## Descriptive Summary

**Title:** La Jolla Art Association, RG005.21

**Dates:** 1918 - Present

**Collection Number:** RG005.21

**Creator/Collector:** La Jolla Historical Society

**Extent:** 2.5 linear feet

**Repository:** La Jolla Historical Society, La Jolla, California 92037

**Abstract:** The La Jolla Art Association Collection is made up of photographs, ephemera, and archival material collected by the La Jolla Historical Society since the 1930s to use for historical research and reference. The Association, one of the earliest in southern California, was formed in 1918 at the home of Ellen Browning Scripps. Eleanor Parkes presented the proposal and also became the first President, presiding until 1950. The purpose of the Association was to support local artists and exhibit their works of art. The first exhibit was in 1921 at the La Jolla Woman's Club. In 1920, when a new library was being planned, members of the Association approached Miss Scripps asking her to support a permanent art gallery adjacent to the library. Through her efforts, a side lot was purchased, and a separate room was included by architect William Templeton Johnson. The Association has moved over the years, but still supports artists today in La Jolla. This material pertains to the history and heritage of La Jolla, California, its people, places and events. A container list is included in the PDF and HTML versions.

**Biography/Administrative History:** The La Jolla Historical Society inspires and empowers the community to make La Jolla's diverse past a relevant part of contemporary life.

The La Jolla Historical Society's Collections encompass over 80 years of actively collecting archival material, books, maps, scrapbooks, ephemera, fine art, newspapers, street and land use files, business and personal documents and historic and archaeological artifacts. The Society boasts over 20,000 photographs, over 1000 postcards, 400-plus architectural drawings and approximately 200 oral history recordings.

Collecting was initiated by Howard Randolph and volunteers on the historical committee of the Library Association of La Jolla. The Collection began by gathering photographs and documentation in the late 1930s, which later became the nucleus of the La Jolla Historical Society's Collections. The Society was created in 1963.

Through many moves in location the Society continued collecting and expanding. Accumulated Collections took on its current construct in 2010 after the renovation of the La Jolla Historical Society's campus of structures in central La Jolla, which consists of the 1904 Wisteria Cottage and 1940s Balmer Annex used for exhibits and programming, and a 1909

cottage used for business and research offices. The late Ellen Browning Scripps' 1916 automobile garage was also renovated and now houses the Collection in a modern collections storage facility. Materials are housed in archival boxes, sleeves, envelopes and other archival-safe materials and are cared for according to standards and best practices of the museum profession. In 2016, the Society initiated new PastPerfect Museum Software to manage and catalog its Collections and in 2018 started using the Online Archive of California to upload searchable information from its Collections to enable improved public access. The Society will continue these processes and look forward to utilizing new opportunities to collect, preserve and share the history of La Jolla.
