PROGRESS

1943

NEW TWENTY YEARS

FESTIVAL

Year, 1942, an eventful, ruthless, war mad 365 days has finally parted our company. We are greeting the New Year, 1943, at Poston, Arizona, with high hopes that it will be a happy, victorious year. May we all join in a common prayer that the next twelve months will see the reconstruction of the destructive past year, and a resurrection of our faith and ideals.

We all at Poston, came to this desert jungle which was baked in unimaginable heat and intolerable dust under most unwelcome, undemocratic and unAmerican circumstances. Most of us at first were dejected hopelessly. However, through this adversity emerged character, energy and altruism which has again given us meaning and enjoyment to life and living and a perspective into a happier future.

The New Year Festival, its energetic committee, its fine exhibits exemplify this new spirit of the Community. Congratulations, Poston residents! Let us all progress with unity.

John Maeno

John Maeno, Chairman
Community Congress Unit II

CONGRATULATIONS TO POSTON TWO for its plans for a New Year Festival!!

It is hoped that every resident of Poston Two will take part in making this affair a success. This will give the residents of Poston One and Three as well as the residents of Poston Two an opportunity to observe the creative ability of the people of Poston Two and to enjoy your success with you.

May this and all future efforts and worthwhile activities be successful.

Sincerely yours,

W. Wade Head
W. Wade Head, Project Director

GREETINGS TO ALL RESIDENTS OF POSTON:

Laying aside memories of difficulties, hardships, and disappointments suffered in the past year, the people of Poston Two have entered into the New Year with a spirit of hope and determination to make Poston a more desirable place in which to live. With this as our goal we have started 1943 with the New Year Festival in order to show in some measure, at least, what has been produced by a few and what can be produced in one form or another by all.

The old adage "To work is to live" still holds good whether in crowded cities or in sparsely settled deserts. Those who find happiness and whose lives are full of meaning are those who work to help others to the best of their abilities.

A spirit of cooperation and unity of effort has been manifested by all those who have labored together to make this Poston New Year Festival possible. If this same spirit of cooperation and unity of effort can be transferred into the work of all citizens of Poston, then our residence here will have been a positive worthwhile addition to our lives.

James D. Crawford
