Dear Ruth:

From time to time I have seen small citations or have heard someone speak of ~~the~~ good work which the Committee on American Principles and Fair Play is doing. Recently we distributed a number of copies of A Balance Sheet on Japanese Evacuation by Galen Fisher. As you know, from your visits to a number of centers, evacuees are confronted with many problems and have, consequently, been subjected to great stresses which effects their attitude towards their future in America. I am sure for those who have eyes to see they can understand that in some ways Japanese-Americans are in a peculiar set of circumstances. However, on the other hand many of the hardships and losses which many of the evacuees suffered are not solely peculiar to them as many believe.

*See

my*

I am very much interested in seeing that the thinking evacuees come to find out the names of their friends outside, whether they be individuals or organizations, so that any energies expended may supplement the working of these organizations. When you have time, therefore, I would appreciate very much receiving a letter from you and, or, copies of any literature which your organization has so that I might acquaint some of the people in Manzanar with the program of action which you, and the committee, are working on. I feel sure that if more of our people knew who was working for the same kinds of justice and social equality, about which they are concerned, there would be considerable enlightenment and lifting of their morale.

I should have written this letter months ago but

hope that it is better late than never. Also find enclosed a check for \$5.00 to purchase one of your contributing memberships.

Trusting that you and Harry are well and that you are making the progress in your work which you hope for, I am,

Sincerely yours,

Dear Mr. Fisher,

Many thanks for your letter which came today and for the report of the committee's work during the past year. I appreciated receiving a copy of your article but more than that I appreciate the work that you and the members of the committee are doing every day to strengthen and maintain the principles of American democracy for all our citizens.

So far I have found in the East a much more receptive ear for a reasonable plea for fair treatment of Americans of Japanese ancestry than is usually the case in California. It makes me proud to commend the work of our California committee to tolerant citizens here.

July 19, 1944

Dear Dean Jackson:

This Committee is facing the most challenging mandate of its career. To explain:

Admiral Nimitz and other spokesmen have declared that danger of invasion has passed. Hence, the restrictions imposed on the Japanese evacuees "for reasons of military necessity" can be relaxed. Since the Army ordered the evacuation, the Army should, and almost certainly will, rescind it, before the end of the war. No mass return of evacuees is likely at any time. The legal right of any evacuees to return will doubtless be assured by the Federal courts, in case either State or local bodies attempt to bar them.

But the practical question is this: will there be a social and economic boycott against returning evacuees sufficiently strong to prevent them from earning a living or dwelling in safety? The answer is: just such a boycott will probably confront them in many communities, unless the tide of contempt and hatred against all evacuees is greatly modified.

It is this situation that constitutes our mandate. To meet it, it is proposed to carry on an intensified campaign of education throughout the West Coast: 1) the formation of scores of local groups whose members will ensure fair-play and work opportunities to returnees; 2) wide use of printed matter such as "American Fighting Men Speak Out" and newspaper publicity, when and where it is desirable; to be followed by 3) conferences of civic leaders in a dozen or more pivotal cities, to be addressed by eminent persons on our Committee and from the East.

All this means extra funds: about \$7,000.00 this fall and winter to cover the campaign and maintain regular activities. We hope to secure at least half of this amount from one or two foundations, but much of it must come from our members. We therefore lay the situation before you believing you will wish to have a substantial share in this crucial project.

Plans must be laid at once. Your early response will be most welcome. An addressed envelope is enclosed for your convenience.

Galen M. Fisher

To meet it, it is proposed to carry on an intensified campaign of education throughout the West Coast: 1) the formation of scores of local groups whose members will ensure fair-play and work opportunities to returnees; 2) wide use of printed matter such as "American Fighting Men Speak Out" and newspaper publicity, when and where it is desirable; to be followed by 3) conferences of civic leaders in a dozen or more pivotal cities, to be addressed by eminent persons on our Committee and from the East.

All this means extra funds: about \$7,000.00 this fall and winter to cover the campaign and maintain regular activities. We hope to secure at least half of this amount from one or two foundations, but much of it must come from our members. We therefore lay the situation before you believing you will wish to have a substantial share in this crucial project.

Plans must be laid at once. Your early response will be most welcome. An addressed envelope is enclosed for your convenience.

Sincerely yours,

G. M. Fisher

I was "in" the Japanese Evacuation and am now honorably (= Disability) discharged from the Army and feel plenty strongly about the Evacuation

I remember that in 1942, Col. Bendelsen and someone else both (= 2 talks) spoke before the Commonwealth Club & both favored Evacuation. Since I returned home a Big Shot in the Nation Sons spoke before the Club (it was on the Radio). Question is whether anyone has spoken for the Evacuees, and if not, why not? The Commonwealth Club has something about "Set the facts." (I notice that several members of your Executive Committee & Advisory Board are members of the Commonwealth Club.

Dear Hal:

Heartily do I subscribe to the principles of the Committee on American Principles and Fair Play. However, I am becoming involved in so many worthy undertakings in some of which I have been making major outlays and will continue to do so (particularly in middle-of-the-road politics and winning of the peace), that I shall limit my participation to that of a general member.

Dear Sirs:

Enclosed is a membership fee.

On December 8th, I am chairman of a meeting of the University Women of Santa Cruz. The topic for the meeting is the return of the Japanese-Americans to California. I already have considerable material but wonder if you have any more recent articles that would be of value to me? Do have more on the meeting of the Committee on American Principles and Fair Play at Pasadena where Dr. Millikan was chairman and Mr. Meyer spoke?

The material I have includes:

A Balance Sheet on Japanese Evacuation
by Galen Fisher

What About our Japanese-Americans? by
Cary McWilliams

Sgt. Ben Kuroki: Commonwealth Club
Speech

Also newspaper and magazine articles.

Do you have speakers who are available to small communities such as Santa Cruz?

Sincerely,

Elizabeth James.

Dear Miss Janes:

Under separate cover, I am sending you material relative to the Japanese Americans which you may find interesting and informative.

We could suggest names of persons who might be available as speakers in Santa Cruz. The W.R.A. provides speakers, and has some films pertaining to the evacuation which they are glad to show to interested groups. The address is 461 Market St. Rm. 201, Sheldon Bldg., San Francisco, Calif.

If we can be of any further assistance, please do not hesitate to call on us.
