

## Digital Files Directory

---

This searchable document lists the digital files in the KZSC Santa Cruz records.

### Access Information

Open for research. Digital files are available in the UCSC Special Collections and Archives reading room. Some files may require reformatting before they can be accessed. Technical limitations may hinder the Library's ability to provide access to some digital files. Access to digital files on original carriers is prohibited; users must request to view access copies. Contact Special Collections and Archives in advance to request access to digital files.

### Processing Information

This addition is minimally processed. Digital files were received on two CDs. Files were copied off physical media in 2022. Duplicate files were not retained. Files were not reformatted, and file names are original to the creator. Original disks were retained and are included in the collection.
