

Container List for the Gene Weber slides, photographs, and artifacts, 1945 – 1989 (#1993-22)

Scope and Content of Collection

The Gene Weber slides, photographs, and artifacts collection documents over 30 years of Gene Weber's photographic works, with an emphasis on capturing San Francisco-based gay life. His subjects range from travel and LGBT events to S&M and leather culture, revealing the diverse interests and hobbies of Weber throughout his life. The majority of this collection documents male S&M, bondage, and other sexual scenes.

The collection is arranged into five series, according to the format of the material: artifacts; correspondence; film; photographs; and slides. Slides make up the majority of the collection and include both sexual and non-sexual subjects. Artifacts include a slide projector and two slide trays (with slides still in trays; not removed to preserve original order), likely used by Weber during intimate social gatherings. Original folder titles were retained, when available; loose or un-labeled material was described and provided a title by the Processing Archivist.

Series 1: Artifacts, 1977.

Physical Description: Oversize Box 1-3; Item 1

Oversize Box 1-2	"Cayman 77" – 2 Kodak Ektagraphic Universal slide trays, with slides in place (about 117 slides total), 1977
