**Biographical / Organizational Information:**

The 15 Association was established in February of 1980 in San Francisco as a fraternity of gay men who are interested in BDSM. It is one of the West Coast's oldest and most recognized gay men's BDSM clubs. The "15" in the name comes from the structure of the organization – there will always be 15 "fraternal members" who sit on the board and make decisions regarding the direction of the club. All other members are called "associate members." Major activities of the 15 Association include monthly play parties, charitable events, and association meetings.

**Scope and Content:**

The records of the 15 Association include correspondence, event ephemera, newsletters, member and event rosters, meeting minutes, newspaper clippings concerning the 15 and other topics of interest, personal BDSM artifacts and leather vests, and a set of collectible pins. The strength of the collection is found with the event fliers, meeting minutes, and photographs. These series give a historical overview of the involvement and impact that the association has had in the 1980s and 90s within the BDSM scene in San Francisco and beyond.

**Arrangement:**

The *administrative series* ranges from 1980 to 2016 and includes meeting notes, constitution and bylaws, and individual member files, arranged by date. Of particular interest is the file on the early beginnings of the association.

The *membership series* contains membership applications and rosters, mailing lists, and some individual member files for members of note.

The *events series* contain materials relating to various events hosted or attended by the Association, from 1980 to 2020, including the annual Boot Camp Summer campouts. Arrangement is first by event title and then by date.

The *publications series* contains a wide range of newsletters and articles about the 15. There are also files of other clubs' newsletters which the 15 subscribed to and were used to keep up to date

with the leather and BDSM community within San Francisco and beyond; filed by title, then by dates.

The *correspondence series* contains various letters. These are separated by letters between members, letters from member or non-members to the club. There are letters between the 15 and other BDSM or queer advocacy clubs.

There is a *photograph and media* series that documents events of the 15. These are mainly photos of Boot Camp and anniversary parties, but some other events and media types also. Arranged by creator and date.

The boxes of *artifacts* contain a variety of items. Some are personal belongings, such as badges or leather vests, and some are “The 15” branded items that were given away or available for purchase, such as patches, mugs, or anniversary party handkerchiefs and center pieces.
