THE SECRETARY OF THE INTERIOR  
WASHINGTON

DEC - 3 1945

My dear Mr. Crotty:

I am not surprised to learn from your letter of October 31 that you have found the living conditions so unsatisfactory for many of the returned evacuees of Los Angeles County. Mr. Myer and I have been concerned about that situation for some time.

It has been difficult to locate really adequate living quarters for all the evacuees returning to that area because of the serious housing shortage which prevails there. The War Relocation Authority, confronted with the necessity of closing all the relocation centers before the end of the calendar year, has adopted a plan which is admittedly only a partial and makeshift solution. Certainly the projects such as the Lomita Air Strip are not suitable for long range occupancy and were, in fact, never intended for that purpose. They do, however, have the decided advantage of placing the evacuees in the community of their choice where they can seek more suitable and permanent accommodations in line with their individual needs, and where the dependent ones among them can be brought into personal contact with the representatives of the local welfare agencies.

By the time you receive this letter, the last of the relocation centers (as distinct from the Tule Lake Center) will have been closed. The two main jobs that lie ahead for the War Relocation Authority staff on the West Coast are (1) to help the people now living in the temporary projects such as the Lomita Air Strip in transferring to a better type of housing, and (2) to work with the welfare agencies of California in improving the services provided to dependency cases. The Authority is planning to maintain its field staff in the West Coast offices well into the spring of 1946 for the purpose of completing these assignments.

I earnestly hope that the Authority will have the support and cooperation of your committee in dealing with these problems so that the relocation program in Los Angeles County may be brought to a satisfactory conclusion.

Sincerely yours,

HAROLD L. ICKES  
Secretary of the Interior.

In the Directory of Agencies in Race Relations published by the Julius Rosenwald Fund, the Director suggests united action of groups organized to deal with problems in communities, and we are urged to use the Directory as a "source of useful contacts among organizations with similar aims and programs."

We should like to know the names and addresses of your representatives in the states of Washington, Oregon, California and Nevada. The West Coast Regional Office of the NAACP serves these states. We are anxious to arrange a meeting early in 1946 of interested groups and would appreciate your immediate response to our inquiry.

DEC 1

Mr. Alfred J. Lundberg  
Key System  
Grove Street  
Oakland, California

Dear Mr. Lundberg:

The War Relocation Authority is establishing a panel, from which the Director of the Authority may, from time to time, select three members to hold sessions as a Board of Appeals for Leave Clearance to consider the appeals of Japanese-American evacuees whose application for indefinite leave from a relocation center has been denied by the Director.

I should be happy if you would agree to serve as a member of that panel.

Although a fuller statement concerning the Leave Regulations of the Authority and the procedure to be followed by the Board of Appeals for Leave Clearance will be later made available to the members of the panel, I should like to indicate here very briefly the general procedure to be followed. Under the Leave Regulations of the Authority any evacuee, whether citizen or alien, may apply to the Director for permission to leave a relocation center. That application is considered and an appropriate investigation is made. Information that is available in the files of the intelligence agencies of the Government is examined. The applicant is thereupon notified that his application for indefinite leave has been either granted or denied. The Regulations of the Authority provide that every applicant shall be granted leave as a matter of right where the applicant has made arrangement for employment or other means of support, where the community to which the applicant wishes to go is reasonably willing to accept evacuees, where the evacuee agrees to keep the Authority notified of his changes of address, and where the Director has no reasonable ground to believe that the internal security of the country would be endangered through the issuance of leave to the applicant. We are now providing that an applicant who has been denied leave -- and the denials, almost without exception, are due to a belief that the internal security

*Leave Reg*

of the country would be endangered through issuance of leave, rather than through a failure to satisfy the other requirements as to employment, community acceptance and reports -- may appeal from that denial, and the Director will refer such appeals to the Board of Appeals for Leave Clearance. It is our plan to have the Board hold its sessions at the Tule Lake Center in northern California, at Newell, about 35 miles from Klamath Falls, Oregon.

