Finding Aid created by Theodore Byshe Hardgrove in 2023.

This finding aid uses terminology for LGBTQ people that was in current use at the time of its creation. Descriptive language for queer identities evolves quickly and some of these terms may now be dated or even offensive. Finding aids are themselves historical documents; they reflect the moment in which they were written and often reflect the terms that subjects used for themselves. Please contact the GLBT Historical Society Archivist with questions or comments.
