

# Other Minds Records

## Digital Files

---

This searchable document lists the digital files in the Other Minds Records collection.

The files are described in the following series in the collection guide:

Series 1: Events

OM Festivals

OM XI: Digitized photographs (ms0414\_med\_0031)

Series 3: Administrative Files

Other Minds general administrative files

Digital files (ms0414\_med\_0001-0030)

## General note

This file directory includes date last modified, size, and file name for each file, with file type listed afterwards if available. Folders are expressed as file paths.

## Access information

Open for research. Digital files are available in the UCSC Special Collections and Archives reading room. Some files may require reformatting before they can be accessed. Technical limitations may hinder the Library's ability to provide access to some digital files. Access to digital files on original carriers is prohibited; users must request to view access copies. Contact Special Collections and Archives in advance to request access to digital files.

## Processing information

This component of digital files was processed by Special Collections staff Alix Norton in 2018-2019. Digital files were transferred from carrier disks (30 floppy disks, 1 CD) in 2018. Files from 3 out of the 30 total floppy disks (ms0414\_med\_0001, ms0414\_med\_0004, ms0414\_med\_0010) were not able to be transferred. Duplicate files, personnel records, and other out of scope files were not retained. Files were not reformatted, and file names are original to the creator. Original disks were retained and are included in the collection.

See the [Collection Guide to the Other Minds Records](#) for more information.