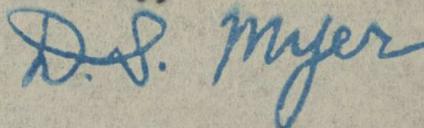

We have no way at present of estimating the number of appeals that will be made. It is our plan to call a meeting of the Board when a number of cases are available for consideration. The Board would then sit in continuous session at the Tule Lake Center, probably for about a week at a time, until all pending cases are disposed of. The Board will not have the power of final decision; it will make recommendations to the Director for disposition of the cases, but the Director anticipates that, in the absence of very strong reasons to the contrary, he will be guided by the recommendations of the Board.

It is our plan to pay a per diem compensation to members of the Board that will be adequate to pay for actual travel and subsistence expenses incurred. We are not planning to pay a salary in addition to these expenses.

If you find that you are able to spend an occasional week on our work but not more, I shall be happy to have you indicate that and we can make our plans accordingly. Before any convening of the Board, it is my plan to check with the members of the panel and select three members who can conveniently sit for the particular session of the Board.

I hope that you can find your way clear to accept membership on the panel. Will you let me hear from you at your early convenience.

Sincerely,

Director

Mr. N. W. Griffin, Regional Secretary  
National Association for the  
Advancement of the Colored People  
Room 206, Geary Street  
San Francisco 8, California

Dear Mr. Griffin:

We regret that we will not be able to meet with you in the meeting you are planning for early in 1946 of interested groups on the West Coast. The only reason that we will not be able to meet with you is that our Committee is bringing its work to a close next week.

Organized as an emergency group to support law-abiding persons of Japanese ancestry, particularly during the war years, we now feel that the greater part of our work is done and that other more permanent groups are now ready to take over what is left undone by shorter-lived agencies.

I have very much enjoyed meeting and working with Mr. Joseph James from time to time. I hope that being free of my work with the Fair Play Committee will allow me to put more time on some of the other programs that my husband, Harry Kingman, continues to be interested.

May I wish you the best of luck in your plans for developing additional "contacts among organizations with similar aims and programs."

Very sincerely yours,

Mrs. Ruth W. Kingman  
Executive Secretary

Pfc. Ned Minamoto  
1235 S. W. Alder

Dear Mr. Minamoto:

It is always good to hear from any of the men overseas. It is especially good to hear from anyone from the 442nd. So much of my time and interest have been devoted to affairs in which you men have a very deep concern, that it always affords me the greatest pleasure to hear personally from any of you.

The Fair Play Committee is satisfied that there are now several organizations and civic agencies up and down the Coast which are ready to champion the cause of the Nisei. These organizations and agencies are of a permanent nature and can contribute more, in the long run, than can our organization which was drawn together on an emergency basis at a time when other organizations were not ready to go the whole way.

Because we feel that the work will be carried on satisfactorily by other groups, it has been decided that the Fair Play Committee shall discontinue working as a committee and we will close our offices on December 20th.

I am glad that your letter came when it did as we still have on hand the material you have asked for.

Thank you again for your fine letter. I hope that you have all the luck in the world yourself and that your country, particularly that portion of it which is located on the Pacific Coast, will eventually afford you and your buddies the high place in our respect and affection which you have won.

Very sincerely yours,

The enclosed minutes carry an account of the "Discussion on the Dissolution" of the Fair Play Committee.

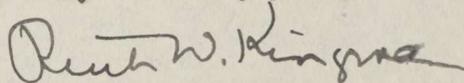

We feel that you will be interested in these minutes, and will wish to go over them.

May I thank you for your interest and cooperation in the work of the Committee?

It has been a big job, and a satisfactory one which we have done. I am confident that it could never have been accomplished nor even undertaken without the support of the persons who make up our Advisory Board and Executive Committee.

It has been a privilege for me to work with and for such a Board. May I add my own personal word of thanks to you along with the gratitude of the entire membership?

