliens be suspended under the provisions of Section 19(c)(2) and 19(c)(2)(b) of the Immigration Act of 1917, as amended.

IT IS FURTHER ORDERED that if the Congress approves the suspension of the aliens' deportation, the proceedings be cancelled and the aliens, if quota immigrants at the time of entry and not then charged to the appropriate quota, be so charged as provided by law.

Dear Mr. & Mrs. Ohashi and family:

Congress, in addition to the Attorney General has approved your applications for suspension of deportation.

In consequence, you should submit so soon as possible a fee of \$18.00 each to the U.S. Immigration and Naturalization Service, Appraisers Building, 630 Sansome Street, San Francisco, to establish a record for lawful entry. Thereupon you will each obtain the status of a permanent residents of the United States.

Please write and let me know when you have paid the \$18.00 fee to the U.S. Immigration Service office.

Dear Mr. Collins:

I have sent a postal money order of \$18.00 each for my family to the U. S. Immigration Service. We are very much obliged that we are now becoming the permanent residents.

It started long time ago when the U.S. Authorities tried to deport us to Japan and thanks for your effort has been prevented it and turned it to a long immigration case. Now the things has been done what seemed then impossible to do.

Please recieve a enclosed check for \$50.00 on account of the sum I owe you.

I talked the other day with Mr. Kurotobi who has been here and Los Angeles with the mission for the sake of yours and then I felt my obligation to pay my part to you and now I wish I could to pay in the full amount. But I regret to say that I could'nt do it right now on account of my financial difficult caused by the several setbacks on my business.

I discontinued some time ago my gift parcel business, sold the Nob Hill Hotel lease and bought this Court Hotel lease the last June.

And now I'm struggling with my utmost effort to hold it out. If I could'nt hold it out next two or three months, I might lose everything I get during the past several years. It is not easy for me to support my six family, especially the growing children, with my few experience to live in this country.

Please accept my deep appreciation for your effort has been done to help us and my sincere apology for the delayed action to demonstrate it.
