Introduction

On May 14, 2005, the Hom/Tom family had their second reunion in Marysville. The reunion was a huge success with a total of 160 family members attending. The reunion was also on the front page of the local paper, the Appeal Democrat.

In planning for the third reunion, the Reunion Committee started meeting again in April, 2007. The committee wanted to make this reunion fun and also provide a learning experience.

The Chinese American Museum of Northern California has an outstanding collection of Chinese artifacts and photographs of Marysville and surrounding Chinatowns. It also has the restored bean sprout plant that supplied the bean sprouts to the many Chinese restaurants in Marysville and surrounding Chinatowns.

Added to this year's program is a tour of the Sierra View cemetery where Lee Shee, wife of Hom Kun Foo (first generation) and the second generation are buried. This will be the first time this tour has been done and this should be very informative.

Even though there were moments in the planning of the reunion that we were not sure if we could make it happen. Things started coming together once the date for the reunion was established. It was a collective effort by all the committee members and we hope that you will enjoy this reunion as much as we enjoyed making it a reality.

Fire-fee vote risky

Yuba district facing 'calamity'

By Bob Young

Yuba fire commissioners are expected to vote Friday on whether to raise the fire fee for residential customers. The vote is expected to be a close one.

The fire fee is a charge that is levied on residential customers for the fire department's services. The fee is currently \$100 per year.

The fire department is facing a budget crisis. The department is currently operating at a deficit of \$100,000. The fire fee is a major source of revenue for the department.

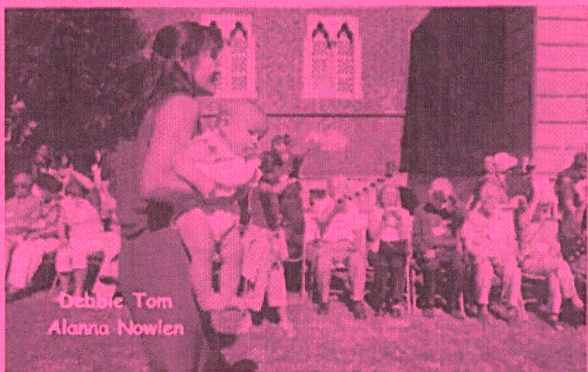

The fire department is also facing a crisis in staffing. The department is currently short of 100 firefighters. The fire fee is a major source of revenue for the department.

HOM KUN FOO / LEE SHEE - A short History

Hom Kun Foo was born in 1838 in the Bak Sui (White Water) village in the Taishan District of the Guangdong Province. He came to Gold Mountain (America) in 1851 at the age of 13 with an older brother in search for gold. He settled in Marysville during the gold rush years and later rented the building at 310 First Street, Marysville.

He started operating it as a general merchandise establishment and named the store, Tung Wo & Company.

In 1885, he married Lee Shee from Fresno. The first son, Lin was born in 1887. He was followed by 8 more children, Ying (daughter, 1888), Hen or Mary (daughter, 1890), Kay (son, 1892), You or Ida (daughter, 1894), Lung (son, 1898), Suey (son, 1899), Hing or Arthur (son, 1904) and Gim or Eva (daughter, 1908). They were all born in the Tung Wo Building at 310 First Street.

In early 1910, Kun Foo started to plan for a return trip to China after a fortune teller told him that he would die soon. He wanted to die in his homeland. He returned to China in December of 1910 to the Xybushan (Washcloth Mountain) village in the Taishan District and built houses for his 5 sons. He was highly respected by the villagers because he was the only person from that area that went to Gold Mountain and was not only successful but had sons and daughters born there. He passed away in 1923 at the age of 85.