Dr. Taylor expressed deep appreciation of Committee of all of the effort and time given to its work by the Executive Committee, and spoke particularly of the work of the Executive Secretary. The members present joined Dr. Taylor in expressing the latter.

Dr. Fisher proposed that resignation of Executive Secretary be accepted with deep appreciation and admiration for effective service.

Meeting adjourned: 5:45 p.m., December 12, 1945.

results achieved by the

This Committee has been deeply gratified with the ~~progress of the~~ Japanese-American Student Relocation Council in placing Japanese-American students in institutions of higher learning outside the restricted Western Defense area. We have been correspondingly disappointed to learn that on June 4, 1943 twenty institutions had been withdrawn from the approved list for the entry of such students, the names of the institutions being contained in the "Master List of Schools Having Classified Naval Activities Making It Undesirable That Japanese Attend".

~~In respect to~~ If the only reason for the inclusion of ~~we venture to call attention especially to the two institutions for women, Mt. Holyoke College, and Smith College, if the only reason for their~~ inclusion in this list is the presence of units of WAVES officer candidates, we respectfully request that the order be reconsidered. It is difficult to see how the presence of Japanese-American girls who had been cleared by the thorough process followed by the War Relocation Authority, in collaboration with the Naval and Military Intelligence and the F.B.I., could conceivably constitute any danger to the WAVES. Furthermore, we are informed that those two colleges are at liberty to employ instructors, gardeners, janitors and maids, whether aliens or citizens, of Japanese extraction, whether aliens or citizens, who have not had to undergo any such scrutiny as to their loyalty or character.

Allow us to call your attention to two other considerations that argue for the restoration of these colleges to the approved list, unless there are other factors unknown to us which constitute a menace to national security. The first is the record of the approximately one thousand Japanese-American students who have already been relocated. So far as the War Relocation Authority is aware, none of this large body of students has been accused of any subversive conduct whatsoever; ~~but~~ on the contrary, they have ~~won~~, as a whole, won a high reputation for their civic loyalty and academic fidelity. The second is the fact that the War Department has admitted more than 9,000 young men of Japanese ancestry into the armed forces.

We venture to hope that a similar reconsideration may also be given to the other institutions in the list of June 4, 1943. Their elimination from the approved list is a body-blow at one of the most important items in the government's program for the relocation of the evacuated Japanese-Americans.

We present this petition with the firm conviction that even in time of war it is of paramount importance that the rights of all citizens should be scrupulously maintained, except as they may have to be temporarily curtailed in the unquestioned interests of national security.

Dear.....

You may be familiar with most of the items mentioned in the enclosed summary of Activities in 1943, but seeing them in the mass gives a better idea of their cumulative effect. Even so, the most telling achievements don't appear at all, for they don't lend themselves to formal report.

The year's record proves the wisdom of having an Executive Secretary, and we were fortunate to secure one so able and discreet as Mrs. Kingman. She stands high in the esteem of important leaders both in Washington and along this Coast. But the brunt of the field fighting, so to speak, has been carried by our 800 members in a hundred communities. Pointed printed matter has provided ammunition. Not less than 100,000 pieces have been distributed. A pamphlet that surpasses "A Balance Sheet on Japanese Evacuation", in sales, as well as in effectiveness, is the oven-fresh "American Fighting Men Speak Out".

We have been ~~extra~~ careful not to demand too much of the time of yourself and other Board and Committee members. But we do now need your financial help. The budget for the ten months of 1943 was \$7000. For 1944, about \$8500 is needed. ~~If Board members all give an average of \$20. and if Columbia Foundation renews its grant of \$3,900, we can keep in the black. Last year you kindly gave.....~~

The fight will continue to be as hot as it was last year, even though significant gains have been made. The eagerness of the Army and other Federal authorities to maintain the constitutional principles for which we stand is our biggest asset.

Please respond at your earliest convenience.

Sincerely yours,

*We understand that members differ widely in resources and in the demands upon them, and would not presume to prescribe what each should do, but we hoped you might see fit to give the Board and Committee members an*
