COMING  
EVENTS

The Alumni Association's fall season of dinner meetings promises to be exciting. Speakers will address themselves to the critical issues of the day: the annual wage demands of the Auto Workers and Steel Workers, the proposals for changes in the Unemployment Compensation Law presently debated in Congress, the effect of Medicare on group health insurance plans and company contributions to such plans under collective bargaining agreements, the right to strike by public employees, the political as well as the economic climate in which unions live today, and many other--sometimes controversial--subjects of current interest to those of us in the industrial relations field.

Other meetings will feature presentations by representatives of the State of California Mediation Service, the State Workmen's Compensation Board, the National Labor Relations Board, noted arbitrators, and other speakers of both state and national renown. Make it your habit to set aside the second Wednesday of each month to join with us in this spirited forum for the discussion of what's "in" in industrial relations today.

Mark this on your calendar now: Tuesday, September 13, 1966 (the one exception to the usual Wednesday), cocktails at 6:00 P.M., dinner at 7:00 P.M. and Mr. Hackler's talk at 8:00 P.M. The place: The Boardroom, 3361 West 8th Street (near Western Avenue). Don't miss it...you'll be sorry if you do!

Our June meetings participants toured the dental facility of the Los Angeles Culinary Employees Fund. This facility is under the direction of Dr. Donald MacQueen.

The achievements of Dr. MacQueen were officially acknowledged by the State of California, when, on Thursday, August 18, 1966, Governor Brown presented him with the "Golden C of California", and a plaque containing the following inscription:

"For outstanding services of great benefit to citizens of the Golden State, meriting the lasting appreciation of all fellow Californians, The Golden C of California is gratefully awarded to

THE  
ALUMNI ASSOCIATION  
AND YOU

There are some of you who will receive the Institute of Industrial Relations Newsletter perhaps for the first time. The Alumni Association has just updated its mailing list and has included persons whom the Alumni Executive Board thought might be interested in the Association's activities.

The Constitution of the Institute of Industrial Relations Alumni Association includes among its objectives that the membership "meet and participate in discussions with nationally prominent industrial relations leaders" and that "we communicate with other local industrial relations personnel." We are trying earnestly to do that.

It is our desire to generate an active interest among those who work in the field of Industrial Relations, though they may not have had any formal relationship with UCLA. Associate membership is available to anyone active in this field. Your attendance at our monthly dinner meetings and participation in the after-dinner discussions will be welcome, and so will any comments you may have on the format and subject matter of the Newsletter. Please write to Rita Sann, Institute of Industrial Relations, UCLA, Los Angeles, 90024.
