Dear Mr. Dellums:

As a member of the Board of Directors of the Council, you are in a strategic position to render valuable service to the Democratic party in this county.

I have again accepted election as President with the hope that during the next few months we can accomplish the organizational goal contemplated when the Council was formed, in 1949. This will be possible only with the concerted effort of all the officers and directors.

For your convenience I am enclosing a roster of the present officers and directors and a copy of the By-Laws.

We will shortly hold the first meeting of the new Board of Directors. We will be considering proposals for changes in the By-Laws regarding membership and dues. A committee is now making a study of this problem.

I would like to have you give some special thought to the problems of our party between now and the first meeting so that you can give us the benefit of your considered judgment.

Sincerely,

LYLE E. COOK
